

"The Milky Way" Coming to Catlow Sunday, Monday

"The Trail of the Lonesome Pine" Scheduled for Three Day Run

Pictures for the current week at the local theatre offer variety ranging from grand opera to the Wild West.

In "I Dream Too Much," Lily Pons, Metropolitan Opera star, will be seen and heard in a smart musical comedy, with one act of "Lakme" interpolated. Henry Fonda and Eric Blom are co-starring. This production with the new issue of the "March of Time" will be screened the last time tonight.

Friday and Saturday nights each have their separate programs. "Ruddy O'Day" with Little Jane Withers being the feature for Friday, and Frank Buck's jungle thriller, "Fang and Claw," for Saturday.

Harold Lloyd never makes the mistake of appearing too often; in fact many of his fans think one comedy-feature a year is all too seldom an appearance for this chap with the horn-rimmed glasses. So it may be said he is due for a hearty welcome Sunday and Monday in his new offering, "The Milky Way."

As the Sun-downer milkman,

Lloyd has the role of a gullible individual whose enthusiasm for his sister, Mae, and his horse, Agnes, Adolph Menjou, Helen Mack and William Gargan head the supporting cast.

An added item of interest for this bill will be Chas. Sale's characterization of Abraham Lincoln in a subject titled "The Perfect Tribute."

"Dirt Fence," a story from the pen of Zane Grey, will be the bargain night offering Tuesday. "Buster" Crabbe, Tom Keen and Katherine DeMille are starred in this rapid-fire action drama of the cattle range.

"The Trail of the Lonesome Pine" comes to the Catlow theatre on next Wednesday, Thursday and Friday, starring Sylvia Sydney, Fred MacMurray and Henry Fonda.

Based on the novel by John Fox, Jr., "The Trail of the Lonesome Pine" is a tale of hill folk in the Cumberland mountains, and the feuds that set family to fighting family—for causes long since forgotten.

The film presents Miss Sydney and Fonda as members of the same mountain clan, who all their lives have loved each other and warred together on a neighboring family. Ancient ways are changed, however, when MacMurray, a young engineer, arrives to construct a railroad line through their hills.

"The Trail of the Lonesome Pine" is being sponsored by the Methodist Women's Aid, Circles A and E.

Charles E. Mason Touring County in Primary Campaign

During his campaign for reelection entirely on his record, State's Attorney Charles E. Mason this week concludes his speaking campaign.

In his swing through the county he stressed the fact that he had reduced the expense of office 98 per cent and increased the efficiency.

"I did not, at any time, abuse police power and meddle, and carried out all of my pledges made four years ago," Mr. Mason said at one time.

"While a total of 815 men and women were sent to prison and jail, I am not proud of that fact, but I am proud that of 191 recommended for probation and sent back to society 168 made good and only 23 failed."

"It is with great pride that I can point to the fact that 1528 children with their problems were brought before me and taken into the county court with their problems being settled so that they could be restored to their homes."

Of that number it was necessary to send but 17 to state training schools," Mr. Mason declared. "I have kept within the strict letter of the law, and each day remembered my oath in office," he said.

Former Congressman William E. Hull of Peoria is finishing the last week of his campaign for United States senator on the republican ticket with a strenuous speaking tour of Cook county and Chicago. He has met with a magnificent reception in the district where his deep waterway work is thoroughly appreciated. It was Mr. Hull who forced through Congress the Great Lakes to the Gulf waterway system which the Canadians and selfish Eastern states later conspired to cripple by cutting the flow from Lake Michigan down to 1500 feet a second.

Safe Driving Demands Spring Car Conditioning, Auto Specialist Warns

Spring is officially here and these motorists who wish to celebrate the coming of warm weather with spring motor trips should remember that their cars demand reconditioning and special attention for safe and efficient warm weather driving.

In accordance with the present national campaign to bring about greater safety on the highways, motorists should be sure that their cars are carefully examined to operate properly under all driving conditions. It was pointed out today by W. J. Gorve, manager of the Chicago automotive division of Socony-Vacuum Oil Company, Inc. "Improperly adjusted

brakes, for example, and defective steering apparatus are often the cause of serious accidents," he declared.

"One of the first things that motorists should do at this time of year is to drain their crank-cases and refill with fresh full-bodied summer oil," Mr. Gorve declared. "The past winter has been one of the most severe in recent years and extreme temperature conditions invariably have the effect of bringing about oil dilution."

