Better Christmas Shopping Season Reported Locally

Goldie Ads in Review This Week: Special Edition Next Week

Improved public morale, buying power and seasonal encouragement have convinced merchants that the stores have the best holiday season for several years. That this is the best holiday season for the stores since 1929 is the general optimistic attitude of most in the community. The Barrington Review is reflecting that attitude in a series of gift advertisements in each week's issue and in last week's issue the distance covered by his itinerary.

Mr. and Mrs. Louis Miller
Return From Motor Trip
Southwest to Mexico

Mr. and Mrs. Louis Miller, 107 E. State street, returned Tuesday from a pleasant 15-day motor trip through the southwest and Mexico. They left Barrington on Saturday, Nov. 15, the Miller home, to Canyon, Texas, where they spent a week with their cousin, Henry Miller, a former member of the Barrington club who has a ranch near Canyon. Miller and son accompanied him for a day or two as Canyon.

Later the Millers visited Carlsbad, New Mexico, Santa Fe, Acuna and Monterrey, Mexico, Galveston and Rio Grande, Texas, and Hot Springs, Arkansas before returning to Barrington.

Miller refused to divulge the actual mileage of his trip stating that he plans to question fellow members of the Lions club to see if they are accurately reading his mileage.

Mr. and Mrs. Frank Stubbins and Mr. and Mrs. Everett Emerick, and three children visited the Millers for a day.

Jack McElster left Monday for a hunting trip of several days down state. Friends from other communities accompanied him.

**First R. F. C. Loan on FHA Mortgage
in District Is Made in Barrington**

The first transaction to be made in the Chicago federal reserve district is a new plan of mortgage finance by the Reconstruction Finance corporation took place in Barrington Tuesday with the purchase of a \$5000

loan from the Federal Savings and Loan association of Barrington.

The first purchase of a \$5000

loan from the Federal

Reserve association of Barrington.

The Barrington loan was made

after several weeks of conferences

according to Howard Brightling,

president of the Barrington association.

Other federal loans are con-

tinuing to be made, although only

one has been made.

According to this new plan by

the R. F. C. and the Federal

Reserve association of Barrington,

the first loan will be made

at a charge of one half of

one percent against the institu-

tion.

According to R. F. C. regulations

from which purchased, it is reported that the R. F. C. will charge such a mortgage without limit from the R. F. C. or the Reconstruction Finance corporation.

The corporation has a revolving fund of ten million dollars made available in August for the purpose of buying federal bonds.

These purchases will be

reduced through qualified bro-

kers and distributors.

This is part of the federal plan of the ma-

chine, which takes loans from

the public and keeps their loan

going out for new building, it was

reported.

Mail Early and Avoid Christmas Rush, P. O. Urges

Following Christmas Mailing
Schedule Will Insure
Best Handling

With Christmas only three weeks away, E. J. Langendorf, postmaster of Barrington, has urged his staff have organized their "mail early" campaign in order to avoid a last minute jam of Christmas mail. The post office department has been experiencing delays in the delivery of gift packages and greeting cards.

Mr. Langendorf has asked that all people mail their gifts early and make sure that each package is well wrapped and addressed.

Above all, he advised, the address should be written plainly so that the mailman can read it.

A "latest date" schedule to insure delivery not later than Tuesday, Dec. 24, is as follows:

Wild Turkeys to Be Released in Lake County This Winter

Lake county according to word from Springfield will be one of the counties selected by the department of fish and game commission for the liberation of a very specific type of wild turkey and the propagation of the bird in future years.

Although the number of birds to be liberated in Lake county has not been determined it has been announced that but a few will be placed this year in the state with nearly all of them in Northern Illinois counties. It is considered likely that at least ten pairs of the fowl will be allotted to Lake county.

The birds selected for propagation is expected with protection to breed rapidly and a year or two with the birds roosting in the trees or strutting about with great gusto in the forests and fields of the country.

The return of the wild turkey to Lake county will bring back memories of earlier days to old timers when a hunter went into the wilds of the country to hunt the Thanksgiving dinner. According to hunters of the old school such fowl was common in Lake county in earlier days and nimrods spared all other fowl in their search for this bird which as far as fowl goes can be considered a big game.

