RECOMMENDS LYONS

The following tribute to Representative Richard J. Lyons of Libertyville appearing in the editorial columns of the Chicago American Tuesday, March 17, should be of special encouragement to Mr. Lyons and his friends because of the fact that the American stepped out of its own legislative district to commend the Lake county man:

Outstanding in service to the people is Representative Richard J. Lyons of Libertyville. He should, and probably will, be renominated and re-elected by overwhelming majorities.

Representative Lyons led the fight in the House to abolish the extravagant, inefficient, wasteful Illinois Emergency Relief Commission. He attacked it a year ago when few members dared raise a voice against it.

Supported by Mrs. Lottie Holman O'Neill and a few other members, Lyons kept up his fight. At last the battle was won. The IERC, with its army of professional social service workers, has been shorn of its chief powers. It can now only allocate money to the communities, and perform a few necessary technical duties.

The responsibility for relief administration will be returned where it belongs—to the elected officials of the various counties. Millions of dollars that formerly went into payrolls annually will go to those on relief.

Representative Lyons is entitled to much thanks for what he did in the cause of the oppressed taxpayers and those who, through no fault of their own, are on relief rolls. He is a courageous, capable, experienced representative.

WHAT'S GOING ON IN WASHINGTON (Courtesy The United States News)

Secretary of Agriculture Wallace announced the establishment of the department of labor to remain in the United States, although the rest of the administration of the soil conservation and domestic allotment act, substitute for the invalid AAA. H. R. Tolles, administrator of the new plan, said the department already has begun a field service to administer the program in various states. As under the AAA, the leading part within the states is to be played by the farmers' county and community committees.

Mr. Wallace also directed discontinuance of the four commodity divisions whose work of liquidating AAA production control programs will be taken over by the regional directors. The order leaves intact the administrative units of the AAA, such as the division of marketing and marketing agreements, division of program planning, and the division of the consumer's counsel.

Seizure of private telegrams by the Black committee was mentioned in a three-paragraph article in the Raleigh News and Observer. The publisher, editor, and William Randolph Hearst, newspaper publisher. Senator Black withdrew his subpoena on the telegrams to the publisher of the Hearst case but first made public what purported to be a copy of a telegram from the publisher to the editor.

McSwain is a politician and a lowest order, and his extreme racial pacifism is a danger to the peace and protection of the nation, and to the safety of the negro, women and children who constitute the American people.

Secretary of Labor Perkins was accused of harboring hundreds of deportable criminals and radical aliens in the United States by Senator Robert Reynolds of North Carolina when he introduced a resolution calling upon the labor department to furnish information allegedly withheld from congress.

Senator Reynolds' resolution said that request had been made of labor department officials for information concerning "in excess of 2500 aliens in the United States known to and allowed by

Recorder's Office

All instruments relating to real estate, such as Deeds, Mortgages, Trust Deeds and Deeds in Trust, Subdivisions, boundary lines of Cities and Villages, Certificates of Incorporation, granted by the Secretary of State, Chattel Mortgages and Bills of Sale, etc., are recorded in the Recorder's Office.

Whenever an instrument is presented for record the Recorder files the same, giving it a Document number, which is never duplicated, indicating the date, together with the hour and minute at which it is presented, and it is immediately placed on the Entry Book, Grantor and Grantee Indices.

The Entry Book, Grantor and Grantee Indices give the date of the instrument, the date of filing, including the hour and minute, the names of the parties and the abbreviated description of the property involved. The Entry Clerk assigns each document to a certain record, the records being indicated by numbers in which it is to be recorded, after this the instrument goes to the recording room where it is transcribed, in full by copying clerks. Most of the copying is done with typewriters and sections of the best materials obtainable, after which it goes to the comparing room where each instrument is compared by different clerks from the original with the copy. The Recorder's Certificate is then completed and it is mailed to the person designated by the party who filed the instrument or placed in a general delivery slot-case unsealed for.

All plats are copied in full in Plat Books by an experienced draftsman and indexed by Township and sections, as well as by the names of the subdividers.

During the year 1935 there have been 125,000 documents recorded, an increase of 22% over the year 1934; it is my contention that this increase is caused mostly by the Loans and other Federal projects.

HOWARD L. SCOTT, Recorder.

Home Economic Classes

Receive Instructions From Red Cross Worker

"Home Hygiene and Care of the Sick" are being taught local home economic classes at Barrington high school by a Red Cross instructor, Mrs. Pearl R. Coon of Chicago, who comes to the village each Monday. She spends two periods with the classes, one in practical laboratory work and the other discussing principles.

Bed-making, care of the isolated patient and bathing the baby have been studied to-day, according to Miss Mary Huey, instructor in home economics.

Each pupil who does acceptably will pass a Red Cross examination at the conclusion of the course will be given a Red Cross certificate. The work is being presented in a series of 24 lessons.

Frances Piagge, daughter of Mr. and Mrs. Walter Piagge, 128 Fairfield street, is ill with mumps.

Clyde Brandt, six-year-old daughter of Mr. and Mrs. Norman Brandt, 425 N. Hough street, is ill with mumps.

Edward Heiser of Arlington Heights is employed at the Wente and Klepper Meat Market. Mr. Heiser is a former resident of Barrington; he was manager of the Atlantic and Pacific food store several years ago.

William Chicago and Robert Constok of Barrington played at an "old people's dance" at the Odd Fellows hall in Libertyville Monday evening. Old time dances were enjoyed and a large number of elderly people did the dancing. It was reported.

