Seek Judicial Decision on Old Joint Bank Account Split

Suit against the school township of Barrington filed in circuit court of Lake county by Attorney D. B. Maloney, representing the village of Barrington, asking for a division of a joint bank account in the First National bank held under the title of F. L. Waterman, treasurer, from 1919 until 1922.

Instructions for the filing were given by the village attorney Monday night by the board of village trustees.

"This is a friendly suit," John Carroll, chairman of the Finance committee, said. "We want to terminate finally and officially the legal status of the joint bank account. It was a joint account in the First National bank held under the title of F. L. Waterman, treasurer. He held the office of treasurer the village of Barrington from 1919 until 1922, when the state bank closed. However, when the state bank closed, he declared that nearly the entire frozen balance in that bank—approximately \$14,000—was in favor of the village and the entire balance in the solvent First National bank was in favor of the school township.

The village claimed a pre-nuptial amount of each bank deposit and engaged an auditor to determine the exact status of the joint account. This auditor's report was in favor of the village but was not accepted by the township board. The two banks were closed and joint meetings in an unsuccessful effort to arrive at an agreement and a settlement.

September Building Maintains Increase

Building permits in the village of Barrington during the month of September increased more than 100 per cent over August of this year and also held a substantial gain over September of 1935. The total for the month of September was \$23,200.

Permit was issued to C. E. Billings, 603 S. Cook street, to remodel a garage and residence at an estimated cost of \$3900. Dan Jensen and Wilmore received a permit to build a mortuary at 149 W. Main street at a cost of \$49,000.

The large increase was due to the close of the final registration day Tuesday evening. The new total for the three precincts is 1676 as compared to 1448 in the last precinct election year.

Precinct 1 registered 738 voters, an increase of 122 over the total of 616 four years ago. The new high for precinct 3 is 666, a gain of 93. Rural precinct 2 registered 274, a gain of 13.

The large increase was due principally to the activities of the two major political parties in bringing voters to the polls to register and insure their voting rights.

Residents of Elia and Cuba townships will have the opportunity to place their names on the poll books October 13 and October 17. In between those days it is possible for anyone as the books will be kept available to the public. It will not be necessary for persons to register in Lake county precincts if they have voted in those precincts at recent elections.

Eight books of Cuba town will hang in the place of registration, Schaub Bros. & Collins garage, 176 S. Cook street, from October 15 to 27. Hours of registration on the two days will be from 9 a. m. until 4 p. m., D.T. The registrations in Elia will be held in the town hall at Lake Zurich from 9 a. m. until 8 p. m., D.T. on both days.

On those days the books will be at the Lake Zurich post office.

The poll books of April primaries were sent out to supervisors of Lake county Wednesday. D. K. Koenig reported. The names from the primary election will be copied in the books by judges, he said, and those who register in the primary will not have to register.

Anyone physically unable to register may be registered at his residence and he will arrange the matter as one of the first aid class, he announced.

Man Escapes Death As Train Hits Car

Alex Raymond Knox, 520 N. Buttick street, Waukegan, miraculously escaped serious injury and possible death Friday night when his car was struck and demolished by a freight train backing down the Lake County line at the crossing of the Chicago and North Western railroad.

Workmen laboring on the tracks, traveling south when the collision occurred. His car was dragged approximately 100 feet and ended by being so tightly jammed under the wheels of the box car that it was necessary for a Scherf to bring his wrecking crew to the scene and jack up the freight car. Workmen labored 45 minutes to extricate Knox from the twisted mass of wood and steel that once was his car. An examination at the Elia hospital revealed that a broken bone in his right ankle was the extent of his injuries.

Buildings on Bloom Farm Burn Saturday

Fire of undetermined origin destroyed a summer kitchen and brooder house on the Bloom farm, Elia road, one mile north of the Cook-Lake county line in Elia township, Saturday afternoon. The place is tenanted by B. Terlesen.

The blaze was discovered shortly after noon by the family. It had started in the summer kitchen next to the rear of the house. Combined efforts of neighbors who organized a bucket brigade managed to keep the flames under control until the fire department arrived on the scene.

The contents of the building were insured, Mr. Terlesen reported.
