Lightning Causes Large Amount of Property Damage

Two Local Homes and Nearby
Farms Incurred Losses
From Bolts

Two homes were struck by lightning bolts at approximately the same time last Saturday night, resulting in heavy damage to a vacant residence at 617 Sycamore avenue in Jewel park and damage to a lesser degree to the home of Ernest Wesel, 208 Grove avenue.

The vacant house in Jewel park was set on fire by the bolt but quick arrival of the fire department and speedy action prevented the spread of flames. The damage was estimated at \$2000.

The fire department has been contacted for its work in handling the blaze by officials of the First National bank which owns the house. Firemen operated with a minimum of damage and confined the blaze to the attic.

The bolt that struck the Wesel home followed through a light structure in the ceiling and left through a wall plug in the basement. The statures and decorations were damaged.

Two barns, one on the Charles T. Baumgardner farm on Bartlett road and the other on the William Holmes farm, a mile southwest of Bartlett on route 59 were burned after being struck by lightning Tuesday night. Volunteer firemen and the Bartlett fire department succeeded in saving other buildings on both farms.

On the Baumgardner farm 60 tons of hay, 760 bushels of oats, 400 bushels of barley, several tons of dairy feed, and tools were destroyed. The horses and other livestock were rescued by neighbors.

On the Holmes farm fire broke out about 11 o'clock Tuesday night and the barn together with its contents of hay and a quantity of grain were destroyed. Several hogs also perished in the blaze.

Fire caused by lightning was responsible also for the loss of a building, four head of work horses and a large quantity of hay and grain when the farm barn at the Arlington Park Jockey club track was set on fire and burned late Saturday night.

William Heiden Is Hired as Village Traffic Patrolman

To Ride Motorcycle in Plan
to Curb Speeding; By
Action of Board

William Heiden has been employed by the village of Barrington to act as motorcycle policeman to curb speeding, following action by the village board Monday night upon a motion made by Trustees John Dauchler and seconded by Trustee John Carroll.

Mr. Heiden will start his duties Saturday and will patrol village streets on motorcycle in the board's crusade against speeding, reckless driving and other motor vehicle law infractions.

The new officer is employed by the village on a part-time basis, working on hours to be designated by Chief of Police E. W. Baude. The plan to employ a motorcycle officer was adopted following conferences between Chief Baude and the village board police committee.

The speeding situation, although not serious enough to warrant drastic action, might become uncontrollable, trustees felt, and they subsequently adopted this new precautionary plan.

Adding Mr. Heiden to the police force on a part-time basis was thought best in order not to remove one of the night patrolmen from his duties to handle the work. The police committee felt it was necessary to have two officers on duty during the night.

It was pointed out that a motorcycle officer was better able to "clock" speeders in the village than one using the police car and would be better able to maneuver in traffic.

Rev. A. Kretzmann to Deliver Radio Talk

Rev. A. T. Kretzmann, 548 W. Russell street, pastor of St. Mary's Evangelical Lutheran church, will be a guest speaker of the Lutheran publicity Bureau of Chicago on a radio program being broadcast over radio station WAAF in Chicago Thursday afternoon at 3:30.

Rev. Kretzmann will speak on "Conclusion of the Ten Commandments—What Does God Say in All These Commandments?"

The program on which Rev. Kretzmann will speak Thursday afternoon, August 27 at 3:30 o'clock, in case of unfavorable weather, the social will be held in the church basement.

Former Resident Escapes Death as Lightning Strikes

Arthur Pakke, 375 Raymond street, Elgin, a former resident of Barrington, narrowly escaped death when he was knocked off an electric pole at Liberty and Little streets in Elgin early Sunday morning.

Mr. Pakke, who is employed as a line worker for the Western Union Gas and Electric company, was engaged in repairing a power line when he was struck by lightning.

He was up on the pole when the bolt struck near the intersection and followed the line to the pole.

