Week-End Holiday Marred by Many Motor Accidents

Pedestrian Injuries and Car Crashes Part of Local Mishaps

Death rode the nation's high-
ways during the past week-end
and took the staggering toll of
257 lives as a direct result
of automobile accidents. Lake
county reported three deaths and
a large number of injuries. The
total for the entire state was
29 deaths. Highway traffic here
was heavy and an officer was in-
volved at the Hough and North-

as the village to regulate traffic.
These auto accidents and two
mishaps in which persons were
killed by automobiles were re-

Twenty-six Families Still Want to Rent a Six Room Bungalow

"Please cancel our ad for the

noon after the paper was out
and then received 26 more
calls from the ad," he said.
This result reflects a heavy
demand for homes in this com-
munity at the present time. The

Ela Township High School Increases Enrollment to 106

An increase of 10 students was shown in the registrations for the new term at Ela township high school, J. L. Clements, principal, reported Wednesday. The total registration for the four high school classes is 106.

The freshmen have 36 students, sophomores have 28, juniors 20 and seniors 12. The increase this year is largely due to the greater freshmen enrollment.

Principal Clements reported that a meeting between athletic coaches of Palestine, Wauconda and Elsawhatch high schools was scheduled for Wednesday afternoon to discuss an athletic program for the schools this fall.

He stated that a softball league is being discussed for three schools. This would be substituted for football which is not played by these schools.

"The Name 'Sharding'"

"Sharding" is a German family name meaning a carrier, or one who cuts up or dissects; also a vent or a tear. The corresponding British name is Carrer.

A Union service sponsored by the Young People's Christian commission is to be held at the Methodist church Sunday evening at 7:30 o'clock. The event is in the form of a farewell service.

Reverend Hermann Koenig will preach and the Young People's commission will sponsor a social hour after the worship service.

Members of the Barrington high school B club and lettermen from years prior to the founding of B club have been asked to gather for an informal meeting in the school auditorium Thursday evening at 8. The purpose of the meeting, as explained by Coach Paul Clark, will be for those athletes graduated from high school who have to attend higher branches of learning this fall.

Coach Clark explained that it is not necessary for a former letterman to be a member of the B club in order to attend. The invitation is extended to all fellows in the hope of encouraging local interest in high school athletics.

Joe E. Brown Is
Star of Feature
Sunday, Monday

Shirley Temple in "The Poor Little Rich Girl" Is
Coming to Catlow

Interest in the merchants' award program for Friday is the feature, "First Baby." It is a romance of two sweet kids who find a brand new baby and a bad case of in-law interference.

Short subjects preceding the feature include a comedy, cartoon and Pathé news.

The exploits of the world's most famous woman jewel thief are recounted in "The Return of Sophie Lang," playing Saturday night.

Gertrude Michael and Sir Godfrey Standing are starred in this dramatic drama that's packed with exciting situations and comebacks.

The short subjects scheduled for this bill merit special mention. "Chic" Sale in the oddity, "La Boy Blue," Tom Howard in comedy, "Hail Birds," a Boop cartoon and late news.

Joe E. Brown adds his natural vein of humor to the hilarious situations found in "Earthbound Tractors," the picturization which will play Sunday and Monday.

This celebrated series from Saturday Evening Post has been transformed into screen fare which holds the record of the season's mirth-provoker.

With June Travis, Guy Kibbee and Dick Foran aiding Joe, it denotes top each other in laughter.

Additional subjects to be featured on this program include Pasty Kelly in "At the Sea Shore," new Symphony cartoon in color, descriptive news and a popular science magazine reel done in color.

The offering for Tuesday, again night, is titled, "High Tension."

This yarn strikes a new note story background, having for theme the adventures of "trotter shooters" for undersea camera lines.

It's wired for thrills, punctuated with comedy, and charged with personality of its stars—Norm Foster, Glenda Farrell and Br. Donnelly. Excellent short subjects will round out the program.

Every youngster in the community and every older who not lost his interest in the "new manuscript" of youth, will hear with anticipated joy the announcement of the showing of Shirley Temple's new picture, "The Poor Little Rich Girl."

It is not an exaggeration to say that "The Poor Little Rich Girl" is the best picture of the season.

Joe E. Brown Is Star of Feature Sunday, Monday

Shirley Temple in "The Poor Little Rich Girl" Is Coming to Catlow

Interest in the merchants' award of an Emerson 10-tube radio will terminate at 9 p. m. Friday, when the ownership will pass to someone in attendance at the local theatre.

The main event of the screen program for Friday is the feature, "First Baby." It is a merry romance of two sweet kids with a brand new baby and a bad case of in-law interference.

Short subjects preceding the feature include a comedy, cartoon and pugie news.

The exploits of the world's newest woman jewel thief are recounted in "The Return of Sophie Lane," playing Saturday night.

Gertrude Michael and Sir Guy Hunsford are starred in this audacious drama that's packed with exciting situations and comedy scenes.

The short subjects scheduled for this bill merit special mention with "The Sale in the Oddity," "Little Boy Blue," Tom Howard in the comedy, "Hill Birds," a Betty Hutton cartoon and late news reel.

Joe E. Brown adds his natural humor to the hilarious situations found in "Earthworm Tractors," the pictureization of which will play Sunday and Monday.

This celebrated series from the Sunday Evening Post has been transformed into screen fare which holds the record of the season as a much producer.

