Club Speaker Urges Emotional Training for Young People

C. Christensen Says Youth Needs Religion for Stability

"The tendency now is to educate for mediocrity, not greatness," Carl A. Christensen, lecturer, told members and guests of the Barrington Woman's club at its meeting in the Methodist church Wednesday afternoon.

He declared that there should be a line of training for statesmanship, training in emotional stability, less emphasis on intellectual success, a background of religion so that youth may meet its difficulties wholesomely. "Too often we destroy the vision and idealism of youth," he said.

These qualities, hand in hand with the wisdom and maturity of old age could effect progress in political, economic and social life, he pointed out.

Unemployment, inability to marry because of financial insecurity, lack of religious influence and inadequate emotional training were listed by the speaker as reasons for the hardness of many young people today.

Mr. Christensen, touched upon work of the American Youth Congress, then cited instances of youth's contribution to government today, the result of "youth's ability to see the impossible as possible," thus effecting reforms in political spheres.

In conclusion, he appealed to women to take pride in their status as homemakers. "Every youth today needs mothering. We need women in government, business and professions, but most of all, we need mothers," he said. "Now we reverence women with jobs but what we need is to reverence women who fulfill their unique destiny which is spiritual as well as physical."

The first half of the program consisted of delightful music by that talented Barrington couple, Mr. and Mrs. Joseph E. Chapek II with Mr. Chapek's mother playing piano accompaniments for their whistling and violin numbers.

Mrs. Chapek whistled a variety of selections and Mr. Chapek played violin compositions of his own and of his father's in addition to several others. For his last solo, his wife accompanied him on the piano.

Mrs. K. K. Lilien Re-Elected President of P.T.A. Tuesday

Mrs. K. K. Lilien was re-elected president of the Parent-Teacher association at a meeting in the public school auditorium Tuesday evening.

Other officers re-elected for a second term were Mrs. E. A. Beerman, treasurer and Miss Agnes Welch, secretary. Mrs. Simon Landwehr was elected vice president.

Mrs. Lilien was appointed delegate to the state convention at Illinois in April.

Musical numbers for the program were songs by a chorus of fourth and fifth grade girls, directed by Miss Ardith Calkins, after which Mrs. Chester B. Allen of Brookfield presented a moving picture "Our Schools." The film depicted appropriations to schools by other states and emphasized the need of greater state support in Illinois.

It was decided to give all proceeds from the P.T.A. hobby show April 3 to the fund for sending Barrington high school orchestra to the national convention in Ohio.

Village Trustees Approve Resolution Accepting Sewers

Village trustees approved a resolution Monday night accepting the new sanitary and storm sewer lines constructed by Allied Bridge and Construction company as completed with a number of exceptions listed.

A sum of \$5000 is held in escrow pending the completion of some items to be done in warm weather and following a check to be made for this amount of information in the sewer tile.

Goes to Merrill, Wis.

H. A. Johnson left for Merrill, Wis. Monday, where he will remain for a month or more before returning to Barrington.

H. J. Lageschulte, 78 Sunday, Has Seen Community Grow From Handful of Houses

"All the stores are going to close March 14 on Henry Lageschulte's 50th birthday," the word was passed around a little more than 25 years ago.

"Henry is a good fellow, and I'd like to attend a celebration of his honor, but I can not afford to close up for a whole day," one local merchant said.

"My customers won't like it. May be we had better close an hour or two earlier than usual so his feelings won't be hurt, unless his birthday is on a busy day of the week like Saturday. By the way, what day is his birthday?"

There was a scramble for a calendar. This small group of business men had been told by H. J. Lageschulte, then known as the Lageschulte Lumber and Hager, Inc., that the stores in town were going to close up on March 14, his fiftieth birthday. They looked for a calendar. Yes, Mr. Lageschulte was right. They were going to close on his birthday—the day would be Sunday.

