**Injunction Restrains
Collection of Tax on
Village Water Sales**

Judge Lay Bay of the circuit court of Cook county granted an injunction on Nov. 19, restraining the state director of finance and the state treasurer from disposing of any money in their hands paid by cities and villages under the three per cent utility tax law, and forbidding them to enforce any penalties against municipalities under the act until the suit to contest the validity of the law is disposed of finally.

One hundred and thirteen cities and villages have now joined in this suit as plaintiffs, and more are joining from time to time. They contend that the public utility tax, which would require the payment to the state of three per cent of the gross income of municipal water and light plants, is invalid as it applies to utilities owned and operated by a city or village.

The following Cook county municipalities have joined as parties: Plainfield, Berwyn, Broadview, Brookfield, Chicago Heights, Elmwood, Evanston, Highland, Glenview, Harvey, Hillside, Hodgkins, Homewood, Maywood, Oak Park, Palatine, River Forest, Schiller Park, Steger, Winnetka.

**Business Houses
Stock Shelves for
Thanksgiving Day**

No Mail Deliveries Will Be Made: Windows Will Be Open for Hour

If the first snow of winter did not remind residents of Barrington of the coming holiday of which Thanksgiving is the first, advertisements listed in this week's issue of The Review will. A complete supply of the requisite articles needed for Thanksgiving Day have been placed on the shelves of the local business houses.

As has been the custom of former years, stores will be closed on that day. Certain classifications of business houses, as drug stores, confectionery parlors, newsstands, will close for certain hours. No mail deliveries will be made from the local post office but windows will be open between the hours of 9 and 10 a. m.

Classes of the Barrington public schools will be dismissed Wednesday evening and will not convene until Monday morning.

A sunrise prayer service will be observed by the Young People's Christian commission at the Methodist church.

**To Eat or Not to
Eat: The Bird She
Was Dead Anyway**

Whether to violate three laws or be guilty of shameful waste was a problem thrust against the top of the head of Lee Smiley, local high school instructor, in the form of a large hen pheasant Saturday afternoon.

The pheasant, subject of the problem, flew through the windshield of Mr. Smiley's automobile, and with neck broken, came to rest upon the top of the driver's head. This unusual occurrence took place about three and one-half miles southwest of Barrington along route 43-A. Mr. Smiley, accompanied by Mrs. Smiley, was driving towards Barrington at about 45 miles per hour when the bird struck the road directly at the car. It knocked a hole ten inches in diameter through the windshield. The driver ducked his head to avoid getting a shower of glass in his face. The bird smashed against his hat and remained there.

That put the problem squarely upon Mr. Smiley: whether to toss the bird into a ditch and waste it or to violate the following game laws: transporting game without a license, having in his possession a hen pheasant, killing a game bird out of season.

Well, he might be guilty of the law infraction, anyway. Besides, he had some compensation coming for the broken windshield. Result of the incident—no one was injured.

With Thirty Charter Members

Barrington Lions club will be host to a group of distinguished visitors at the celebration of the 10th anniversary of the organization of a Lions club in Barrington at a special meeting Monday night at Greengard's Grill.

Melvin Jones, secretary-general of Lions International and founder of the order will be present on the program.

A minimum of \$50 to aid the Victoria hospital, Port Castrol, St. Lucia, was raised by a benefit performance at the Cullow theatre Saturday afternoon. Voluntary contributions from private individuals helped build this total.

"The Unfinished Symphony," depicting the life of Franz Schubert, was presented to the public as a means for raising the money. The quality of the performance admirably compensated visitors to the theatre.

Chester and Wright Cullow sponsored the benefit. Chester Cullow was introduced to the audience by C. Cullow and expressed his appreciation of the cooperation and interest evinced by Barrington residents and the Cullow brothers.

**Ordinance Fixing
Service Charges
on Sewers Passed**

Rates Established to Repay Bond Issue on Local Improvement

Established rates to be charged for service rental on the proposed sewerage system and storm water sewers to be constructed in Barrington were determined Wednesday night when the village board passed an ordinance setting a graduated minimum schedule of charges.

These rates or charges were set up as a means of financing the repayment of the \$125,000 bond issue necessary for the construction of the sewers. According to the ordinance, the rates will be payable in quarterly periods. All rates and charges will be effective 10 days after the ordinance is passed and the improved and remodeled sewer system commences operation.

A minimum rate scale is set up on 13 different classifications of property benefiting from the improvement. Single family residences are charged \$15 a year; two family residences \$25; three family residences \$35 and four family residences \$45. Commercial property will pay \$20 with additional charges for plumbing fixtures, preceasing and packing plants, ice manufacturing plants, dairies and creameries, laundries, bath houses and swimming tanks, public schools, railroad stations and private and parochial schools have been listed on various graduated rates.

In addition to fixed minimum rates and charges, there are rates and charges to be fixed by the amount of water consumed or used on all properties. These charges will be determined by quarterly readings of water meters. According to classifications, each property will be allowed a maximum consumption before additional charges will be made. Charges for sewerage services will be made each quarter. They shall be payable in 40 days or upon becoming delinquent, a 10 per cent penalty will be added. In the event payments are not made in 40 days, delinquent charges will constitute liens against the property and will be entered as such in the property county court books.

