## Bears to Meet Libertyville Young Men's Club in Home Opener Sunday

# Just a Chip Off the Old Block . . . That's Ozzie

Ray "Ozzie" Osborn, local high school star who set a new Lake county \$80 record Tuesday, is apparently about ready to step into the shots of his dad, H. G. Osborn of Barrington, who was a star in this own right on the cinder path at Northwestern univers. The edger Osborn's speciality was also the \$80 and in the Lat yeary of competition at N.U.\ps ran a 1:55 half-mile to finish second in that event at the Big Ten outdoor meet. Orzie" is a senior at B.H.S. and if he goes on to college would seem to have a chance at beating his dad's mark, although a 1:55 half-mile is plenty fast.

## **Osborn Sets Half** Mile Record at **Lake County Meet**

Runs 880 in 2:06.7, Half See ond Under Old Mark; Deerfield Co. Champs

Ray Osborn. Barrington high's flashy halteniler set a new record in his favorite event to feature the hish annual Lake county track and field meet held at Wess field, Waukeran, Tuesday 'afternoon. Osborn ran the 830 in 2 minutes 6.7 seconds, breaking the former mark set by Moran of Deerfield halt year, by 5 of a second. Russell Ray of Libertyville came through with the only other new record as he broad jumped 20 feet 113 in the of the second of t

Beginnings

From Small

Beginnings

As the acorn develops into the oak
so, in time, modest savings and profits made through use of the farm
telephone may grow into a sum far
greater than the small cost of the
service. A few cents saved here when
the telephone runs an errand for you,
a doilar or two gained there when the
telephone helps you market to good
advantage—and soon the telephone
is showing a profit. A single call has
been known to be worth more than
the farmer paid for his service over
many years, But it is not the extraordinary call that recommends
the farm telephone so much as the
veryday use of the service for routine farm business and the convenince and satisfaction it means to the
farm home. The many time-awing,
money-awing and effort-awing jobs
it does make it worth far more than it
costs. And it works for small pay.

PONTIAC'S brakes are hig, powerful 12-inch hydraulics . . . able to top this hig, full-weight car in many feet less than legal requirements . . . built to bring you to a halt with the same uncanny speed and emoothness as the Pantiae engine accelerates. Pontiae brakes are menta . . . built to bring you to a halt with the same uncompy op-and amosthness as the Pentine engine accelerates. Pentine brakes are constructed to perform in this efficient manner off the time. The rear brakes are triple-esseled which means that rain, mad, slush, or a cer wash has no effect at all on their quick, sure grip. Only Pentine has brakes that are triple-esseled. Only Pentine is called the ment heauti-ful thing on wheels. And these are only two of a score of reasons why you can't do better than the low-priced, high-quality Pentine in 1935,
