Grade Children to Present Operetta at School May 22

The grade children of Barrington public school, including children from kindergarten through fifth grade, will present an operetta, "The Adventures of a Doll Child," a musical story in one act by Grouse Schaefer. Friday evening, May 22, at 7:45 p. m. in the school auditorium. Miss Hazel Catur, music supervisor, will direct the production and assist the various room teachers.

The operetta is the cleverly written story of a doll-child who is whisked away by the Brownies to Fairy and Brownie Land where they discover the beautiful doll left carelessly alone in the garden by the little girl, while she goes into the woods with her friends to gather wild flowers.

When the children are great is their dismay when the doll goes to the Doll-gone, and although the woodchoppers, and Jacko, the monkey, try to convince them to return to the garden, the Fairy Queen and her attendant fairy bring the Doll-child back on the evening breeze, and all are merry throughout the night.

When the sun peeps over the hill the little girl comes to the garden in search of her doll as the fairies and Brownie King decide to return the doll if the little girl promises to be good ways and never again to be careless. After all the children Woodchoppers, Fairies and Jacko arrive, the King gives the doll back to its little owner, and ever since she becomes happy again.

The lovely costumes, with soft shades and beautiful designs are being made by mothers as teachers. The children are practicing diligently each day to make this fanciful story as interesting real as possible. Patches and designs are being made by mothers as teachers. Only \$730 - and winning fame as the smoothest EIGHT in the world

New peaks of performance, economy and distinction in the new Pontiac Eight

WHAT do you look for in an eight? THE GREATEST POSSIBLE SMOOTHNESS! What's behind the fame of the Pontiac Eight? It's a miracle of smoothness! Put these two facts together and you'll know what eight to buy. You'll pick a Pontiac because the Pontiac engine has no vibration point at any speed!

You'll have to go to twice as many cylinders to match that performance, and climb the price scale to approach Pontiac's quality. Moreover, in the famous Gilmore-Yeomite Economy run, under official supervision, this big car averaged 22 miles per gallon! These facts are enough to tell the motor-watcher that the greatest, smoothest eight is Pontiac! List prices at Pontiac, Mich., begin at \$415 for the "6" and \$730 for the "8" (subject to change without notice). Safety glass standard on Du Luxe "8" and "6". Standard group of accessories extra. Monthly payments to suit your purse on General Motors Installment Plan. A General Motors Value.
