#### Orders for New Buicks Piling Up at Flint Factory

Flint, Mich., Oct. 9.-Orders for

Filst, Mich., Oct. 9.—Orders for more than \$25,000,000 worth of new Buicks are on the books of the Buick Motor company today as the immediate result of the ancion-wide announcement of the company's 1936 cars.

To meet the largest demand experienced at synnouncement time in nearly ten years, factory production echedules are being boost-carpidly, with the result that Buick output during October will be the highest for any similar perception of that month it will be the highest for any similar perception of that month it will be he highest for any similar perception of that month it will be he highest for any similar perception of that month it will be he highest for any similar perception of that month it will be he highest for any similar perception of that month it will be he highest for any similar perception of that month it will be he highest for any similar perception of the models in 1927. Orders reaching the factory cannot be an exceptionally large bank of unfilled orders at the factory, according to W. F. Hufstader, general sales manager, who such that for a lower of the company's production capacity is being taxed to meet the requirements of the field. "Orders on hand and cars in the field have accounted for a required output of more than 25,000 untile to meet immediate approximately and weren hands of dealers on announcement day. Unafiled orders at the factory at the opening of business September 30 totaled 13,870 and this figure is mounting despite increases in the production rate."

It was disclosed that an additional sight shift has been added by the Fisher Body plant here.

# of Lake County Expanding

of Lake County Expanding.

One of the interesting developments of tuberculoris work in Lake county is the Health Education program which is offered to all elementary schools.

In 1932 this work began as an experimental study under the disensetary schools.

In 1932 this work began as an experimental study under the disensetary schools.

The course of study followed the with air presentative schools assisted to the department of Health Education at Massachusetts Inetitute of Technology.

The work was enlarged under the direction of Miss Mary Kendil, present executive scretary, to include thirteen echools.
