BAYLEW, 110 bW. Main Street, Barrington, Illinois. Cards of thanks,
resolutions of condolence, poetry, memorials, and all notices of entertainments or society and church sales and parties given for pecuniary
benefit will be charged for.

TELEPHONE, BARRINGTON NO. 1

MILITARY COLONISTS

It is clear now what Mussolini is going to do with Ethiopia. He is to colonize it with the army that has conquered it. Thus he solves at once the triple problem of oc cupying the country, developing it into a colony profitable to the mother country, and disposing of Italy's surplus popula-

tion.

Nearly half a million young soldiers who have been sent to that savage land remain there, and others are joining them. It would be interesting to know how they like the prospect. Possibly they would have rebelled if their destiny had been made plain to them before they went. Now they will probably acquiesce, despite the terrific heat and disease of those lowlands, and the difficulties and dangers of subduing and civilizing the uplands, with savage and resentful natives always nearby in the jungle.

Ancient Rome colonized distant lands in this way. It is clever statesmanship for Mussolini—as long as it works.

Ancient Rome colonized distant innus in this way. It is clever statesmanship for Mussolini—as long as it works. Hitler will be studying the experiment. The British gov-ernment probably looks on with some envy. It has yea-areas it wants to develop under the British flag, but the pox-erty-stricken masses in England do not want to leave their cities, and no British government can colonize them against

WAGE SCALES

The International labor headquarters at Geneva has just made public figures showing that wages paid to American workers are by far the highest in the world.

workers are by far the highest in the world.

Except for four other nations, the American standard was twice as high as that in the 13 countries covered in the study. In making the computation, the international labor headquarters made allowances for differences in living costs so that the index accurately represents the worker's real income.

income.			
Country	Wages	Country	Wages