Publication of this ordinance will be found on page 10 of this issue of The Review.

**Boy Scouts Will
Repair Donated
Toys This Year**

Distribution of Gifts to Be Made in Community at Christmas

Following a custom of previous years the Boy Scouts of Barrington will collect, repair and distribute toys that have been turned over to them to provide a happy Christmas for boys and girls of this community. November 30 has been set as the day that scouts will go from house to house and collect toys and used toys. They will repair and paint them for the coming holiday. This work is being done under direction of Roy Williamson, scout chairman and assisted by the entire executive committee.

The finance committee, Fred Fleming, John Bell, as the committee and Hugh Calkins, reports gratifying results in the financial drive. They ask that all workers who have not turned in their reports do so before Saturday night. They are to leave them to the first National bank in care of Ray Jure.

Scout plans for the coming year were enthusiastically discussed at an executive meeting Thursday evening. As soon as all appointments throughout the year have been made the names will be published.

At a commissioners' staff meeting Monday evening at the home of Henry Lipovsky, it was reported that considerable progress had been made toward the goal of obtaining 184 new scouts before closing of the year. During October, 67 had been recruited with many more candidates preparing for entrance. Scouts recruited in Barrington since October first total 19.

Several weeks ago a group of Northern Suburban Scout council leaders fulfilled requirements of taking a 23-mile Lincoln Trail hike from Salem state park to Springfield. Medals have been given to the group in merit of the accomplishment. District Commissioner Henry Lipovsky received his medal at a court session held in the scout cabin Tuesday night.

**High School Glee Clubs
Elect Officers to Head
Boys' and Girls' Groups**

Organization of boys' and girls' glee clubs comprised the major events at Barrington high school this week. Groups met for election and discussion of activities for the year.

The following officers were elected in the Girls' Glee club: Gertrude Elmer, president; Florence Lindberg, vice president; Maxine Fryer, secretary; Alvina Kocher, librarian; Norrine Beaman, Phyllis Beckman and Ellsworth Withansea, assistant librarians.

Officers elected to the Boys' Glee club are: Ernest Anderson, president; William Dotterer, vice president; Charles Elmer, secretary; Jack Mountain, librarian.

Loses \$10,000 Damage
Case in Superior Court**

Miss Marjorie Grace Bauman, 17, of Mount Prospect was awarded a \$10,000 verdict in a damage suit against Dr. Perley W. Johnson of Barrington in superior court in Chicago Wednesday afternoon.

Miss Bauman had charged that Dr. Johnson while treating her, displayed a vertebra in her neck. She said she felt a "click" as he was examining her. The defendant, Dr. Johnson, denied the charge, claiming he was only examining the vertebra. The jury found in favor of the plaintiff.

**Indefinite Funds
Imperils Starting
of Water Project**

Insufficient Funds Cause Uncertainty in Work Program

A major part of Barrington's WPA project No. 1545 for improvement of the water system may have to be abandoned if threatened cash curtailments are made by the administration, a local official predicted. According to information from Chicago, only one-third of the entire \$25,725 is available. This sum is not sufficient to complete either part of the project, extension of the dead-end water main or building of a new water reservoir.

Work crews under John H. D. Blake, project superintendent, had started on the job of extending mains. Mr. Blake plans to work on only those mains which can be completed with the cash available. As additional money is released, more jobs will be started. The first undertaking was on Lakeshore street.

Forty-five of the original 52 men assigned to this project are now working on it. The nine were refused for one reason or another: lack of ability, illness, refusal to work, or transfer.

Thirty men working are from Arlington Heights, eight from Barrington and four from Palatine. Four men from Palatine, three from Barrington and four from Arlington Heights did not qualify for work.

Public sentiment has been raised against local officials for allowing men from other communities to work on the Barrington project. The village officials have no jurisdiction in hiring men as that is all done by the WPA. As additional money is released, more jobs will be started.

**Local Girl With
Hussars Will Be
Major Attraction**

When Herbert Patrie and his White Hussars appear at the Cullow theatre on 10 to a performance sponsored by the Barrington Lions club, local persons will be especially interested in the singing of Miss Blanche Frye, Barrington girl.

Miss Frye's singing was first recognized when she was in the Barrington high school. She competed in Illinois high school musical contests, won several district and regional first places and one first place at the state final. Later, Miss Frye was engaged as a vocal soloist by the management of the English Village, Country of Progress. The program on December 10 will mark Miss Frye's first appearance in the community as a professional artist.

The White Hussars have earned a reputation throughout the country, appearing at theatres in many of the largest cities.

**Sanitary Water
Board Approves
PWA Sewer Plans**

Federal Land Bank Grants of Flint Creek

Plans and specifications for the proposed sewerage system were submitted by Conoeur, Townsend and Quinlan, village engineers, have been approved by the state sanitary water board according to formal notice received by Earl Hatje, village president.

These plans cover construction work within the village and the extension of the sewer line to the Flint Creek.

The state water board must now approve the passage of treated effluent along Flint creek into the Fox River.

