## Judge Gutknecht Will Be Speaker at Legion Dinner

Community Affair Planned for  
Monday Evening  
May 11

Guests attending the second an-  
nual Legion community dinner in  
the parlors of the Methodist church  
May 11 had better come on foot or  
drive their cars in second meet-  
ing Judge John Gutknecht, who im-  
posed a flock of fines on reckless  
drivers every day in the Chicago  
municipal traffic court, is going to  
be present at the dinner.  
Judge Gutknecht will be the  
principal speaker and probably  
will relate many interesting anec-  
dotes from his experiences in traf-  
fic court. Residents of this and  
other communities within radio  
range of Chicago have listened to  
Judge Gutknecht's trials which are  
broadcast over the radio four  
mornings each week. Many per-  
sons will want to attend the din-  
ner and hear Judge Gutknecht.  
Arrangements for the dinner  
were announced following a meet-  
ing of the Legion committee Mon-  
day night, Dec. 10. H. K. Ham, chair-  
man, reported that the dinner of  
the Methodist church will serve  
the dinner in the church dining  
room at 6:45 o'clock. A large mu-  
sical program after the dinner  
will be followed by Judge Gut-  
knecht's address.

## Mrs. Fred Record Speaks at Garden Club Gathering

The Village Garden Club of  
Barrington held its regular  
monthly meeting Monday at the  
home of Mrs. Allen U. Hunt.

Mrs. F. A. Record was the  
speaker of the afternoon, her  
subject being "Materials for the  
Garden."

Mrs. Record illustrated that in  
gardens of olden times, as the  
Garden of Babylon, there were  
many of the same species of flow-  
ers, shrubs, and trees as are seen  
today in gardens. The main dif-  
ference now is that many new  
varieties of those species have  
been developed.

"Much progress has been made  
in horticulture," said Mrs. Re-  
cord, "and it is gratifying and hand-  
some."

Mrs. Record concluded with the  
names of the finer varieties of  
many of the plants, shrubs, and  
trees, and the names of the  
annuals for the benefit of the  
club members.

Assistant hostesses for the af-  
ternoon were Mrs. H. D. Wells and  
Mrs. E. F. Wichman.

## Mason and Hall Almost in Dead Heat at Finish

Lake and Cook Counties and  
State Winners Are  
Listed

While the victory of C. Wayland  
Brooke for republican nomination  
and Henry Horner for democratic  
nomination for governor overha-  
nded in popular interest all other  
results of the primary Tuesday,  
several close races for less im-  
portant nominations kept telephone  
newspapers and radio busy dis-  
seminating information Tuesday  
night, Wednesday and Thursday  
morning.

1st Lake county the neck and  
neck race for republican nomi-  
nation for state's attorney was of

nent, Harry Hall, was claiming vic-  
tory by 47 votes.

Charles H. Francis of McHenry  
was in second place in the race  
for republican nomination for two  
state legislators from the eighth  
district, but Nick Keller of Wau-  
kegan was close behind him, hop-  
ing for victory. Dick Lyons of Lib-  
ertyville was out in front with  
almost enough votes to give him  
a majority over all of his five op-

## Proclamation

In harmony with a custom of  
progressive American commu-  
nities of conducting civic  
cleaning drives, the village of  
Barrington, by order of its  
president and board of  
trustees, will set aside one  
week for its citizens to co-  
operate in a general and co-  
ordinated tidying up cam-  
paign.

Village streets and park-  
ways are now being torn up  
in an extensive sewerage sys-  
tem rebuilding program which  
will detract from the usual  
tidy appearance of Barrington  
next summer. For this reason  
it is especially desirable that  
attention be given our homes  
and lawns this spring. By co-  
operating in a cleanup cam-  
paign this spring, citizens liv-  
ing in the village will help to  
offset the unfavorable appear-  
ance which will result later  
from the construction project.  
In order that this program  
may be carried out to the best  
advantage, I designate the  
week of May 4 to 9 as cleanup  
week in Barrington. During  
that time, residents may place  
in cans and other rubbish in  
boxes and bags on the park-  
ways to be picked up by vil-  
lage workers and trucks May  
4 and 9 and haul away.  
I hereby urge that all resi-  
dents cooperate whole heart-  
edly in this campaign to give  
Barrington the best possible  
appearance.  
(Signed) EARL HATJE  
President of the Village  
Board of Barrington.