Pakke was thrown 35 feet to the ground and was rendered unconscious by the lightning. He landed between other line men on the ground who were not injured when the accident occurred and they removed him to the Sherman hospital, Elgin, where he soon regained consciousness.

An examination revealed a fractured shoulder, spinal injury and numerous bruises. His condition is reported to be improving.

Members of Legion and Auxiliary Go to State Meeting

E. J. Langendorf and Kenneth Shoup, representatives of the American Legion post of Barrington, and Mrs. Arnold Kohner, Mrs. G. Kuhlman and Mrs. E. J. Langendorf, Legion Auxiliary representatives, attended the Illinois department convention held at Danville from Saturday until Tuesday.

They reported a fine attendance of Legion and Auxiliary members from all sections of the state due to the severe hot weather during the convention many of the parades and other features were omitted or shortened.

Class Will Sponsor Social Friday Night

The Gleason's Class of St. Paul church will sponsor an ice cream social on the church lawn Friday evening, August 27 at 7:30 o'clock. In case of unfavorable weather, the social will be held in the church basement.

New Country Day School Building Design

The architect's drawing above shows the new Country Day school building, which is now under construction. The new structure is being erected on property located on the south side of the County Line road just west of the village limits.

"First by Merit" in

"Public Enemy's Wife" at Catlow Sunday, Monday

"San Francisco" Now Showing on Local Screen With Prominent Cast

"San Francisco," which began its three-day run at the local theatre yesterday, promises to become one of the most talked-about pictures in many, many months.

It teams three of the most popular screen stars for the first time—Clark Gable, Spencer Tracy and Jeanette MacDonald.

The picture takes its viewers into the soothing, mad excitement of the Barbary Coast when it is a byword around the world; into aristocratic Nob Hill; the old Tivoli opera house; historic Palace hotel; and through the disaster that leveled a beautiful city to the ground 29 years ago.

Clark Gable offers one of his greatest characterizations as Blackie Norton, owner of a large resort on the "Coast." Miss MacDonald is superb as the country girl who wanders into Gable's resort. She starts her singing career there, and rises to great operatic heights, only to return to the "Coast" because of the man she loves. Spencer Tracy scores in an unusual role as a kindly priest, who chooses the wicked street for his humanitarian work. In the excellent supporting cast are Jessie Ralph, Jack Holt and Ted Healy.

"Speed," the title of the Saturday feature number, sets a dizzy pace with its story of the men who test planes and cars before they leave the factory.

James Stewart, Wendy Barrie, Una Merkel and Ralph Morgan head the cast of this picture which is streamlined for action and laughs.

Hand act, musical comedy, Pathé news, and the 9 p. m. gift event are added items of interest.

"Public Enemy's Wife," the Sunday-Monday feature, tells the story of the wives and sweethearts of public enemies—women with pasts too terrible to remember, facing futures too dangerous for men to share.

Pat O'Brien, Margaret Lindsay, Robert Armstrong, Caesar Romero and Dick Foran are cast in the important roles.

In addition to the feature, a color cartoon, organ musical, hand act and descriptive news will be shown.

Jean Hersholt, well-remembered star of "The Country Doctor," is the feature player in "Sins of Men," which the Catlow will present at its bargain offering next Tuesday.

It is a father and son story with all the appeal of "Sorrow and Son," picturing the home life of a father and his two sons, their separation, and after long years, a joyful reunion.

Jack London's "White Fang" is

scheduled for Wednesday, and Thursday of next week. The camera has caught "The Spirit of the Yukon" in this year of savage fawn and dog, tamed by a woman from the far-away land of civilization.

John Muir, Michael Whalen, Elton Summerville and Charles Muninger carry the important roles.

14 Year Old Boy Injured By Backing Into Moving Automobile at Shady Hill

Robert Bollberg, 14-year-old Chicago boy, vacationing at Shady Hill subdivision, backed into a moving car Sunday while playing with other young vacationists, and was thrown to the ground.