Interesting news was received by D. B. Maloney, as representative for the village in condemnation proceedings, this week from the Federal Land Bank commissioner of St. Louis. The Land Bank had been named as defendant in condemnation proceedings for the village of Barrington. The bank had been named as defendant in condemnation proceedings for the village of Barrington. **Townsend Plan Is
Subject for Men's
Club This Evening**

The principles upon which the Townsend National Recovery Plan is based will be discussed this evening at the monthly meeting of the Barrington Men's club to be held in the Salem church parlors. Edward P. Trefft will come from the Chicago headquarters of the Townsend organization to introduce the gathering.

Mr. Trefft is a nationally known speaker from Washington, D. C., and is regarded as one of the best talkers of the organization. He will explain how funds under the proposed plan are to be raised to pay the proposed \$250 million of bonds for business transactions; 2—a tax on all income equal to one-tenth of that collected by the government; 3—a tax of two per cent on all property acquired by inheritance or testamentary disposition; 4—a tax on all property acquired by gift, of the value of \$500 or over.

The Men's club is bringing Mr. Trefft to Barrington at the request of many local persons. This is an unusual meeting, as the principles reflected on the group or any later.

Musical will be an added feature of the program and Harry Frye will play several violin solos.

The meeting will start at 8:30 p. m. with dinner served by the Women's Auxiliary of the Salem church. H. D. Grobe, Robert Burghorn and Bertram Schutte have arranged the evening's program.

**More Than \$1,111,000
Deposits Reported in
1st National Statement**

Deposits of \$1,111,829.65 are reported to the First National bank statement of November 1, as published in condensed form on page 3 of this issue of The Review. This reflects one of the highest deposit totals ever attained by a Barrington bank, and indicates an increase of 100 per cent over the year.

The "cash and due from banks" of \$355,039.58 is unusually high and is in line with a condition pointed out throughout the country at the present time.

**Business Houses
Petition Against
Parallel Parking**

A petition calling for abandonment of parallel parking on Main street from Elm street west to the Cullow theatre was presented to the village board Wednesday night. This petition has been given to the police committee by representatives of business houses located in that section of Main street.

The petition asked that diagonal parking, as was formerly used, be reinstated as the method to be followed. In accordance with requests made by the state highway department village trustees some time ago issued instructions that parallel parking be followed by motorists.

Only two mechanics, for reasons unknown, of those located on Main street, have been assigned to the Cullow theatre, failed to put their signatures on the petition.

The petition states that the present plan does not encourage trade, is proving to be a difficult requirement for some drivers.

The matter is being held over by the village board until next meeting for further discussion.

**Annual Play Presented
By Junior Class Earns
Applause on Two Nights**

Youthful sophistication coupled with parental devotion provided a theme for "The Goose Hangs High" presented by the Junior class of Barrington high school Friday and Saturday evenings under the direction of Miss Ethel Schrab, dramatic instructor.

Considerable credit is due to the class for presenting a polished performance on both evenings. Embodiment of emotional moments with humorous situations, the play was an interesting entertainment.

Members of the cast were as follows: William Titch, Rosemary Jensen, Robert Cadwallader, Walter Wolf, Margaret Holland, Betty Jane Jackson, Marjorie Muir, Bayard Olmsted, Charles Elmer, Bernice Thies, Arthur Conrad, Jean Meloy and Leonard Miller.

Members of the committee responsible for successful performances are as follows: business and advertising, Roland Kelsey, Edwin Park and Jean Holke; stage and lights, Veland Jeppson and Eugene Kincaid; properties, Marie Budge and Marion Hall; scenery, William Titch, Madeline Kunkel, Lorne Landwehr, Doris Olson, Adele Ryner and Eunice Thacher; cast sponsor, Miss Anderson; stage manager, Madeline Kunkel, Lorne Landwehr, Doris Olson, Adele Ryner and Eunice Thacher; cast sponsor, Miss Anderson; stage manager, Madeline Kunkel, Lorne Landwehr, Doris Olson, Adele Ryner and Eunice Thacher.

Acme to Give Away Refrigerator Unit; Prize in Contest

With a Kelvinator electric refrigerator model K-485, to be given away as the prize, announcement was made today of a Christmas letter writing contest to be conducted by Acme Home Service, local Kelvinator dealers. The subject for the contest is "What I Want a Kelvinator most for Christmas."

Each contestant must write 150 words or less on that subject. The contest opens November 25 and closes at midnight on December 24. Persons living in or near Barrington or surrounding territory may write, wire, telephone or visit the Acme Home Service store to secure a copy of the free contest folder which explains all details of the contest and gives helpful ideas for writing the letter. Judges will be selected from a group of prominent local people and will be announced later.

"No purchase of any kind is necessary to enter the contest, but contestants must secure a copy of the official contest folder in order to be eligible for entry," states C. W. Form of Acme Home Service. "It is open to everybody over 18 years of age who lives in or near Barrington, except employees of our company and members of judges' families. Employees of our company will give every aid possible to those wishing to enter the contest. Demonstrations of Kelvinator electric refrigerators will be given to interested parties at any time."

"Another interesting feature of our contest is that if an entrant purchases a Kelvinator during the contest and later is declared the prize winner, the model which has been purchased becomes the prize instead of the model K-485."

It was explained by Mr. Form that entries will be judged solely upon the knowledge of the Kelvinator electric refrigerator as shown in the letter written.