## High Wind Sends Sign Crashing Into Display Window at Ankle Bakery

High winds tore a projecting  
sign from the front of the Ankle  
Bakery, 119 E. Main street, and  
swung it crashing through the  
display window, shattering the  
store and street with flying frag-  
ments of glass while the shopping  
district was heavily congested  
Wednesday afternoon.  
The sign was suspended on a  
steel pole projecting over the  
walk. The force of the wind tore  
loose the holding bolts at the base  
and allowed it to swing on the  
middle chains. The wind tossed the  
sign wildly about, striking the  
side of the building and a car  
parked in front of the store.  
No pedestrians were in the im-  
mediate vicinity and possible per-  
sonal injury was averted.

## Village Clean-Up Week of May 4-9 Is Set by Mayor

Review Will Cooperate With  
Village Board in  
Campaign

Balmy weather and increasing  
hours of sunlight are encouraging  
villagers to more residents of the  
village to begin annual house-  
cleaning, outside decorating, and  
garden planning jobs. In urging  
yard and garden improvement,  
Earl Hatje, village president, has  
issued the week of May 4 to May 9  
as the annual clean-up days in  
Barrington.

During that time residents will  
collect all rubbish, except auto-  
mobile bodies, and place them in  
boxes and bags on the parkways.  
The village trucks will be driven  
through the residence districts on  
two days, May 8 and 9, for collect-  
ing all this waste material and  
hauling it to the village dump.  
Boy scouts are expected to take  
an active interest in the move-  
ment again this year as they have  
done previously. In 1935 the  
scout units patrolled the vacant  
lots in the village and collected  
debris found in many places. As  
well as being a beautifying pro-  
ject, the cleaning up of vacant lots  
will satisfy an ordinance designed  
as a health measure.

The fact that village streets are  
being torn up for installation of  
the sewerage system is a factor  
which makes cleanup week in Barrington  
especially important this year.  
The streets will not have their  
usual appearance during the  
summer months but neat and tidy  
yards and gardens will partly  
offset the appearance of park-  
ways.

## Soil Conservation Program Launched in Lake County

Applications for Emergency Crop Loans Are Being Received

A meeting was held for the county directors and community representatives who were elected at a series of meetings held in five communities last week. The board of directors met Tuesday at Farmers' hall, Graylake, and after adopting the constitution and by-laws for the county organization, elected C. A. Faulkner, of Graylake, president; Jos. Kessler, of Prairie View, vice president; H. H. Grimm, of Antioch, member of the county committee; Vincent Casey of Libertyville, alternate; and Earl Kane of Mundelein as the fifth member of the board.

Following this organization meeting, John Baumgartner of the state board of review of the soil conservation committee, gave the community committee instructions as to the information for the 20 x 30 sheets, one of which has to be filled out for every tract of land in Lake county.

The community committees for the northwest community are: C. A. Faulkner, Don Adams, H. C. Ames, R. E. Hook; for the north west community: H. H. Grimm, Philip J. Wagner, Earl Padlock, and Frank Crenin; west central committee: Earl H. Kane, August C. Meyer, Harry Matthews, and R. C. Hallow; south east community: Vincent Casey, Albert J. Stahl, Lefroy Kane, and Park Allamano; south west community: Joseph Kessler, Otto L. Oheauf, George Grever, and Otto Metzler.

After these community committees have obtained a work sheet for every tract of land in the county, they will be tabulated and issues for soil depicting crops will be established for each farm. The community committees will not have time to spend on working out one individual farmer's program for 1936, but H. C. Glickerson, farm adviser, has made arrangements with the agricultural teachers in the county, and any farmer who needs help in the various communities can secure help from C. L. Kuntz, Antioch, Gilbert Clem-

Gornes and W. D. Buddemeier at Lake Zurich, or any farmer can secure help from the farm adviser, at the Farm Bureau office.

