SINGLE COPIES, FIVE CENTS

Engineering Firm

Offers to Settle Claim for \$5000

Claim for \$3000

**Village Trustees Need \$8500
in Cash Before First
of Year**

Suhr, Berryman, Peterson and

Suhr, former village attorney, through their attorney, George Foster, offered a compromise settlement of \$5000 to the village.

board Monday night. They made this offer after a meeting between Earl Hatje, village president; D.

B. Maloney, village attorney, and representatives from the firm. Their original offer was \$8000. Their first bill totalled \$12,000.

Suhr, Berryman, Peterson and Suhr had filed notice that they would sue the village to collect

for services rendered on several sidewalk plots, some sewer work and also technical testimony in the sewer case.

The proposition offered contains several clauses stipulating time when payment is to be made.

If made prior to December 31 the figure would be \$5000; after December 31 and prior to January 31, 1936 it would be \$5500; prior

to February 28, 1936 it would be \$6000 and after that time it would be \$7000. This offer must

The most vexing obstacle for the trustees is that of raising the

money. A sum of \$8500 must be raised shortly if they are to affect a saving for Barrington. What

method will be used to obtain funds is not known but a committee meeting this week may result in a solution.

The additional \$3500 needed is for Benjamin Langworthy, former village attorney, to satisfy a claim

against the village. Last April the board met a compromise figure with Langworthy to avoid litigation. He offered to settle his

claim for \$3500 if paid before the end of the year. He intends to have judgment returned against

Both agreements contain the stipulation that payment is made:

as cash. With that prospect in mind trustees are anxious to raise money and not forfeit the prog-

process which has been made without expensive litigation.

Attorney Declares Petitioners Can Be

Held for Contempt

Persons who circulate, present or sign a petition asking for a referendum on the PWA loan and grant for financing reconstruction

of the sewerage system are liable to punishment for contempt of court according to the opinion of

Attorney Oscar S. Beaver, expressed in a letter from the attorney to local village officials. This letter was read at the board meeting

Monday night. A copy of his letter states:

acceptance by the Village Board of PWA funds for the sewer improvement, a recent news item says that petitions are in circula-

102 Students Are Enrolled for Ela High School Term

Organizations Resume Work With Many Activities Planned

Ela township high school has an enrollment of 102 students this year, it has been reported. These students come from Ela, Fremont, Cuba and Vernon townships.

Considerable work has been done on the building this summer in preparation for the school term. Desks, chairs and floors were refinished while many of the plants were re-planted. Landscaping the grounds was part of the summer labors and the new lawn with trimmed shrubbery presents an attractive appearance.

Plans are now under way for the initiation of the freshmen class by the upper classes. This is a yearly event and is looked forward to with great interest by all the students.

Ela high school has three clubs looking forward to arranging social and educational events during the year. The Girls' club is planning to join the National Home Economics Society and thereby increase its activities. The Dramatic club, which was organized late last term, is drafting a schedule of small plays for the year and also a major production some time in the spring. The Future Farmers association has already resumed the study and education of farm problems.

Carl Olumstad Is Elected to Head American Legion

The Fox River Grove post 119 of the American Legion had election of officers Friday night. The incoming officers are as follows: Carl Olumstad, commander; Max Perem, vice commander; Victor Olson, adjutant; George Wagon, treasurer; James Diva, chaplain; John Dvorak, sergeant at arms; Joe Varbanek, assistant sergeant at arms; Charles Calkinowski, historian and George Grahls, service man.

Decline Recorded for Fatalities in County This Year

With the advent of fall weather and summer residents of Lake county returning to their homes, a review of the year's fatalities at the lakes and on the highways reveals a comparative standard of safety and accident prevention. There were 15 drownings at the 53 lakes in the county during the spring and summer months it was revealed by the county coroner's office this week. This is the lowest number in the last ten years with the exception of 1933. Lifeguards were on duty at the majority of the beaches.

Drownings recorded during the past seven years are as follows: 1929, 23; 1930, 18; 1931, 21; 1932, 21; 1933, 12; 1934, 29 and 1935, 15.