Barrington Hills

The special matinee given at the Catlow last Saturday afternoon was of interest to both town and country. The picture which told the romantic story of Franz Schubert's life and, particularly of writing of that splendid composition "The Unfinished Symphony" was one of the most beautiful and highly artistic screen plays ever brought to Barrington. The coming of the consul general of Great Britain, Lewis Bournay, and also of Mr. Rose, was an added interest. After the performance Mr. and Mrs. Robert Work invited Mr. and Mrs. Berry and Mr. and Mrs. Rose to their home for a cup of tea and a chance to meet more intimately some of their Barrington friends.

Mr. and Mrs. Robert Work entertained Mr. and Mrs. Albert Robertson at dinner Tuesday evening.

Miss Betty Howland of Beverly Hills visited her grandparents, Mr. and Mrs. H. A. Howland over the last week-end.

H. C. Cheney left Monday for a trip East, expecting to visit first with his daughter Sally, who is at school in Saratoga Springs, N. Y., then to spend a few days in New Jersey and see the Princeton game

Saturday. Barrington Hills will be well represented at this game for beside Mr. Cheney, Mr. and Mrs. Sam Rowe will be there.

Mr. and Mrs. Edwin Seipp expect to be at the Dartmouth-Princeton game also. Their son is a Princeton student and they go East this week to spend the holiday with him.

Mrs. Roberta P. Howland entertained a few guests Tuesday night. Mr. and Mrs. Frank Hochet Jr. returned to Barrington this week to stay until after the holidays.

Mr. and Mrs. H. C. Cheney gave a small dinner party Friday night. The Barrington Auxiliary of the Visiting Nurses' association of Chicago were busy Monday afternoon making surgical dressings. Mrs. Robert Buckley was hostess.

Mrs. Evan Evans is on the sick list this week.

Mr. and Mrs. Harold Byron Smith and little Sonny Boy have gone into Chicago for the winter.

Mrs. Harlan Canby was hostess to the Kaffee Klatsch last week and Mrs. Sheldon Clark is entertaining the group this week.

Over the week-end Mr. and Mrs. Norman Nestlerode's house guests were Mr. and Mrs. Herbert Colfort, Mr. and Mrs. Allen Tye of Glen Ellyn and West Chicago and Dr. Saunders of the University of Chicago.

John Remond was a patient in the Presbyterian hospital, Chicago, last week, but is home again, greatly improved.

Mr. and Mrs. Paul Harper and children spent the week-end at their Barrington home on the Meadow Hill road.

The Edward Kohlstaes are showing considerable interest in preparations for the building of their new home west of town.

They are out frequently and their friends have been visiting them in the house which will be started in the near future.

Last Wednesday night, Selden White and Billie White entertained a number of friends at dinner.

Mr. and Mrs. Ford Carter Jr. gave a cocktail party Sunday afternoon.

Mr. and Mrs. Robert Clark, who live at Glen View, but are still identified as members of Barrington Hills community, have been enjoying a motor trip through the East, and are at home again.

The election of officers of the Barrington Hills Country club which is a November function each year resulted in the following selections being made for the coming year: President, Selden White; vice president, F. H. Johnson; secretary and treasurer, Harold Byron Smith.

To "Kick the Bucket"

The expression "kick the bucket," which we consider slang, had its origin in the time of the ancient Egyptians. It is directly traced to the language of the Egyptians and it is illustrated in the hieroglyphs from which we have gained our knowledge of this people. In the Egyptian language the word for "kick" is "khekk," meaning to return or send back. Thus, in the hieroglyphics, the act of kicking the bucket is simply the return of an empty bucket—that is, a body without life. The bucket was used constantly by the Egyptians in their sign writing as a symbol of death. Though it seems a strange coincidence, this is but one of numerous instances where in the customs and language of ancient peoples have been transferred into the slang interpretation of modern usage.—Washington Post

Active Campaign Sponsored by Red Cross Committee

Cavansing of Barrington for the annual Red Cross drive started last week with Mrs. Erman S. Smith as chairman of the campaign. Booths have been established at the Public Service company and in the First National bank and personal solicitations will be made to every local resident. It was announced.

The drive will end Thanksgiving Day.

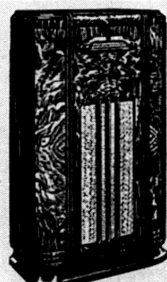

The committee assisting Mrs. Smith includes Mrs. H. C. Cheney, Mrs. Arnett Lines, Mrs. Emory Wilder, Mrs. Daniel Woodhead and Mrs. Earl Virdee.

The following children have volunteered their services and are canvassing the village: Robert Plazzer, Harold Jorgenson, Ellen and Bob Sears, Arnold and Priscilla Kohnert, Norrine Boerman, Sylvia Ott, Polly Ann Brooke and Ellen Jensen.

Boarded Wrong Ships

When the American Revolution broke out Britain's admiralty offered a large money reward and three years' exemption from service to any of her seamen who embarked on board an American ship and made themselves masters of her. Unfortunately for Britain, Englishmen who sought for the rewards did not always trouble to distinguish between American and French ships, inflicting France and hastening France's alliance with America.