### Emergency Crop Loans

Applications for emergency crop loans for 1936 are now being received at the Farm Bureau, Graylake by A. A. Shelton, field supervisor of the emergency crop and feed loan section of the farm credit administration.

Farmers are not eligible for emergency crop loans if they can borrow from an individual, production credit association, bank, or other concern. Farmers will also be considered ineligible if they have an application pending with the resettlement administration, have received assistance from that organization this year or are indebted to the resettlement administration for an unpaid loan. As in the past, the security for an emergency crop loan will consist of a first crop lien on the crop financed. Landlord or others hav-

## Try This Simple Test

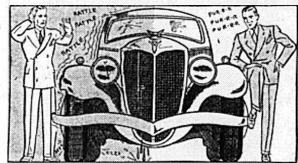

WITH a clean white handkerchief, rub your rug briskly, then LOOK at the handkerchief. Astonishing! Isn't it? This is the greasy film of dust and grime that hides the color beauty of your rug. Beating and sweepers will not touch it. Yet, hour after hour, day after day its injurious chemicals are destroying the fabric of your rug—making it old before its time.

Let us give your rug new life by removing this harmful film with a gentle shampoo that restores the full beauty of color. Neutral soap loosens the film and imbedded dirt and a perfect river of crystal clear, rain-soft water rinses it quickly away. No harmful beating. Phone for our prices today.

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

## AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car: More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

## Barrington Woman's Club

To a regrettably small audience, Mrs. Ralph Keeling gave an excellent paper on modern poetry as the closing session of the Literature Study class, Thursday, April 9.

Mrs. Keeling selected as her text, "Tendencies in Modern American Poetry" by Amy Lowell, a book dealing with poets from 1900-1917. Miss Lowell says that poets are the advance guard of literature and life. The six poets most completely discussed were Edwin Arlington Robinson, Robert Frost, Edgar Lee Masters, Carl Sandburg, H. D. and John Gould Fletcher.

Robinson, a New Englander, wrote of realism of the past, nature, simple, direct, and as it is. His desire to break away from his Puritan background created a struggle in his heart clearly shown in his poems.

Robert Frost, poet of New England, was a poet of poetic realism. His poetry is all said and shows keenly the disease eating at the heart of rural New England. His poetry suggests the hardness and roughness of New England granite.

Frost and Robinson may be classed as evolutionary poets, whereas Edgar Lee Masters and Carl Sandburg are distinctly revolutionary. Masters, of pioneer stock, marks the turning point in his dealing with dominant Americanism. His Spoon River Anthology is his best recorded work.

Sandburg takes us one step further along the barrier of change with his disintegration and idealism. He started the world with his "Chicago" in 1914.

The poets classed as imagists, those adhering to a particular

school with rules, are H. D. or Hilda Doolittle, and John Gould Fletcher. The rules imposed were very strict.

H. D.'s poetry is of the exquisite quality of canon. The only possible criticism of it is that it is overmelancholic. Fletcher, on the other hand, has vigor and imagination. His poem of Lincoln is, according to Amy Lowell, the finest ever done in the English language.

Mrs. Keeling spoke most praise of Amy Lowell as a crusader and a poet of genius rather than of rule. Her "Pateras" was enjoyed by all.

Vachel Lindsay, though not mentioned in Miss Lowell's book, was one of the finest interpreters of the negro race. His poetry must be read aloud to be appreciated. The speaker interpreted her tale by reading excerpts from the works of the poets discussed, from the works of Edna St. Vincent Millay, Mrs. Keeling read with great understanding the "Ballad of the Harp Weaver."

## Local Art Class Receives Letter for Poster Work

Students in the art classes of  
the public school received recog-  
nition for their work done in  
creating posters to be used during  
conservation week throughout the  
state in a letter from Jennie C.  
Creasap, chairman of the program,  
April 15, 1935.

A large number of posters ex-  
pressing different ideas on con-  
servation were created by the local  
art class. Some of the posters  
were used at the flower show held  
recently at Navy Field in Chicago.  
The letter addressed to E. S.  
Smith reads in part as follows:

"The conservation week com-  
mittee wishes to thank you and  
Mr. Smiley, art director, for the  
outstanding posters made by stu-  
dents in your school. They were  
exhibited at the flower show, and  
caused a great deal of comment,  
and as you know, will be used in  
publicity for conservation week.  
Not only the work was of such  
fine quality, but the thought in  
each poster told the story of con-  
servation."

