Two Deaths Registered
in Eastern Country from
Firecrackers

Instead of following the rainbow to find a pot of gold at its end, Henry Nulle, sheriff of McHenry county, Sunday evening followed a trail of suspects and found a pot of counterfeit quarters. Four transients living in a hobo jungle at Crystal Lake, were engaged in the business of coining their own necessary funds.

The men, Joseph Schultz, John May, John Kelly and John Johnson, were arrested and held on charges of making counterfeit quarters after Sheriff Nulle, acting upon information furnished by Jess Fromm, tavern keeper in Crystal Lake, had raided the transients' camp near Crystal Lake.

All the equipment found has been fashioned from rude material and clay was used as a mold to form the coins. A quantity of silver metal used in the work was also found.

St. Anne's Plans Barbecue Sunday in School Yard

Entertainment to Be Handled
by Guild Members of
Entire Church

A barbecue and carnival is scheduled to be held Sunday afternoon at the school grounds of St. Anne's church commencing at 3 p. m.

Added attractions will include games of amusement, carnival events, entertainment and music. There will be amusements on the grounds for youngsters and grown ups.

The barbecue is to be served at 5 p. m.

Those in charge of arranging details are E. Lindahl, T. Reynolds, W. Mountain, C. Snyder, R. Hilton, T. Owens, T. Philbin, M. H. Schreiber, C. Long, T. Gallagher, F. Treist, W. Krasus, L. LaPointe, R. Zeldoff, H. Hogan, F. Roth, J. Carroll, C. Gehard, P. Burdick, R. Kandler and C. Hill.

Booths are to be erected on the grounds and in case of rain the program will be held in the school hall.

The entire event is under supervision of men of the church as members of guilds.

Plans are being made for a boxing show to be held in the near future, which will feature champion fighters from the C.Y.O. ranks in Chicago.

Men Held in Auto
Theft Ring Plead
Guilty to Charges

Six men pleaded guilty to charges of auto theft and conspiracy before Judge Cornelius Harrington last evening. Tuesday as a result of arrests made by the Chicago police.

The men arraigned on the charges are Edward Magoon and Albert Kelam of Des Plaines, Francis Tanton and Nick Wacziarg of Melrose Park and John Juss and son, Marvin, of Gilbert.

Arrests were made upon information forwarded to the Des Plaines police by E. W. Baade, local chief of police. First Kelam and Magoon were held and confessions implicated the rest of the gang.

They had been operating a car theft ring in this territory and had used a garage in Gilbert as a stripping plant. It is a member of the Gilberts school and his arrest came after he was to be served as for man on the Kane county grand jury.

According to information by Gas Barrels, Cook county state's attorney investigating car thefts, 12 stolen automobiles were traced to the gang through leads furnished by confessions.

Widows of Federal Men Slain Here to Receive Pensions

The widows of Inspector Samuel P. Cowley and Special Agent Herman E. Hollis of the federal bureau of identification, who were killed in a gun battle with Baby Face Nelson and John Paul Chase last November in Barrington, are to receive pensions of \$5000 from the federal government.

A bill providing the pension money for both widows had been passed by the senate and has been favorably received by the house of representatives.

Both Cowley and Hollis were killed in action as they engaged in a fatal gun battle with the notorious gangsters they had been trailing.

Federal employees are unable to carry the burden because of the hazardous type of work in which they participate. Consequently, when a fatality occurs to an agent, his family is not able to live upon compensation from the employers' compensation bureau.

This fund is not based on total dependence of families in case of death.

Federal Project
Adds Beauty to
Forest Preserve

H. Van Middlesworth Handles
Engineering Details
of Work

Ability of mankind to add nature is shown by work being done in Deer Grove Forest Preserve southeast of Barrington.

This federal project includes some major feature, dredging and deepening of the lake used for swimming. A ditch which is being dug with a maximum depth of 4 1/2 feet throughout and 6 inches of gravel and 12 inches of sand will be filled in to make a clean lake bottom for bathers.

Thousands of yards of dirt are being removed by hand labor and spread in low spots around the lake. Deer Grove lake in previous years has contained stagnant water.

A dam is being constructed to replace one that had formerly been in use at the outlet. This structure will be larger and higher than the old one.

A wide stone and gravel walk will be placed around the beach to facilitate approaches to the dressing rooms.

All roads winding through the preserve will be improved.

Bill Passed to Cut Down Local Committeemen

Legislation Will Abolish 512
County Precinct Heads
in Suburbs

Something new has arisen in political circles for suburban Cook county by virtue of recent legislation, that quietly passed through the Springfield legislature and is now up for signing before Governor Henry Horner.

