Property Owners Ask for Widening of Dundee Avenue

Seek 30 Foot Pavement; Map Reveals Width Shortage in Two Blocks

A petition for widening Dundee avenue from the south side of Main street to Hillside avenue was presented to the village board at its meeting Monday evening. It was signed by 14 property owners on Dundee avenue.

The signers requested the village board to seek assistance from either the state or county highway departments in widening the strip to 30 feet with curbing. The present width is 18 feet.

An examination of the village map revealed an error in the present street might possibly affect any future developments. It shows that on the east side of Dundee avenue from Main to Lake street there is only a 16.5 foot strip dedicated to the street while on the west side there is a 23 foot strip. From Lake street south on Dundee avenue a 33 foot strip is dedicated to the street from either side.

The error in laying the street and sidewalk is made noticeable by the bend in the road that occurs at the northeast side of the Lake-Dundee intersection. A study of the signatures on the petition shows that no property owners on the east side of Dundee avenue between Main and Lake signed. It could not be learned if all of them were approached or not.

In making the request, it was also pointed out that assistance might be received from the fund credited to the village from the state gas tax. This fund, trust pointed out, is not sufficient to complete that job, which was estimated to cost approximately \$20,000.

The matter was turned over to Rudolph Berg, chairman of the street committee, for study. It was suggested by Trustee John Carroll that if the project were successful, the paving might be extended to join main 63 at the village limits south.

Petition signers were as follows: H. Brintlinger, E. C. Wolff, First National bank, Evergreen cemetery; Mrs. A. J. Schaefer, George Elmer, Henry Maric, John Westphal, George Elfrink, Paul Purcell, Irving Hager, D. C. Schroeder, W. Klingenberg, A. L. Scherf.

Early Rush to Pay Lake County Taxes

More than 1,000 Lake county property owners paid their current taxes at the office of County Treasurer Allen J. Nelson Monday in the opening rush to avoid the penalty for delinquency which will be added on June 1.

All tax bills including 141,296

for real estate and 25,000 for personal property, were mailed last week to the property owners from the office of the county treasurer. The tax bills showed the amount of the current and back taxes on real estate and the current tax only on personal and property listings. In all there were 45,991 bills on real estate which had back taxes as well as current taxes, leaving 95,305 real estate parcels on which there are no delinquencies.

Payment on the tax bills, including \$4,500,000 in current extensions on real estate and personal property and the back taxes on real estate, is due now. The first installment on the real estate taxes must be paid before June 1.

The second installment on real estate taxes becomes due on August 1 and becomes delinquent on September 1. As in past years, many property owners are making a single payment of the entire tax bill at this time.

Miss Naomi Tate

Webb R. Hoffman

A pretty wedding was solemnized at the Salem church Sunday afternoon when Miss Naomi Tate, daughter of Mr. and Mrs. Edgar Tate, 209 W. Lake street, became the bride of Raymond Hoffman of Elgin. Rev. W. A. Stauffer officiated using the impressive single ring service.

Floor baskets of white snapdragons against a background of palms and ferns formed an artistic setting for the exchange of vows.

As the guests were being seated, an organ prelude, "I Love You Truly" and "Bessie" was played by Miss Florence Thies. Mrs. Walter Cannon then sang "The Sweetest Story Ever Told" and "O Promise Me."

At the strains of Lohengrin's wedding march, the bride entered on the arm of her father who gave her in marriage. They were met at the altar by the groom and his best man, Harold Hoffman. Mrs. Tate served as best man. Mrs. Ray Tate attended the bride. Miss Tate was beautiful in a white satin gown. Her veil fell gracefully from a lace cap and she carried an arm bouquet of calla lilies.

Mrs. Tate wore light blue crepe and a wreath of pink sweet peas. She carried a bouquet of white roses and sweet peas.

Walter Lehman and Earl Anderson of Elgin, George Ferenc of Fox River Grove, and Ray Tate, a brother of the bride, served as ushers.

Following the service, a wedding reception was held at the home of the bride's parents. Members of the immediate families of the bride and groom and close friends were guests.

