Six Persons Unhurt As Auto Unruts on Northwest Highway

An automobile driven by Mrs.
Margaret Goshard, 3532 Dickens
avenue, Chicago, upset on the
Northwest highway four miles
west of Barrington at about 10:45
a. Tuesday. Six persons in the
car escaped uninjured although
the automobile was badly wrecked.

The machine was going north-
west along the highway when it
ran off the edge of the pavement
onto the shoulder at the driver's
right side. Mrs. Goshard turned
two sharply in turning the ma-
chine back onto the road and
caused it to upset.

Five Cases of Measles
Pop Tuesday; Pupils of
Methodist Sunday School

When five cases of measles po-
p one day, there's a run on
measles signs at the office of the
village department of public
health and Chief E. W. Baude is
kept busy taking them on local
homes. Small patients whose ill-
ness was diagnosed on August
Tuesday included Sally Carroll,
126 Jane Terrace; Jack Harris,
6 Franklin Street; Jack Harris,
709 Magnolia avenue; Mary Alice
Co., 245 W. Lincoln avenue; Ed-
win Bennett, 530 S. Hough street.

All are pupils of the Methodist
Sunday school.

Ordinances Will
Be Compiled in
Convenient Form

Trustees Engage Maloney to
Codify All Village
Regulations

The village will have a uniform
compact set of ordinances for the
first time in many years as the
result of a resolution passed by
the board of trustees in special
meeting Monday night.

The village's entire list of ef-
fective ordinances which have
been passed during the last 25
years or more will be compiled in
a convenient book. Those or-
dinances which have been discar-
ded or repealed through passage of
new acts on similar subjects will
not be included.

The work of codifying will be
done by Village Attorney D. J.
Maloney at a cost of \$400. His
proposal to do this work was con-
sidered by the trustees and ac-
cepted unanimously by the
board. He is planning to codify
the ordinances in two other com-
munities, and can eliminate rep-
etition of effort, he said, adding
that the price would be consid-
erably higher if attorneys were
doing the work for one municipality
separately.

During the past, law enforce-
ment officers have been given con-
siderable trouble without the or-
dinances in convenient form. In
several instances, police officers
travellers have been powerless to
enforce laws known to be in ex-
istence but not available in printed
form when needed.

Veterans Relief Work
Plan Successful Here;
to Be Tried Elsewhere

Employment of war veterans on
PRA programs and prompt pay-
ment of them with wages advan-
ced from town funds raised under
the Bogardis act proved so prac-
ticable and feasible in this town
that the plan will be copied in
other Lake county towns.

This information was received by
H. D. Kelley, chairman of the
county board of supervisors from
John Harris, Lake county veter-
ans' commissioner.

Six Cuban veterans have been
employed on local projects, four
on the school improvement and
two on the scout cabin. They
started work on Tuesday of last
week and probably will be kept
busy until the projects are finish-
ed. Advancement of their wages
will be made by the village.

The Bogardis fund has eliminated re-
tape and has resulted in prompt
pay checks.

Cuba town was the first in the
county to try out this plan.

First of Weekly Property Sales to Be Held Here

Special Program Planned for
A. T. McIntosh Event
Sunday

Introducing its new activities in
real estate and building for Bar-
rington and Palatine, Arthur T.
McIntosh & company is planning
to conduct the first of a series of
weekly sales beginning next Sun-
day afternoon, Aug. 5 at 1 p. m.

on its property located in Bar-
rington at the intersection of
Hough street and Hillside avenue,
three blocks south of the North-
western station.

Luncheon will be served at 1
o'clock for all visitors and guests
with the compliments of the com-
pany. A fine musical program has
been arranged headed by the cel-
ebrated North Shore Banjo club
of Chicago directed by Doc P. O.
Curcio. This club draws hundreds
of enthusiastic listeners wherever
it plays and is in great demand.

The McIntosh Co. has received
from the meeting the services of a
prominent authority on real estate
and building activities, a speaker
of renown, Lawrence Wood, who
will speak on the subject, "What
is important for real estate." Mr.
Wood will tell the principle facts
of the new federal housing bill
and how it affects the ordinary
citizen. In one of his most recent
addresses Mr. Wood said:

"Certain unmistakable signs
point conclusively to the fact that
we are on the threshold of per-
haps the greatest era of home
building and occupancy this nation
has ever experienced. This, natu-
rally affects first the suburbs of
every large city. Chicago and its
suburbs should take the lead in
this. It is the natural center of
manufacture and distribution of
all materials used in the building
trades.

William H. DePue, who is the
local manager for Barrington and
Palatine for the McIntosh orga-
nization and who is in charge of
the day and night.

