Missionary to Talk at Church Meeting

Dr. E. Stanley Jones, authorities

DR. E. STANLEY JONES

DR. E. STANLEY JONES
Methodist Episcopal church,
Evanation, Sunday morning, Jan.
17, and in the First Methodist
Episcopal church, Oak Park, on
the evening of the same day. Dr.
Ernest F. Tittle, pastor, will be
host of the morning meeting; and
Dr. G. A. Fowler, host of the
ovening gathering.
Dr. Jones is probably the bestknown missionary evangelist in
the world today. In India, Japan,
Kores, Burma, China, and in Malaya, he has been heard by hundreds of thousands of people of
the ductated classes. South America, a few years ago, througed to a
series of meetings which he held
in their principal cities and hid

any other living religious leader.
Dr. Jones was the most eagerlysought preacher in the National
Pracaching measure has the results of preacher
preacher in the National any other living religious leader. Dr. Jones was the most engerly-sought preacher in the National Preaching mission which during the past three months held great meetings across America under the auspices of the Federal Coun-ciliof Churches of Christ. His ad-dress at Madison Square Garden, New York, drew an audience of 18 000 people.

Rate, Nurse States "Our chances of enjoying good health in 1937 free from the clutches of tuberculosis are four-feld greater than they were 30 years ago." were the encouraging

feld greater than they were 30 years ago," were the encouraging words of the chairman of the Barrington seal committee, affiliated with the Chicago Tuberculosis Institute, the organization which sponsors the anti-tuberculosis foristmas Seal sale.

Statistics show that 30 years ago, when the Christmas Seal with the double-barred cross was introduced, inner than 135 persons out of every 100,000 of the population in the seoming the back 50 years, records show that one person in every 1000 became a victim of the dread "White Plaque."

Miss Lilliam MacLeish, the local school nurse, explained that, "Today we have enough scientific knowledge to bring the "White Plaque" under control, if not to eradicate it. But to do this required the deducation of may maillons of persons. Express of tiberculosis and the methods of preventing it.
"Our double-barred cross

become familiar with the causes of tuberculosis and the methods of preventing it.

"Our double-barred cross Christmas Seals have been sponsoring such an educational campaign for many years. In recent years tuberculosis associations such as the Chicago Tuberculosis mach as the Chicago Tuberculosis associations project in Chicago has provided tuberculin tests and chest X-rays for more than 20,000 Chicago high school students."

This tuberculin skin testing program is but one of the many programs sponsored by the Chicago Tuberculosis Institute for Chicago throughout the year.