He suffered a slight concussion of the head and the loss of several teeth as well as minor bruises. He is reported as improving, rapidly at present.

Library News

This month are seen in the library two dictionaries of names: "What's the Name, Please?" Funk. This book contains the pronunciation of the names of the great, near great, or the about-to-be-great names we encounter in our magazines, newspapers, law, music, commerce and industry, and stage and screen. It will be of especial value to schools, the clergy, the legal profession and all who speak before audiences.

"What Shall We Name the Baby?" Ames. This is a list of 2500 first names of girls and boys with their meanings, origins and nicknames.

Also, to keep young people occupied during the remainder of the summer, "More Things Any Boy Can Make" Leeming. A book containing 101 toys, games, puzzles, tricks of magic, etc. that, because of their simplicity, younger boys can make; and older boys and the parents, too, will find it in many hours of entertainment.

IT STARTED A HEAT WAVE

THIS BIG AND BEAUTIFUL BUICK AT \$765*

THE automobile business says that a motor car is "hot" when it enjoys outstanding public demand. On that basis, the 1936 line of Buicks has started a heat wave all its own.

Month by month sales have climbed. Buick not only tops all cars at or near its price in sales gain — the whole price class in which Buick sells is farther ahead of last year than any other, including the very lowest priced group!

There's something in that. When people start putting their dollars into Buicks instead of the lower priced cars — it's good proof that they're getting more for their money.

Better look into Buick. Especially this big, roomy Buick SPECIAL, Series 40 — beginning in price at \$765, list at Flint, Mich. Let us know, and we'll be around with a demonstrator.

Divide and Replant

Phlox in September

All the publicity which the beautiful new hardy Columbia phlox has received has served to bring this perennial again into prominence and September is an excellent time to divide and replant old clumps and to plant new stock, so the plants can be well established before winter.

Old clumps should be lifted, divided and replanted every three or four years.

Phlox require an open sunny situation. Be sure to plant them in a sufficient distance from shrubs and from other perennials so they will

have room to develop properly and will not be shaded.

Phlox are gross feeders and the soil should be enriched with a complete plant food when preparing the bed.

This is the time to check up on plantings that do not require division, yet are not all they should be. Perhaps they are affected with leaf blight, a very common disease in phlox which causes the lower leaves to die, and then the condition spreads up the plant.

Sanitation is a very important factor in the control of this disease, and this fall be sure to burn all old tops, and clean the surface of the beds thoroughly. Another factor in the control and prevention of this disease is an adequate feeding program.

If phlox are given proper nourishment, it helps the plants to resist attacks of leaf blight, so by all means give your phlox plants an application of complete plant food early this month.

After flowering, old heads of phlox should be removed to prevent development of seed. Seedlings which result from seed left to develop, revert to undesirable types. These seedlings sometimes overpower the named varieties and give rise to the theory that phlox revert and do not remain true to color, although this is not true.

Leaf blight is often aggravated by the presence of mildew. Mildew can be controlled by keeping the foliage as dry as possible and dusting the foliage with sulphur or spraying with Bordeaux mixture.

In very dry seasons such as we have had this year, red spider is often a pest of phlox. Dusting with powdered sulphur controls red spider to a certain degree.

Boy Scout Troops

Win High Honors

at First Camporal

21 and 29 of Barrington and 9 of Palatine Awarded High Ratings

Troops 21 and 29 of Barrington and troop 9 of Palatine reaped high honors for the northern district of the Northwest Suburban council of Boy Scouts when they received blue ribbons for class A excellent ratings while camping at the first three-day camporal held at Lake Monona, Madison, Wis., last week-end.

Troop 21 was composed of scouts George Whitcomb, Rudolph Donner, Jack Roth, Robert Deschler, Edward Parker and Harold Lipofsky. Troop 29 consisted of scouts Raymond Dimsted, Robert Richard Koenig, Robert Lindstrom, Burton Wendt, Charles Folschew, William Fray and Jack Gruebling. Rev. Herman Koenig and Charles Wendt were adult troop leaders.

