Manheimer Home Gutted by Fire Friday Afternoon

Community Fire Department Works Several Hours Battling Blaze

Fire swept through the main part of the J. H. Manheimer home on the old Dundee road Friday afternoon and caused a heavy damage loss before it was finally checked. The blaze started about 1:30 o'clock when P. R. Mitchell of Barrington was working in the basement. Gaining headway rapidly the flames spread through the basement and first floor structure.

The Barrington community fire department responded to the call and after a strenuous battle managed to extinguish the blaze. Cut off by a lack of water when the electric line to the pump room burned away, the department worked for several hours until the fire was under control.

No insurance was carried on the building and other personal property. The house was insured by the Manheimer family. The fire department believes the entire structure will have to be razed. He purchased the estate from W. W. Greene about a year ago and has spent considerable money in alterations and extensions. The exact damage cannot be determined until insurance underwriters have examined the house.

The flames were prevented from reaching an oil storage tank containing 200 gallons of fuel and a garage might have been worse. The pump, brood horses owned by Mr. Manheimer were taken from the barn, which was in danger of catching fire.

Only the living room on the first floor was not completely destroyed. The servants' quarters, kitchen, dining room and bathroom were gutted so badly the house had to be in the corner. The Manheimers have taken temporary residence in Barrington.

St. Matthew Church Elects Officials Tuesday Evening

The annual meeting of the St. Matthew Lutheran church congregation was held Tuesday night in the church parlors. Election of officers and statement of conditions for the year previous and for 1936 were items of business at the meeting.

Those elected to hold office for the coming year are: Charles Schmidt, chairman; Herman Panzner, pastor; William Nightingale, treasurer; Gilbert Haasler, secretary; Edwin Meyer, financial secretary.

A treasury report by William Nightingale revealed a sound financial condition existing with a reserve fund. Reverend A. T. Kosman read his annual report of the spiritual year. During the past year 24 members joined the church, eight by confirmation and sixteen by transfer. There were 12 baptisms, six marriages and one funeral. The pastor reported that the church has 168 baptized and 102 communicant members.

The newly elected officers will be installed at a special service to be held Sunday morning at St. Matthew church.

Speaker Scores U.S. Attitude Toward Japan in Address

Woman's Club Hears Dr. F. L. Schuman's Ideas for Peace

That a dangerously illogical and inconsistent policy of the United States toward Japan must be abandoned if war between the two countries is to be avoided was asserted by Dr. Frederick L. Schuman, assistant professor of political science at the University of Chicago in his address to members of the Barrington Woman's club at their meeting in the Methodist church Wednesday afternoon.

"In favor of fairness, no distinction should be made between nations," he said. "The United States must eventually choose between a policy of cooperation or a policy of isolation but which ever choice, a realistic peace policy must be followed."

He commended the following official acts seeming to discriminate against Japan: naval maneuvers in waters adjacent to Japan, refusal to agree to let Japan increase its navy to the size of that of the U. S. navy, plans to fortify U. S. islands in the Pacific as potential naval bases, refusal to recognize Japanese territory seized in conquest and immigration laws directly insulting to the Japanese people.

"War is inevitable unless our views and attitudes are changed," the speaker declared. Blundering, muddling and public apathy were listed by him as among the factors contributing to wars.

Embargo, forbidding trade with any states at war and refusing to defend commercial interests in warring countries were listed by Dr. Schuman as means of preserving peace.

Missionaries Tell of Conditions of Life in South America

The South American attitude of escape from pain, sorrow, or misfortune was noted by Miss Ruth Wilson of Detroit, Mich., missionary from Montevideo, Uruguay, at services in the Methodist church Sunday morning under auspices of the Women's Foreign Missionary society. Miss Wilson described conditions south of the equator, emphasizing the fact that citizens under the "southern cross" have a vastly different attitude toward life and religion than those of the north.

An intimate picture of life in Argentina was presented by Mrs. Albert Wagner of Crystal Lake at a meeting of the Young Women's Missionary society in the home of Rev. and Mrs. H. L. Eagle Tuesday evening.

Mrs. Wagner, a daughter of Bishop Waldorf described her experiences in Argentina, enumerating customs and types of students in various schools she visited.