Rep. Richard J. Lyons of Libertyville has received endorsement of the Illinois Agricultural Association for its staunch support of the farm program in Illinois. This means that his record in voting for farm bills is 100 per cent and that he voted for every bill that would benefit agriculture.

Rep. Lyons also received support and endorsement of the Legislative Voters League of Illinois in its report they state, "He showed unusual courage and effectiveness in fighting for good measures, and in opposition to bad measures" during various sessions of legislature.

The tenacity that Rep. Lyons displayed in pushing measures that would benefit the general public and taxpayers is lauded in a summary of work of the last session of legislature.

Opponents of the Lyons' fight to limit auto license fees to a flat \$3 had not stated that he will again introduce it at the next session and give the motorists a real reduction instead of the reduction that the administration was forced to give.

"Lyons will no doubt be re-elected by a large majority," is the opinion of political forecasters.

To the Voters of Barrington Township

I am a candidate for
Township Committeeman for
Barrington Township on the
Republican Ticket at the
coming Primary Election,
April 14th, 1936. My record
as a Township Official of
your Township is as follows:
I was elected to the office
of Town Clerk in 1929. At
this time we were confronted
with a deficit of about \$5-
000.00 not including two
years' salary of the Highway
Commissioner which was in
arrears making a deficit in
our Township account of
about \$5000.00.

Cooperating with the Su-
perior and the Highway
Commissioner we gradually
increased the Township Levy
and reduced the Highway
Commissioner's Levy propor-
tionately so that at the pres-
ent time we have a Balanced
Budget in both the Town-
ship and the Highway Com-
missioner's accounts—with a
fair working balance on
hand.

We have no Bonded In-
debtedness.

We have also purchased a
40 Horsepower Caterpillar
Tractor, Snow Plow, Grader
and Scarifier.

We have made a 25 per
cent payment on same and
have three years to pay the
balance in three equal year-
ly installments.

This has been done with
no extra cost to the Tax-
payers.

As Town Clerk I have de-
cimated group filing in a
Township Election and have
always entered the names of
Candidates on our Township
Ballots in the order that the
petitions for the various of-
fices were filed thereby as-
suring a fair and unbiased
election.

I feel I have served you
faithfully as a Township Of-
ficer and that I am com-
petent to fill the office of Re-
publican Township Commit-
teeman.

If you feel that with the
above record you can give
me your support in the com-
ing Primaries same will be
gratefully appreciated.

Respectfully,
Henry O. SODT
Town Clerk.

To the Voters of Barrington Township

I am a candidate for
Township Committeeman for
Barrington Township on the
Republican Ticket at the
coming Primary Election,
April 14th, 1936. My record
as a Township Official of
your Township is as follows:
I was elected to the office
of Town Clerk in 1929. At
this time we were confronted
with a deficit of about \$5-
000.00 not including two
years' salary of the Highway
Commissioner which was in
arrears making a deficit in
our Township account of
about \$5000.00.

Cooperating with the Su-
perior and the Highway
Commissioner we gradually
increased the Township Levy
and reduced the Highway
Commissioner's Levy propor-
tionately so that at the pres-
ent time we have a Balanced
Budget in both the Town-
ship and the Highway Com-
missioner's accounts—with a
fair working balance on
hand.

We have no Bonded In-
debtedness.

We have also purchased a
40 Horsepower Caterpillar
Tractor, Snow Plow, Grader
and Scarifier.

We have made a 25 per
cent payment on same and
have three years to pay the
balance in three equal year-
ly installments.

This has been done with
no extra cost to the Tax-
payers.

As Town Clerk I have de-
cimated group filing in a
Township Election and have
always entered the names of
Candidates on our Township
Ballots in the order that the
petitions for the various of-
fices were filed thereby as-
suring a fair and unbiased
election.

I feel I have served you
faithfully as a Township Of-
ficer and that I am com-
petent to fill the office of Re-
publican Township Commit-
teeman.

If you feel that with the
above record you can give
me your support in the com-
ing Primaries same will be
gratefully appreciated.

Respectfully,
Henry O. SODT
Town Clerk.

1936 IS HOME BUILDING YEAR

PAINTING AND DECORATING

... by ...

NORMAN T. MAXON, Architect

Well, here we come now to the last of our articles, painting and decorating that dream home.