Robert and Howard Jensen and J. Humphreys of troop 9 in Palatine joined with troops 2 and 4 from Park Ridge. Joseph Ketterman arranged the camporal plans for the Palatine boys.

Troops winning excellent camping ratings were given blue banners inscribed with gold.

Thirty-eight scouts and their leaders attended the camporal from the Northwest Suburban council. More than 600 boys from Illinois and Wisconsin participated in the meet.

While in camp, each troop was judged, constantly, by the many points of camping for which the awards were made. Some of the items were camping ability, appearance, cooking, of Robert Lindstrom, Burton Wendt, Charles Folschew, William Fray and Jack Gruebling. Rev. Herman Koenig and Charles Wendt were adult troop leaders.

Heavy wind and rain storms added to camping difficulties but helped the boys display their ability to camp under canvas and still remain comfortable.

Petition to Repeal

State Sales Tax Law

Petitions calling for the repeal of the occupational sales tax law and the substitution of gambling licenses for revenue purposes were passed about in Lake county this week by D. E. DeBow, secretary of the National Liberty league. It is his estimate that 4000 signatures in Lake county will be forthcoming.

While in Lake county, DeBow makes his headquarters in Waukegan. When he finishes in the county, he will move into another, until the 102 counties in the state have been covered. He has secured his signature quota in 46 counties already.

Before the sales tax recall measure can go on the ballot, 350,000 signatures, equivalent to 10 per cent of the total vote for governor four years ago, must be secured.

The National Liberty league hopes to raise enough money to take the place of the sales tax through the licensing of slot machines, baseball pools, pinball machines, punch boards, handbooks, horse races, dice games, dog races and other gambling pastimes.

SURVIVAL OF THE UNFITTEST

When you tell the people who have achieved what we have achieved that we mustn't go on achieving it—when we tell Babe Ruth that he mustn't bat any harder than the bush leaguers, and Jim Braddock that he mustn't hit any harder than I can, and both of them that they must proceed under rules designed to regulate athletics in a home for cripples, then—wherever else it, however, whenever—the pennant is lost and the count is up.

You can and should tell Jim Braddock not to hit in the clinches. You can and should enact laws to restrain the dishonest and predatory. You can and should urge the backward to effect better ethics and greater efficiency. But when a labor union or a legislature, for whatever reason, orders that no more than so many bricks shall be laid in a day, that employers shall choose not the best typesetter but the one who has been longest out of a job, that no one shall work more than so many hours a week and all at the same wages, and that no man shall cultivate more than so many acres, or raise more than so many hogs or potatoes, and that you and I shall pay him, not for what he does but for what he does not do, then that union or legislature is reducing us to our lowest common denominator of laziness, thriftlessness and incompetence.—(Extra from an article by Channing Pollock in the August issue of The American Mercury.)

PROFIT BY NEWSPAPER ADVERTISING

There are no two ways about it! Certainly the easiest way to get the most for every dollar you spend is to buy products that you know about through the advertisements in your paper. You don't have to go out and look for buying opportunities. The advertisements bring them to you. And all you need do is consider the facts, compare values and decide on the soap or the sedan that best fits your judgment and your pocketbook.

Certainly the best way of making your money go farthest is to buy merchandise of proved value, advertised merchandise, merchandise that is bought and used by many people. Merchandise that must be superlatively good enough for its maker to keep calling it to the attention of people day after day and year after year.

This is the service—of convenience and profit—that the advertisements offer you. It will pay you to read them regularly and take advantage of everything they can do for you.—Humboldt Star, Winnemucca, Nevada.

Apparently poor Old England is tottering to another triumph.—Asheville Citizen-Observer.

HOME EDUCATION

"The Child's First School Is the Family"—Froebel

Issued by National Kindergarten Assn. 5 W. 40th St. New York

The isolated child
MARY ELIZABETH THOMSON
"So this is your baby, Margaret.
How are you, dear?"

