

Soil Conservation Program Launched in Lake County

Applications for Emergency Crop Loans Are Being Received

A meeting was held for the county directors and committee members who were elected at a series of meetings held in five communities last week. The board of directors met Tuesday at Farmers' hall, Graylake, and after adopting the constitution and by-laws for the county organization, elected C. A. Faulkner of Graylake, president; Jos Keller of Prairie View, vice-president; H. H. Grimm of Antioch, member of the county committee; Vincent Casey of Libertyville, alternate; and Earl Kane of Mundelein as the fifth member of the board.

Following this organization meeting, John Baumgartner of the state board of review of the soil conservation committee, gave the community committee instructions as to getting information for the 2-A sheets, one of which has to be filled out for every tract of land in Lake County.

The community committee for the northwest community are: C. A. Faulkner, Don Adams, H. C. Ames, R. E. Hook; for the north west community: H. H. Grimm, Phillip J. Wagner, Earl Paddock, and Frank Cronin; west central committee: Earl H. Kane, August C. Meyer, Harry Matthews, and R. C. Hallock; south east community: Vincent Casey, Albert J. Stahl, LaRoy Kane, and Park Allanson; south west community: Joseph Keller, Otto L. Obenaus, George Grever, and Otto Metzler.

All these community committees have obtained work sheets for every tract of land in the county, they will be tabulated and issues for soil depicting crops will be established for each farm. The community committee will not have time to spend on working out one individual farmer's program for 1936, but H. C. Gilkerson, farm adviser, has made arrangements with the agricultural teachers in the county, and any farmer who needs help in the various communities can secure help from C. L. Kuntz, Antioch, Gilbert Clem-

Gornes and W. D. Buddemeier at Lake Zurich, or any farmer can secure help from the farm adviser, at the Farm Bureau office.

Emergency Crop Loans
Applications for emergency crop loans for 1936 are now being received at the Farm Bureau, Graylake by A. A. Shelton, field supervisor of the emergency crop and fuel loan section of the farm credit administration.

Farmers are not eligible for emergency crop loans if they can borrow from an individual, production credit association, bank, or other concern. Farmers will also be considered ineligible if they have an application pending with the resettlement administration, have received assistance from that organization this year or are indebted to the resettlement administration for an unpaid loan. In the past, the security for an emergency crop loan will consist of a first crop lien on the crop financed. Landlord or others hav-

ing an interest in the crop to be financed will be required to waive their claims in favor of a lien to the governor of the farm credit administration until the emergency crop loan is repaid.

Lake Zurich

Dr. and Mrs. W. J. Pretzel entertained 18 guests at a dinner party Saturday. The guests were from Michigan City, Park Ridge and Chicago.

Try This Simple Test

WITH a clean white handkerchief, rub your rug briskly, then LOOK at the handkerchief. Astonishing! Isn't it? . . . This is the greasy film of dust and grime that hides the color beauty of your rug. Beating and sweeper will not touch it. . . Yet, hour after hour, day after day its injurious chemicals are destroying the fabric of your rug—making it old before its time.

Let us give your rug new life by removing this harmful film with a gentle shampoo that restores the full beauty of color. Neutral soap loosens the film and imbedded dirt and a perfect river of crystal clear, rain-soft water rinses it quickly away. No harmful heating. Phone for our prices today.

This time—why not

SOMETHING SPECIAL?

HERE ready and waiting is the Series 40 Buick Special—tagged with the lowest prices in Buick history—easily within your reach.

It offers not just power, but the oil-hushed, mile-eating powder-flash power of the ablest straight-eight engine in the world!

It's smooth—with the solid, lasting, lash-free smoothness of precise engineering—the positive torque-tube drive—road-leveling Knee-Action wheels.

It's fast—but its abundant speed is balanced with the smoothest, lightest tip-toe hydraulic brakes you ever put a foot on. It's a dream to handle. It's a joy to own.

It's so rugged you'll wonder what service stations are for and thrifty as you never thought an eight could be.

It will cost you, under the new General Motors Installment Plan, only two or three dollars a week more than the lowest price cars. This time—why not something special—a Buick Special?

\$765 in 1936 are the list prices of the new Buicks at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. All Buick prices include safety glass throughout at standard equipment.