According to the plans of the conservation department the first consignment of these birds will be augmented each year with a fast breeding type of bird so that within a few years they will have become numerous enough to permit an open season.—Antioch News.

Business Men to
Discuss Limited
Parking ProposalGas Tax Funds Probably
Will Finance East Main
Street WideningBusiness men have received
a copy of a resolution from A. C. Burandt,
of Barrington, to attend a meeting of the
Barrington Board next Monday night at
which time a proposed
new parking ordinance will
be discussed.The ordinance regulating parking
on Main Street is in effect, but this problem
will be replaced or amended
to meet present requirements.The board wants to get opinions
from the business men before
advising on this matter. It is
proposed to extend regulations
on parallel parking required
to be discussed, although the board members have insisted
that the latter must be maintained
on all streets.An engineer from the state
highway department in Elgin will
be in Main Street Friday to
advise the village trustees' plan
of widening the pavement on
Main Street between Ela and Park. The
plan has approximately \$4,000
from motor fuel tax available
for the proposed state aid roads in
the village. A plan must be ap-
proved by three funds allocated
on January 1, the board has
been advised.

Origin of Chess

The origin of chess is lost in
obscureity. As a writer in the Phila-
delphia Evening Bulletin observed:
"variously ascribed to the
Greeks, Syrians, Babylonians, Egyptians,
Chinese, Hindus, Arabians, Arab
and Persian, and Indian." Some
have endeavored to fix upon
some particular individual as the
originator of the game; among
others named are Japeth, Shen, King
Semiramis, Zenobia, etc. However,
the view which has obtained most
credibility is that which attributes
the origin of chess to the Hindus.A prize will be awarded to the

Thursday, Dec. 12. Brief reviews
of current plays will complete her
program. An exhibition of children's
books will be arranged by Miss
Madge Sparks as a supplementary
number. As in the case of all literature department
programs, the meeting will be open
to the public.Child Health Conference
to Be Held at Public
Library 1-3 p.m. TuesdayWith an average attendance of
at least 15 and more often 20
babies each month, the child
health conference sponsored by
the Barrington Woman's club
in conjunction with the rural
public health nursing service is
a success. Families of school children
well, according to reports of those
in charge.The December meeting will be
held in the public library room
from 1 to 3 p.m. Tuesday, Dec.
10. A health nurse, a doctor,
and a representative from the
Woman's club will be in charge
of the meeting.All pre-school children of this
community are eligible to examine
and the public health nurses are
kept to show each child's progress
in height and weight, the purpose
of the baby clinic being to "keep
babies healthy well."Parents in doubt as to correct diets for
their infants may receive advice at the
conference.Polynesians Know Astronomy

Sequoia Old Relics

The sequoia are relics of past
ages. Long before the towering for-
ests of California were discovered
geologists had become quite
familiar with these trees through
their study of fossils found in
various countries. Before the glacial
period sequoia were common not
only in many parts of North Amer-
ica, but also in Europe.Lest We Forget

Local Girl, Miss Blanche Frye, in Special Stage Act Tuesday Night

Passer Powell puts in her bid for a role in "Broadway Melody '35" which premieres at the Catlow theatre tonight, with such top-notchers as Jack Benny, Robert Taylor, Ann Miller, Eddie Cantor, Fred Astaire, and others. Miss Powell never shuns skinning her own glory, and makes a lasting impression as a viewer of the new "Broadway Melody."

At state fairs in the two weeks preceding to close the week of the National Showmen's Convention, are a multitude of fortune, appearance, and the action-packed drama "Storm Over the Andes." American Movie and Mesa Barrie present with Holt in this story of the present war between Bolivia and Paraguay.

Knockout! The magic of the romance-adventure movie fans to the state of the Arabian Desert at Cary Grant, Claude Rains and George Michael enact the scene of "The Last Outpost." Paramount, the producers, call "The Last Outpost" the sequel to "The Desert Rats" and "The Desert Fox," featuring years of heroic deeds and states moments of love.