The little boy put out his hand
and looked his mother's sister in
the face. "I have a little doggie,"
he said. "Santa Claus brought it
for me. Come and see."

Kate Watson, who had been
away in the West for a number
of years, but came for a visit with
her sister, Mrs. Kennedy. She fol-
lowed her nephew out to the
kitchen.

A little Spitz puppy was lying
fast asleep on a cushion. "My!
what a lovely doggie," she ex-
claimed. "Such a dear pet for a
boy. I'm sure you love it."

He nodded assent. "I call him
Gyp. Mary says he's a collier and
I take him for a run. He barks at
the pussies and can make them run
up a tree. He plays with a ball
too."

Before bedtime Dick and his
sister were fast friends. He showed
her his books and his toys and told
her the story of Goldilocks and the
three bears, which was his fa-
vorite just then.

When the little chap was safely
tucked in bed the sisters felt free
to talk about him. "What a fine
boy he is," said Kate. "I was so
afraid he would be a spoilt child;
he is so much younger than the
others. Nearly nine years, isn't he?
but how different! He wouldn't
shake hands or speak a word or
even look at me. He sat like a sol-
dier little owl staring at father
page. I wondered if he thought he

was showing me how dignified he
was. His mother never seemed to
think he was acting badly. Do
you know, I was afraid Dick would
be like him. I'm so glad he isn't."

"I'm sure Mrs. Carey's little boy
is just a darling," said Kate. "He
couldn't. The child seldom sees
anybody but his father and mother.
Mrs. Carey is a martyr to duty and
never seems to want to go any-
where and seldom has visitors.
That's what is wrong with the
child."

"I feared I would have the same
problem with Dick. He is prac-
tically an only child, too, for the
others were up and out of the nest
by the time he was out of his
cradle. Fortunately, I am fond of
visitors, so from the first Dick was
accustomed to meeting strangers.
I have always made a special ef-
fort to persuade mothers who have
little children to bring them when
they came to call, for with no chil-
dren in the family to play with,
I realize Dick must depend on his
friends to give him those early so-
cial contacts that are so important.
They have understood and cooper-
ated with me in every way. So
Dick is learning to be as good a
visitor as he is a host."

"And the dog?" How did that
come about? "I remember you
never could endure a dog in the
house."

"Yes are quite right. A large
dog in the house has always been
very distasteful to me. But as Dick
grew older, I realized he needed
some kind of live companion for
everyday frolics. He was too
puppy. So Jim got him the Spitz
puppy. It was just what he needed.
The puppy is such a tiny thing it
doesn't mind him in the house, and
he is so lively and intelligent, he
keeps the boy alert. Dick and his
dog have a lot of fun together, and
they get the exercise they both
require."

WHAT'S GOING ON IN WASHINGTON

(Courtesy The United States News)

America's unemployment com-
pensation program begins actual
operation with payment of the first
check—\$15 sent by the state of
Wisconsin to an engraver named
Nella Round on August 17, 1936.
Wisconsin's plan antedates the
social security act passed by con-
gress, collection of the fund from
which benefits are paid having be-
gun in 1934. Then after the fed-
eral law was enacted, Wisconsin
was the first state plan to be ap-
proved by the social security
board.

The check is paid from a reserve
fund of 14 million dollars built up
by the state through a tax levied
on employers there. The number
of employees eligible for benefits, in
case of loss of jobs, is 460,000.

Wisconsin is one of the 16 states,
including the District of Columbia,
that have unemployment compensa-
tion plans approved by the ad-
ministration. In all, they operate
give essential protection to about
eight million workers.

When all states have adopted such
laws, it is estimated that 20
million wage earners will receive
protection.

As American naval officials in
Washington on whom officers and
men of two visiting Japanese naval
training ships, exchanging mes-
sages of good will, unofficial rep-
resentatives of America, Japan and
other interested nations discuss
the realities of international ten-
sions, at the annual meeting of the
Institute of Pacific Relations, held
in Yosemite, Calif.

