Origination of Sweet Corn

Sweet corn is thought to have been cultivated in the United States in the first half of the Nineteenth century. It is apparently an offshoot of field corn, whose accidental seedlings the Indians did not trouble to propagate. Only the white maize is the delicate difference and grew sweet corn for his own use, leaving the field corn for animals.

Protect Your RADIATOR Before Cold Weather

Des Plaines Theatre to Have Opening Programs Friday

In a blaze of lights, music and gaiety, the new Des Plaines theatre will officially open its doors at 1:30 p. m. Friday.

After two months of intensive work, the theatre has been completely remodelled and redecorated. The front, foyer and lobby have been rebuilt in the modern motif, and a new lounge room added. Friday at 7:30 p. m. the new canopy will blaze with light and the official opening will have taken place.

The completed Des Plaines theatre represents all that is new and modern in theatre architecture. Periera and Periera, supervising architects have put all of their vast experience into the rebuilding of the Des Plaines, and the result leaves nothing to be desired.

From the new canopy with its silhouette letters to the new lounge room with its comfortable conveniences, it has been completely rebuilt. New carpeting has been installed in the foyer and lobby and in the auditorium aisle. New seating comfort was brought to Des Plaines some time ago, and the projection and sound equipment is the finest that money could buy. Des Plaines can well be proud of its new theatre, aptly called "The Smart suburban theatre in America."

Saturday night the Elks band will parade to the theatre as a gesture of welcome by the people of Des Plaines to their new cinema. The theatre opens at 1:30 p. m. Friday with its complete show of the "WLS on Parade" being shown at all performances. Saturday the feature picture "Annapolis Parole" and the stage show will be repeated, and Sunday the program will be headed by "Top Hat" starring Fred Astaire and Ginger Rogers.

In its invitation to the public to attend the grand opening, Manager Joe Feulner, has asked the people to expect the most, and they will not be disappointed. In all its appointments, in its com-

plishments, the Des Plaines is as fine as any theatre in the country. Two short months have witnessed a change that will astound every-

one. The new Des Plaines theatre is modern, alive, and above all, comfortable in all of its features. —Adv.

MILK Builds Resistance to Disease

Observations made by Dr. Amy Daniels, University of Iowa, and confirmed by other investigators, reveal a direct relation between the amount of the fat of whole milk in the diet and in the occurrence of colds and respiratory infections in children.

After strenuous outdoor play in the cold weather, a child is fatigued and he is easily susceptible to common cold germs. A glass of whole milk following his exercise will do wonders in restoring his resistance energy. This is one of the most important steps in helping your child avoid colds.

Bishop E. L. Waldorf to Speak at M. E. Church in Palatine Friday Night

Bishop E. L. Waldorf will speak at the Palatine M. E. church Friday evening, Nov. 23, as a part of the anniversary services that are being held in commemoration of the centennial of Methodism in the northwest suburbs of Chicago and the anniversary of the local congregation. Arrangements have been made to accommodate, at this meeting, the people from surrounding communities as well as from the immediate Palatine district.

Bishop Waldorf has an abundance of ready wit, but even this he uses to convey a religious truth. As a minister in churches his able leadership and his dynamic message have caused congregations to double in membership and to take on new life.

Reports in From N. W. Conference Basketball Camps

Leyden, Libertyville, Lake Forest and Bensenville Rate as Top Teams

Reports from the various Northwest conference basketball camps have come in during the past week and the general consensus is that the following teams are the favorites in the 1935-36 season.

The Palatine Pirates lost every letterman from last season's championship squad through graduation, and Coach G. A. McElroy must build an entirely new team. Missed mostly will be Reuss and Hahnfeldt, first and third, respectively, in conference scoring last year. Palatine has four 4-footers in Stult, Wittenberg, Foster, and O'Brien. Also good prospects.

Ela lost seven lettermen by graduation including Nehmer, Schroefer, and Kane, outstanding players. A Leubauer, E. Brewer, and W. Miller are returning. Coach Jack Martin has an exceptionally small team. Boggs and Schroeder may win regular positions.

Libertyville Libertyville Wildcats are regarded as the team to beat this year. Coach Jack Martin has three giant lettermen returning in H. Isaacson, D. Jaeger, and G. Madden, all of whom top the six-foot mark. Diehlager, Vink, Langworthy, and a pair of midget forwards—More and Harlan, are promising new men. Libertyville, along with Leyden, Bensenville, and Barrington seems to have an edge in tall men.

Warren Warren Blue Devils are also expected to have a much stronger team. Coach R. P. Kelton has three letter winners returning: Brya and Amos, guards; and C. Philip, center. W. Philip, Porters, and McCann, all soph' forwards, are looking good in practice. Warren's team will be rather small.

Grant Grant high of Fox Lake, making its first start in the conference, is an uncertain quantity but has had good teams in past years. Coach Rosinski has three letter men as a nucleus for his squad: Amann, 6 ft. 2 in. center; Padford, guard; and Werhan, forward. Stratton, a junior guard, is another likely regular.

Sore Muscles and Blisters Acquired by Church Cagers

If you wondered why so many young men were limping around town the first part of the week here's the reason. The Barrington church basketball league held its first practice of the season Monday night and quite a few of the veteran basketballers suffered the usual first night sore muscles and blistered feet.

Practice scrimmages between the five teams—Salem, Methodist, St. Paul, Baptist and St. Anne brought out the fact that the league should be more evenly balanced this year than ever before. The weaker teams have been bolstered up by new material and should make it tough for St. Paul, winners the last two years, to repeat this season.

Several more practices will be held before the regular games begin. The season schedule will be announced shortly.