Present plans are to abolish election of precinct committeemen and to replace them with township committeemen.

Under this system, in Barrington township, there will be only one representative for each party, whereas before there were three committeemen.

In office at the present time in Barrington township for the republicans are: John C. Prange in precinct 1; W. Krueger in precinct 2 and Henry Sott in precinct 3. Those democratic holding office are: C. Loomis in precinct 2 and Rudolph Kocher Sr. in precinct 1.

Creation of township committeemen outside of Chicago will mean that the 512 representatives for both the democratic and republican parties will be replaced with 26 chosen men. Changes in the new system will be made in the coming 1936 April primaries and those elected under the new plan will hold office for two years.

James Falkenburg Gives Wreath Made in 1871 to Cabin

An unusual wreath, created by his aunt, Miss Margaret Lowrie, in 1871, has been donated to the new scout cabin this week by James Falkenburg.

The wreath is enclosed in a glass case and will be placed in a glass case in the new scout cabin.

Seeds of all varieties, grapes, sunflower, green coffee, rice, whole clover, and whole alfalfa, were used in the design. They were glued to form flower effects, some as petals, others as leaves.

Several attractive star medallions were made from rice, each particle as perfectly in place as fish scales. Chestnuts, Ribwort, acorns, walnuts and Brazil nuts were combined in the design.

Miss Lowrie lived in LaPorte, Ind. when she made the wreath and moved to Chicago later. She died in the city last spring at the age of 89 years.

Mr. Falkenburg thought scouts would enjoy the wreath not only because of its beauty, but also because of the interesting variety of materials used in its creation. It reveals a use for articles collected as a hobby and shows how one person ingeniously constructed something artistic.

Girls Hurt in Accident at Main and Hough Aves Suffering Broken Bones

Latest reports from the Oak Park hospital reveal that the two girls who were hurt in a collision at Main and Hough streets, between Poolechew's ambulance, driven by W. Poolechew and a car, driven by William Jones, on June 28, have suffered severe injuries.

Margaret Davis is suffering with a broken pelvis and a possible fractured hip. They will be confined at the hospital for some time.

Rose Davis and Mr. Jones riding with the other two girls at the time of the accident were not greatly injured. Neither Mr. Poolechew nor Leo LaPointe riding in the ambulance suffered many hurts.

Both vehicles were damaged to a great extent. Ernest Wessel, night policeman was on duty at the corner when the crash occurred.

Penalties Waived on Old Property Taxes in County

Redemption May Be Made for
Years 1929-1933 During
1935-1936

Lake county property owners who forfeited their real estate property from 1929 to 1933 because of the non-payment of general taxes may now redeem their property by paying the delinquent taxes and the penalties and interest.

Copies of the new legislation have just been received by Lew Hendee, county clerk.

Property owners in all counties outside of Cook county may redeem the forfeited land by applying to the county clerk for a record of the non-payment of general taxes may now redeem their property by paying the delinquent taxes and the penalties and interest.

It is estimated that there are 50,000 parcels of land now in forfeiture in Lake county. Approximately 50 per cent of this may be redeemed under the new provisions.

In order to benefit in this plan all delinquencies must be made during 1935 or 1936. After August 1, 1935, a 5 per cent yearly penalty will be added to general delinquent taxes.

In applying to the county clerk for redemption the property owner must sign an affidavit that the delinquency was due to inability to pay during the time his property lapsed.

Provisions of the new law will not apply to any property unless all taxes upon the property have been paid for 1929 and previous years.

Also, in this system with the payment of taxes speeded up, more money will then be available for distribution in the county.

This measure was passed by the Illinois legislature without a great deal of debate and became effective June 29.

PWA Agrees on 55 Per Cent Loan and 45 Per Cent Grant

Official Announcement Received From Senator J. Hamilton Lewis

"Public works administration advances of loan and grant for sewer improvement of \$268,181," signed, James Hamilton Lewis, United States senator.

The above message was received by wire in Barrington Wednesday, confirming the unofficial report published in The Review last week that the application from Barrington had been approved.

This means that if Barrington wants to accept the plan, applied for by its officials and approved by the public works administration, the village will be given an outright grant of \$93,481.45 from the public works administration and a loan of \$174,699.56 bearing interest at the rate of 4 per cent per annum. This money to be used in carrying out the decree of the circuit court affirmed by the supreme court to the effect that Barrington correct its sewerage system.