Central point of discussion is the
Japanese drive for export markets.
Newton D. Baker, former United
States secretary of war, depicts the
destructibility of fear and peaceful
trading. Another American, Wil-
liam W. Lockwood, contends that
other nations, by hostile tariffs,
are making it impossible for Japan
to give a political turn to her strug-
gle for markets.

A former officer of the British
admiralty warns the Japanese of
further isolation if political and
imperial aspirations are wrapped
up with trade complicity.

To which warning Japanese dele-
gates reply that foreign trade in
large volume is the island na-
tion's lifeblood to strangulation. In
addition, Japan is represented as a
bulwark against Communism, both
China and Russia.

Reply Russian spokesmen: Com-
munism would be no threat if Rus-
sia were not the speaker. Russia
is for peace with all nations.

A barrage of court actions is laid
down on the senate committee
charged with investigating labor
espionage and denials of civil
rights. Senator Robert M. La Fol-
lette (Prog.) of Wisconsin, heads
the committee.

As Sen. La Follette calls the
committee into session, a restrain-
ing order from the district court
is served, staying a summons to
officers of one detective agency
specializing in anti-labor activity.
At the same time in Philadelphia,
a restraining order is issued on
behalf of this and three other
similar agencies.

Meanwhile, investigators for the
committee report that subpoenas
for the records of the agencies, is-
sued more than a week ago, have
been able to secure valuable paper
scraps sent out with the waste
from the offices of the agencies.
These, they assert, are in process
of being pieced together and will
give typical pictures of the activity
carried on by companies.

The committee's chairman post-
pones the session, warning the
companies and their officers that
their "contempt of the senate" will
be punished. The Philadelphia
court action is withdrawn after
postponement of the session, but
with the notice that the applica-
tion for injunction may be renewed
when the committee reassembles.

Ground on which the senate
committee's inquiry is fought when
investigation is unconstitutional.
Employment, both private and
public, engages the attention of
the president as he calls for reports
on two separate but related prob-
lems. The purpose: Mapping new
policies.

One problem is the extent of ab-
sorption of the jobless into industry
and the prospects for its continu-
ance.

Employment in business, while
leaving a little less than 11 per cent
looking for jobs. This is the esti-
mate of the American Federation of
Labor, and indicates a shrinkage
since a year ago amounting to 1,
250,000 workers. This estimate
makes allowance for the young
people entering the labor market
for the first time.

The other problem is the relative
effectiveness of work relief and
of large public works in relieving
the distress of needy employables.
Currently, large public works

under the FWA is almost at a
standstill, none of the 300 million
dollars authorized by congress for
expenditure this year having been
touched. Chief reasons is the pro-
mulgation of new rules under
which loans are to be proportionate
to the amount of relief labor that
is employed.

On the other hand, work relief
rolls are expanding, standing now
at \$31,000, which is about 300,
000 above the figure on July 1.
This increase is accounted for
largely by the new need created by
the drought.

DO YOU KNOW ILLINOIS?
BY EDWARD J. HUGHES
Secretary of State

The secretary of state of Illinois is the state librarian ex-officio.
The state library and archives division under his jurisdiction contains
of particular interest to readers and which are not covered in this
book will be answered immediately.

Q. What prompted John Deere
to experiment with steel for his
new plow?

A. The wooden plows were of
little use in the rich Illinois soil
after the mat of virgin soil was
turned. Deere listened to the prob-
lems of his neighbors and experi-
mented with steel as the ideal ma-
terial of which to build a plow that
would shed the sticky soil.

Q. What books are loaned by
the extension department of the
state library?

A. The library extension divi-
sion of the state library sends out
books for individual loans and in
traveling library collections for
community and school use. This
division maintains fiction and chil-
dren's books, as well as a good col-
lection of books on other subjects.