We predict a great meeting at
Barrington Sunday and invite
everyone who is sincerely inter-
ested in real estate and building
activities to come and hear Mr.
Wood's address. Everyone will
be made welcome."

Four Local Girls
to Attend Scout
Camp Aug. 6-19

Debby Durbin, Marjorie Muir,
Audrey Cameron and Joyce
Schauble have enrolled for girl
scout camp at Camp Edwards, Ed-
wards, Wis., and will attend the
last week's session of camp to be
held August 6 to 19, inclusive.

The Chicago Girl Scouts recently
held a camp at Camp Edwards, Wis.,
and the local camp chairman in
charge of arrangements for Bar-
rington girls, attended a girl scout
camp promotion meeting at the
home of Mrs. Frank Loesch of Des
Plaines Friday afternoon. Women
from 25 towns of the northwest
suburban area were represented
and heard an interesting talk on
activities of Camp Hickory Hill.

There is still time to arrange
for a one-week attendance of local
girls who wish to go if they regis-
ter immediately. Mrs. Muir re-
ported.

Among the delightful features
of camp instruction are dancing
classes by Miss Helen Kelly of
Chicago, an astronomy lesson
conducted by Miss Gertrude
Foster whose father is in charge
of the Planetarium, Chicago, swim-
ming classes including special in-
struction in life saving, and classes
in handicraft using birchbark,
copper, etc. for making inebriant
novelty.

Local scouts or brownies are
eligible to attend camp and may
learn details of arrangements by
getting in touch with either Mrs.
Muir or Mrs. Durbin.

Sunstroke Proves Fatal
to H. Taber, Relative
of Mrs. Rose McGowan

Sunstroke proved fatal to a re-
lative of Mrs. Rose McGowan,
Harry Taber of Plymouth, Ind.,
last week. Mr. Taber died a few
hours after he was taken to the
hospital. He was 60 years old and
had been in poor health for some
months before he died.

Mr. and Mrs. Kenneth McGowan
and Curtis McGowan moved to
Plymouth Sunday and drove home
Mrs. McGowan who had left Bar-
rington as soon as she received
the sad news. Mr. Taber was
known to local residents having
visited Barrington relatives sev-
eral years ago. He was about 40
years old.

Fire Destroys Oak
Trees, Grandstand
at Cary Ski Hill

The oak trees, burned like
torches from the ground up al-
though the trees were alive and
green. Cause of the fire remains
unknown but it was reported that
it was blamed to a lighted cig-
arette thrown on the dry grass.

New Type Bungalow of
Fireproof Construction
Planned for Barrington

A new type low cost bungalow,
the first of 25 planned for the
Chicago area will be built in Bar-
rington. The project was an-
nounced by an announcement ac-
companied by etching from an archi-
tect's drawing which appeared in
the Chicago Daily News recently.

The bungalow is to be built by
the DeCelles Foundation, headed
by A. E. Emile DeCelles who has
established temporary headquarters
at the Arlington Realty of-
fice in the First National bank
building.

Very little information, except
that which appeared in the Daily
News has been available. Real
estate men with headquarters in
the realty office reported that the
site for the new project has not
been selected. Lots on Hillside
avenue and in the north central
part of Barrington have been con-
sidered.

It was reported that these
houses will be placed where local
financing is available and that
the financing has been taken care
of in Barrington.

The following description of the
project, according to Mr.
DeCelles, will offer, in addition to
low cost, fireproof construction,
masonry-proof walls and roof,
double glass windows, circulation
of washed and humidified air,
and a beautiful and economic
heating.

"The roof, floor and walls are
fabricated, but the foundation is
general contracting, according to
the DeCelles plan, are supervised
by local contractors or architects
from Des Moines, Iowa.

The wall material is an artifi-
cial stone which has as principal
ingredient of the concrete.

170 Men, Women Seek Jobs With Tailoring Firm

Chesterfield's Move to Bar-
rington Delayed Until
This Week-end

A total of 120 men and 50 wo-
men filed their applications for
positions with the Chesterfield
Tailors last Saturday morning fol-
lowing an announcement in The
Review that an employment agent
would be in Barrington on that
day.

All of the applications have
been placed on file, the agent re-
ported. A few men and women
will be given employment after
the company opens for business.
Although it is probable that the
number of additional employes
added to the staff will be small
for some months after the com-
pany has become settled in its
new location.

The company planned to move
all of its equipment to Barrington
on Monday and Tuesday of this
week, but construction work on
the building was not sufficiently
advanced for the machinery to be
brought in and set up. The Gold
Star Motor service will be com-
pleting the plant equipment here Fri-
day morning and be completed by
Saturday night, according to lat-
est information given out.

Tailors will start working by the
middle of next week.

Construction work in the build-
ing will be completed by this Sat-
urday night except for the front
ground floor room which will not
be decorated and the ornamental
front of the building which will
not be completed. The heating
system will not be installed until
later in the month.

