Owrs is a trigidaire'34"

STICK ARE OUT-OF-DATE . . .

Automatically—at a finger touch—ice trays glide from the freezer of the Frigidaire '34l But that's only one of the features of this fine Frigidaire.
For instance, the Super Series Frigidaire '34 has automatic defrosting; it has Lifetime Porcelain inside and out; it has the new Sliding Utility Basket for eags and small articles; and the Frigidaire Servashelf that's so

convenient when rearranging the refrigerator.

Nor is that all! . . . double Hydrator capacity; interior lighting; faster freezing; and more-than-generous food space, with extra room for tall bottles. And the powerful, quiet motion coverates on a remarkably. motor operates on a remarkably small amount of current! Will you come in and see what's hap-pened in electric refrigeration?

Here is a Frigidaire that Uses Less Current than One Ordinary Lamp Bulb