With June Travis, Guy Kibbee and Dick Foran aiding Joe, includes top each other in laughter.

Additional subjects to be found on the program include "Patty Kelly," "At the Sea Shore," new Billy Sydney cartoon in color, late descriptive news and a popular science magazine reel in color.

The offering for Tuesday, hard to miss, is titled, "High Tension." This yarn strikes a new note in story background, having for its theme the adventures of "trouble shooters" for undersea cable lines.

It is wired for thrills, punctuated with comedy, and charged with the personality of its stars—Norman Foster, Glenda Farrell and Brian Donlevy. Excellent short subjects will round out the program.

Every youngster in the community and every older who has not lost his interest in the "sweet misadventures" of youth, will herald with anticipated joy the announcement of the showing of Shirley Temple's new picture, "The Poor Little Rich Girl."

It is not an exaggeration to say that "The Poor Little Rich Girl" is incomparably Shirley's best. For her characteristic of the pampered but lonesome child of wealth who becomes lost on the streets of New York and is adopted into the home of an Italian organ grinder, retains the charming naivete of childhood.

"The Poor Little Rich Girl" is scheduled to be shown three days, beginning next Wednesday night.

COMPARATIVE RECOVERY

Every three months the league of nations collects figures on economic developments the world around.

The most recent report shows that the United States has made less progress toward the prosperity level of 1929 than any other important industrial country except France.

Here are the figures showing the current rate of industrial production in percentages of the 1929 volume for each country:

Country	Percentage of 1929	Country	Percentage of 1929
Japan	135.3	Spain	87.4
Finland	130.0	Italy	87.0
Chile	125.1	Canada	81.7
Denmark	121.0	Belgium	80.6
Estonia	120.3	United States	79.0
Great Britain	112.2	Czechoslovakia	73.8
Norway	111.4	France	71.7

CHILD'S PROSPECT AND FARM

An economist at the University of Wisconsin, Dr. O. E. Baker, expresses the sincere hope that his boy, now 6, will eventually be a farmer.

This is why, reasons the professor:

The farmer has better food, even in times of depression, than his city neighbors; he has better health; he can accumulate more property; he is more likely to enjoy his work than town people; finally, and most important, the farmer is more likely to rear a family and do his part to promote the general welfare of the nation.

From that viewpoint, this economist's ambition for his boy ought to set up an example for many other urban fathers.

In any event it is one bet in their children's future that parents cannot afford to overlook.

And incidentally, laying aside the customary jibes directed at farm life, agriculture, in the final analysis, is the nation's fundamental business.

THE CONSUMER SHOULD KNOW

In the belief that the general public, which ultimately pays all taxes anyway, should know what hidden assessments it is paying toward the cost of government, a growing number of manufacturers are calling attention to the hidden tax in the price of the products they sell.

One of the latest to adopt this measure is a New York laundry which has begun to add a flat two cents charge to each bundle of laundry to cover unemployment insurance and social security costs. A nationally known bakery is noticing printing on the wrapper of each loaf of bread a notice that two cents of the purchase price of the bread is going to pay the cost of government.

In the shoe business there is a width called AAAA. It looks decidedly unconstitutional.—American Lumberman.

Bronchos Will Play First Conference Game With Warren October 3

Many more muscles are in view for the 35 men who reported for football Tuesday afternoon. This group consists of veterans and new recruits. For the first few days the boys will take it easy, but in a couple of days work will begin in earnest and the men will be given their prospective positions in the lineup.

Only five lettermen are back with the Bronchos this year. There is, however, quite a large group of prospects who checked out equipment. The team this year will probably have one of the fastest backfields they have had in several years.

This season's squad and other teams who play here will find a very nice turf field which will be in good condition in all weather.

Besides the heavy and lightweight teams which will be coached by F. E. Clark and T. C. Hooford respectively, there will be a third team consisting mostly of freshmen and sophomores, which will be under the supervision of R. J. Kennedy.

Tax Collection Is Reported Favorable

Tax collections for the town of Barrington amounted to \$55,000. Reuben Plagge, deputy collector, reported Wednesday and is the highest sum collected locally for several years. He also stated that personal property collections were the highest. He estimated that the amounts collected for real estate and personal property taxes were in excess of 50 per cent of the outstanding tax due in the town of Barrington.

Mr. Plagge stated that property owners may still save themselves a trip to Chicago at a later date to pay their taxes by paying at the First National bank in the next day or so. The tax books were requested to be in the county clerk's office by September 10 but Mr. Plagge feels that he may be able to hold them in Barrington for a day or so, possibly until Saturday.

Language of Jesus
While scholars are not agreed as to the language spoken by Jesus, it is generally supposed that it was the Galilean dialect of the Aramaic or Syriac language, a corrupted form of the Hebrew proper. This was the language of the common people, while Hebrew remained the learned and sacred language of the Jews. Both Latin and Greek were also used in Palestine, particularly by the Roman rulers and the trading classes.

Simplicity, so often an unappreciated asset, is the basic charm of this home. Green shingled roof against a background of white siding walls form a color harmony that will be distinctive in both winter and summer.

This home offers a maximum of livable space on a minimum of ground. It combines all the accommodations of a much larger home with the economies of the smaller house.

See us for further details. It can be financed under the F.H.A. plan and paid for in monthly payments like rent.