All flooring in the north hall
of the building and the entire up-
stairs will be laid before Friday
night. Plastering work has been
finished, the rear interior has
been painted and the entire up-
stairs has been decorated. All
window sash plumbing (except
heating), and electrical installa-
tion will be completed before
Saturday night.

The store for men's cloth-
ing will be opened by the middle
of next week. A complete an-
nouncement of this will appear in
The Review next week.

Attend Golden Wedding
Anniversary Celebration
and Reunion in Iowa

Mr. and Mrs. Herman Prehm,
Mrs. Carrie Tank, Mr. and Mrs.
Walter Homuth, Mrs. Henry Krue-
ger and daughters, Lillian Prehm
and Herman Prehm Jr. of Lake
Zurich will celebrate the golden
anniversary of Mr. and Mrs.
Fred Zell at Summer, Ia., Sunday,
Aug. 5. Mrs. Zell recently moved
to Chicago and moved to Iowa 47
years ago.

The affair Sunday was also a
reunion of the sons and daughters
of the late Mr. and Mrs. Fred
Fisher, early pioneer farmers of
the Fairfield district. Their chil-
dren and grandchildren, the golden
anniversary of Mr. and Mrs.
Herman Prehm, Mrs. Carrie Tank,
Mrs. Walter Homuth, Fred and
Henry Fisher.

FERA Men Busy
at Scout Cabin,
School Building

Work on the scout cabin at the
south side of Russell street play-
ground is progressing nicely this
week. It was reported that the
workmen having completed 90 per
cent of the exterior painting and
veneering of inside locker rooms.
Woodwork is being begun.

The number of workmen varies
daily since FERA regulations per-
mit only a certain number of
men on the job at any one time.
There have been from two to six
men on the job this week. Out-
side work completed Thursday in-
cluded leveling and grading of the
grounds surrounding the cabin
so that grass seed may be planted
and landscaping begun.

FERA workmen have also been
busy on the school building this
week. Plastering has been the
main job here although, today in-
cluding various trades have been
employed. A crew of 54 was
brought in for the first time since
the school was started. The im-
provements are to be finished
for the opening of school.

Blanche Frye Engaged to Sing Solos at Globe Theatre, "Merrie England"

Prizes, awards and praise are
no novelty for Miss Blanche Frye,
local high school girl who won the
state soprano championship last
year but she is having an even
greater thrill now, having been en-
gaged as solo artist at "Merrie
England" of the fair where her
sings in peasant costume every
afternoon and appears in formal
clothes for solo numbers each
evening. She had been singing on
the greens for several weeks, but
is now on programs at the Globe
theatre, quaint replica of a theatre
building of Shakespeare's time. An
added delight for Mrs. Frye in-
cludes dining at the Red Star Inn
each evening with the English
club and her company.

Miss Frye is queen of the local
Lions club and it is through a
local manager of the English vil-
lage, that she was given a chance
to appear on the village program.
Her voice won such enthusiastic
applause last week that she was
obliged to give three encores be-
fore the audience would permit
the show to go on.

Miss Frye graduated from Bar-
rington high school in June and
has won a gold medal at the
Illinois conservatory of music as well
as similar awards in twelve other
contests.

Loan Association
Is Over the Top
With 38 Members

Secretary Reports More Than
\$60,000 Subscribed
for Stock

With 38 out of a total of 42
stock subscribers in the Federal
Savings and Loan association of
Barrington having made payments
on their holdings, permanence of
the association has been assured,
Lawrence, secretary, an-
nounced.

He made his report to the cen-
tral office last week and this week
received the NRA code eagle (No.
30, 31) issued only to the as-
sociations which can give assur-
ance of being permanent. The 42
subscribers have applied for stock
with a total par value in excess
of \$60,000. As this money is paid
in, the federal home loan bank
can match it on a ratio as high as
10 to 1. That is, for every dollar
of stock subscribed, the federal
organization's paid-in stock.
About 150 of the stock is in the
payment plan basis; consequently
the full capital stock will be col-
lected only over a period of time.
The association has \$40,000 sub-
scribed and a 300 per cent advance
available from the home loan
bank, it is estimated that the local
loan will ultimately have an ap-
proach if not pass the \$200,000
mark.

Barrington is one of the 114
municipalities with federal sav-
ings and loan associations operat-
ing under the Chicago Home Loan
Bank. Eighty-five of these are
in Illinois and 29 are in Wiscon-
sin. There are a total of 296
member associations in these
cities and villages with a combined
stock of members for a par value of
\$11,626,900.

The local association has re-
ceived a number of applications
for loans to be used in building or
improving home property. There
is money available for loans, Mr.

