**Interest in Election Is Highest in Year**

Continued from page 1  
The state versus an upheaval planned by the democrats. The voters have one man in office now, the county clerk—and are trying to increase their holdings. The picture in Cook county is covered. The democrats have the control which the republicans are trying to seize.  
Lake county voters will accept or reject one proposal; that is, the establishment of a county tuberculosis sanitarium financed by a tax on 1 1/2 mills. Cook county voters outside of Chicago will have no proposals before them. Chicago voters will decide an issue important to all suburban as well as city residents. It is not of eastern time or central time or city time.  
Regardless of which is accepted, the suburbs will for conveniences accept the same schedule.

**JACK BAIRSTOW STATE'S ATTORNEY**

● Endorsed by public opinion.  
● Esteemed by the law for years.  
● An advocate of honest elections, independent and aggressive.  
● In his constructive campaign his accomplishments, not alibis, have awakened public sentiment against greed, lust and hypocrisy.

AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE. Bairstow said, in "The March of Crime": "If a life is saved or a youth is stopped short of a criminal act; then I have accomplished something."

Chicago Tribune Editorial: "People cannot ignore the evidence or avoid the conviction that more is involved in these miscarriages of law than merely an unwise sentiment or a patient endeavor to reform the wayward or incorrigible."  
J. Edgar Hoover, director of the G-men, said: "Remember this always: The only thing which concerns the crooked politician is the fact that every time you catch a criminal, he loses votes."

The State's Attorney is the people's lawyer. Put him to work to protect yourself, your family and your property.