## Charlie Chaplin Coming to Catlow in "Modern Times"

Famous Comedian of Silent  
Screen Returns in Great  
Comedy Hit

Throughout the entire movie world no name is so well known as Charlie Chaplin's, and no time is so eagerly awaited as those in which he is starred.

After an absence of nearly four years Chaplin returns to the screen in his new production, "Modern Times," written and directed by himself. It is scheduled for screening at the local theatre Sunday matinee and evening, Monday and Tuesday nights.

The story strikes an ultra-modern note with Chaplin as a mechanic among the huge wheels, dynamos, whirling belts, giant presses and drills of a 20th century steel plant. This environment offers entirely new comedy situations for the little man with the big nose and baggy trousers.

Pauline Goddard, Charlie's new leading lady, plays the romantic role while Chester Conklin and Hank Mann, associate stars, play in former comedies, have important roles in this film.

Immediately following "Modern Times" will be the Wednesday and Thursday showing of "The Ghost Goes West."

The brilliant Robert Donat is seen both as Donald Glouie, an impoverished young Scotch Highlander who is forced to sell his haunted ancestral castle to an American millionaire and also as the personable ehado who strolls the castle halls.

Tonight and Friday will bring to a close the screening of "The Trail of the Lonesome Pine." This picture was filmed largely outdoors in natural color, and is heralded as a production of outstanding beauty. Sylvia Sydney, Hendy Ponda and Fred MacMurray are starred.

Crashing to a new high in amazing adventure, and presenting a most unusual trip, "Tough Guy," a startling story of the secret service, comes to the Catlow screen Saturday night.

In three characters are a hunting crook, a boy and a dog, Jackie Cooper, of "The Champ," Joseph Calleia, of "Riffraff," and Eric Tin-Tin Jr., police dog actor, are the three comrades amid the hectic pursuit and hair-dread escapes in a chase with the secret service.

**WPA Officials Begin Elia  
Township Project for  
Roads Improvement**

Road improvement in Elia township have already been started and will cost the WPA \$4,353.88. Improvement and extension of the existing sanitary sewer system in Highwood has received the approval of the president of the project, if selected by state and district officials, will cost \$5,833.

## Baseball Draws Seven Conference Schools for Title

Season Starts April 17 With  
Warren Favored to Win  
Championship

Baseball in the Northwest conference schools is gaining in popularity if the number of institutions adopting the sport is any criterion. Seven schools have now met practicing for the opening on Friday, April 17.

Warren, winner last year, is strongly rated to repeat due to the large number of veterans. Wauconda, Leyden, Arlington Heights, and Lake Forest are the other schools.

Warren has seven lettermen back and the same pitching staff from last year as well. Lake Forest is expected to furnish plenty of opposition despite the fact it is new in the conference. Arlington Heights is carrying six regulars and is potentially dangerous if the work spots can be strengthened. The high school may be the dark horse in the race if some young stars can be developed. Wauconda always plays good ball but a forecast of its season is uncertain at present.

The schedule for the Northwest conference follows:

April 17  
Antioch at Wauconda.  
Ela at Warren.

April 24  
Warren at Leyden.  
Wauconda at Lake Forest.  
Arlington at Ela.

May 1  
Leyden at Arlington.  
Ela at Wauconda.  
Lake Forest at Antioch.

May 8  
Wauconda at Leyden.  
Antioch at Ela.  
Arlington at Warren.

May 15  
Leyden at Antioch.  
Warren at Wauconda.  
Ela at Lake Forest.

May 22  
Lake Forest at Leyden.  
Wauconda at Arlington.  
Antioch at Warren.

## DISTRICT LEAGUE

Jefferson Ice boys were in a position to take second place with the Buick-Pontiacs slipping, but failed to dent the Miller Bros. keglers. The matches this week will bring the Jefferson and Buick-Pontiac teams together in what should be a heated session.
