Church Says Poor Man Pays for Waste

Continued from page 1

in the history of the nation. However, he represented the minority side and fought for three and one-half years against what he termed the extravagances of the administration. In answer to the promise that no additional taxes will be necessary, Congressman Church declared that we are being taxed from every angle already.

"The taxes are deceitful, hidden taxes in order that you may not know. When you buy a five dollar pair of shoes you pay 43 hidden taxes. When you buy a tie you pay 42 hidden taxes. When you buy a coat for your wife you pay 63 hidden taxes. When the coat costs \$35 you are paying \$6.86 of that amount in hidden taxes."

"It has been computed that the average middle class man pays 2700 hidden taxes on the things that he buys for everyday use, 1500 taxes on the things his wife buys and 1200 taxes on the things himself uses."

The 53 households which have been built for unfortunate farmers in Lake county have been completed but only 24 families have been placed on those farms although there have been 1100 applicants for the same, he said. He declared that the other 27 would not be selected until after election as each of the nearly 1100 have been in line for some time. They will be left in their home

pretexts to vote, the congressman predicted.

The meeting was called together by County Supervisor H. D. Kelsey who stressed the importance of the present period. He said the history of America had three periods of great stress and importance, those of Washington, Lincoln and London. He introduced the chairman of the evening, Randolph Berg, Cuba town district committeeman.

Among the visiting representatives introduced by Mr. Berg were the following: George Hentschler, candidate for lieutenant governor; Ben Miller, county chairman; Dr. A. G. Gieske, Barrington town committeeman; State Senator Ray Padock; L. J. Wilnot, clerk of circuit court; John Taylor, county coroner; Howard Scott, recorder of deeds; Lake County State Attorney Charles Mason; and Mr. Church and Mr. Lyons.

Each of the visiting representatives delivered a short talk. Music and entertainment was furnished by the high school band, the Skokie Valley Boys and Mildred Kitzberry.

Re-Registration Required for All Voters in Cook

Unnecessary in Lake; Time and Place to Register Given

Registration days for voters in Barrington, Palatine, Cuba and Elia towns have been announced this week by local officials. The dates for the towns of Barrington and Palatine are Saturday, Sept. 24 and Tuesday, Oct. 6. Henry S. Sott, town clerk announced. For the towns of Cuba and Elia they are October 13 and 27, both being Tuesdays.

Rallies by county election commissions concerning registration days vary for Cook and Lake counties.

It is compulsory that each individual voter register or re-register in all Cook county towns, including Barrington and Palatine in order to be eligible for voting at the November 2 election. The places of registration will be open from 6 a. m. until 9 p. m. on both days.

In Lake county it is not necessary that voters whose names have been on the books re-register. However, their names must be on the books to enable them to vote. Those who did not vote at the fall election four years ago or the election two years ago or at the primaries this spring should take the precaution to determine if their names are on the lists. Cuba Supervisor H. D. Kelsey advised. All new voters in the towns of course must register.

The names on the present list will be copied in the new election books. Mr. Kelsey added, but to eliminate possibility of oversight he suggested that Lake county voters visit their registration places and inspect their books. They may examine the poll books at the registration places between October 13 and 27 to determine if their names are properly recorded.

The polling or registration places in this district and the precinct outlines are published below:
