False Solomon's rd. which while

still having tiny blossoms growing in a compound panicle grows to a height of two or three feet. The fruit is a crimson herry while that of the true Solomon's Scal is blue, the distinguishing feature of the latter being that the blossoms droop, usually in pairs, from the axils of the leaves. The Jack in the Publy and Dutchman's brechener points of the proper should be a strong stayer, as after the pulpit has withered, the crimson berries last, bright spots in the woods even until fall.

berries last; bright spots in the woods even until fall.

Many Birds Have Happy
Hunting Grounds in Air
The strongest and fercest chiefs have their favorite happy bunting grounds, where they have only to peech and peer, while tasty morped and briefs and butterfy flesh wing past, which and butterfy flesh wing past, in the stoutest and writtest of wing, go the judiciest bits.

The shrewd birds perch in wait along the great cross-country air and traversed by all the feathers are the stoutest of the stoutest o

ease and courage.

Envelope of Olden Days

Not Made to Be Licked
In the old days the tap of the envelope was not guamed as it is today, and every letter writer had to

Weight of Coins
There is a definite weight for
every coin turned out-and even in
the case of pennies, each eleventh
disk is weighed by hand, on balances so fine that they record a
pencil mark on a piece of paper. A
pencil mark on a piece of paper. A
permitted in pennics.

The extramation to the expression—lives in our of the expression—lives in our of the expression—lives in our of lives on a street, "extreet in eludes not only the roar of the extraordistic to the ex

Ordinary coral reefs are a white ish color and consist of white calcarons rewards are to the color and consist of white calcarons reed coral is found widespread on the oborders. Black coral which grows to a considerable height is in the tropical water off Australia.

Consistency of Coal

Coal is not entirely made o
the plant bodles so abundantly found
it. At least some coals contair
organic substances absorbed by the
plant subsequent to death.

Alaska's Coast Line
Alaska has a longer coast line
than the United States.

AUTO REPAIRS

Our expert mechanics can fix your car—no matter what its ail-ments may be—and put it in A-1 shape again. They're experts. They know every knock and how to fix they have the fixed our prices are with our quality of work. Try us for satisfaction.

Schauble Bros. & Collins

Yes, the Super Frigidaire '34 solves that problem with automatic ice tray release. You simply touch a little lever, and the trays slide right out in your hand. Really, you've never seen a refrigerator like this before!

like this before!

Defrosting is automatic. There's a special frozen storage compartment. And the small amount of current consumed is amazing. Then there's Lifetime Porcelain inside and out—double capacity Hydrators—adjust-

able shelves—tall bottle space—new Frigid-aire Servashelf—Sliding Utility Basket—in short, a refrigerator that will change all your ideas as to what an electric refrigerator should be and do. Pay us a visit. See the many models from which you can make your choice. There's a size to fit the needs of every family. And be sure to ask us about the amazing Frigid-aire '34 Standard Model that uses less cur-rent than one ordinary Iamp bulb.