First the hall. It is the first place seen in entering a home. These small homes I have shown in this publication the past eight weeks need in the halls a cool, green country landscape paper; for example, a hunting scene in green on an ivory ground. They should have woodwork in ivory, a green carpet or one of those old-fashioned hooked rugs and early American furniture. A card tray and a floor lamp will provide a correct final touch.

Living room—soft green paint or paper is appropriate and woodwork to match but slightly darker. Walls if painted should be dull egg-shell stipple, windows hung with ivory lace net curtains, and draperies of yellow chintz with quite a large leaf pattern. A Burgandy red carpet and furniture upholstered in gay flowered or garden design will harmonize. The furniture should be early American 18th century mahogany or walnut. Add to this some contrast, such as bric-a-brac in red, white, yellow and black, and floor lamps that carry on the bright and gay design of the chintz and upholstery.

Dining room—The walls may be papered in gray and silver stripes with gray woodwork. Drapes may be of rich plumb color with green and white pattern and the floor carpeted with plumb colored hues. The chairs need not be over comfortable but upholstered in cream or yellow. Mahogany furniture or walnut of 18th century design is desirable.

Kitchen—Painted walls or papered if you choose in yellow dull finish. A darker yellow or pea green woodwork goes well. Cabinets either two-toned green or white, and the floor a green linoleum with black border and turn-up base. Curtains may be ivory linen or coral. Fixtures such as sink are attractive in white or light green.

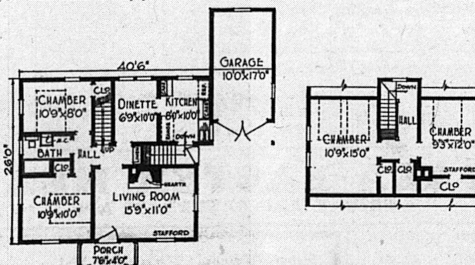

Bedrooms are nice when they carry out some flower scheme such as the rose, the tulip, the delphinium, poppy or daisy. We will take first the delphinium—a south and west exposure room for this flower with its restful blues. Use a powder blue wall paper with some white or silver design and the woodwork white enamel with net curtains to harmonize. A carpet in dark robin's egg blue, furniture mahogany, lamps white or pale yellow to complete the room.

Next, the rose bedroom. This can be for the north and west exposure. Wall paper of pink roses over pure white background; woodwork, white enamel. Drapes a soft tone of green; the rug, also of green or yellow pattern; furniture, walnut; lamps in modern white or yellow.

Bathroom—Walls painted or papered in rose with white and silver designs or stencils and woodwork white enamel is a popular plan. Linoleum floor and base, deep blue field, black border and base are suggested. Use a dark blue shower curtain with light blue and white towels and use white furniture and fixtures.

The exterior—I suggest walls of double white, blue-black shingles, and black or green shutters.

This concludes this series of articles and advertisements; we trust it has given you some ideas to help you in the realization of your new home.

Harold D. Kelsey Stresses Campaign on Safety Program

Meaning that he faithfully had
to explain his platform as a
Republican candidate for county
commissioner, Harold D. Kelsey,
of Barrington, is chiding his cam-
paign and planned to give the few
remaining days to the routine
business of getting the voters to
the polls.

My belief is that a coroner
who has lives as well as preside
over inquests to determine the
cause of death. I am certain that
the county death rate in the county
can be cut by making this a full
time office so that traffic hazards
and railway crossings, bad highway
conditions and intersections can be
checked and eliminated by the
action of plans for changes to the
proper authorities," Mr. Kelsey
said.

The present coroner's law
dates back to 1879. It should be
brought up to 1936 and I believe
can do this. I will give full time
to the office with this aim in mind
that Lake county can be point-
ed out as pioneering in modern-
izing government to meet pres-
ent day needs. Recommendations
on amendments to
the law would bring it up from
1879 to 1936. If it can't be done
then wrap the office and let the
county handle the work of coron-
er as the antiquated act is of no
value to this county health agency.
It was an additional tax burden.
But, it can be an important and
valuable office if modernized," Mr.
Kelsey declared.

He has pledged economy and his
word shows that when he was
chairman of the county board of
superiority in 1934 the Lake
county debt was reduced slightly
more than \$350,000 in one year
time.