That was 25 years ago. This year, Mr. Lageschulte's 78th birthday again fell on Sunday. He closed it quietly with relatives and friends, and could not resist telling of his birthday joke on local merchants 25 years earlier.

Mr. Lageschulte has had some interesting experiences in this

Barrington community. He saw some of the boys in blue leave to join the union forces in the Civil War. He remembers the excitement following the assassination of President Lincoln. The growth of the community from a couple of dozen houses and six business buildings has taken place in his lifetime. He was born March 14, 1858, on the farm later known as the Ots Shop farm about three and one-half miles southwest of the village. His parents, Garrett and Elizabeth Lageschulte, had come to Barrington and settled on that farm after a long sailing trip from Germany. They traveled on a canal boat to Donker Grove, then took some distance south of Des Plaines. Coming across country, they selected the farm site and purchased the land from an early settler, H. Clawson.

The first store building in Barrington still stands. It is the Will Hatje blacksmith shop, but when H. J. Lageschulte was a boy, it housed a general store operated by Nate Friend. Mr. Colburn came to Barrington and took over the site now occupied by the Strand Dress shop. Mr. Els had a store in the frame building next to Friend's, on the ground now occupied by part of the Miller Oil Co. The building until a few years ago was the home of the East Side restaurant. It has been moved to South Northwest highway.

There are located on the site of the Strand building the First National Bank and part of the original Tea Co. Will Howarth had the store where the National Tea is located. One meat market in town was conducted by Mr. Jackson in the basement of his home on the lot south of where Daniels and Willimere now have a funeral parlor.

"The Country is Lost" was the way a neighbor man accidentally dispatched the news of Lincoln's assassination. That statement and the general excitement which followed the tragedy made a deep impression on the youth of six years. History reports that the statement expressed the feeling of many Northerners at the time.

Mr. Lageschulte grew up in Barrington and still has his life, and has been an important figure in the business, religious and social life of the community. He married Miss Sophia Gellerman of Elgin. Her death occurred in 1930.

172 Children Are Given First Toxicod Shots at School

A total of 172 children were given first toxicod treatment for diphtheria at the public school Monday by local doctors and the school nurse working in conjunction with members of the Barrington and P.T.A. Their second inoculations will be given in three weeks.

When the third is given, three weeks later, all school children who have not been vaccinated for small pox will have an opportunity to be vaccinated also. Consent slips for all treatments, signed by parents, must be in the hands of the school nurse before a child may receive treatment.

Among those who were inoculated Monday were public school children, pupils from St. Anne parochial school and pre-school children. This is the first time immunization work has been undertaken in the village on a big scale.

Main Street Job to Start in Ten Days; Add Improvements

Work on widening Main street from Northwest highway to west of Route 59 from the intersection of routes 22 and 63 to Wauconda will be started in April letting of contracts by the state highway department. H. D. Kellogg, supervisor of the town of Cuba, stated this week.

The roadway was graded and culverts installed last year. The job was halted during the winter to allow the deep fill sufficient time to settle properly. When completed, the strip becomes part of the road which connects the middle central part of the state with the Grass Lake area.

School Holidays

Classes of the public school will be dismissed Friday afternoon when the teachers attend a meeting at New Tiverton high school in Winnetka. Easter holidays will be Good Friday and Easter Monday.

Woman's Club Votes Against Packing of Court Forty to Six

With a vote of 49 to 6, members of the Barrington Woman's club expressed their disapproval of President Roosevelt's proposal to pack the supreme court, at the regular club meeting held at the Methodist church Wednesday afternoon.

Of this number, 10 were against the proposal of express companies of any specified and 9 expressed themselves as being in favor of voluntary retirement by the judges.

Votes were cast at a short business session preceding the regular program upon request of the club president. Mrs. Lester Higgins, who read a message from the national federation president, stated taken relative to the proposal to give the president power to add six justices of his own choosing to the supreme court of the U. S.