Originally the village had applied for approximately \$268,000 of which 70 per cent would have been in the form of a loan and 30 per cent an outright grant. At that time it was believed that the village would have to accept relief labor for the work, a fact which would be against the many local laborers who are not in relief. According to a report from David B. Maloney, village attorney, Barrington would be free to employ its own men regardless of whether they are on relief or not under the new plan.

The sewerage improvement engineering plan includes several steps, the major one being separation of storm and sanitary mains in the village. The old combined system would be utilized, part of it for storm water and part of it for sanitary flow with new construction to supplement both. The plan does not contemplate removal of the disposal plant. It contemplates a pipe line from plant outlet to a point on Plum creek several miles west of the village or possibly to the Fox river.

With storm water flow eliminated from the plant, complete and satisfactory treatment could be expected for all effluent, dry or dry. However, the effluent from the plant regardless of how well treated may not be emptied into the Fox river as it is now. The lands of the persons who were plaintiffs in the recent injunction suit.

The village board probably will take action towards accepting or rejecting the PWA grant at an early meeting. If it is accepted, the improvement may be started before next winter.

Band Box Cleaning Plant in Elgin Is Damaged by Fire

Band Box Cleaners, 210 DuPage street, Elgin, operated by the Barrington Laundry, suffered damage to the extent of \$400 early Saturday morning when fire broke out in the rear of the building.

Bernard Schmitt, who is employed as a driver for Maurice Bros. bakery and has a daily delivery route in Barrington, discovered the fire about 3:30 Saturday morning when he was reporting for work. He immediately notified the fire department and firemen had the blaze under control shortly after arriving on the scene.

Loss to the building was estimated at \$250 and loss to garments left for cleaning was fixed at \$150. The building and garments were insured.

The shop is operated by the Barrington Laundry and managed by Sidney Perkins. Several garments in the place were destroyed by the blaze.

Robert Whalen, Elgin fire marshal, reported that the fire probably was caused by a heater setting fire to a wooden partition near which a box was located.

"In Caliente" to Show at Catlow Sunday, Monday

Will Rogers Starts Three-Day Run Wednesday in Play "Doubling Thomas"

Mexico, with all its beauty and color, its hunting music and exciting dances, comes to the Catlow theatre Sunday and Monday when the production, "In Caliente," will have its first-run community showing.

Dolores Del Rio, Glenda Farrell, Pat O'Brien, Edward Everett Horton and Leo Carillo carry the fun, romance and action of this tropical transport to new heights in colorful entertainment.

The picture was filmed in Azu Caliente, the made-over Mexican resort near the California border, and captures the flaming atmosphere of this paradise of girls, songs and laughter.

Tuesday, Wednesday and Thursday are the scheduled days for the showing of Will Rogers' new film, "Doubling Thomas."

Rogers breaks his own laugh records in this story as he equines in the "anxious seat" while his stage-struck wife battles (her suppressed desire with an unforgettable and unforgettable performance in amateur theatricals.

Bullie Burke as stage-struck wife is just the type to be inoculated with the footlight virus.

Through the promptings of Allison Skipworth, Miss Burke and a coterie of the brainless leading lights of the small town realize their ambition to go on the stage in the worst way.

After the ridiculous "success" of the local performance, it requires all Rogers' innate shrewdness to cure his stage-struck wife and save his home from going on the rocks.

Tonight, the Catlow will screen for the last time, Jean Harlow and William Powell in "Reckless."

Friday night brings Jean Parker and Chester Morris in "Princess O'Hara." Saturday, Richard Barthelmess is starred in "Four Hours to Kill," with a Buster Keaton comedy.

We Can Cut Your Tire Costs
50% AND MORE
Here Are The Money Saving Facts
READ THE QUESTIONS AND ANSWERS BELOW:

1. How can I save 40% to 60% on tire costs?
By having Hawkenson Tread applied to your tread-worn tires by us.

2. What is a Hawkenson Tread?
A brand new, live tread rubber scientifically applied and vulcanized to a tire that has become worn smooth to the point of danger.

3. How does this new tread improve the tire?
(a) By giving new, safe non-skid traction.

(b) By making steering much easier when used on the front wheels.

4. Do my tires justify applying this new tread?
Any well made tire that is worn smooth, and has good sidewalls and beads more than justifies a new running surface. We can determine this by scientific tests.

5. What mileage can I expect?
You can reasonably expect that the new Hawkenson tread will deliver practically the same mileage as the original, just as alone with good uppers will give full second wear when re-soled with high grade materials.