Q. Who was the first superin-
tendent of public instruction in
Illinois?

A. The office of the superin-
tendent of public instruction was
created in 1834. That year Thompson
Campbell was secretary of state,
and he became ex-officio the first
superintendent of public instruction
in Illinois. He was followed in
office by Horace S. Cooley and
in the army of the Union.

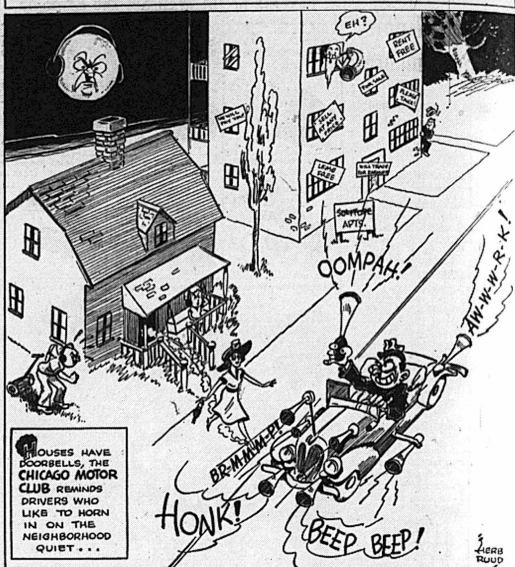

Q. How many truck and trailer
licenses were issued in Illinois last
year?

A. 190,343 truck and 14,636
trailer licenses were issued.

Q. How many motorcycle li-
censes were issued in Illinois last
year?

A. 15,710 licenses were issued
in 1935. Last year only 5291.

The Status of Liberty
The head of the Statue of Lib-
erty was completed in time for ex-
hibition at the Paris exposition in
1878, the forearm having been sent
to Philadelphia for showing at the
Centennial exposition in 1876. Thence
it was transferred to Madison
Square Garden, New York city,
where it remained until the statue
was formally dedicated in 1886,
three years after the framework and
base had been put into place. It
rises 305 feet from foundation of
pedestal to top of torch. The
length of a hand is 16 feet 5 inches.

and other names of amateur prom-
inence known to the sporting world
will be included in the list of fight-
ers. Jack Riley, former All-American
team halfback from Notre Dame
and director of activities for the
C.Y.O., assured C. A. Long, general
chairman of the show, that all ap-
pearing on Friday's card will be
from the top-notch class of each
division.

In addition to the amateur fight-
ers, a 30-minute wrestling match
between Rudy Hoffman, member
of Post's Health gymnasium, and
Jack Riley, former All-American
tackle from Northwestern, 1932
Olympic wrestling team member,
out former inter-collegiate wrest-
ling champion, promises to be of
great interest.

Riley defeated Hoffman after 20
minutes in the first encounter at
the matches held by St. Anne's last
year in the park. Chairman Long
rematched the two upon the re-
quest of Hoffman, who is seeking
to gain a victory over Riley.

The show, which Chairman
Long promises will be of great
interest, will be staged on the ath-
letic field at Northside park and
will be floodlighted to insure prop-
er vision. The seating arrange-
ments, according to Mr. Long, will
be fixed so that all spectators will
have a clear view of the ring.

Max Marek, heavyweight title
contender in professional ranks
and only fighter to defeat Joe Louis
as an amateur, will referee the
bouts and Jack Elder will an-
nounce the bouts and fight.
Harry Forbes, former hantam-
weight champion of the world, now
living in Barrington, will act as one
of the judges. Sporting and social
celebrities have promised to attend
the fights and assist as many as
had last year.

The head of the Statue of Liberty was completed in time for exhibition at the Paris exposition in 1876, the form having been sent to Philadelphia for showing at the Centennial exposition in 1876. Thence it was transferred to Madison Square Garden, New York city, where it remained until the statue was formally dedicated in 1886, three years after the framework and base had been put into place. It uses 305 feet from foundation of pedestal to top of torch. The length of a hand is 16 feet 5 inches. The index finger is 8 feet long. The thickness of the hand from ear to ear is 10 feet. The nose is 4 feet 6 inches long. The mouth is 3 feet across.

