

Russ Alford Wins Over Lew Hendee in Clerk Contest

Completion of Court Ruling on Ballots Shows 147 Majority

County Clerk Russ Alford was declared victor in the county clerk election of Lake county in November, 1934, on the completion of the court ruling Friday on contested ballots...

A physical examination of the ballots by Judge Perry L. Parsons' election commissionists set aside 2500 ballots at the request of experts for Hendee and Alford...

According to information advanced it is understood that oral witnesses in the form of election clerks and judges will be called to testify on the validity of the shalldowed ballots...

Regardless of the canvassing boards returns on Nov. 16, 1934, Hendee remained in office until November 1, 1935. Following the announcement of the canvassing board returns, Alford obtained a court order to be seated from Judge Ralph J. Dady...

In his petition for a court order Alford claimed that Hendee was credited with 100 more votes than he was entitled to in one precinct and he himself was deprived of 194 votes in another precinct...

Hendee claimed that the canvassing board did not have the power to do anything but tally the returns as shown on the poll books and tally sheets. He appealed the case to the appellate court on that contention but was overruled by the higher court...

To remain in office he must successfully hold his 147 vote majority. The last legal proceeding will be the oral arguments by Lew Hendee on February 3 and 4.

Ford ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car Can Now Be Purchased for \$25 a Month with Usual Low Down-Payment

THIS \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms. After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing. Your cost for this extension of credit is only 1/2 of 1% a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6%. For example, if you owe a balance of \$400 for your car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6%. UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car. The Universal Credit Company has made these plans available through all Ford dealers in the United States.
