ON DISPLAY at all Buick Showrooms

SPECIAL CENTURY ROADMASTER LIMITED

FOUR WONDROUS NEW REASONS WHY: "It's Buick again!"

SENSATIONAL is the fervor with which the American public has taken to its heart the brilliant motor cars offered by Buick this year.

Indeed, the sweeping success of the 1936 Buick program flatly challenged us and our great General Motors to a momentous decision.

Should we continue this amazingly popular line of cars into next year, perhaps the prudent thing to do—or should we dare broad improvement upon their spectacular excellence?

We felt there was only one right answer to that question, the bold and progressive answer—and that's why insiders now forecasting 1937 are already saying: "It's Buick again!"

That's why on top of \$15,000,000 recently spent re-tooling and re-equipping Buick's great plant, we

appropriated and are now spending \$14,500,000 more.

That's why every car in the 1937 Buick line—the SPECIAL, the CENTURY, the ROADMASTER and the LIMITED—has more beauty for dazzling style, more power for breath-taking action, more room for full-family comfort, more downright "road-command" for safety and pleasure. See them.

YOU'VE GOT WHAT IT TAKES!

You can afford the new Buick. It's easy to buy and thrifty to own. With all its quality, its phenomenal performance and its styling style, prices start as low as \$765 and up to \$11,000 at Flint, Mich.