Mrs. Peter Johnson and daughter, Dorothy, 218 N. Cook street, are ill with mumps.

"Follow the Fleet" Brings Rogers and Astaire to Catlow

"A Tale of Two Cities" Now Showing; Lily Pons to Appear April 9

Truly magnificent in its spectacular sweep, yet absorbing in its delicate intimacy, "A Tale of Two Cities," starring Ronald Colman, opened a limited engagement yesterday at the Catlow theatre.

Ronald Colman's fans will find him at his best. He never has had a role which gave him such opportunity for the quiet humor, the high drama and the pathos he expresses so well. As Sydney Carton, brilliant, sardonic and brilliant waltzer, he reaches the peak of his artistic career.

Three members of a second generation of screen players are interested in the dramatic role in "Chatbox." Anne Shibley's latest starring vehicle.

Phillips Holmes, the son of Taylor Holmes, noted stage and screen star, Edward Bill and George Olfman Jr., are both sons of actors once famous in vaudeville and Broadway comedy roles and in early silent films. "Chatbox" is showing at the Catlow theatre Saturday.

Ginger Rogers fans are handed a treat in RKO radio's musical, "Follow the Fleet," in which the vivacious Ulrika-Daerl star dances four times and sings two of Irving Berlin's haunting melodies.

Three of Ginger's dance numbers are done with her bewitching partner, Fred Astaire. They perform a stying hot collocation of ballroom routines to the tune of "Let Yourself Go."

Miss Rogers and Astaire are supported by a "top-hole" cast including Harriet Hilliard, Randolph Scott, and Allan Allen. "Follow the Fleet" comes Sunday, Monday and Tuesday to the Catlow.

Grand opera and popular music meet on the common plane of delightfully human entertainment in "The Dawn and the Day," which features Lily Pons, world famous diva, which comes to the Catlow April 8 and 9.

Miss Pons, Metropolitan opera star, and recognized as the world's greatest coloratura soprano, sings two operatic arias and four popular songs by Jerome Kern.

Henry Fonda, Hollywood's latest romantic lead, plays the male role opposite Miss Pons.

C. Mason Outlines Economy Measures While Holding Office

"Charles E. Mason, republican candidate for state attorney, has saved the taxpayers of Lake county two sums of money during his four years in office," is a statement made by his friends in the campaign. They say further, "to accomplish this he has con-

plied strictly with the letter of the law which does not contemplate a state attorney serving as a sheriff's office, police department, or a detective bureau. Mr. Mason during his incumbency has maintained strictly a law office as provided by the Illinois law."

"The sheriff, as we interpret the law, is a policeman and the state's attorney a lawyer. This same rule applies to the several police departments of the county," Mr. Mason pointed out at a recent meeting.

"As to a savings to the taxpayer, my cost of operation has been two cents compared to \$1 for previous administrations facing similar circumstances.

"I have worked," he continued, "unusually for the best interest of Lake county and my public record, both in civic and fraternal circles, stands unchallenged."

British King Breaks Precedent by Buying Buick Car in Canada

Purchase of a new Buick by King Edward VIII of England made sensational news in British automotive circles and turned a few pages in Empire business history, according to the current issue of Time magazine.

According to Time, it was the first time the King of England had ordered a car in the United States. The Buick was invariably used by King Edward VIII and King George V.

Reporting the event, the magazine said, in part: "A page of Empire business history was turned when it was announced by London's Buick sales manager that King Edward had ordered an excellent Buick built to his special order in Canada at Ottawa."

Vote for William Gallagher CANDIDATE FOR Precinct Committeeman Cuba Township

WOTE THE Democratic Ticket April 14, 1936 YOUR SUPPORT WILL BE APPRECIATED

Nominate HARRY A. HALL Republican Candidate For State's Attorney of Lake County

THE OUTSTANDING PLANKS IN HARRY A. HALL'S PLATFORM ARE:

1. To clean up vice conditions—particularly to close and keep closed the NUMEROUS HOUSES OF ILL FAME scattered throughout Lake County.

As a matter of POLITICAL CONVENIENCE operators of many immoral resorts in the County have quietly closed their doors in the last few weeks. All such places can be kept closed by electing HARRY A. HALL State's Attorney. The owners of these places know this. THEY are not listed among his supporters.

Who are Mr. Hall's supporters?—Citizens with the welfare of their communities at heart.

2. To prosecute vigorously and efficiently just complaints.

Mr. HALL proposes to cooperate to the fullest extent with the sheriff and other law enforcing officers of the County. He will not employ private investigators but will carry out his pledges through the proper police channels. All cases brought to the State's Attorney's office will be properly investigated, thoroughly prepared and then vigorously prosecuted.

THE PRESENT STATE'S ATTORNEY'S RECORD

What has Mr. Hall's opponent, the present State's Attorney, done during his term in office? He says: "I have prosecuted cases in the courts of this county with EXCELLENT SUCCESS, a record of which I am justly proud."

LET'S GLANCE AT THE RECORDS

The Circuit Court records show that out of 304 cases disposed of in that Court during his term, ONLY 11 CONVICTIONS were obtained as the result of trials.

126 cases were dismissed by the State's Attorney or by the Court, for lack of prosecution.

MR. HALL proposes, if elected, to thoroughly investigate all cases brought to the State's Attorney's office, determine whether there is cause for grand jury action, if so, to properly present them. This course, he feels, will cut down sapharado, wholesale indictments and assure aded convictions in the war on crime.
