Plan Activities for Young People, Fox River Grove

High Debt Reported Paid
by Proceeds From
Yarmark

The town meeting called August 20, 1935, at 8 P.M. in the village board room, was attended by a large number of young people. The director he appointed was D. Dvorak, and that an advisory committee should be organized to help young people of the village during winter months. A ball team, orchestra, and a group of education was suggested. The dollar town debt was paid off with the proceeds of the Yarmark. A committee of the Yarmark will meet in the village board room on September 9, 1935, to discuss the park parallel, and new highway rules.

UNDERCONSUMPTION

Since the war every business, loyal, every increase in unemployment, has been attributed to overproduction. It has become popular to diagnose every economic maladjustment as overproduction. Manufacturers, farmers and workers are being told that they are producing too much. In recent years world production of raw materials and foodstuffs has increased more than twice as fast as the population.

There seems to be a surplus of most worldly goods, but in the final analysis it is an inaccuracy to say that the world is producing more than it needs. The fact is that it isn't consuming as much as it should. Consumption should be increased, rather than production diminished.

Today the real economic problem of the United States is to increase the purchasing power of the consumer. Factories and farms are producing more than the people can buy, not more than they can consume. The commonest phrase is, "I would buy if I had the money."—Star-Republican, Blanchester, Ohio.

Broncho Gridders in Initial Drill of Season Tuesday

Issue Suits Monday; Lake Forest Foe in First Game Here September 20

The gridders at North Park will round with the third of the pigskin again Tuesday afternoon.

The B.H.S. coaching staff will be the same as last year. Paul E. Clark, in his sixth year as head coach, will direct the varsity squad with W. G. Anderson as his assistant. T. C. Hootford will again be in charge of the lightweight squad.

Sixty-five boys signed up to come out for football this fall according to Coach Clark and most of them are expected to be on hand Tuesday for the first drill.

Lake Forest will be the Bronchos' first opponents September 20, on the local field. The first conference game will be at Warren, Sept. 27. With an abundance of rain the spring and summer the gridders at North Park is in the best shape it has ever been.

According to advance dope the Bronchos will have one of the best teams in years as to size, their one big handicap being lack of experience. While the Maroon and White do not figure to copy the conference this year they may stir up plenty of trouble before the season is over.

Arlington Heights is the Northwest conference defending champion. Last year they were undefeated, winning all five of their games.

Wrestling Card Arranged for Lake County Fans

Jim McMillen, Lake county's favorite son and ranking number one contender for the world's heavyweight wrestling championship, and "Crybaby" George Zaharias, most feared and hated matman in the sport, will wrestle one fall to a finish in the last all-star mat card of the season to be staged in the Round Lake Haunted House Open-Air Sports Arena, Friday night, Sept. 6.

McMillen, who is returning from a three week training period at the camp of the Chicago Bears, is in the pink of condition from playing, coaching, and wrestling with his teammates, and will be all ready to fire his biggest gun in a new bid for the world's title.

With the main event closed, the matchmaker is now seeking the services of Lou Flammar, Ray Richards, and other favorites for the supporting bout of the program. The complete card will be announced shortly.

Board Passes New Ordinance Against Soliciting Homes

Trustee Dueschler Presents New Measure to Board Tuesday Night

Trustee John Dueschler presented a new proposed ordinance against a village body meeting Tuesday evening following a meeting in the old ordinance is suggested at a previous meeting. The measure includes a stipulation that local residents wishing to be free from soliciting assistance, post signs warning against it.

The ordinance was passed following a motion by Trustee Dueschler. The board took under advisement the ordinance, which would require that both metal and cardboard signs be posted on the front of the house.

The old ordinance had been found unsatisfactory because it was difficult to enforce. Similar ordinances passed in many other municipalities have resulted in numerous litigations. Villages and cities in Illinois have been given the power by statute to declare what shall constitute a nuisance, but it is difficult to enforce such a law in homes where residents are willing to be solicited. As the result of the ordinance passed Tuesday, agents may be prevented from the village, but on property owned by the village.

The discretionary power of the village body to declare a nuisance is hereby made difficult to enforce. Hereafter, however, agents will be liable to arrest and prosecution with a fine from \$25 to \$100 if soliciting in homes where there are signs warning against it.

The new ordinance is published on page 8 of this issue of The Review.

Sales Tax Tokens in New Form Are Now Being Used

Barrington shoppers had their first experience this week with the new sales tax tokens when they were put into use by merchants.

They are to be used in payment of the three per cent sales tax placed on retail sale of merchandise. Over 15,000,000 of the thirty aluminum discs were sent out during the week-end by the state department of finance.

The new tokens are square with rounded corners and are made of aluminum. These are replacing the round ones first introduced but later withdrawn when the federal government objected.

Each token is worth one and one-half mills, sufficient to pay the tax on a five-cent purchase. The word mill, on previous tokens, has been eliminated to conform with federal regulations.

According to a schedule sent out with the tokens, sales up to four cents are tax free, while sales of five cents or over require a token for each additional four cents up to thirty cents.

Rates of from 31 to 33 cents require one penny tax, 34 to 38 cents, one cent plus two tokens; 39 to 43 cents, one cent plus three tokens; and so on up to sales of \$9.44 to \$9.49, when the tax will be two cents plus a token for each bracket until \$9.49 to \$9.54, when the tax will be three cents.

Whether there will be a universal use of the tokens throughout the state and Barrington is not known. Stores dealing in large sales do not contemplate using them.
