THE OLD REFRAIN WITH NEW ENTHUSIASM

As the end of the most encouraging recovery year approaches, we feel the increased optimism on all sides. Right now this translates itself into a genuine Yuletide spirit of the old-fashioned variety.

TEACHERS FAVOR INCOME TAX

The teachers of Illinois through their official organization have protested against the large tax delinquencies in some sections of the state. The report of the resolutions committee of the Illinois Education association, as reported by the chairman, S. B. Sullivan, principal of the high school at West Frankfort, appearing this week in the December number of the Illinois teacher, stated:

"In some sections of the state there has been little improvement during the past year in the percentage of taxes collected. Some counties show a heavy tax delinquency. Schools in those counties are operating on a greatly reduced budget and bank credit has often been denied. Teachers are going unpaid, and in some sections boards of education have actually taken steps toward the closing of their schools for the year beginning September, 1937.

The resolutions also favored a constitutional amendment, permitting a graduated income tax, stating that "because of the inequalities in assessed valuations and because of the ease with which intangible property escapes the tax assessor, a general property tax as the basis of governmental revenue is no longer adequate.

REVIEWS

December 16, 1936

Editor: Barrington Review, Barrington, Illinois. Dear Sir:

As one who has for many years been a resident of the country adjacent to the Village of Barrington, and in view of various controversies, it appears appropriate that I should state the following based on my experience and observations: From about 1870 to 1910 the Village of Barrington obtained most of its income from surrounding dairy farms. During this period there began a movement to change the village from a rural community to a residential community.

The growth of the village, however, has not followed in like measure as did that of the surrounding country. The inception of suburban village development on this branch of the railroad had a leading start over the North Shore suburbs, with the exception of Evanston and Lake Forest.

Very much more could be said regarding Barrington village management, but the above may serve to call attention to the general situation. Yours very truly, (SIGNED) WM. LEONARDI.

Has no meaning. In 1943 Philadelphia prohibited by ordinance bathing from November 1 to March 15, and Boston made bathing unlawful except when prescribed by a physician. Also, bath-tubs were taxed \$30 yearly.

WHAT'S GOING ON IN WASHINGTON

The voice of big industry speaks, pledging "cooperation" with government in the promotion of economic and social progress. The voice is that of the National Association of Manufacturers. Abandoning an outright opposition to the administration, as shown in former years, the association declares in favor of:

1. Economic security for each citizen, but without limitation of his individual opportunities and responsibilities for creating security for himself. 2. The right of employment irrespective of membership or non-membership in any organization and the right of labor to bargain without coercion.

What farmers may expect of federal aid in 1937 and what they must do in order to receive it is the chief subject of Secretary Agriculture Wallace in a statement setting forth the regulations of the agricultural adjustment administration.

An average of \$9 an acre is to be paid to cooperating farmers for each acre of land devoted for soil-depleting crops, such as grain or cotton, and planted to soil-conserving crops, such as clover, hay or alfalfa.

With Supreme court approval, the government assumes power to prevent "write-ups" as a means for increasing rates charged by utility companies. The decision takes the form of approving a method of accounting proposed for telephone companies by the federal communications commission.

HOME EDUCATION "The Child's First School is the Family"—Froebel

Issued by National Kindergarten Assn. 8 W. 40th St., New York

Darkness PRICKED JOAN'S EYES. "Ant! Mary," piped Joan from the bathroom light! "Why not?" asked Aunt Mary. "The switch is too high for you to reach. Have you tried it?" "No, I haven't tried it," replied Joan. "Oh, yes you can, dear," called her Aunt, going on with her work. For Aunt Mary understood the substitution of Joan did not like "the dark," and while still in the hall, the lamp from Aunt Mary's bedroom partially lighted the way.

Seeking Recruits for C.C.C. Duties Marjory Jordan, certification agent for the Civilian Conservation Corps in the Waukegan district, announced this week that there is to be a C.C.C. replacement enrollment during the first two weeks of January.

This dislike of the dark, which is often a real timidity, is apt to creep upon a child slowly and is unnoticed by the mother until it is so firmly fixed that it is difficult to overcome.

Broncho C

Broncho-Alumni Game Scheduled for December 28

Heavies Lose to Lake Forest 27 to 20, to Leyden 30-19; Lights Take One

Evidently they had been absent as the BHS Bronchos lost two games over the week-end. The Bronks were up against two very strong teams. Friday the forest and white traveled to Lake Forest and took a 27 to 20 loss at the hands of the Gold Coasters. A 30 to 19 score faced the Bronchos at the final gun of the Broncho-Leyden game on the local court Saturday.

T. C. Hoofner's Ponies had a somewhat better holiday than the BHS Bronchos lost two games over the week-end. The Ponies lost to the Lake Forest light weights by a 23 to 20 score at Lake Forest Friday. Saturday they defeated the Leyden Eagles in a close game of 24 to 22 on the home floor.

Broncho-Lake Forest Game Both teams started the game fairly even, but Lake Forest gradually pulled away from the locals plugging up a 15 to 7 score at the half. In the last period Lake Forest opened a bigger zip in the score by dumping in three baskets and six charity tosses. Barrington reserves were their highest scorers in the last half also making four field goals and five free throws. Several reserves were in the game. The Bronks in the last half who helped a good deal to raise the tally.

Fouling Heavy Fouling was heavy on both teams in the last half. Kinnsaid and Elmer went out on fouls in the third quarter. Hopkins also left the game on fouls. Barrington won 15 fouls to Lake Forest's 11.

Pony Game The lights had tough sledding throughout most of the game. Lake Forest forwards had the local guards pretty well bottled up making a lot of passing necessary which was easily intercepted. In the last quarter Barrington opened up with four sloppy shots. The Ponies missed ten charity tosses and ran up 10 fouls.

Broncho-Leyden Game The Bronks started the game off by scoring eight points before the Eagles scored. The opponents soon started to walk away from the Bronchos. The Bronchos led at the first quarter. At the half the Leyden led by 12 points. The score ran about comparatively close up until the last quarter. Leyden scored 11 points to Barrington's four in the last quarter. Leyden had a group of fine ball handlers. The Eagles kept the Bronks pretty well on the defensive and worked in very fast passes when on the offensive. The locals seemed to be slow on receiving passes and handing on the ball. Several times the ball was passed in under the basket, but numerous fumbles made scoring impossible.

Eagles Fast The Leyden lights, went wild open for the first three periods with some very fast passing and kept the Ponies on the defensive a good part of the game. The opponents led the scoring up until the latter part of the last period when the locals opened up with several long shots and sank numerous free throws. The score was 21 to 22 in favor of the Ponies with about one minute left to play. Chupch put in a charity throw and Shepard dumped one in from near center to win the game.

Games This Week The Bronchos and the BHS alumni will play their annual game on the high school court Monday night, December 28.

The nights of December 29 and 30 the local basketball squads will take part in a Christmas case tournament at Arlington Heights. Barrington, Arlington, Leyden and Palatine will be the contestants of the two evening games. Opponents on each tit will be unknown until a few minutes before playing time on Tuesday night. The losers of Tuesday's games will play Wednesday night as will the winners. These games will be played under the new rulings on Northwest conference competition.

Friday's Laupe Heavyweights— 20—70 FT. Crabborn, F. 2 1 2 Gaare, F. 1 0 0 Mierman, F. 0 0 0 Tilly, F. 1 0 0 Wally, F. 1 0 0 Ed. Gaare, C. 3 0 0 Kinsaid, G. 2 0 0 Elmer, G. 1 0 0
