**Many Still Survive**  
"A man that keeps bullin' in," said Uncle Eben, "reminds me of my job. Sometimes he goes right through obstruction and sometimes he just gets himself a headache."

**Use of Word "Presently"**  
The use of this adverb in the sense of immediately, once is now classed by the dictionary as archaic. That is, the term in this sense is antiquated and though still found, is going out of use in literary English. Formerly, until roughly the end of the seventeenth century, the sense was in general use. Shakespeare wrote "Two Gentlemen of Verona," act 4, scene 4: "Go presently and take this message with thee," meaning immediately, as the context shows. And Fielding unmistakably used it in this sense in "Tom Jones" (1749) in describing a poor woman who "no sooner looked at the sergeant than she presently recognized him." From this earlier use, occurring from the early part of the fifteenth century, the sense gradually became weakened, probably during the seventeenth century, to its ordinary modern use, as in "After a little time, shortly, try the use of the word in its earlier sense, so rarely nowadays as to bring the reader, to give a feeling of ambiguity.—Literary Digest.

**Wente and Klepper Will Hold Remodeling Sale at 113 S. Cook Street**  
Featuring a remodeling sale, Wente and Klepper, grocery and market, 113 S. Cook street, will hold a two-day grand re-opening sale of their newly remodeled and decorated store.