Vigilant patrolling of county and state roads by deputy sheriff

and state highway police resulted in a material drop in deaths due to auto accidents. Starting at the time Lake county Sheriff L. A. Doolittle took office last December there have been 11 fatalities in the county outside of Waukegan. Five persons died from auto injuries in Waukegan making a total of 16 for the county at the present time. Last year 47 deaths were recorded in the county and Waukegan at this time.

The number of accidents reported in the county with no fatalities has been materially decreased according to reports from the state and sheriff office. Fatalities for the past six years and for this year to date are: 1929, 52; 1930, 58; 1931, 86; 1932, 40; 1933, 32; 1934, 16; 1935, 16. Six of the deaths recorded this year have occurred at railroad grade crossings according to Lake county Coroner J. L. Taylor.

Suburban Building for August Continues With High Increase Over 1934

The month of August, in a survey compiled by a Chicago securities company of new building in the Chicago suburban region, appears as the sixth in succession in the procession of million dollar months which began in March. Prior to March to find a million dollar month, with one exception, one had to go back beyond January, 1932. Barrington had a 366 per cent increase over July but fell short of the August figure for 1934.

Building in the 38 months from January, 1932 to March, 1935 averaged \$449,961 per month. In the months of March to August

inclusive, of this year, the average is \$1,519,288 per month; in brief, since March there has been a monthly average of three times as much suburban building as there was in the three previous years.

The following table lists building permits for August of 1935 in comparison with August, 1934 for Barrington and the surrounding communities:

	Aug. 1935	Aug. 1934
Barrington	20,477	\$48,289
Crystal Lake	3,960	None

125,000 PEOPLE IN THE CHICAGO AREA ARE LIVING BETTER BECAUSE OF GAS HEAT

The real joy of living!
more time for the boys
now that he has Gas Heat

HERE is a scene in the back yard of one of the thousands of homes in the Chicago area made carefree with gas heat. Remember—it costs only a few cents more a day to have this modern, automatic heating method.

It's a happy home that has gas heat. For gas heat gives you more time to play with your youngsters—joyous, carefree hours that only this up-to-date method of heating can bring. Gas heat means freedom from furnace cares. The luxury of a clean home that stays clean the year round. A home that's a constant joy to live in.

There's not a doubt in the world—for a few extra cents a day gas heat can increase your family's joy of living beyond belief. Think what a difference gas heat would make in your home. Hours of extra leisure—carefree Saturday afternoons with the youngsters, free from the dirt and discomfort of cleaning the furnace and hauling ashes. Extra sleep in the mornings, too—no more shoveling coal while the city sleeps. A thermostat turns on the heat in your home the minute you want it—automatically. That's why you can leave a gas-heated home for hours on end without worry. It will be just as warm when you return as the minute you left it, whatever the weather.

If other families can have gas heat, so can yours—at a small extra cost a day. Investigate now. Learn how economical gas heat really is, when you consider the many direct and indirect savings it brings. Call our nearest office.

Marchhoff-Smith

Nuptials Saturday

Miss Lucille Marchhoff, daughter of Mr. and Mrs. Fred Krebbs of Elgin and a former resident of Barrington, became the bride of Harold Smith, son of Mr. and Mrs. William Smith of Elgin, at a pretty home wedding Saturday evening. The marriage service was read before an improvised altar of palms and flowers at the home of the bride's parents in the presence of members of the immediate families and a few friends. Rev. Brown of Elgin officiated, using the single ring ceremony. Miss Eleanor Wenslow, a sister of the bride, and Norman Smith, brother of the groom, served as attendants. The bride wore a brown crepe and carried a bouquet of roses. Her sister wore a white dress. A wedding reception followed the rites, after which the bride and groom left for a short motor trip. They will make their home in Elgin. Mrs. Smith is a graduate of Barrington high school and spent most of her life in this village. Mr. and Mrs. Wenslow, Miss Elsie, Mrs. Wenslow and Miss Adeline Ott of Barrington were guests at the wedding.

Barrington Woman's Club

An invitation has been received from the Altus Young Women's Auxiliary to attend its reciprocity meeting on Tuesday evening, Oct. 1 at 8 o'clock in the Jefferson Park Field House, Higgins Road and Long Avenue. The internationally known magician, Dr. Turnbull will be the speaker. Members of our club, their husbands and friends are invited to attend. In order that the hostess club may have an idea as to the number of guests, members planning to attend this meeting will please call the president.