In connection with the ballots, local club members were asked also to express their preference for a club luncheon in spring or fall and suggestions made to reciprocate. Reciprocal were: 39 for fall or a club luncheon in spring; 14 in favor of a fall luncheon; 2 for reciprocity day each year; 14 for every two years; 8 for every three years; 2 for every four years.

There are located on the site of the Strand building the First National Bank and part of the original Tea Co. Will Howarth had the store where the National Tea is located. One meat market in town was conducted by Mr. Jackson in the basement of his home on the lot south of where Daniels and Willimere now have a funeral parlor.

"The Country is Lost" was the way a neighbor man accidentally dispatched the news of Lincoln's assassination. That statement and the general excitement which followed the tragedy made a deep impression on the youth of six years. Hatje Seeking Second Term; Ten Filed for Trustees; Burandt Running

Nomination papers for persons seeking Barrington village offices, filed with A. C. Burandt, clerk, prior to closing time Tuesday night revealed one candidate for president, one for clerk, one for village magistrate, 10 for trustees and four for library board.

Village President, Earl Hause, will be unopposed as he seeks to be returned for his second term in that office as will be A. C. Burandt, who is seeking his fifth term as clerk. A. D. Church will be unopposed in his campaign for police magistrate.

The picture is a little different in the race for trustees. John C. Carroll, J. D. Daeschler, N. O. Plagie, R. F. Kocher, Sr., H. D. A. Grebe, have filed. The new candidates are B. A. Schroeder, William Nightingale, Leo LaPointe, Rudolph Berg and John H. Blanke. Six are to be elected.

Mr. E. L. Campbell and Mrs. John E. Campbell are candidates for the four year term on the library board and Mrs. W. D. Dettorre and E. M. Wallace are candidates for the six year term. Two are to be elected for each of the different terms.

With the exception of Mr. Blanke, who is seeking to be returned after having resigned last year in order to act as resident engineer on a bridge, all the new candidates are seeking to be elected to the board members. All the new candidates are seeking to be elected to the office for the first time. Mr. Schroeder campaigned two years ago for village clerk while Mr. Berg was elected republican candidate committee man in the national and state primary in 1936.

The veteran trustees on the board at present include M. G. Carroll and Mr. Daeschler. Mr. Carroll was elected in 1930 and has successfully won in four consecutive elections. Mr. Daeschler was elected in 1932 and again in 1935. Mr. Blanke was elected in 1935 as were Trustees Grebe, Plagie and Kocher. They are not the first term on the board for Mr. Kocher, who had served terms prior to 1936.

A. C. Burandt has held the office of village clerk since 1930 when he was first elected. Village President Hatje served two terms as trustee, first in 1931 and again in 1933. He ran and was elected in 1935.

This year the interest will center around the offices of trustees. The chart below showing the number of votes polled in village elections since 1930 will be of interest.

Threaten to Close Alley; Order Fence Built for Safety

The street committee of the Barrington village board was instructed Monday night to prepare plans for placing a fence along the Chicago and North Western railroad tracks in the alley between Cook and Hough streets.

The committee, consisting of the railroad and the village, has reported the advisability of closing off the alley entirely, due to the safety hazard caused by cars and trucks going up too close to the rails in pulling in and out.

The company agreed not to close off the alley if a guard fence is placed eight feet from the rails. The street committee was in conference with the property owners who have agreed to furnish the materials with the village street crew doing the labor.

Posts are to be sunk at intervals and capped with a guard rail on top. When completed, the fence will be painted.

In Dance Recital

Miss Elizabeth Cheney of Barrington township, who is a sophomore at Sweet Briar this year, was among the students in the dance recital at Sweet Briar, presented in a dance hall March 13 as a climax to their year's work in this field of modern art expression.

Four hundred and thirty students took part in 15 dances, some of which included several parts and approximately 200 costumes were used.