Mr. and Mrs. J. Carroll
Sponsor Party Tuesday
for B. of L. E. Auxiliary

Mr. and Mrs. John Carroll, 617
Summit street, sponsored a party
at Biltmore Country club Tuesday
for the members of the auxiliary to
brotherhood of locomotive engi-
neers, crescent division number 1.
About 150 guests arrived by train
and auto and approximately 25
from Barrington attended the af-
fair, an annual outing of the or-
ganization. Luncheon was served
at tables attractively decorated
with snapdragons and the after-
noon hours were spent playing
cards and socializing.

Many branches of railroad
people were represented at the
gathering. Among the distin-
guished guests were Mrs. E. H.
Hall, wife of the superintendent
of motive power and Mrs. E.
Holmquist, wife of master me-
chanic Holmquist at Chicago. All
expressed appreciation for a very
pleasant day, it was reported.

La Verne Willard Loses Life When Farmhouse Burns

Youth, 19, Trapped in Bed as
House Is Destroyed
by Flames

LaVerne Willard, 19 year old
son of Mr. and Mrs. Chester Wil-
lard who live on a farm about one
mile east of Barrington, was
trapped in bed by flames which
destroyed the farm home of Mrs.
Sarah Jones of Grayslake early
Sunday morning and burned to
death.

The boy was a former
Libertyville high school track
star and had been working on the
Jones farm this summer.

He was sleeping when the fire
started and was believed to be
out of the burning building when
firemen rescued other occu-
pants of the house. Mrs. Jones
was 65 years old and her two
grandchildren, John Brennan, 9
years old, and Arthur Harnishaw,
11 years old, each of whom re-
ceived only a few scratches.

It was not until the fire had
been extinguished that young Wil-
lard's body was found in the ruins.
Dr. John L. Taylor, coroner of
Lake county, held an inquest in
the case Monday and a verdict of
death from accidental burns was
returned. It is believed the young
man was overcome by smoke and
then burned to death. A. A. Mc-
Millen, mayor of Grayslake and
head of the village fire depart-
ment testified he thought the fire
was caused by an overturned
lamp. Firemen succeeded in sav-
ing other buildings but the Jones'
house was burned to the ground,
at an estimated loss of \$5000.

Funeral services were held at
Grayslake Methodist church Wed-
nesday afternoon and burial took
place at Grayslake cemetery. He
survived by his parents and
several brothers and sisters.

The dedication of Barrington Hills swimming pool provided a memorable evening Saturday, and though the weather was a bit chilly about 400 guests enjoyed the moonlight and the pool which looked beautiful. Everybody from the "Admiral" (H. C. Cheney) to the bus boys had a good time. It was impossible to mention all the fun that went on, but a brief summary of the entertainment would include a delicious dinner, good music, dancing, swimming exhibits, and the final dedication. According to reports it was the best party ever held at Barrington Hills Country Club and Sunday saw a weary crowd bravely making the rounds to parties 'till dawn in honor of visiting guests. Col. and Mrs. John Roberts guests, Mr. and Mrs. Brown, drove back to Springfield Monday as did Mr. and Mrs. John Sankey who had spent the week-end with Mr. and Mrs. Sankey.

Friends of Mrs. L. H. Vilas will be sorry to hear that she has gone east for the rest of the summer. Her daughters Betty and Marian left Tuesday for Camp Kethua at

Michigan, Mich., and Thursday Mrs. Vilas left for Ottaville, Mass.

With Mrs. John Quinan who has been with Mrs. Vilas for the last two weeks. Later Mrs. Vilas expects to visit Mrs. Andrew McNally at Alexandria Bay and return to Barrington in time to greet her children when they get back from camp.

Mrs. J. S. Barker and her daughter Ann arrived from Cincinnati Thursday to spend the month of August in Mrs. Robert McCoy's house while Mr. and Mrs. McCoy visit in Evanston. Mr. Barker will join Mrs. Barker here about the middle of August.

Barrington Hills Country Club will stage an invitation tournament Friday, Aug. 3. The following clubs along the North Shore have been invited to play: Onwentsia, Shore Acres, Exmore, Knollwood, Skokie, Indian Hill, Glenview, Evanston, Chicago Golf and North Shore country club.

Sunday, members of the Barrington Riding club will meet at Mr. and Mrs. B. J. Grigby's for an 11 o'clock swim and luncheon.

Members of the Barrington Garden Club will be entertained at the home of Mrs. Robert Buckley for luncheon Monday. Later the guests

will try their hands at arranging flowers.

Mr. and Mrs. J. M. Smith of Duluth are visiting their son and daughter in law Mr. and Mrs. J. Mark Smith for several weeks.

Mr. and Mrs. Charles Lawrence Hecht who have lived in the Robert Dawson house for the past year have moved to Evanston to live.

