

2500 Are Present at Annual Meeting of Farmer Group

Continued from page 1 compared with market conditions and competitive prices on the commodity market.

In considering the erection of plants to take care of the surplus milk, President John P. Carse of the association cautioned the members to proceed carefully, and that if milk processing plants are erected that they be established and conducted on a sound, financial and businesslike basis.

He, too, emphasized the need of keeping a proper price in comparison to the commodity price and prices existing in the fluid milk market. If the association holds out for too high a price in

the face of competition, he declared that dealers buying from the association would be attracted to cheap milk offered by independent producers.

Recommending that every effort be made to unite all milk producer groups in the Chicago milk shed in an effort to stabilize the market, Don N. Geyer, head farmer of the association members who have cooperated with him for the past five years in his capacity as secretary.

Strongly emphasizing the fact that during the last four years distributors buying from the association have operated in competition with too cheap milk sold by independent producers to independent dealers not employing union labor, he declared that if all these independent producers might unite and form a common sales program with PMA that such exploitation of them by independent dealers could be stopped.

C. P. Deyenroth, executive secretary of the Milk Foundation, addressed the Pure Milk association women at their annual luncheon in the Guild Room of the Congress hotel. Mr. Deyenroth spoke of the nutritional qualities of milk and the value of its use as a food.

Eight directors were elected by the assembled delegates, seven of them for two year terms and one to fill out an unexpired one year term. The 13 directors are elected for two year terms, directors serving in the odd-numbered districts being elected one year, and the directors in the even-numbered districts the following year.

Those elected this year are: L. M. Mallooly, Clinton, Wis., dist. 2; E. E. Powell, Pleasant Prairie, Wis., dist. 4; Walter Wain, Richmond, Ill., dist. 6; E. E. Houghton, by Shabbona, Ill., dist. 8; J. P. Chaso, Naperville, Ill., dist. 10; O. H. Ekko, Grant Park, Ill., dist. 14; and G. L. Morgan, Westville, Ind., dist. 16.

In addition, O. H. Wenzland, Maple Park, Ill., was elected director of district 9 to fill out the unexpired term in that district.

Legendary Power of Lough Neagh
According to an Irish legend, Lough Neagh fishermen have petrified legs, and when they want to sharpen their razors, they merely turn up their trousers and use their shins as hones. No child visits Ireland without firmly believing in the legend of Lough Neagh and vowing to return in future years, when, like the legs of the fishermen, it will have turned to stone.

Value of Cod Liver Oil
Among other things, the cod has a very valuable liver which, when boiled down, yields that detectable cod liver oil. This, like spinach, is supposed to be of great value to babies, and cliff-dwellers who see but very little of the sun. It is put up in glass or cypress and sold as "bottled sunshine."

Constituents of Wood
Wood consists of cellulose (42 to 47 per cent), lignin (20 to 25 per cent) and gum. Paper, rayon, cellophane and artificial leathers are made out of cellulose. No important use for lignin has thus far been discovered.

Henry Olsen Falls and Fractures Leg Tuesday in Fox River Grove

Henry Olsen, Fox River Grove, fell and fractured his leg while walking on a slippery piece of road near his home Tuesday. He was found by a neighbor, Mrs. C. Erickson, who summoned help to get him to his home.

He was taken to the Hines hospital by Joseph Simon and Charles Catronotta Wednesday. They took him by automobile. Mr. Olsen is a World war veteran and is partially disabled by wounds received during his service period.

"Chrysler Airshow" Starts Tonight Over WBBM

Standard Motor Co., Chrysler and Plymouth dealers have invited the public of this village to attend the "Chrysler Airshow," which will make its first appearance on the radio this evening at eight o'clock Barrington time over station WBBM. For the convenience of those who wish to do so, Standard Motor will hold open hours this evening in the showroom where an excellent dealer has been installed. In any event, P. C. Dreyer, local Chrysler dealer has urged that everyone tune in on this program for a brilliant and interesting half-hour entertainment.

"The Chrysler Airshow" is primarily a musical show but it has added lectures, featured in a brief, sparkling chat by Charles Hanson Towne on George Santana's new book, "The Last Puritan," one of the most discussed books of the day. Every Thursday evening, Mr. Towne will talk about either a book or a motion picture. He is one of America's foremost men of letters, with some 200 works both in prose and poetry to his credit.

The soloist for the Chrysler broadcast is Alexander Gray, the young American baritone, who has starred on stage and screen in "The Desert Song," "The Song of the Flame" and other light operas. This is a voice marked by beauty of tone, clarity of diction, youth, virility and real showmanship.

Mark Warnow's concert orchestra, augmented for this program by a galaxy of brilliant performers, is the musical backbone of the show. Warnow is noted for the beauty of his orchestral arrangements, and he ranks as one of the nation's leading directors and composers. Choral singing will be a strong feature of the half-hour. The Chrysler Eight, a double quartet of male voices, many of them of solo quality, will appear in songs particularly effective for masculine rendition. The Chrysler Six, an aggregation of charming young women singers, will harmonize in numbers written for feminine performance.

Origin of Limerick in Doubt
The origin of the five-line nonsense verse known as "limerick" is lost in obscurity.