V-8 LEADERSHIP

On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile

within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.

THELMA DICK

"Go, thought you might like to see the show with us this

evening, so I've come over to

you," explained thirteen-year-old

Nellie Drummond, to her

neighbor, Phyllis Smith, as

they answered her ring at

door.

"Oh, there is a good picture

do!" Phyllis replied, as she

Nellie into the living room where

her mother sat sewing.

"Mother, this is Nellie's

friend, one of my classmates."

Nellie tried to know if I will go to

movies with her."

"I'm very glad to have

you," Mrs. Smith said pleasantly.

Then she asked the same question

Phyllis had asked: "Is this

good picture today? I've been

buying to read the advertisement

"I didn't notice," Nellie answered.

"I really don't know what

of course there's always a

new and some short picture."

"How do you know you said

if you don't know what

are showing?" questioned

Smith, surprised.

"Why, we just go every

afternoon," explained Nellie.

"Don't you?" she asked, turning

to Phyllis.

"No, Nellie," answered Phyllis.

"We go only when there is a

picture that we especially

like to see. Thank you a lot for

me, though."

"We always go on Saturday

evenings," said Nellie.

"You see," explained Phyllis,

"there are no many other things

like to do on Saturday. We

bring a lot, and I'm fond of

playing out-door games. When

ever a movie that I don't enjoy

which I had spent the time playing

tennis, instead. O, there's

paper. Let us see what the

picture is."

They read the advertisement

"I really don't believe I

will see that," said Phyllis.

"Sounds so dreadfully comical

and silly. Don't you think so?"

"It doesn't sound so very

interesting," admitted Nellie.

"But I and I are going to

play the woods behind the

Phyllis continued eagerly. "We

girls like to come along."

Nellie shook her head. "We

would go to the show," she

said with a note of finality in

her voice. "Well, maybe you'll

with us some other time,"

added in a friendly tone, as

started for the door.

"Oh, I will. I'll be glad

Teeth Tell Home State

Human teeth are a pretty good geographical index. If a person, the large, broad teeth, hard as flint, are almost certain to be a Texan. Pennsylvanians also have tough teeth, while persons reared in the Puget Sound region and in the Michigan golfer district are likely to have soft ones. These are conclusions of relief clinic dentists according to the Forecast. Lime stone is responsible for the good dental condition of Texans and Pennsylvanians.

Campfire Girls

Troop 2 met Tuesday afternoon with its captain, Miss Marian Schroeder. They have resumed work on the hooked rug project undisturbed last spring. Mrs. Emil Miller was at the meeting for a few minutes to make preliminary announcements of the rummage sale to be sponsored by the council.

Troops 1 and 2 will have a meeting this afternoon at three o'clock; there being no classes in the high school. This meeting will take the form of a "pop meeting" the troops having had no meetings for a time.

Tuesday afternoon at 3:30 all Girl Scout troops will assemble and put on a "model meeting" arranged by all the leaders together. Every patrol leader of every troop should work for a perfect attendance for this meeting.

Village Trustees Vote Bond Issue

Totaling \$21,000

Payment of Outstanding Claims to Effect Cash Savings

A resolution for a general issue of \$21,000 was adopted by the village trustees at a board meeting Friday evening. The trustees voted to issue bonds to pay the outstanding claims of the village, which were incurred prior to April 1, 1935, will be paid the proceeds of the sale of the bonds.

A material cash saving will result from payment of the claims at this time. During past months the village board has been able to reach compromise agreements on old debts without incurring the cost of interest on the bonds. The village board had entered a claim for \$1,000.00 for a compromise on a claim for \$1,000.00 on a cash of \$1,000.00. N.O. Plagge Member of Group Selling Christmas Seals

N. O. Plagge reported an enthusiastic pledge of support from the board of directors of the local chapter of the National Oceanic Seal Association. The group is active in preparing for the 1935 annual Christmas seal sale. Plagge, a local member, desires to see a local sponsor for the work of the association and will receive an opportunity to explain the importance of the sale of Christmas seals to the general public. Plagge is the local sponsor for the sale of Christmas seals. Plagge is the local sponsor for the sale of Christmas seals.

Nansville Choir Here to Present Program of Thanksgiving Numbers

Gamma Rays
Gamma rays are high-frequency vibrations, similar to those produced by an X-ray tube, though of shorter length. No other known rays glow in this particular. They have the speed of light, 186,000 miles a second, and they alone, of the three kinds of radium rays, are not ionizing. They are the most penetrating from their source.

The appointed officers are: Mrs. Genevieve Thacher, soloist; Mrs. Ethel B. Weaver, organist; and Mrs. Mina Eggert, instructor.

Mrs. Sigrid Walgren, member of the Apollo Club of Chicago, soloist, and Mrs. Virginia Hawley played the organ.

During the social hour refreshments were served in the dining room with Mrs. George Whitcomb as chairman. Mrs. Anna Grunau, past matron, and Mrs. Virginia Hawley poured coffee from a long table decorated with a beautiful centerpiece of dark roses and tall lighted candles.

About 125 attended. Gifts were presented from Chicago, Elgin, Palatine, McHenry, Algonquin, Wheeling and Waukegan.