6. How are they different from ordinary retreads?
(The Hawkenson process replaces only the surface that actually wears off. No heat is applied to the sidewalls; hence they are not over-cured as with other processes. Your tire is buffed differently, cemented differently and vulcanized differently. The original identity of your tire is retained.)

7. What does the new tread cost?
This varies according to tire size. In no case does it equal 1/4 the cost of good tires; in many cases it is less.

Bill Lowering License Fees on Cars Signed by Henry Horner Wednesday

Cost of license plates for Illinois automobiles was reduced yesterday when Henry Horner, state governor, signed a compromise bill lowering fees to a \$6.50 minimum and \$22 maximum.

The reduction was sponsored by Edward J. Hughes, secretary of the state, and became effective next year.

The bill reduces rates as follows: \$8 to \$6.50; \$12 to \$10.50; \$20 to \$17 and \$25 to \$22. Higher reductions had at first been requested but a compromise decision was reached approximately 20 percent.

A bill to repeal the state speed law of 45 miles per hour was voted by the governor.

Bank Statement Shows Substantial Increase in Deposits in Year

Total assets of \$1,115,642.50 were reported in the July 1 statement of the First National Bank published on page 6 of this issue of The Review. This reveals a substantial gain over the total of a year earlier.

The statement shows an increase in deposits and in reserve funds, the capital account including common stock \$75,000, surplus \$25,000, undivided profits \$88,619, and reserve for contingencies \$271,250.

A statement of the First National Securities Co., also published on page 1.

20 Organizations Plan Yarmark for Fox River Grove

Fox River Grove, one of the youngest villages in Illinois has departed from the already time-worn custom of celebrating a centennial in 1935, and is offering something new in the way of a celebration. This something is "Yarmark."

The members of the newly organized Fox River Grove community advisory committee, with the cooperation of the public relations committee of the village board, have prepared an unusual outdoor celebration for August 10, 11, and 12, and then christened it "Yarmark."

A "Yarmark" is not any one thing. It is everything. It is a fair. It is a fiesta. It is a Mardi Gras. It is a pageant. It is a carnival. Above all, it will be the most hilarious event ever seen in this community. Its sponsors promise.

There are 20 civic organizations in Fox River Grove, and most of these are working day and night to make the Fox River Valley "Yarmark" an occasion that will be remembered as the most joyous event ever witnessed.

The Garden Club of Barrington has invited members of three local clubs to visit a display of flower arrangements at Barrington Hills Country Club from 2 to 6 p. m. Monday, August 5.

Invitations were sent to the Countryside Garden club, Village Garden club of Barrington, and Barrington Woman's club this week.

Miss Elizabeth Howland of the Garden club will be program chairman for the event and other members of the board of directors will serve as a committee.

Mrs. H. Stillson Hart, Mrs. C. H. Gandy, Jr., Mrs. Sidney George, Mrs. Frank Johnston, Mrs. Sheldon Clark and Mrs. R. R. Hammond.

Suggestions for breakfast trays, tea tables, lunches and dinner tables will be included in the display as well as bouquets of all sizes and varieties. Fruit and vegetable arrangements have been planned as a novel touch.

Bill Passed to Cut Down Local Commitment

Continued from page 1.

and all votes cast at the time of election will be recorded on their certificate of election. The vote will determine the individual voting power in caucus meetings.

Those towns affected in the county are: Berwyn, Bloom, Calumet, Cicero, Elk Grove, Evanston, Homewood, Lemont, Lyons, Maywood, New Trier, Northfield, Norwood Park, Prospect, Oak Park, Oak Ridge, Palos, Palos Heights, River Forest, Shamesburg, Stickney, Thornton, Wheeling and Worth.

Candidates for township committee must file the petitions containing five to eight per cent of the primary votes in their party in the town.

Included in the new bill are certain changes relative to Chicago ward committees. Terms of office for these committees are to be increased from two to four years.

This bill, featuring the change, was introduced at Springfield by Senator Richey Graham of the Chicago-Cicero district and the measure has gone through both houses without creating a great deal of interest. Signature of the bill by Governor Henry Horner is expected in a few days.

"Deaf as a Fish," Really May Be Correct Statement

We use the expression "blind as a bat" without warrant, but "deaf as a fish" would be in order, since it is practically proved that fishes "are stone deaf," says a writer in The Bits Magazine. Hearing is so often associated with seeing that, when fishes are startled, it is usually impossible to be sure whether it was the sight of something, or the sound it made, that affected them. The splash of a stone in the water frightens them, but in the fright caused by the sight of a solid object, by the noise of its fall, or by the commotion it causes.