"Way Down East," the Sunday night feature, typifies for the movie public their idea of the American melodrama. For a back-rejoice, its tender scenes, a gentle comedy, audience goes west with the heroine in her trials. Miss the villain and the scandalous gossips, and thrilled at the thundering ice-break that threatens to engulf a helpless girl. Michelle Haden and Henry Fonda are the stars of the picture, with John Sullivans, Andy Devine and scores of others in the supporting cast. "Way Down East" is a simple tale of simple people, symbolizing the cycle of a man betrayed, punished, and her right to retribution and a bid for happiness.

BARRINGTON REVIEW, BARRINGTON, ILLINOIS, THURSDAY, DECEMBER 5, 1935

Home of Jersey Cow on English Channel Island

Jersey, homeland of the Jersey cow, is a small island located in the English channel just off the coast of France. The land slopes from an elevation of 400 feet on the north to sea level on the south, the climate is mild throughout the year and cattle are housed only in large, airy holdings which are small, agreeable intensive, and cows spend their days rather closely confined. As a result the island cow is delicate in form and substance, with slight muscle development, and with white or amber with darker or black tips. Jerseys are bred primarily for butter production.—Indiansapolis News.

The Jersey, with the Guernsey, is supposed to have originated from stocks of cattle common to Normandy and Brittany, France.

The date of origin as a breed not definitely known, but Jersey has been maintained pure since 1780, when an enactment prohibited importation of live cattle for anything but the purpose of breeding.

Jerseys were first imported into the United States in 1830. Their color varies widely—from yellow to silver fawn, squirrel gray or perhaps black. White cattle are common, found with these colors.

They are known to have come from the British empire and in discovery were first, through the Northeast Passage. They were the first na-

tion to recognize the independence of the United States and there never has been any political miscommunication between us.

Commerce, remember, that the Swiss Company at Palen is the oldest existing industrial organization in the world, as its records go back to the year 1225.

Sweden gave us John Ericsson, Alfred Nobel, Linnaeus, Scheele, and many others who were first and greatest in their respective spheres.

Swedes Among the First Business Men in World

Sweden is one of the great nations of the world, a writer in the Boston Globe says. The Swedes have been maintained pure since 1780, when an enactment prohibited importation of live cattle for anything but the purpose of breeding.

Northwest Lake Forest and Barrington Meet on Local Floor

Twelve Schools Enter Ten in Race for 1935-36 Championships.

Competition in basketball, an sport in which the North conference high schools participate, is under way Friday with games at six centers. It is expected that the meet will be the most successful in the history of the conference, which is now in its 10th year. Loyden will be the defending champion in weight, weight, Libertyville, Loyden, and Lake Forest, and Lake Forest will be the heavyweights.

Bronchos vs. Lake Forest

Occupying the attention of all fans Friday night will be the Lake Forest-Barrington game in the IHSS gymnasium. The Bronchos have been most successful in conference games, losing to Vinton, the Alumnus, and DuPage. Elgin was last year's champion.

They will be the defending champion in weight, weight, Loyden, and Lake Forest.

On performance thus far, Loyden will enter the race to win the title. The Bronchos will be counted on to do their best.

Even though Loyden has been good in conference games, and has defeated Elgin, the Bronchos have been heavyweights and three lightweight winners.

Lake Forest and Barrington Meet on Local Floor

Twelve Schools Enter Teams
in Race for 1935-36
Championships

action in basketball, the
one in which all Northwest
and high schools partici-
pated in high school basketball
Friday night. From
now on, at six centers. From
now on, will be a yearly scram-
ble for three months until the
end of the year. The schools
that are in the race are: Lake
Forest, Grant, newcomers this
year, and Palatine. The schools
that are in the race are: the two
championships—light-
weight and heavyweight. Barrin-
gton and Palatine beat the
schools off the last year, while
Lake Forest was the underdog. Light-
weight and heavyweight
Barrington, Leyden, Ben-
nington, and Lake Forest rate as
the strongest contenders this
year.

Bronchos vs. Lake Forest
Drawing the attention of local
fans, Friday night will be the
Lake Forest-Barrington games at
the BHS gymnasium. The Barrington
team is the most successful in
recent games, losing to Wan-
kowich, the Alumni, and Dundee.
Dundee lost 12 letters from
them, so were lost via graduation
and the present squad is made up
of the best of the season's light-
weight. Lake Forest, however, has
been going good in practice
and has defeated Lib-
ertyville. The Forestmen have two
heavyweight and three lightweight
winners from Deerefield-Shields.