Shirley Temple Here Friday
Grace Allen Scheduled
for Sun., Mon.

"Little Miss Marker" with Shirley Temple starred, will finish its three-day run at the Callow theatre Friday night.

"Melody in Spring" the Paramount musical romance, brings to the screen for the first time Loretta Ross, the silver voiced tenor of radio fame. It is scheduled for the Saturday night feature at the Callow.

For his first picture, Ross has distinguished Hollywood career, getting him, including Charlie Ruggles, Mary Boland, and Ann Ralston. The plot has to do with a singer with radio ambitions.

"Many Happy Returns" is the title of the Paramount film that introduces Guy Lombardo and his Royal Canadians to motion picture fans. It will play at the Callow Sunday and Monday.

George Burns and Gracie Allen, George Barbier, Joan Marsh, Ray Milland and Franklin Pangborn are featured players with Gracie Allen doing everything from running her dad's department store to turning it into a bird sanctuary and tearing up valuable radio contracts, to trapping a pair of kidnappers in Hollywood. Velma and Yolanda, internationally famous dance team, provide charming numbers.

Tuesday the Callow will present a return of Will Rogers' "David Harum" as their bargain night offering. Wednesday and Thursday will bring John Barrymore in "20th Century."

Barrymore is cast in the role of Jaffe, a selfish, egotistical theatrical producer. He takes a lingerie salesgirl and through intense coaching and sometimes sheer brutality, makes a great theatrical star of her, at the same time falling madly in love with her.

"Carole Lombard plays the part of the girl.

Miss Florence Landwer
Bride of H. Klein

The Walter N. Landwer home, 213 W. Lincoln avenue, was the scene of a pretty wedding early Friday evening when Miss Florence Landwer became the bride of Harry Klein of Chicago. The young people made their vows before a little work of greenery, flanked of each side by a tall basket of white gladioli and snow on the mountain. Rev. J. W. Davis read the marriage service in the presence of 36 guests, members of their immediate families and a few friends. The bride was dressed in white crepe, trimmed with embroidered organza, and wore a tulle veil, her bouquet was of white gladioli. Miss Pearl Derrick served as bridesmaid and Donald Landwer, a brother of the bride, was best man. The bridal march was played by Paul Newman of Chicago and Miss Ruth Ullrich of Chicago sang "Because." An informal reception followed the ceremony and delightful refreshments were served. Mr. and Mrs. Klein will make their home at 1049 Fullerton avenue, Chicago.

Small Rattlesnakes
The rattlesnake (Crotalus catalinae) is a true but small rattlesnake which formerly was very numerous in swampy woods in southwestern Ontario, and may still be found there in the winter places. It rarely exceeds 24 inches in length. Reports occur now and then of the occurrence north of Lake Erie of the timber or banded rattlesnake of the United States, but they are not authentic.

"Brand-New"

Before the streets of cities and towns were illuminated with lamps or electricity, it was customary for people to light their way at night by carrying burning torches, writes O. R. Turner in the Kansas City Times. In England these torches were termed "brands," from which we derived our modern word "brand." To the people of those times the brand represented the name of that which was bright or shiny. Thus, "brand-new" became, and has remained, a synonym for anything lustrous and bright with newness.

Lighting the U. S. Capitol

Experiments in electric lighting in Washington began at the Capitol on November 20, 1878. The forty-sixth congress appropriated \$2,400 to light the building with electricity. After many tests, lamps were installed October 4, 1879. Edison electric lights were inaugurated at the Fifth street and Pennsylvania

avenue on October 15, 1881. A fire between Ninth and Fifteenth was lit by electricity in 1882. It is true that the Capitol was slow in installing electric street lights.

Devil's Tower

Devil's Tower is a huge shaft of columnar igneous rock on the banks of the Belle Fourche river. It is located 25 miles northeast of Moorcroft, Wyo., and was made a United States national monument October 4, 1915. The columns are an exceptionally fine example of the prismatic structure which some igneous rocks assume in cooling.

The Smallest Bird

The record for small size in the bird world seems to go to a bird the size of a large bee, found in Haiti.

Misjudgment

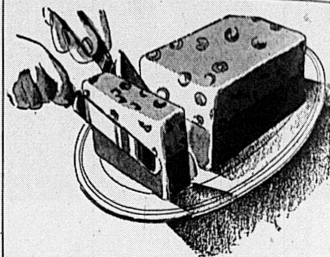

People are quite as open to error in judging others as in judging themselves.

Empire of the Incas

The empire of the Incas extended through the Andean region from northern Ecuador south to what is now Central Chile, and reached up toward the crest of the Andes, on the Chilean side, it did not extend into the present territory of the Argentine republic.