We are deeply grateful to Mrs. W. A. Panning, for the time and energy she gave in directing the scout parent and also the members of the school welfare committee who worked so faithfully in arranging the script for the Kingdom scene. Those who provided the necessary costumes and properties also deserve credit for the success of the scene portrayed by our Girl Scouts.

Remember the scholarship loan fund party at the Barrington Hills Country club on Wednesday, Sept. 25. Tickets may be secured from members of the committee as listed in this column last week.

Beautiful Scenes Interest
Many at Scout Pageant

Continued from page 1

Scene 3, "An Arab Sheikh Welcomes Two New Warriors," done by troop 10. Two boys appeared before the chief and his council with word of a foraging party and were given a test of the Koran, history and astronomy. They were accepted as men after showing their riding and fighting skills. Scene 4, "Conferring of Knighthood," by girl scouts, a beautiful tableau depicting the solemn rites of chivalrous days in medieval civilization. Scene 5, "Indian Youth Becomes a Warrior," by troop 19 and campfire girls in costume. Scene 6, "The Young Pioneer Initiation," by troop 21 depicting early American settlers as their stockade was besieged by Indians and a small lad volunteered to go for aid in the face of death. Scene 7, "Frontier Scout of Eagle Scout Award," by the Northwest Suburban Council. A modern scout was shown in this scene as recording the highest badge of honor in scouting. Encouraged by his troop and in company with his parents, he was taken before an arch ennumerating the cardinal character points of modern youth and given his award.

Troop 19 was awarded the trophy for having the greatest number of guests present. They have generously offered it to any group wishing to go on trips. The scout cabin committee wishes to express its appreciation to the following firms for their assistance in making the event possible: Barrington village board, Mrs. Board, Jewel Tea Co., Public Service Co., Illinois Bell telephone company, Benjamin Electric of Oak Plains, Shurtliff Lumber, Lapeere's & Hager, J. H. Callow, J. W. Bachy, Pfundtall Nursery at Kimbark, Schroeder Hardware and R. F. Koehler Sr.

Barrington Residents
Have Interesting Trip
to Michigan and Canada

Mr. and Mrs. Harry Weweler, 113 Grant avenue, and Mr. and Mrs. Lloyd Graham, 430 June street, returned Sunday evening from a four day trip in Michigan and Canada. They reported visiting at Benton Harbor, Royal Oak, Detroit and Windsor, Canada. Considerable time was spent in Ford's museum and the memorial dedicated to Thomas A. Edison. They saw the entire collection of tools and machinery used by Edison in developing his many inventions. While visiting, Father Cogshall's church in Royal Oak they were conducted through it by the priest-orator's father.

Grid Meeting 59
Machinery was moved in Tuesday for grading and installing drains on proposed route 59 south of town. Work will start next Monday and move north toward the village.

Bird Club to Meet
Members of the Barrington Bird Club will meet at the home of Mr. and Mrs. John K. Prentiss Tuesday evening. Rev. H. L. Rupp will be speaker of the evening with "Banshee" as his topic.

TELEPHONE, BARRINGTON NO. 1

HE MUST BE BLUFFING

An interesting letter from Oscar S. Seaver, council for the Barrington Hills Country club and others who successfully brought suit to enjoin the village of Barrington from use of Flint creek as an outlet for its sewerage system, is reported in the news columns of this issue of The Review.

Attorney Seaver objects to circulation of petitions demanding a referendum, in reference to acceptance by the village board of PWA funds for the sewer improvement. Mr. Seaver states:

"In view of the fact that the village board is proceeding with the improvement in question for the purpose of complying with an injunction issued by the circuit court and affirmed by the supreme court of Illinois, the purpose of such a petition obviously is to delay or attempt to delay compliance with the court's mandate, and ANY PERSON CIRCULATING, SIGNING, OR PRESENTING SUCH A PETITION IN THIS INSTANCE WOULD BE LIABLE TO PUNISHMENT FOR CONTEMPT OF COURT."

