### 176 Veterans Get Bonus by Registered Mail Tuesday and Wednesday

World war veterans of this community, with a few exceptions, have applied for and received their adjusted service bonds and "bonus checks" to the amount of \$88,000.

The payment was made with \$50 bonds and a government check for any amount beyond a figure of \$25. For example, if a veteran had \$175 due, he received three \$50 bonds and a check for \$25. These came to him in a registered government envelope. One veteran reported receiving an odd amount check for \$12. Another reported receiving a check for \$10.

It is expected that full checks in payment for surrendered bonds will be received by the end of Monday as they are mailed out from the regional disbursing office at Chicago.

## Swimming Pool Will Be Opened at 10 a. m. Friday

### Free Bathing for Children Each Week Day Morning

North side park swimming pool will be opened for the season at 10 a. m. Friday following a three weeks delay in the aquatic inauguration date because of the prevalence of scarlet fever since the last week in May.

With the epidemic showing a definite decline, the park board decided it would be safe to open the pool Friday.

Most of the regulations for conducting the pool this year will be the same as last year, but the major change has been decided, Mrs. Genevieve Thacher, pool manager announced. Free swimming for children under 15-years of age will be limited to week day mornings from 10 a. m. until noon. The public facilities are being maintained in order even when only a few paid customers were present. It was the policy of the pool in the mornings through the full expense of operation, and this year it is believed that the change will reduce the afternoon peak. It will also bring the children together at a time when the swimming instructor will be able to give them full attention. Children may swim on week day afternoons from Monday through Friday, inclusive for the normal admission of five cents. Full details of the hours and admission rates are published in an advertisement on page 5 of this issue of the Review.

The entire personnel has been announced by the park board. Mrs. Genevieve Thacher, pool manager; Charles Groom, Clyde Hitchings, Wayne Niemeyer and John Koelig, life guards; Lawrence Stout, relief life guard; Miss Marie Curran, swimming and diving instructor. Groom will be in charge of the pool.

## Village Trustees Authorize Sale of Tax Warrants

### \$7500 to Be Used on First Interest Payment of Bond Issue

Village trustees passed an ordinance authorizing sale of tax participation warrants up to \$7500 for the payment of the first six months interest of the sewer and water department bond issue following a motion by Trustee John Daeschler and seconded by Trustee Rudolf Koehler at a regular meeting Tuesday night.

The revenue from the sale of the tax warrants is needed to meet interest payments on the \$275,000 bond issue sold the first of the year and now due. Normally the interest payments would be raised by a rate of tax that will apply on the use of the sewer system being installed. The charges will be made from July 1 and will not be collected for approximately 60 days. Bond interest has been in force from January 1, and the sewer department is now without the necessary funds to pay.

Repayments of the \$7500 will be paid to the general fund by the sewer and water department after the collection of rental taxes through the courtesy of Selden F. White, president of the club.