Counterfeit Money

Any person who receives counterfeit money is the loser unless he knows it is counterfeit or otherwise passes it on some one else. If it is detected and a report made to the treasury, efforts are then made to trace it to its source.

Last Three Performances of
"Hamlet" To Be Given
This Week-end

Michael McDiammori's brilliant performance of the title role in "Hamlet" will be given at the Todd theatre festival in Woodstock next Friday and Saturday evenings. Next Thursday evening will mark the premiere of the third and last play of the season, "Tsar Paul" by Dimitri Merezhkovsky, author of the trilogy "Christ and Anti-Christ," "Leonardo da Vinci," and "Hilton of the Gate theatre, Dublin, will portray the Russian "Mad Emperor" Paul I. "Tsar Paul" has the struggle for power of another prince about whom there is also the touch of a Hamlet. His already unbalanced brain, crazed by fear and suspicious as the result of the mysterious death of his father and the cruel treatment received at the hands of his mother, Catherine the Great, seeks to uphold his authority through a rule of despotism. His life of cruel eccentricities is but short by a court world.

Orson Welles, in the role of Count Pahlen, is the leader of the conspirators. Michael McDiammori plays young Alexander who proclaimed emperor by the assassins emerging from the bedroom of Tsar Paul. Miss Prussing as Princess Gagarine, one of the ladies courted.

WHAT'S GOING ON

There can be no question but that the labor troubles of today are not, as is customary after depressions, due in the main to demands for increased wages. They are largely "organization" disputes growing out of difficulties in administering our vague statute on collective bargaining and the refusal of the NRA to assist itself evenly between both sides months ago. But whatever may have been the causes of the present trouble, the obligation will not rest on the President to attempt a solution. Public opinion will be very vocal by the time Mr. Roosevelt gets back. Also the economic losses suffered by this country through strikes are growing so rapidly that the administration will soon discover what menaces these items are becoming to the whole recovery program.

The federal tax load on the country increased by 65 per cent in the fiscal year ended June 30. Treasury department reported last week that it had collected \$2,672,239,000 in internal revenue taxes in the fiscal year just closed, compared with \$1,619,239,000 in the preceding year. This is a gain of \$1,052,999,000, or 65 per cent, in the year. Of the \$1,052,999,000 tax increase during the year, approximately \$900,000,000 was attributed to new or increased taxes. The other \$152,999,000 of the increase resulted from improved yields under old levies. New taxes imposed during the fiscal year and the burden they added for the taxpayer are: Processing taxes, \$371,000,000; liquor and beer taxes, \$217,000,000; capital gains tax, \$152,999,000; excess profit taxes, \$133,000,000.

Shortly before his arrival in Hawaii on Tuesday the President in an address to the crew of the cruiser "Houston" on which he is traveling, promised a United States navy up to treaty strength in "three or four years." Amplifying this statement secretary of the navy Swanwick on Wednesday announced the government would proceed at once with its vast naval construction program. Bids are to be opened on August 15 for building 24 new warships of various sizes and classes. Funds are to be provided by the public works administration.

must be free from suspicion of political campaign activities. They cannot even wear party buttons or badges, under an order which the corporation has just issued to all of its personnel. Preston Delano, general manager of the corporation, "which is busy loaning the people's tax money to distressed families all over the land, issued the no-politics dictum. The order warns all of the HOLC staff, in Washington and in the field, not to do any campaign speech making, not to accept or seek any but minor political office, and in effect to avoid even the appearance of partisan activity. The Home Owners' Loan corporation," says the official order "is a non-partisan, non-political organization, and its officers and employees are expected to so conduct themselves that no criticism can be directed against them or the corporation on the grounds of political activity."

To protect the great middle west from the dry, hot winds of the west, the United States government has planned a great shelter belt of trees 100 miles wide, to be built from the Canadian line to the Gulf of Mexico, North and South Dakota, central Nebraska, eastern Kansas and Oklahoma into Texas. Thirteen large nursery sites along the route are included.

No more price packages of candy. The national recovery administration has issued an order forbidding their sale, effective July 20. Prohibition against "break and take" and "pick and draw" packages in which the lottery element is present were written into the codes for the candy manufacturing and wholesale confectionery industries, but their application was delayed because the industry appeared divided on the subject.

Attempts of the NRA coal code authority to fix retail prices of coal are being rebuffed in a number of cities in the east and middle west. A New York court restraining the divisional code authority from attempting to fix prices for a local coal company and sought to prevent the code authority from charging that the company was a violator of NRA and not entitled to the blue eagle. Price control features of the code are coming in for increased attention and are meeting increased resistance.

