I am convinced the Kelvinator is my choice of electric refrigerators.

Added to three refrigeration services ordinarily found in standard refrigerators the Kelvinator has a very distinct feature, a fourth service insuring exceptionally rapid freezing.

Many other features appeal to me: The Kelvin Food File, fruit hasket, handy rearranging shelf, handle easily opened by slight touch, quiet motor, inside lighting and the absence of sharp corners to facilitate cleaning.

Your 21st anniversary model, a time-asving, money-saving and health-protecting refrigerator with its handsome name plate designed by Tiffany.