School Suit Up Friday

The suit between trustees, directors and treasurer of school districts of Cuba township and the village of Barrington will come up for hearing Friday, March 19, in superior court of Cook county.

Attend Lions Meeting

M. H. Schreiber, district deputy governor, and P. R. Drotter, local Lions club members, attended a meeting of the Elgin Lions club Monday evening.

morrow night.

Reptiles in Zoo

Aided by Science

Calling off a threatened "hibernation strike," turtles and alligators have been brought back on the sand doing the stunts that make them popular with their visitors.

During the recent cold spell, reptiles were so cold that they had a marked lack of animation on the part of their charges. Turtles sat like logs, and the alligators lay still, and the alligators tested intensely remote controls to keep from freezing. The reptiles fell into a deep sleep, and awoke and awoke again. Some even died.

Investigation disclosed the cause. Room temperature was too low, and the reptiles were accustomed but the sand they were ramped and played was cold.

"After the Thin Man" Billed for Sunday, Monday

"Lloyd's of London," Starring Freddie Bartholomew, on Week's Bill

The thrills and drama of the world between the states in the 60's, with the charm and traditions of the old-time country, make an exciting background for "General Hospital," which comes Saturday in the Cinema.

This original human-interest play, limited in its short running time and delicate comedy, serves as a most appropriate vehicle for the young stars of McFarland as the newest and most sensational of juvenile screen stars. It is a picture of the mischievous antics, hilarious capers and inexhaustible supply of energy and fun that make up a full evening of entertainment for young people and children.

William Powell and Myrna of the merriest, maddest married couple in the screen, make a happy step, from the last thrilling chapter of "The Thin Man" into the first, and the first \$100,000 quest millions have demanded be written. "After the Thin Man," which plays Saturday.

Detective Nick Charles and his wife, Myrna, are back again, and Holmes and Watson are around to add to the fun. The stars are surrounded by a host of celebrities, including favorite James Stewart, Elissa Landi, John Qualen, Eddie Bracken, Sam Levene, Dorothy McNaught, George Zucco, Paul Pitt, and Asta, the dog, who is back again in "The Thin Man."

Three new gangsters are featured in "Under Your Spell," starring Lawrence Tibbett, which comes Saturday. The stars are "Under Your Spell," "Annie," and "My Little Mule" (Wiggin).

Lawrence Tibbett's supporting cast includes Wendy Barrie, George Raft, and the French actress, Zsa Zsa Gabor. Ted Healy and Eddie Kennedy, is double featured with Tibbett.

The precise English diction, cultured appearance, and quiet reserve of Freddie Bartholomew, in his many screen appearances, it seems, just the right type of boy to carry over an energetic, mischievous boy's spirit during his hours before the cameras.

His fellow-stars in "Lloyd's of London," which opens Wednesday, March 24, are "the young dynamic whirling in three of four directions at the same time."

Starred in "Lloyd's of London" is Madeline Carroll, heading the cast including Ray Greek Standing, Tyrone Power, Astor Smith and Virginia Field.

Youth Has Narrow Escape From Death

On Monoxide Fumes

Elmer Egger, 11, of Elgin, is recovering himself after having narrowly escaped from death by carbon monoxide fumes. Elmer, son of Mr. and Mrs. T. C. Egger, was working on his auto mobile in his garage when he became unconscious. His mother, Mrs. Egger, by the exhaust of the running motor, he staggered to the front door and was discovered by his mother, who called for help. An expert in gas fumes, who was called and succeeded in reviving him. He was

LITTLE PLAN A CLEAN-UP

According to the calendar, spring will be here next Sunday, but actually spring has arrived and settled down in Barrington already. Transplanting of the trees to prevent widening of Main street, an open winter, balmy weather, mud, and of course dunes—maybes hundreds of the first robin, have brought the community to the realization that spring is here.

All right, no argument there. But what shall we do about it?