Births
Mr. and Mrs. Franklin C. Dor-
walt, San Diego, Calif., are the
parents of a daughter, Diane Lou-
ise, born March 30. Mrs. Dorwald
was the former Jessie Clark of this
community and Mr. Dorwald is the
son of Mrs. Mathilda Dorwald,
501 S. Cook street.

Rev. and Mrs. A. T. Kretzmann,
121 W. Russell street, are the par-
ents of a daughter, Carol Ruth,
weighing seven pounds five and
one-half ounces, born at Lutheran
Memorial hospital in Chicago Sat-
urday afternoon.

Vote for HARRY A. HALL

**Republican
Candidate for
State's
Attorney**

VOTERS OF LAKE COUNTY

The present State's Attorney is now claiming that he has carried out
every promise made by him in his campaign four years ago.

He promised, when elected, to "TAKE THE RACKETS OUT OF POLI-
TICS" and "END CORRUPTION."

He has failed to keep his promise.

He now excuses his laxity by stating that he is conducting a law office
and not a detective bureau. He says it is up to the sheriff and police to
enforce the law and he is unwilling to prosecute until arrests are made.

Why, then, has he given orders to all justices of the peace in the county
not to issue warrants until he gives his O.K.? That gives him the final
say on arrests. Why hasn't he kept his promises?

Some time ago the WAUKEGAN TIMES in an editorial headed "EN-
FORCE THE LAW OR QUIT" took Mr. Mason to task for failure to do
his duty.

Excerpts from the TIMES editorial follow:

(Editorial—Waukegan Times, May 25, 1934)

"Has law enforcement broken down in Lake county? Now
Mr. Mason is facing another campaign for re-election. He is going
to be forced to fight for his very political existence—How will Mr.
Mason explain away his own apparent laxity in law enforcement?
—He will not be able to cover it merely with Napoleonic allusions.
We predict that the voters will not be satisfied with the claim
that he would have done something if an investigator had been
assigned to his office. They will demand something more than that.
The voters of Lake county are aware as to what powers are
vested in the state's attorney and they expect him to exercise
them. When the state's attorney reaches the point that he does
not choose to do his duty he should resign from office."

The warning was plain but the State's Attorney did not take the warn-
ing. Conditions are the same as they were then. HE HAS DONE NOTHING.
HUGE SUMS of money are being spent in an effort to re-elect Mr.
Mason. However, HARRY A. HALL urges all voters to think for them-
selves and vote for a candidate who has the courage to carry out his cam-
paign promises.

Friends Urge Re-Election of L. J. Willmot on Past Training and Experience

The nomination of L. J. Willmot
on the republican ticket as clerk
of the circuit court in Lake county
has been strongly urged by his
friends on an economy platform.
They state, "Mr. Willmot
through his training and experi-
ence in public office has been
well qualified for the important
position he now holds and is seek-
ing re-election for. He has main-
tained his office and staff of clerks
at no expense to the county, using
fees collected to defray expendi-
tures."

Harry Hall Elected Vice President of Tuberculosis Asso.

Harry A. Hall, Waukegan at-
torney and candidate for state's
attorney in Lake county, was elected
vice president of the Illinois
Tuberculosis association at the
annual business meeting of that
organization held Monday in De-
catur.

Mr. Hall is a member of the
executive committee of the state
tuberculosis association and treas-
urer of the Lake County Tubercu-
losis association.

The organization to which he
was elected an officer is the largest
voluntary public health agency
in the state, with 52 branch asso-
ciations in as many counties. Dur-
ing the past 25 years, the associa-
tion has sponsored disease control
programs which have reduced tu-
berculosis from first to seventh
place as a cause of death.

Jack Bairdow Standard Bearer of Lake County Democrats in Primary

Jack Bairdow, attorney for
Ruta Alford in the Lake county
clerk court, has been endorsed by
the central committee and dele-
gated as the county leader of can-
didacy, according to word receiv-
ed from county headquarters. Mr.
Bairdow is candidate for the dem-
ocratic nomination for state's at-
torney.

Mr. Bairdow has received con-
siderable attention through the
newspapers for his handling of
the Hendee-Alford court case that
is now in the process of compli-
tion.

BARRINGTON REVIEW, BARRINGTON, ILLINOIS, THURSDAY, APRIL 9, 1936

Boone County Newspaper Endorses Nick Keller as State Representative

Campaign workers are strongly
urging nomination of Nick Keller
of Waukegan, candidate for

released by the Daily Republican
of Belvidere.