Chinese Climbing Perch

Travel But Don't Climb

The Chinese climbing perch is so-called because many years ago a student of fishes found one of them in a small tree. Since that time extensive research and experiments have been carried on in an effort to get them to climb trees or limbs in captivity without success. Although the experiments indicate that the fish will not climb, he makes good progress over flat or slightly inclined ground. In their native habitat, southeastern Asia, ranging as far north as southern China, the climbing perch travel overland between pools and ditches. In making these overland excursions the fish extends its gill covers at right angles to its head. These gill covers are equipped with spines which aid in locomotion. When on the go the fish wiggles its tail and rolls from side to side as it uses its spines for leverage. The result is a wiggling gait that doesn't result in any speed to speak of, but is sufficient to get the fish where he wants to go.

They are relatives to the Siamese fighting fish. In addition to their gills they have an air chamber in the head over each gill. These chambers serve as storage tanks for air when the fish leave the water. When in the water they occasionally rise to the surface to take a breath of air and it has been reported that it is possible to drown the fish by depriving them access to the surface. They reach a length of ten inches. They are a golden olive color, darker on top and lighter below, and are quite voracious. They eat at the base of the tail. There are no external differences between the sexes.

England, Ireland Claim

Greenest Sod in World

An English poet and essayist declares that there is no grass so beautiful as an English grass, and Americans who have fostered their eyes on the English sward will be inclined to agree with him, declares a writer in the Boston Transcript. But an Irishman, indignant at the least, retorts that the real glory of grass is only to be seen in Ireland. "It is the greenest and most luscious grass," he says, "in the world. One of the first things an Irishman remarks in England is the lesser brilliancy of the verdure. The Emerald Isle has been well and truly named."

The truth probably is that any claims to excellence in the matter of grass by England, Ireland or Scotland would be as difficult to decide as the fabled claims of Milner, Jan and Venus to possess the more matchless beauty than the other two. The moist, misty weather of the British Isles, neither parching in summer nor killing in winter, is more congenial to grass than any other region on earth. And it is added to that, there is taken into account the centuries of care of the turf in those islands, the visitor from other countries must be a bold man who should venture to award the prize for grass to one or the other. Perhaps the palm should go to Ireland because the bright verdure of her hills and moorland grasses has her sobriquet ages ago, and may have suggested the choice of her national plant, the shamrock and the color of her national flag. The diplomatic way to express an opinion in the matter is to declare that all British grass is good but that some is undoubtedly better than others.

Hake Fish Resembles Cod

Hake is a fish of the cod type, but of a different family. Large, specimens attain a length of four feet. The meat is consumed both fresh and salted, in the same way as cod.

Great Rift Largest Valley

The largest valley in the world is the Great Rift of Africa, which begins in the north of Palestine and stretches nearly as far south as Natal, a total of 5,000 miles.

Absence of Tail

Absence of tail excites comment and has caused considerable discussion of the dog known as the Schipperke, says a writer in the Los Angeles Times. "The 'tailless' breed is a myth—none of the original candidates was tailless. Originally he was 'made' tailless, not for improvement of his appearance, but to allow his more careful negotiation of the narrow decks and passageways of the barges. The removal of the 'stern' for generations will cause any breed of dog that is so operated upon (as is the case of the Old English sheep dog, also) to give birth occasionally to tailless pups. It is declared that about 25 per cent of the Schipperkes are so born—the others have their tails docked. Hardly, active and vivacious, they will quickly adapt themselves to the master. His name is pronounced—Schipper kee.

Barrington Tennis Team to Play at Elgin Saturday

The newly formed Barrington Tennis team will invade Elgin Saturday afternoon to play the watch city's tennis star in a series of matches at Wing Park. The afternoon program will consist of four singles and three doubles matches. Players who will represent Barrington will be Brook Willis, Walter H. Meyer, Herb Fisher, Roger Brown, W. Miller, and W. E. Meyer. The local netman will probably play Elgin in a return match later at Jewel Park.

W. H. Meyer and Brook Willis are members of the Jewel Tennis company tennis team. W. L. Meyer and Willis Miller reached the finals in the Northwest Michigan tennis tourney at Traverse City, Michigan in double last summer. Roger Brown played in the state interscholastic tourney in 1928 and also played while attending the University of Illinois. Herb Fisher was a member of the University of Indiana tennis team.

Local Youth to Play in Western Junior Golf Meet

Owen Berger and Don Hager, youthful Barrington golfers, will be among the starters in the Western Junior golf meet which will be contested over the Hinsdale Country club course starting next Tuesday. A date setting the minimum age of a contestant at 16 years left out Glen Hager, another local star who is only 14 years old.

In the Midwest Public Links tourney held at Lincoln park last week, Berger and Glen Hager qualified with 86 and 85 respectively, but both were eliminated in the first round of match play. Berger was defeated 1 up to Al Anderson, a former Midwest champion, and Hager fell before John Lawrie of Lincoln park, 6 and 4.

