Python, World's Largest
Snake; Anaconda, Second
The largest snake in the world is
The largest snake in the world in
and the boa third.
Fantastic stories are told about
these great serpents swellowing
tern and tigers. Such feats are impossible. A python might possibly
lift them by crushing them in its
did to the stories are told to the
fit could dispose of at a meal is a
fog or a goat.
The netted python of Asia, IndeChina, and the Malay Archipelage,
which sometimes erceeds 30 feet in
length, is the largest of the pythona.
He would be a such as the stories of the
great possible of the stories of the
property of the stories of the stories of the
property of the stories of the stories of the
markings. Savsize in disposition, inhabiting lowlying and hot regions, it grows
agon's probably lives to a great
ago. Pythons hang motionless from
furth to great probabily the tails, or
inspecting victims, which consist
intelliged of birds, rodents, and other
small animals. They are greatly
foreaded by the natives of the regious they inhabit.
They are greatly the property of the property of the
great body for two months before they are hatched.—Til-Rits
Magnaine.

Dutchman Has Many Uses for Popular Wood Sho

Dutchman Has Many Uses
for Popular Wood Shoes
The wooden shoe or klomp can
take rank as a national institution
in Holland. Fashioned insually out
of popular wood, it serves all kinds
of uses, in addition to protecting
the feet. Camping in Oregon

James Plagge Describes
Camping in Oregon

James Plagge, who is a proterm of the standard of the stand

were retained with the legislature opening its annual session in Maj at Newport, and after a few days adjourning for a more extended one at Providence, which began the following January. Since 1800 the legislature has met at Providence and the state's constitution was so amended as to dispense with the Newport session,

The first importation of Jersey cows was made in 1850. A few more were 'brought over about 20 years later, and from 1870 to 1890 there were numerous importations. Since 1890 many Jerseys have been imported every year.

Camping in Oregon Wilds

James Plagge, who is spending

Forcet has transformed 58 college foresiefs into proficient worksmen.

A miniature city of 20 army tents has sprung up on the shores of a small crater lake in an ancient forcet of yellow pine. Their day starts at 6:30 a.m. with breakfast. At 7:30 instructions begin, to be interrupted by a half day starts at 6:30 a.m. with breakfast. At 7:30 instructions begin, to be interrupted by a half day closes at 4 p.m. The active day closes at 4 p.m. The carried and the start of the comparison of longing operations have comprised the work so far. Twelve hundred and eighty acree of land have been examined up to the present. The evenings are speet in working up reports, writing letters, or swapping tales around the campifer.

On August 20 the crew will distant in the profit of the camp will distant and the start of the camp will done specified in the vicinity of Portland, Ore-the camp will close September 1.

With the sense "infinitesimal," this expression is in good literary usage, and has appeared at various times since 1760. One may properly say "infinitesimally small"; in fact, this adverb modifier is more frequent than "infinitely." Either usage is supported by good authority, —Literary Digest.