Army of Grubs
The grubs, or little maggots, of the "army worm fly," have one of the queerest habits of nature. Less than a quarter of an inch long when fully grown, they travel in a column several feet long and an inch or two wide. Some crawl on top of the others and so form a column, the whole being bound together by a sticky substance which covers their surfaces. The column then moves along like a huge serpent—The Pitts Magazine.

Heard God Speaking
To the prophets and saints the wonders of earth and air and sky and sea were a really intelligible language in which they heard Almighty God speaking to them.

Program Completed for Thanksgiving Day Prayer Service

Thursday morning, Nov. 21, the Young People's commission will hold its annual service prayer service in the Methodist church.

The meeting will be under the direction of the new commission president, Norman Reese.

The program for the prayer service will begin at 8 a. m. and is as follows: piano prelude, Alvin Koehner; hymn, entire group; reading of President's proclamation; invocation, Ethel Popple; special number, Methodist church choir; scripture, James DelBolt; violin, cornet solo, Harvey Frye and George Landwehr; hymn, entire group; sermon, Rev. W. L. Stauffer; benediction, Rev. H. L. Nagle.

Breakfast will be served at 7:15 a. m. in the church parlor.

**Want Ad Sells Articles

Distributing Newspaper**

A dining room table and a Eka heater were sold before 3 p. m. last Thursday afternoon as the result of a five line advertisement in the Barrington Review, although distribution of the newspaper did not start until one o'clock—two hours earlier.

Mrs. Howard Brintlinger advertised several articles for sale and was surprised to get answers to her ad before she received her own copy of the newspaper. She continued to receive inquiries after the articles were sold.

Beef Cattle Tour
There will be a beef cattle tour to Kendall county Friday, leaving Lake county farm bureau office at 7 a. m. and leaving the Sinclair filling station at the corner of route 59 and U. S. 12, north of Barrington, at 7:30 a. m.

Barrington Woman's Club

At a meeting of the literature department, held in the public library Thursday afternoon, Mrs. Leslie McGuire reviewed "Israel, the Life and Letters of Edgar Allan Poe" by Harvey Allen.

The book, which comprises 721 pages of fine print, is most literally and artistically correct.

The son of play-actors who were appearing in Boston at the time of his birth, Poe was always most fond of Richmond and a Virginian by training and instinct.

Life with his foster parents, into whose home he had been taken at the age of four, following his mother's death, offered many complications, the woman being thoroughly delighted by the lad at all times while her husband acted the role of stern disciplinarian.

At college, the misbehavior of his foster father, caused Poe to turn to literature as a means of earning money for necessary expenses and to drink, later, to give him self-confidence when he felt he had lost caste with his contemporaries.

His life in the army, where he gathered material for many of his short stories and sketches, at West Point, was most interesting. At 27, he was married to a 13 year old girl, his "Annabel Lee." Editorship of some of the largest magazine in existence at that time followed, yet Poe suffered from poverty or near-poverty as the result of under-pay.

The book emphasized his tremendous capacity for work, his driving power in himself and in his poetic powers, also his tremendous contributions to American literature. Excerpts from some of his poems to illustrate his method of composing and the general effects of his poetic compositions completed the review.

At the regular monthly meeting November 20, Mrs. Lester Higgins

gave a report on the annual state convention of Women's clubs which she attended last May. Mrs. T. C. Woodard gave a report on the seventh district meeting which she attended October 18.

Mrs. F. M. S. Brampton, the speaker of the afternoon, discussed current events. She spoke at length on the situation in Ethiopia and other foreign countries, and touched lightly on home topics.

At the close of her talk she answered questions put to her by members.

The meeting was concluded on a social note, tea being served to members and their guests.

A rummage sale will be held by the Girl Scouts all day Saturday, Dec. 7, at the scout cabin. Members will call at the homes for articles if donors will please any of the following committee members: Mrs. John Plagge, Mrs. Gordon Cameron, Mrs. Dowell Durbin, Mrs. C. S. McDowell, Mrs. Fred Fleming, Mrs. Charles McCray, Mrs. Thomas Gallagher, Mrs. Robert Muir, Mrs. Stanley Hafner.

An invitation has been received from the Albany Park Woman's club to attend its reciprocity day program on Monday, Nov. 25 at 1:30 p. m. The meeting will be held in the River Park field house, 5108 N. Francisco avenue.

Madame Harry Orlov will speak on "Shanghai Goggles." George Neldoff, Russian baritone and linguist, will also appear on the program.

The Ways and Means committee is sponsoring an afternoon bridge to be given at the Jewel auditorium Friday, Dec. 6. All members and friends of the club are urged to be present at one o'clock.

Building Permits in Suburban Region Are 9 Per Cent Over October

A gain in new suburban building in October of 215 per cent over last year and of 9 per cent over September 1935 again indicates that revival of building in the Chicago region is firmly grounded and continued improvement may be depended upon. Barrington's permit list short of the figure reached in 1934.

Figures to be compared are \$1,695,902 for October, 1935; \$1,538,874 for October, 1934; and \$1,557,477 for September, 1935.

The great improvement began in March when for the first time since December 1931, with one exception, the amount of building permits issued in the 53 towns reporting to this survey exceeded \$1,000,000.

