Issue Proclamation for Arbor and Bird Days in Illinois

Observance of Arbor and Bird Days by the citizens of Illinois is urged by Governor Henry Horner in a proclamation designating April 16 as Arbor Day and Octo-ber 15 as Bird Day.

her 15 as Bird Day.

The governor urged "the people of Illinois to devote these days to the planting of trees and shrubbery about their homes and highways" and suggested that public schools and civic organizations present programs appropriate to the eccasion.

scasion.

Sirds and forest trees have
of inestimable value to our
a," the governor said. "In "Bitch- and "forest trees have been of inestimable value to our state." the governor said. "In the pionest days of the state wate of these conomic benefits was the opies of the day. However, took this watchword is conservation. We have know that brids kill many injectious finesets and the products of the forest farmish as with advantages that cannot be obtained "whethere."

Seek Increase in Library Tax Rate for Libertyville

Voters in Libertyrille towaship will be asked to approve an increase of three cents on each \$1.00 or property valuation in the town's library levy when they go to the April 8. The increase is being-asked: it. Was reported, due to a decrease in property valuations, with a resultant drop in income from the old stated for the income from the old stated for pin income from the old rate of nine cents on the \$1.00 wilnation. Voters in Libertwelle township

valuation.

The proposed increase would bring the levy to 12 cents, a sum, it was stated, not sufficient to burden any taxpayer, but great enough to allow the library to function efficiently.

Lageschulte & Hager Tel., Barrington 5

THE 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the r nical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget-a car you can drive with pride and profit -see the thrifty "60"