Performance thus far, Lake
Forest enter the game favor-
ably, but the Bronchos can
count on their do their best to
such an outcome.

Posty game starts at 7:30
Friday and the Bronchos
will be the last to leave
the open night games in
conference are as follows:
Leyden at Libertyville, Grant at
Warren at Arlington,
Bensenville, and Wauconda
Tuesday.

WIAA Title
Local high school has won
the state basketball champion-
ship in the last two years. Last
year E. Clark took over the
coaching duties in 1931 the Bron-
chos won heavyweight titles
in '32, '33, and '35. During the
year T. C. Hosford had
the Ponies to lightweight
championships in '31 and '33.

Church Cagers
to Open Season
Monday Night

Salem-St. Anne and Baptist-
Methodist Tiffs are on
Opening Card

High school basketball will
begin its season with a pair
of games on the last night of
the year. The opening night
will be for Salem and St. Anne
in the first game at 7:45
and the Baptist and Method-
ist in the second encounter an
hour later. St. Paul drew a bye
and the schedule will be an-
nounced.

One point to a much
stronger team this year—the
team has been strengthened and
champs for the last two
years have had a tough job to re-
main.

Both teams have four mem-
bers on their 1935-36
team in C. Conn, F.
Latta, and A. Work-
man. The Baptists have Al Helt-
man, Six eagle star at Iowa
Baptist, and Allen Bennett, former
Baptist. Paul has H. Mollen-
beck, and E. Wickman of the
St. Paul team.

Conference Stars

**Named on All-Lake
County Grid Team**

Six Northwest conference grid
stars were named on the Wauke-
gan News-Sun's second annual
All-Lake County football team,
which was released last week.

They were H. Leansen, Liberty-
ville end; and W. Strain, Warren,
tackle; C. Jensen, Lake Forest,
guard; and E. Padlock, Grant,
and K. Harlan, Libertyville, half-
backs.

The rest of the team included
L. Zem, end; V. Shear, guard; B.
Walczak, quarterback; and R. Pil-
ligrim, fullback—all of Wauke-
gan; and G. Ball, center, of Deer-
field-Shields.

Honorable mention went to El-
ter, Jensen, Werhan, and Sharp
of Grant; Madden, Trenner, Jar-
rett, and Trips of Libertyville; C.
Gordon, and DeYoung of Warren;
and Darse and Kennedy of
Lake Forest.

The All-Lake County squad was
named at a banquet given in its
honor at Waukegan, Monday.

Training in Social Work

The first school for training in
social work was established in
1911 in New York City. The New
York School of Philanthropy. In
1912 two other professional schools
were started, the Boston School of
Social Work (under Simmons col-
lege) and the Chicago school, which
was at first an extension institute
of the University of Chicago.

"Canned" Indian Languages

Northwest Indian languages will
be preserved even after the natives
who understand them have dis-
appeared. Photographs record
of the tongues as spoken by tribal
patharchs, have been preserved.

Pure Milk Association and New Group Claim Membership Victories

With claims to "victory" as conflicting as those issued by the Italian and Ethiopian war informants, the new organization of the Union Producers Milk Association and its new rival, the Union Producers Milk association, are both ready to bury each other.

According to reports published in Lake and McHenry county newspapers, the officers of the new organization claim that about 800 dairy farmers in the area have cancelled their contracts.

Don Geyer, manager of the Pure Milk association, declares the total number of cancellations probably will not exceed 1200. A final and nearly accurate report probably will be made within a week or two.

Promotional Display

A facsimile of an insurance policy issued in 1890 on the Mount Vernon property of George Washington, then owned by Washington, a nephew of the president, is on display at the Park avenue barber shop. The 101-year-old policy insured the Mount Vernon property for \$4000.

Amazing Juggling Trick

The most amazing juggling performance ever presented on a stage in the history of the circus art of the famous German juggler, Paul Chiquavall. This feat, which required eight years to perfect, consisted of balancing two balls on the top of a cue, which in turn was balanced on another, movable ball in a drinking glass that he held in his mouth.—Collier's Weekly.
