to its rugged strength and simplicity. ABC is built strong. It is simple. It has no complicated adjustments. ABC is made for many years of continuous enjoyment.

WHO CAN AFFORD ABC HEAT?

Everybody! The price of ABC is moderate. And the cost of ABC heat is less than you think—less than you would gladly pay. ABC is an oil economizer.

Cold Wave Origin Obscure
Cold waves usually form high in
Cold waves usually form high in
Cold waves usually form high in
care to the cold wave to be cold regions and move towards
a warmer climate. But, according
to the weather bureau, a cold wave
coasionally occurs with its origin
unknown, as there is no reserve of
cold, heavy air piled up in either
title time to cause such a movement.
Some scientists and meteorologists
are of the opinion that these cold
spells may originate high over the
equator where the stratosphere is
spell regions. This is an anter tha
probably will not be settled until
stratosphere flights are regular
events.

Cov to Have Rieal.

The soylean, next to rice the chief staple in Japan and China, may some day become a competition of the cow, says the Department of Agriculture. This bean, grown principally in Manchuria, contains a milk quite similar to animal milk. The bean is grown for forage, on a comparatively small scale, in the South.

Fossils 6,000 Years Old
Possils, 6,000 years old, found recently in Los Chilos valley in Ecuador, are said to strengthen the theory that South America once was
roomlated by yellow races.

Gems Produced Scientifically Every precious stone, except diamond, can be produced ad tifically; these imitations dety but the most expert examiners.
