Fox River Grove

The regular monthly meeting of the Altar and Rosary sodality of S.S. Peter and Paul church was held in the school hall at Cary Tuesday. Due to the bad weather there was a small attendance.

The business meeting of the Fox River Grove post 119 was held at the village hall Friday evening. George Roop, post commander, was presided with a past commander's pin and a badge to be worn on the Legion hat. Library News

This week we would like to call your attention to a book on Abyssinia and Edwin B. Frost's book for young people. Ladislav Fargro, the author of "Abyssinia on the Eve," was sent to Abyssinia as a press correspondent when that country began to be the center of world interest. He spent three months there, visited the people of the interior, met the emperor and political leaders and also visited the disputed frontiers. He found that this country has an interesting history and tradition and found it no easy task to investigate present conditions. The information he obtained is contained in his book. "Lad's Look at the Stars," by Edwin B. Frost. In this book the wonders of the sky are described in simple vivid language for boys and girls of 12 to 15 years by one of the world's most famous astronomers. The author tells about the sun, moon, planets, comets, meteors and constellations. Also the book has much fascinating information on observatories, telescopes and the methods of studying the skies. It is lavishly illustrated from photographs made at the Yerkes observatory. —Press Committee.