An account of his history is
quoted from the hewa column as
follows:

"As a successful business man
Nick Keller can look back upon a
life of activity and accomplish-
ment. He has worked as a mill
hand, has been a practical farm-
er, has been elected twice to an
important public office, has given
much time during the past 15
years to movements for the better-
ment of the home, family and liv-
ing conditions of his fellow citi-
zens and is still a leading figure
in the development of athletics
among the youth of northern
Illinois."

CHURCH—A STRONG CANDIDATE

Republicans of the tenth district will do well to nominate Ralph Church for their candidate to succeed himself in congress. Mr. Church is not only one of the best vote-getters among republicans in the whole state of Illinois, but he is a conscientious representative in Washington.

Congressman Church's vote-getting ability is best demonstrated from his election record in 1934. In the face of the democratic landslide which swept to defeat nearly the entire republican ticket in the state, he carried his district by a sizeable majority and was the only republican congressman elected from Lake and Cook counties. Mr. Church defeated Dave Maloney, the strongest congressional candidate the democrats have produced in years.

In regard to his diligence we quote from the Illinois Observer: "Church is a new member of congress. His present term is his first, but he disregarded the traditional dictum that new members should be seen more than they should be heard. Mr. Church did not miss a session of the house. He was one of six congressmen with a perfect attendance record. He attended every meeting of committees of which he is a member. No congressman in Washington worked harder as an 'errand boy' for his constituents."

Mr. Hull was the guiding genius and power behind the Great Lakes to the Gulf of Mexico deep waterway legislation that has done more for Illinois and the Middle West than the Panama canal. He finished what LaSalle started talking about two hundred and fifty years ago and innumerable others have tried since.

His labor record commands the endorsement of all labor unions with whom he has dealt in a long business and industrial life. He understands farm problems and his record in farm legislation, when he was in congress, speaks for itself. He always advocated high tariffs to keep out competitive farm products.

He has had a long and honorable business and civic career in his home city of Peoria.

He was ten years in Congress and was one of the best congressmen the Middle West ever sent to Washington.

He is a fiery critic not afraid to speak his mind and his speeches exposing the fallacies of communism and the Roosevelt administration have shown how to save the country from despotism and bolshevism.

He has, from the time he was state commander of the Sons of Veterans, constantly and consistently worked for the welfare of service men and their families, having personally secured satisfactory adjustment of more than 3,000 soldiers' claims.

GOING ON
IN
WASHINGTON

From prospective papers of proposed new taxes, and from the treasury, the prospective recipient, a house committee, in open hearings listens to opposing sentiments.

The treasury warns that proposed schedules will not raise sufficient funds, since the president's request for processing taxes is currently being ignored by the committee.

From industrial executive come protests against the scheduled tax on undistributed earnings, which rises as high as 42 1/2 per cent if no profits are paid out as dividends.

The National Association of Manufacturers brands the plan as "unsound and a share-the-wealth scheme in disguise." It predicts injury to labor, increased bankruptcy and discouragement of investment, as weak competitors are driven out of business by strong corporations that have already built up adequate reserves.

Other protests lodged with the committee: Companies desiring to use parts of profits for retiring debts will be unfairly penalized. Proposed tax of 22 1/2 per cent on dividends of foreign stockholders will lead to dumping, on the market, of American securities held abroad.

Two suggestions advanced, one by a tax consultant and the other by the New York Board of Trade: 1. Tax more heavily the undistributed earnings of closely held corporations; less heavily, those of corporations having many stockholders, in which business reasons determine dividend policies. 2. Raise the necessary funds by widening the income tax base.

Uncle Sam balances his books for March with a surplus of 173 million dollars over and above all expenses.

How is this possible with the treasury showing otherwise a month-by-month deficit that adds up to more than two billion dollars in the first nine months of the bookkeeping year?

The answer lies in the fact that

Income tax payments are chiefly concentrated in March. Collections on this head amount to 412 million dollars, a 23 per cent rise over March of a year ago.

Other internal revenue rises by 24 per cent above the previous March, 291 million dollars against 189.

There is one large gap in this year's revenue which corresponds to an income item of 50 million dollars in March, 1935. The gap is due to the disappearance of processing taxes, invalidated by the supreme court.

