Canada Gets Most Water

Canada Gets Most Water
From Niagara's Supply
Niagara falls is not controlled by
Canada. However, a treaty was
signed by the United States and
Canada providing for the restriction of the amount of water which
thou of the amount of water which
thou of the amount of water which
thou of the amount of the control
poses; the maximum is 20,000 cubic
feet per second, on the American
side and 35,000 cubic feet per second on the Canadian side. This
was done in order to preserve, the
one of the control of the control
was done in order to preserve, the
one of the difference in these allotted amounts is
due to the manner in which the
due to the manner in which the
due to the water with the
decision on the matter; "With its
decision on the order of the mater
and any as not to affect the American
falls at all, because the point from
leave the control of the water at the
point where the waters separate
above Goat Island." As the amount
of water going over the Horsechee
falls is several times that going
last is several the several the last interesting the last inter