Old Castle of Trevano

Recalls Reign of Caesar

In the valley of Conarato above Lugano in southern Switzerland, stands the castle of Trevano. Baron von Derwies, a Russian millionaire and private secretary of the czar, built the chateau Trevano between the 80s and 70s of the last century at an outlay of some 12,000,000 francs, says a writer in the Philadelphia Inquirer. He was a patron of the fine arts and as such he maintained in the castle a high class orchestra and a small theatrical company, so that Trevano soon became a rendezvous of the musical world. However, the owner died in 1881 and the castle remained unoccupied for almost 20 years.

Its second owner was Louis Lombard, a Frenchman by birth and an eminent violinist by profession. His artistic career in the United States brought him great wealth.

Von Derwies had planned to develop Trevano into a haven of the southland. Some of the foremost musicians of his days played at Trevano and an orchestra under his direction gave over 600 symphony concerts which were attended by the elite of Europe's musical and social leaders.

Some of the noted figures within the chateau are a staircase with a balustrade of 300 columns of finely cut Bohemian glass; elaborately carved doors and mantle pieces; masterpieces of the locksmith's art; walls of flawless cararra marble; mosaic floors; frescoes, etc.

Bird Club Notes

A very interesting meeting of the Barrington Bird club was held at the home of Mrs. Stanley Harker, 407 Summit street Tuesday evening.

There was a reading, "Casey at the Telephone," by Kenneth Frye;

Root Plagues showed slides of birds and wild flowers, with an impressive goosepigeon, which greatly helped in bird identification in mind for further use; a reading followed, "Charlie and his Mother at the New Swimming Pool," given by Vernon Jensen.

There were four guests present besides the members. Mrs. Harker's hospitality was further enjoyed in a social hour with refreshments. The co-hostess was MRS. C. H. McDowell substituting for Mrs. Gilbert W. Greene.

New Milk Prices for Chicago Area Set by Pure Milk Association

Figures Based on Evaporated Milk Rates for a 10 Months Period.

The pure milk association announced a new agreement for the Chicago area to distribute milk to distributors on a ten month contract.

For a number of years there has been a discussion of the need for a relationship of the first price to the evaporated milk price in the Chicago milk shed. The new agreement is the basis of a competing milk and composite price.

Contracts will contain the following terms:

1. Members will be paid for the evaporated milk price determined by the National Evaporated Milk Trade Association which price is announced monthly by the United States Department of Agriculture.
2. For November—the evaporated price will be paid at 90 per cent of established base; and for each month of established base of a pure milk delivered over 90 per cent of three-fourths of a per cent on all milk delivered. Thus the payment to producers will be at a flat price at all times.
3. From December on the price and three-fourths of a per cent will be paid to all producers who qualify 85 per cent of established base Grade "A". All Chicago milk will be considered Grade "A" from December 1. For sub-grade milk the price will be 35c over evaporated milk price for all delivered up to 85 per cent of established base, and for each 1 per cent of established base delivered over 85 per cent, the producer will receive a reduction of three-fourths of a cent per cent.

New Des Plaines Theater Prepare for Grand Opening

One of the largest theatres in the Chicago area is scheduled to be completed next Friday, Nov. 29, the new Des Plaines theatre will celebrate grand opening. Completely remodelled into one of the best suburban theatres in the area, the Des Plaines will present that is new and modern in the construction.

The canopy, first noticed approaching the theatre, brings Des Plaines the first of its kind and the most modern ever constructed. Billboards lettered the main part, will advise the picture. The top of canopy will feature red and roof strappings, and rows white flashing lights.

The lobby, seen on entering theatre, will be done in a modern world's fair motif. Soft, bling colors will harmonize the chrome metal strappings, foyer will be completed in same general design. At one of the foyer a lounge room will be built which will provide meeting and resting place for patrons. The lounge room will be furnished and decorated in same manner. All lighting will indirect.

For its opening program Des Plaines will present the popular Barn Dance show, featuring all of the stars from station WLS. A full hour will be given over to this part of program.

The inaugural feature film will be "Annapolis" starring Richard Cromwell. Sunday, following the opening, on the biggest picture of the will be shown, "Top Hat." Ginger Rogers and Fred Astaire. The completed theatre represents an investment by Des Plaines of well over \$25,000, brings to Des Plaines all the new in showmanship. Comfortable seats, sweet sound and action, and perfect surround—Ad.

Advanced Styling and Engineering Seen in New Chevrolets

New master de luxe and standard Chevrolets for 1936, now on display at Scheible Chevrolet Sales, 117 N. Cook street, show marked advances in appearance and engineering. Perfected hydraulic brakes, high-compression engines with full-length water jackets and balanced carburetion are among the mechanical improvements. The solid steel turret top Fisher body is new used on the standard as well as the master de luxe models. Either

knock-section or conventional springing may be had in the master models. The illustrations show: Top left, the master de luxe sport sedan, with built-in trunk; top right, the restyled, deeply moulded radiator grille, used on all models; lower left, the simple arrangement of Chevrolet's perfected hydraulic brakes, all models; and, lower right, a standard sedan.