A private study on yield of present tax rates on the basis of 1929 business calculates a government revenue of \$9,000,000,000.

As a house committee searchlight continues to play on the organization and activity of the Old Age Revolving Pension, Ltd., discussion breaks out between its founder, Dr. Francis E. Townsend and its congressional sponsor Representative John S. McCarry (Dem.) of California.

Among facts elicited by the committee of inquiry are: The OARP maintained a "dinner & partner" for entertaining congressmen; paid for about 50 dinners to groups of 10 or more.

Legislators, who were thus informed of the program of the movement.

Dr. Townsend, despite protests from OARP's co-founder, Robert E. Clements, insisted on retaining the regional manager for California, a man who was declared to have received some \$2000 to \$2,500 monthly in commissions, although he reports more spent on the movement than he had received. Difference of opinion was occasioned by the record of several indictments against the manager some 20 years ago, two being for grand larceny. In no case had he been convicted.

To The Jury

During the heat of a political campaign, such as the one just closing, some candidates in their anxiety to gain public office, are not to make promises, though paid advertisements and by word of mouth, that if elected, they will do things that are impossible to fulfill, and have nothing to do with the duties of the office they seek.

In this campaign, I have made no promises other than to continue to perform the duties of the office, as prescribed by the laws of the state. I am a native born, honest, efficient and economical man. I have been in the public service for many years. The office has been conducted over the years by men who have been Coroner of Lake County.

I have been greatly honored, in the past, by the Republican voters of Lake County. You have elected me to the same office, more times than any other man in the history of the county, if not the state, with the exception of the late Mr. Lewis Brockway. I wish I could express the gratitude I feel in my heart for the confidence you have placed in me and which I have tried to merit.

During the time I have held the office, I have investigated over five thousand deaths and not one of them has ever been ordered reopened for further investigation. In handling that number of cases, I generally conducted all of the necessary autopsy, testified in court in most of the murder trials, and paid every other expense connected with the office. If I have never received one cent except the fifteen dollars per year compensation as prescribed by law.

The office of Lake County Coroner has become recognized throughout the state for its efficient service.

Your Coroner is a member of the Advisory Board of the National Association of Coroners and at the last state meeting was chosen the only delegate in the state to the next national convention.

Every fatal automobile accident is reported at once in full detail, to the Commission of State Highways, as prescribed by law. In deaths from railroad accidents, where the jury is called to the scene or to a dangerous crossing or to other hazardous conditions, it is reported at once to the Interstate Commerce Commission, where it belongs.

IF THE CORONER'S ACT IN THE STATUTES BELONGS TO THE HOUSE AND HUGO DAVIS I AM NOT GOING TO PROMISE THAT I WILL CHANGE IT. THIS IS NOT A LAWMAKING OFFICE. IF YOU FEEL THAT MY RECORD OF CONTINUOUS AND FAITHFUL SERVICE IN PUBLIC OFFICE MERITS YOUR CONTINUED SUPPORT, PLEASE GREATLY APPRECIATE YOUR VOTE ON APRIL FOURTEENTH.

During the time I have held the office, I have investigated over five thousand deaths and not one of them has ever been ordered re-opened for further investigation. In handling that number of cases, I personally conducted all of the necessary autopsies, testified in most of the murder trials, and paid very other expense connected with the office, for which I have never received one cent except the sixteen dollars for each autopsy as prescribed by law.

The office of Lake County Coroner has become recognized throughout the state for its efficient service. Your Coroner is a member of the Advisory Board of the National Association of Coroners, and at the last state meeting was chosen the only delegate to the state to the next national convention.

Every fatal automobile accident is reported at once in full detail to the Commission of State Highway, as prescribed by law. In deaths from railroad accidents, the jury finds that the accident is due to a dangerous crossing or to other hazardous conditions. It is reported at once to the Interstate Commerce Commission.

IF THE CORONER'S ACT IN THE STATUTES BELONGS TO THE HORSE AND NOT TO THE MAN, I AM NOT GOING TO PROMISE THAT I WILL CHANGE IT. THIS IS NOT A LAW-MAKING OFFICE. IF YOU FEEL THAT MY RECORD OF CONTINUED AND FAITHFUL SERVICE IN PUBLIC OFFICE MERITS YOUR CONTINUED SUPPORT, I WILL GRATEFULLY APPRECIATE YOUR VOTE ON APRIL TWENTY.
