Pontiac Sales for Last Fiscal Year Gain 100 Per Cent

"One of the most important pieces of news in the last year's Pontiac Motor company is the doubling of both sales and production of Pontiac automobiles in 1935 over 1934," said W. J. Klingler, president and general manager of the company, in reporting the rapid increase in the public acceptance of the company's cars and eight cylinder cars during the last twelve months. Retail sales in the United States increased from 72,877 units in 1934 to 147,044 in 1935, which is a gain of 101.8 per cent. Hundreds of dealers in every part of the country report that their Pontiac business has doubled a tripled. Pontiac has established records for production and sales in 1935 that have exceeded only once since its original announcement ten years ago. Even this year could have been surpassed, Mr. Klingler is certain. If the company had had the increased manufacturing facilities it possesses today.

Clifford Bates Appears in Amateur Program at Walworth, Wis., Saturday

Clifford Lyle Bates, 4-year-old son of Mr. and Mrs. B. Hall Bates, 125 W. Lake street, appeared in a home talent show at Walworth, Wis., Saturday evening and was awarded second place for a specially dance of his own origination.