Barrington Merchants Girls Team Wins From Palatine and Arlington

The recently organized Barrington Merchants girls' softball team, sponsored by local business men, came out on top in two games played in the past week. Last Friday the Barrington girls defeated Arlington Heights 11 to 6 and Tuesday night won from Palatine 14 to 7 on the losers' diamond.

The team, which is composed mostly of local girls, has been playing out of town games for about a month and has a record of four games won and three lost during that period. The next home game is temporarily scheduled for a week from Wednesday.

150 Attend Union

About 150 persons attended a meeting of the Arlington Heights Federated Union of Evangelical churches, held at St. Paul's church Wednesday. Rev. George Ellsbake of Harvey addressed delegates at the morning session and Mrs. Melnitz, national president, was the afternoon speaker. Ladies of the church served luncheon at noon. The next meeting of the union will be held at Des Plaines in November.

Mrs. Clara Wienecke, Mrs. Florence Parkhurst and Mrs. Elvora Foster attended a meeting of noble and vice grand and district officers of Rebekahs at the home of Mrs. Alma Mergenthaler of Wilmette Monday evening. Mrs. Wienecke was elected president and Mrs. Parkhurst secretary and treasurer of the "Alma club of 1934."

Mrs. and Mrs. Louis Schoppe are enjoying a two month trip through the west.

Mrs. Ella Held who has been visiting her daughter Mrs. Lotta Bollinger returned to her home at Lawton, Mich., Saturday.

Mrs. and Mrs. Robert Kimball and daughter Leona returned Saturday from a vacation of two weeks in various places.

Grade school grounds and sidewalks are being repaired under the ICR and will all be in fine shape when school starts, it was reported.

Federal Loan for Bank Depositors Is Still Uncertain

Receiver's Statement of First State Liquidation Is Received

The status of the First State bank relative to loan from the reconstruction finance corporation for dividend to depositors remains unchanged according to information from H. E. Robertson, deputy receiver at Des Plaines.

All the information requested from the R.F.C. relative to assets and liabilities of the First State bank was forwarded to the reconstruction last December, but no action in regard to making a loan has been taken.

Following is a statement of condition of the closed bank as of June 30, 1934:

Receipts from assets	\$166,343.00
Claims paid (bills payable)	128,987.00
Paid depositors	3,020.00
Pension receiver's sal.	94.00
Present receiver's sal.	94.00
Atty. fees since	1,000.00
Chk. & exp. since	154.00
Advances to protect assets	13,576.00
Cash	5,172.00
Loans on conversion of assets	2,505.00
Remaining resources	456,094.00
Due unsecured creditors	292,947.00

The statement shows little interpretation. Collections made by the receiver plus cash on hand when the bank closed total \$166,343. This has been used to pay preferred claims (mostly bills payable and redemptions) amounting to \$128,987. The receiver, receiver, clerks, and attorneys, \$19,708, and to meet losses on assets amounting to \$155.53. This includes payment of taxes on property, upkeep of property, loss on conversion of assets, etc.

The statement shows cash of \$1572 accumulated towards a dividend, and additional assets of \$456,094, with which to pay total claims of \$292,947. This cash comes in the last three figures given in the statement. It is probable that the loss on conversion of assets is a very high one and that the remaining assets are correspondingly lower than the \$456,094 given in the statement. It can be assumed that some of the paper represented in this last figure is worthless even if it has not yet been charged off in the receiver's statement.

Kenneth Grebe Severely Hurt in Accident When Truck Sideswipes Car

Kenneth Grebe, local young business man, was severely injured Wednesday morning when his car, driven by Ralph Fichtel of Aurora, collided with his car on Dundee avenue, Elgin. The machines sideswiped each other and the Grebe car, northbound, made a left turn onto a driveway as Mr. Grebe was going south. Mr. Grebe was rushed to the Sherman hospital by an ambulance but was able to leave after treatment. He received a scalp laceration and a cut on one ear. He will be absent from work for a few days while recuperating from the effects of the injury.

The body of Mr. Grebe's car was crushed in and two windows broken.

What Will You Eat Wear, Ride in, or Use? Read the Ads

To the question "What interests you most in your local newspaper?" a reader replied:

"The advertisements. I read them and that, probably, would be the correct answer from the majority of readers of The Review. In this issue, for example, there are some 30 display advertisements on 24 different subjects and 150 of these special bargain prices to the readers.

There is advertised a semi-annual clearance sale of men's and women's clothing. Six food stores offer housekeepers a wonderful array of grocery and meat bargains. There are some good suggestions brought out in two paint advertisements. A number of dry goods items are offered in a regular weekly advertisement. In these times when cost of cash