The Bride in White
The common practice of the bride wearing a gown of white at the nuptial ceremony originated with the Romans, with whom white stood for purity. White still stands for purity. When a bride is advised to wear something blue the idea is darkened back to the ancient Jews, for whom that color was the symbol of purity, love and fidelity.

Hamlet's Origin Traced
Hamlet was a mythical or semi-mythical Danish prince and the originator of the name Shakespeare took the story had the name Hamlet.

Olson Meets Bruns at Round Lake Open Air Arena Friday

Ole Olson, 238 pound Swedish wrestling champion, returns to Lake county after almost a year of absence, to give young Bob Bruns, sensational blonde Adonis, one of the toughest tests of his entire career Friday night, August 28, in the Round Lake Open Air Arena in a match to the finish as the main event of the sixth all-star mat program at the summer season.

Bruns, who is still "hot under the collar" because of the raw deal he received in his recent match with Jim McMillen, is out to avenge this defeat and prove that he is the rightful number one claimant to world title honors. Local mat fans are still talking about the recent McMillen-Bruns match with options divided as to who the better man really is.

Olson was the first choice of the local matchmaker for a match with Bobby when McMillen flatly refused to meet up with the blonde husky for a return bout. Ole is the originator and greatest exponent of the jaw crushing, neck cracking, Swedish face-lock, and is one of the greatest box-office attractions in the East. In Bruns he will be facing a tartar and may find the going tougher than he expects. This match will mark the pair's second meeting, as they grappled to a thrilling thirty-minute draw last summer at Round Lake.

Ancient Durazo

Durazo, a port of the youthful kingdom of Albania, was founded as Epidamnus at the end of the Seventh century B. C. Quarrels over its ownership led to the Peloponnesian war of 431 B. C. It changed hands many times until the Kingdom of Albania was created in 1913.

Extend Deadline
for Tax Payment

Reuben G. Plague, deputy tax
collector for the town of Barrington,
announced Wednesday that
extension of time has been
granted taxpayers in the country
towns.

He stated that the books will
be in Barrington until September 8,
but not until September 29 in the
impression held by some tax-
payers. Originally the returnable
date for the books was August 29
but by order of the county treas-
urer the delinquent date was put
back to September 29. The country
town books must be in Chicago by
September 10, however.

A total of \$35,000 has been
collected in real estate and per-
sonal property taxes to date, and
Mr. Plague reported that the ma-
jority of property owners were pay-
ing both the first and second in-
stallments in full.

Townsend Club to
Hold First Mass
Meeting Friday

New Organization Sponsor
Gathering With Guest
Speaker

A mass meeting of Townsend
Recovery Plan club No. 1 of the
Barrington will be held at the
hall, 115 W. Station street, Fri-
day evening at 8 o'clock. Prof.
Valley, authorized Townsend
speaker of Chicago, is expected
to be present to explain the Town-
send plan and to answer ques-
tions and distribute literature.

Prof. Valley is one of the ear-
ly workers of the Townsend move-
ment and has composed words to
music for two Townsend songs
which he will present on the pro-
gram.

The preliminary steps to orga-
nizing the Barrington Townsend
club were taken at a meeting held
at the home of Mr. and Mrs. O.
Ketter, 403 N. Cook street, Sun-
day evening. Eleven persons were
present and it was decided to elect
officers if possible at the meet-
ing Friday night.

Mr. Ketter acted as chairman
over the meeting and introduced
H. Iverson of Evanston who dis-
cussed the Townsend plan and
growth.

The meeting Friday night
open to the public. Mr. Ketter
stated, and questions concern-
ing the movement will be answer-
ed and discussed if possible. He
was temporary chairman that eve-
ning and Mr. Iverson will be
charge of the entertainment. Of-
ficers are expected to be elected
and other business pertinent to
the organization of the club discuss-
ed.