Of course Mr. Seaver must be so eager to see the sewer improvement completed that when he heard or read of a petition asking for a referendum which he feared might delay the plan, he resorted to bluffing in an attempt to clear that final obstacle. He surely could not mean that the people in any state in American no longer have the right to petition. A petition demanding a referendum on how the taxpayers' money can be spent is still a right of the people. The circuit court enjoined Barrington from using Flint creek as a sewer outlet, but it did not order the village to borrow money from the public works administration. We do not see how a petition for a referendum on the PWA loan could possibly be construed as contempt of court.

We believe, personally, that the owners of property along Flint creek have been wronged. We also believe the present plans for improving the system and the PWA grant and loan are fortunate developments for Barrington. We hope the improvement is carried out as planned without a hitch. But we do not believe anything can be gained by attempting to frighten a few persons who may wish to ask for a referendum on the method of financing their sewer project. Nothing worthwhile is gained by force or concealment of the truth.

WOMEN DRIVERS

For years women have been subjected to gibes because of their supposed inferiority as automobile drivers. But a recent survey by a national board of casualty underwriters reveals that women drivers figure in far less accidents than men, numbers considered.

Estimates from various sources, including government statistics, indicate that women constitute approximately one-fourth of the total number of drivers in the country. Yet, while women represent 25 per cent of the number of drivers, last year they were involved in only 7.63 per cent of the accidents recorded.

In the observance of traffic regulations, women made an even more impressive record. While full statistics are not available, in a dozen large cities only 2.53 per cent of those charged with violations of traffic rules were women. While it may be argued that traffic officers are more lenient toward women violators, an inquiry addressed to a large number of these officers brought responses decidedly favorable to the ladies.

Of the replies, 78 per cent of the officers considered women more careful drivers than men; 11 per cent thought women equally careful, and only 11 per cent believed women less careful.

So, in the face of the record, it appears that women are much safer drivers than men, after all, when they are actually at the wheel. How safe they may be as back seat drivers is an entirely different matter.—Citizen, Key West, Florida.

WHAT'S GOING ON IN WASHINGTON

(Courtesy, The United States News)

Mr. Average American Farmer may expect a cash income of 1935 this year—about \$44 more than 1934. That is the official figure of the department of agriculture on the basis of its September estimate of crop yields and the other factors entering into agricultural prospects. Three-fifths of the increase in income flows from larger benefit payments.

Out of the picture this year is the toll of the drought, but its effect continues in the radically reduced surpluses of grains and the sustained level of their prices. With one exception, all major crops promise moderate increases over last year, although not as great as the department expected a month ago.

The one exception is the potato. Farm initiative, aided by nature's bounty, had produced last year an apparent surplus. This year production will be somewhat less. Next year the AAA moves in with its control machinery set up at the last session of congress.

Another step is taken to bring the American navy to full London treaty strength.

Twenty-three new ships were ordered by the navy department last week and bids for a 24th, a ten thousand ton cruiser, to be built in a private shipyard, will be opened on October 12. Twelve other vessels are to be built in private yards, the other 11 in navy yards.

President Roosevelt makes it clear that the United States has no intention of being drawn into any European war that may evolve from the critical Italia-Ethiopia situation. Warship-building program was planned long before war clouds began to gather abroad. It was inspired, partly by the general interest in the need for preparedness, and partly by the need to provide work for the unemployed.

Embarrassed by lack of funds to set up an organization, the government's newest alphabetical agency, the SSB (Social Security Board) turns to the budget bureau for aid. The board of three members headed by former Governor Winant, of New Hampshire, made the appeal at its first meeting last Friday.

All it wants is money enough to carry on operations until congress provides an appropriation. Funds for administrative expenses were included in the deficiency bill, carried down by the Long filibuster in the closing days of the last congress.

Legal steps are taken by 16 coal companies to prevent enforcement of the Guffey act, which is declared unconstitutional in five different ways. An injunction against the government is asked in the federal court of Louisville while the department of justice prepares to fight the move.

And then my friend sighed and added, "I guess I am old-fashioned and that's all."

"I said, 'No, Kate, you are right in your feeling that Jenny should be more courteous; I agree with you on that point most heartily. But I think you should do something to teach her not to come in like that.'"

"She flushed and answered, 'Oh, I don't want to do anything to hurt her feelings. You see, she really is a dear child, only thoughtless.'"