To test the effect of sound on fishes experiments were conducted in a large aquarium occupied by a variety of species. A protected electric bell was placed in the glass-sided tank, and sounded repeatedly without any visible effect on the fishes whatever. To determine whether a high-pitched and shrill sound would disturb them, a whistle of penetrating note was introduced. None of the fishes took the slightest notice, showing neither fear nor curiosity.

Majority of States Do Not Record Their Births

Since early modern times registers of births, marriages and burials have been kept with more or less regularity by the church authorities in the chief European countries. Though generally regulated by law, such registers, until the nineteenth century, lacked uniformity, and for statistical purposes are of restricted value.

By the middle of the nineteenth century most of the nations of Europe had enacted legislation prescribing in detail rules for registration; for a birth, date and place, together with age, nationality and occupation of the parents. The attending physician or other person present, is required within a specified time to provide requisite information.

Failure to comply with this provision is attended with heavy penalties. In the United States general registration laws are in force in less than one-third of the states, although nearly all the large cities have laws of this kind. One of the most stringent of state laws on the subject is that of Connecticut. Responsibility for making certificates is placed upon the physician or other person attending, and failure to comply with the law is punishable by a fine. Registrars knowingly making false entries may be fined or imprisoned, and any person falsely certifying to a birth, may be fined or imprisoned.

The subject of registration does not fall within the scope of federal legislation. In 1903, however, congress passed a resolution urging the necessity of uniform registration, and requesting the states to enact the necessary legislation.

Barrington Men Identify Check Artist Suspect

Four Accused of Forgery Held by Elgin Police

Four Barrington men in a Tuesday identifying party, 19, veteran check for as the man who passed some gas checks in this village.

Whiting, accompanied by son Elmer Whiting, daughter Olga Whiting, and a 18 old girl, Mrs. Brown, had making a motor trip through

Illinois and Wisconsin among it with money from northwestern bank checks, adding to the charge brought against him by the Elgin department Saturday night.

The couple made Barrington last week end and patronized local stores offering in payment of their small purchases a check for \$23.85, which would require a little change. In it was the check was signed "W. Johnson" which later turned to be forged by the man and payable to "Harry Miller," a sister Whiting presented checks and introduced himself Harry Miller. He endorsed it same on the three checks, which were accepted in Barrington. These three were drawn on First National bank, as were which later appeared at the bank for payment—the others had been passed in nearby towns, at St. Francis, Ky.

The quartet had driven from Ohio through South Bend, Indiana, and Chicago to Milwaukee. They returned to Illinois stopped at Barrington, Dundee, Carle, and other towns, where they succeeded in cashing worthless checks, according to charges brought against them by the Elgin police.

In Elgin Saturday night, the presented a check to W. A. Kiehl, manager of a shoe store in Elgin. Mr. Kiehl became suspicious and delayed Whiting while he called the police. At Elgin police station, a check was cashed, and quite a bit of money was found in the possession of the suspects.

On Wednesday evidence against the Whiting was still coming from merchants in various cities visited by the gang. It is probable that charges of forgery will be filed against the men and Mr. Whiting. The Brown girl is listed most of the evidence against the men and may avoid serious charges.

The four men from Barrington who identified the older Whiting were T. H. Schutt, Irving H. der John Foose and Ed Lindl.

Police Squad Finds Loot Stolen From Barrington Hill

Louis Perez, 25-year-old son of a worker residing at Spaulding and his 18-year-old wife, Jennie, are being held in Waukegan, Ill., on charges in a theft inquiry being conducted by the sheriff's office in Lake County. The Perezes were arrested after deputy sheriff, Stanley Christian and John Prichard, and Chief of Police J. J. Tully of Mundelein found a quantity of loot in the Perez home in Spaulding.

Property found in the loot was identified as having been stolen from the Barrington Hills Country club on July 3 and from the Joseph Reynolds estate in Mundelein July 4.

A variety of men's, women's and children's apparel, some electric, several revolvers and many other items were collected by the raiding officers.

Burglars gained entrance to the locker room of the country club by breaking the glass in a door and then unlatching it. Lockers were ransacked by the thieves and clothing and suitcase taken. The case at the clubhouse and took 19 packages of clothing.

Entrance to the Reynolds place in Mundelein was made in the same manner and there the burglars took clothing, jewelry and other trinkets of value.

Perez and his wife claim they had bought the goods from others but the police believe it was stolen there to be sold to other persons. It is thought that Perez and his wife are "fence" for the robbers to sell their loot.
