## Generous Donations of Garden Supplies Are Received for Shut-ins

Generous donations of various kinds of flowers and pears, apples, plums and many other kinds of fruit and vegetables were received by local representatives of the Chicago Plant, Flower, and Fruit guild at the C. & N. W. station by 9 o'clock Wednesday morning. The collections which are greatly appreciated by the shut-ins of Chicago hospitals and settlements will continue until cold weather cuts off the growth of flowers, fruits and vegetables. It is the opinion of those who have been in charge of collections in Barrington that many persons are refraining from bringing in donations because they do not have large quantities to offer, whereas the smallest bouquet is

said to be greatly appreciated by the hospital patients who receive them. The latest appeal from the guild is for bacon grease. Youngsters who are unable to secure butter for their bread find great delight in substituting bacon grease. Barrington women who have a surplus of this butter substitute may seal it tightly in glass jars and bring it to the station at the same time the flowers are brought in, the committee in charge announced.

## Lazar's petition stated that the village board revoked his license without notice or just reason.

**An Excuse for Murder**  
At certain periods of the year on the hot plains and deserts of South America, South Africa and Asia Minor, bitter and burning winds blow for several days at a time and so affect both humans and animals that persons who commit crimes, even murder, during these nerve-racking days are seldom punished.—Collier's Weekly.

## Boy Scouts Make 2 Trips to City; See Game, Fair

Scouts and Cubs Guest of American Legion Thursday

Local scouts made two trips to Chicago during the past week. The first for a tour of the fair in celebration of national boy scout day at a Century of Progress and the second to attend a big baseball game at Cub's park under the auspices of the American Legion. The first party numbered 32 Barrington scouts, the second 20 scouts and cubs.

Five local men interested in scouting escorted the first group leaving Barrington at 9:30 a. m. Thursday and directed the boys in sightseeing via the "Blue System" with the scouts walking in pairs. They returned home at 10:30 p. m. after an exciting day of new activities and sightseeing.

Leaders who accompanied the boys to the fair were Chris Somerville, scoutmaster of troop 24, Cyril Wente, assistant scoutmaster of troop 21, Roy Wilmer executive committee member of the northwest suburban council, George Miller, committee member of the club pack, and Perry Drover.

The party this week, numbering 41 local boys, witnessed a real baseball game at Cub's park Thursday afternoon when two teams of high school boys sponsored by the American Legion met for a second time to determine the national junior championship. In a game played Wednesday at Comiskey park, Louisiana, La. from Maryland 4 to 1 but the defeated team came back with a flourish Thursday and handed Maryland a blow by winning 4 to 1 at the end of 13 exciting innings. The final game to decide the championship will be played Friday afternoon at Comiskey park.

Leaders who accompanied the boys and cubs to the ball game were Henry Lipofsky, district commissioner, R. Wilmering, W. P. Brower, J. L. Macafoe, and J. Polman, chairman, cub committee. Boys in scout uniform were admitted to box seats at the game free of charge.

## Swimming Pool Closed for Season Unless the Temperature Shoots Up

Barrington swimming pool will remain closed for the rest of the season unless old man Sol bursts up and does enough shivering to warm the temperature sufficiently to make everyone long for a dip. It was decided at a meeting of the park board held Wednesday evening. Reports from the pool state that there had been very few swimmers Sunday and Monday and none at all Tuesday or Wednesday so it was voted to close the pool for the year unless a radical change in temperature took place. If the statistics, the pool would be opened for over Labor day keeping it in readiness for the public during such chilly degrees as were registered this week, we deemed an unnecessary expense by the board.
