National Preaching Mission

In the second of a series of four articles by the ministers of the co-operating churches of Barrington I wish to add a bit more of information and, if I can, of inspiration to the article of last week by Rev. Koenig.

Throughout the United States denominational groups, smaller groups and individual churches have been planning and preparing under the leadership of the ministry and the laity their respective Preaching Mission programs. In those centers where these gatherings have already been held folks have gathered by the thousands to be greatly encouraged and inspired as they listened to great messages by the humble apostles of the faith. The deep earnestness of these men could not be doubted as they prompted their audiences to feel that this is serious business and not a passing fancy.

The one supreme purpose of the National Preaching Mission is to present Jesus Christ and His gospel as the only hope for humanity. The fundamentals of the Christian Faith have been and will continue to be dealt with as these messages center about Jesus Christ. The minds and hearts of these representatives of God are burdened. Their burden is not for the success of the Preaching Mission, but because of their great desire to see men repent and return to God as they once more make a complete surrender of life to Him.

Few times in the history of this nation has our civilization faced destruction from irreligion as it does now.