For the last several years, this community has engaged in an annual spring clean-up campaign. The village board usually decides on a date for rubbish disposal and assists residents by hauling away winter accumulations of cans, ashes, and other trash. This is a very worthy cooperative undertaking and helps make the community clean, tidy and attractive. However, cleaning-up in a fair degree of pain-up and fix-up effort.

The plan is admirable. Any criticism that might be due should be directed against the limited amount of clean-up effort and the tardy date when the campaign usually gets underway. If the same event is thought about and taken care of in time, the results will be far more satisfactory to be successful. The date should be set for late in April rather than the middle of May, so lawns can be sown, gardens planted, houses painted and porches fixed well in advance of Decoration Day when the community likes to appear at its best.

TRAILERS, A NEW PROBLEM

Trailer regulation is one of the most complicated and difficult questions that will come up for consideration by numerous state legislatures in the months immediately ahead, Joseph H. Braun, general counsel of the Chicago Motor club, declared recently.

"Already, several municipalities have taken action against trailers and court suits have been filed," Mr. Braun said. "In some cases, the trailer which had been removed, and the 'traveling bungalow' placed on a brick or wood foundation, which action, city officials claim, brings the trailer under the provisions of the building code.

"In Pontiac, Mich., a judge ruled that trailers must have at least 400 feet of usable ground space and 500 cubic feet of space.

"In Detroit, the board of health has ordered trailers to move off a Detroit parking lot on the ground that the trailers were unsanitary and unsightly. An investigation has been ordered into possible fire hazards and other technical violations of the building code.

"The town of Palm Beach, Fla., has decreed restrictions against trailers and refused authority for establishment of a trailer camp. Parking of trailers on the highway is limited to one hour. A proposal was advanced in the city of Washington to prohibit trailers from parking except long enough to load and unload but this suggestion met with little popular opposition.

"Other questions such as taxation, schooling of children, and so on are among the knotty problems that have been created by the ever-growing and peripatetic trailer population."

THE FORTRESS

The federal government may secure power which it does not now possess in only one way, through the ratification by the people of several states of an amendment to the constitution.

In declaring a law in violation of the constitution, the supreme court is not thwarting the will of the people. If congress enacts legislation approved by the president which is in violation of the constitution, it expresses the will of congress and the president only. If the constitution is to stand, the elected representatives of the people are given the right to provisions and exercise only the powers therein granted, we must have a supreme court to check and restrain the executive and congress from performing acts or passing laws in excess of their powers. The supreme court is necessary to prevent the invasion of rights of the individual, and the enforcement of laws by congress that the constitution expressly forbids.

In view of the long, able and patriotic service of the judicial branch of our government and its very beginning, it should take a stand and refuse to curtail or prevent the supreme court from exercising its constitutional functions. The court was repeatedly justified the past decisions of the court which have occasionally disappointed certain political or economic interests. Time will reaffirm this view in the future.

The supreme court was established as a barrier against the majority of legislation if either the executive or the legislative branch attempted to take their rights from the people. The court is the fortress, the arsenal, the standing army of the American people in the protection and enforcement of the inalienable rights which lovers of liberty in every civilized land have staked their blood and treasure to enjoy.—From a speech in the senate by Senator David L. Walsh, Democrat of Massachusetts.

WHAT'S GOING ON

WASHINGTON

(Courtesy The United States News)

A series of legislative bills took shape in the White House and Congress in the last week of March. Mr. Roosevelt and Senator Billings, chairman of the Senate in the court, charged that the Senate was not in session.

Thirty-four senators in favor of changing the size of the Senate.

Thirty-five senators opposed to changing the size of the Senate.

Twenty senators on the fence.

Against that background, the leaders of the nation—members of the cabinet, senators and representatives—gathered in the Roosevelt's residence for a conference—gathered to dinner at \$100 a plate for the members.

With a sharp reduction in the size of the Senate, the Senate gathered over the last, as expected, the end of a \$420,000,000 deficit.