"I turned the matter over in my mind, and the next time I met Jenny I engaged her in conversation. She proved to be a very bright and responsive child. We walked along together and after a while I mentioned May, saying that my friend, Mrs. Lorton was very fond of her partly on account of her courteous manners, and I said that Mrs. Lorton had once told me how polite May was with regard to rapping at the door before entering. 'She always respects me to do that,' Mrs. Lorton said. 'I added, I could see that Jenny was impressed, but I did not know the outcome until a few weeks later.'

"The next day, happening to meet Kate at a tea, I asked her how she was getting along with her little neighbor, Jenny."

"Oh, Jane!" she answered heartily. "I don't know I what has come over that child, but she has been the nicest little thing lately. She always raps politely before entering the house, now."

"I smiled and said how pleased I was to hear of the happy way in which things had adjusted themselves, and then I turned to my hostess, leaving Kate none the wiser as to my part in the little drama."

The Grain Coast

The Grain coast is that part of the coast of Liberia, western Africa, which extends about longitude 8 degrees to 11 degrees west; so-called on account of the exportation of grains of paradise.

It is estimated that millions of meteors enter the earth's atmosphere every 24 hours; most of them are very small. They travel, however, at a high rate of speed and were it not for the protection afforded by the earth's atmosphere, they might prove a serious menace because of the terrific heat which they move, according to a writer in the Washington Star, some are heated to incandescence by the resistance and friction of the air and all but a few of exceptionally large size are completely disintegrated. Very large numbers of meteors, as they are called, fall to the earth's surface or occasionally cause death.

Special Programs Listed for Rally Day at Churches

Commemorate Starting of New Year With Exercises This Sunday

A combined Bible school and church service marks Rally Day at St. Paul Evangelical church. At 10:35 a. m. will be morning worship with various songs and communion service. Devotional work in the religious field will mark a beginning of the new year.

Sunday is promotion day at the St. Paul Evangelical church and will be held monthly. Every department of the church will meet in combined service. The main attraction at 9:30 a. m. is a special exercise will be held to commemorate the month. Special numbers will be on the program.

Devotional church members will gather Sunday in honor of Rally Day. There will be a program by the Sunday school classes with promotion of the altar, choir in the primary department and other changes for the year's work.

Rev. Charles Drusel has prepared a special message for his congregation and appropriate music will be presented by the choir. Devotional services plans will be reported for the coming church year.

Rally Day will be observed by the Methodist church Sunday (Oct. 6). Many features of interest have been planned for the day. At 10 a. m. there will be a program exercise in the Sunday school. The morning worship at 10:30 a. m. is the nature of a homecoming service.

Special recognition will be given to the oldest person present and also the youngest. There will be a song given to the person coming the greatest distance to attend. The largest family representation will also receive recognition.

Church members and their friends have been urged to unite in these programs.

Nathaniel Leverone to Speak at Men's Club This Evening

Resumption of monthly meeting of the Barrington Men's Club brings Nathaniel Leverone, secretary of the Chicago Crime Commission and president of the American Canteen corporation here tonight to address the group on "Better Understanding Among Businessmen." The club meets at St. Paul Evangelical church at 8:15 this evening.

Mr. Leverone has earned the reputation of being an able talker with the ability to interpret automobile logic. He will also relate crime stories along with his chosen topic.

No officers are elected in the club and no restrictions on membership have been made. All men in the Chicago have been invited to attend. The organization was formed last winter and has been successful in obtaining interesting speakers on all occasions.

The program for tonight's meeting has been arranged by Howard Bringer, Jr., Earl Hais and Arnold Davis. Music has been planned for the meeting.

Two Cars Collide at North Ave. and Washington Street

Three persons were shaken up Tuesday when cars driven by E. A. Lauer, 645 N. Hough street and Arthur Froelich, Lake Zurich, collided at the corner of North Avenue and Washington street. Both cars were badly damaged and occupants of the machine suffered only slight injuries.

Lauer was traveling east on Washington and Froelich was going north on North Avenue when the collision occurred. The cause of the accident was not determined and neither driver was arrested. Lauer, 1659 Karpis avenue, Morton Grove, is owner of the machine driven by Lauer. Mr. J. McAllister of Chicago was riding with Froelich at the time.

Taken to Hospital
August Hawk, Cuba township, was taken to the Lake county hospital in Waukegan Tuesday.