Romance of Richard First
Scarcely a stone of the edifice
in which Richard the Lion Hearted
was married to Princess Berengaria
in Limassol, Cyprus, in the twelfth
century, is still standing, but the
story of the wedding is still com-
mon gossip. A fifteenth century
building in the neighborhood is the
little ruined monastery of St.
Nicholas of the Cross. Nicholas
was a monk who kept innumerable
cats in order to destroy the small
mice with which the place was
once infested.

Islebergs an Annoyance
Small Islebergs are often quite
a nuisance to a whaling ship in the
Atlantic, writes E. D. Sutton, Mas-
sachusetts, in Collier's Weekly.
Sometimes they will follow a vessel
for days, even after they have been
pushed away and the ship has
changed its anchorage several
times to get away from them. If
they persist, the whaler's crew, out
of patience, takes old cable and
ties them to rocks or bigger bergs
—for the rest of the season.

Northern Vegetation Fossils Found Near Shore of Grass Lake

Spruce forests today reach their
southern limit some 300 miles
north of Illinois, not occurring
farther south than Michigan and
Wisconsin. However, two fossil
spruce cones have just been re-
covered at Field Museum of Natural
History which testify to the pres-
ence in early post-glacial times,
from 25,000 to 30,000 years ago,
of spruce forests in the Chicago
region. These cones, presented to
the museum by their discoverer,
Charles N. Ackerman of Chicago
and Antioch, were found embed-
ded in marl at a depth of 20 feet
from the surface in a thick deposit
of peat on the margin of Grass
Lake in Lake county. The cones
have been tentatively identified in
the museum's botanical laborator-
ies as belonging to the white
spruce, a species known as *Picea
canadensis*.

Auto Registrations in Illinois for 10 Months Exceeds 1934 by 52,084

Passenger car registrations for
the first ten months of this year
exceeded the entire passenger car
registration for the full year of
1934 by 52,084 vehicles, accord-
ing to report released this week
by Secretary of State Edward J.
Hughes.

The total number of passenger
cars registered up to the close
of business on October 31 was 1,
237,515 as compared with 1,185,
434 cars registered during the full
twelve months of last year.

Truck registrations up to Octo-
ber 31 were 189,496 as compared
with 178,496 in 1934, which
shows a gain of 11,000 trucks
over all of last year.

Secretary Hughes' report shows
that the amount of auto fees col-
lected up to October 31 was \$18,
588,875 as against \$17,826,926
for the same period last year.

Lions Club Founded Commends Group on Achievement

Tenth Anniversary of the Unit Observed by Banquet Monday

Lions International is the largest service organization on the North American continent. It is the standpoint of number of members and membership enrollment. Mr. Jones, founder of the club, told members of the Barrington Lions club and their guests at tenth anniversary banquet Monday night.

Mr. Jones, who has been secretary general since the international organization came into existence, said that Lions is more firmly established than before. It now leads all other service organizations in 25 states and the union.

"The greatest recommendation we have for your Bar-B-Q is the fact that you still have charter members enrolled years after you received your charter," Mr. Jones declared. He commended the club on the activity it has engaged in the improvements in Barrington that it has been partly or wholly responsible for.

Eighty men and women, including local club members, their wives and guests, representatives of the Palatine, Arlington Heights and Elgin clubs and other international organization officers were in attendance.

Earl W. Hodges of New York, international president, addressed an inspiring address on optimism at the present time—encouraging predictions for the future. The depression, he said, which we are emerging from, has been the worst in the history of the world but it surely has been the best advertised, he said. "We have been through it, we should look back to the past following the civil war when our country was floundering in a perilous. The worst went to the aid of the war. The nation came home to bankrupt treasury and cities torn by strife. But people faced their problems bravely and carried on."

Among the local speakers on program were Erman S. Smith who reviewed the achievements of the club, several of the past 10 presidents, and Earl Helle, vice president. Martin H. Schreier, chairman of the entertainment committee, was introduced by President Q. R. Paulsen. Schreier acted as master of ceremonies.

Mr. Smith reviewed the work done by Lions. He called attention to the financial assistance given to the scout cabin project. Probably the greatest compliment of the club, Mr. Smith said, was its work in installing a park district with subsequent conversion of an eighth street into the beautiful Russell street playground park and later the development Northside park.

A program of music including solo by Miss Catherine and Miss Pauline Berger accompanied at the piano by Miss Virginia Koehler and songs by a quartet including N. O. Plagge, C. A. Hanner, W. A. Hanner, Rev. H. L. Eagle.

John C. Plagge and Figure in Bu

Children and grandchildren of John C. Plagge gathered at Plagge home, 399 H. Cook street Tuesday evening to celebrate Plagge's 86th birthday with buffet supper. A huge basket of roses expressed their regards while numerous cards brought messages from friends. Throughout the day, old friends called to extend best wishes.

Mr. Plagge has been a resident of Barrington for the past 10 years, coming here with his wife, Mrs. Plagge, who is 84 years old. Mr. and Mrs. Plagge are old residents of Chicago, 1874.

He was born at Northfield 1850 and after graduating from grade and high schools, attended North Central college at Naperville.

When a young man, he started a general merchandise store at the site of the present Plagge home, and conducted it for years, selling the store for \$15,000 to engage in banking and