Mr. and Mrs. Hoffman are spending this week on a motor trip to Washington, D. C. and their return will make their home in Elgin.

Wedding Saturday

Cornelius C. Snyder of Barrington and Miss Anna Elizabeth Berger of Highland Park were united in marriage Saturday morning at a pretty and impressive service in St. James church of Highland.

The bride was lovely in a cream brocaded satin gown that was worn by the groom's mother on her wedding day 48 years ago. She carried a bouquet of spring flowers. Soft organ music added to the quiet service.

Following the exchange of vows the bride and groom went to the home of Dr. and Mrs. Fitzgerald in Highland Park where the wedding breakfast was served.

REVIEWPOINTS

Barrington Review, Barrington, Illinois.

Dear Editor:

Since my return to Cary from California about three weeks ago, I have been much surprised to have people in my home town say to me that "The Townsend Plan is dead."

"Dr. Townsend is in jail," etc. I believe that I am in a position to know, and to state some plain facts that will indicate that instead of the Townsend Plan being "dead," as some of my neighbors think, "The Townsend Plan, which is incorporated in the new bill introduced in the congress, by Representative Crosby of Pennsylvania," called, "The General Welfare Act of 1937," H. R. 4199, is now the most alive and most vital measure before the congress and the American people.

the congress that now positively favors and is working for the enactment of "The General Welfare Act of 1937" into law, now numbers 151, and in addition to this group, an additional group of congressmen numbering more than 75 have agreed to sign the petition required to get the bill out of the hands of the ways and means committee and on the floor of the house for consideration.

The reason why there is now such a wide-spread sentiment in support of the "General Welfare Act of 1937" is because many people who some time ago seemed not to care about being interested in the Townsend Plan, have now read the new bill, and they have discovered that the plan is primarily a business recovery and a prosperity insurance plan. With this plan in operation, whereby as much money will be constantly circulated, as purchasing power, as was taken out of circulation by the deflation of the credit money, the business recovery of the nation will be rapid.

As a citizen of Cary, interested only in the distribution of truthful information, I want to say that Dr. F. E. Townsend is not, nor has he ever been in jail." The perfectly valid verdict rendered against him a short time ago, because he exercised the right that every American citizen has, under the constitution, and walked out from a congressional committee inquiry when it became abusive of his personal rights, that verdict has now been appealed to the United States supreme court, and a new trial will be granted. Believe me, my neighbors and friends, Dr. Townsend will never go to jail, and what is more, the Townsend National Recovery Plan will, I believe, in the near future be enacted into federal law.

Week-End Burglary Activities in Lake County Net \$4,000

An outbreak of burglaries over the week-end caused a loss of \$4,000 to a number of places in Lake county. The places entered were Kildeer Country club at Long Grove, Mill Creek Hunt club at Wadsworth, a dozen cottages in the Antioch area and a newly settled home near Libertyville.

Burglars broke into the golf professional shop at the Kildeer Country club and took over 100 high priced balls and 500 wood and iron clubs, all of which had just been stored in the shop by the club professional, George Arnold, for the start of the season.

The loot taken from the club was valued at \$2,000 by Arnold. It was covered by insurance. Deputy Sheriff Joseph Welch and Stanley Christian were informed. The burglary was discovered Sunday morning when Arnold arrived to open the shop for Sunday golfers.

Here's the DRUM-MAJOR of the motor car parade

If you know a leader when you meet one, you'll see the moment you try this sparkling Buick why it's called the out-in-front car of the year.

You'll go for the way it goes for you—serene, steady, gallant as the figurehead on a buoyant ship—you're in for a thrill every time you put it into action.

You handle a wheel that turns as easy as the pages of a book. You press the treadle—and sink inches deep back in the soft cushions with the swoop of its take-off.

You click off miles by the score, the hundred—and no matter how far you range or what gait you travel, you can't get a whine out of that softly whispering engine!

The answer is you've got a car that was born to go places the way you want to go—smoother, safer, steadier than any car you've known.

Power in this flashing Buick is the power of eight straight valve-in-head cylinders. Its

gait is the level gait of a car built close to earth with enough bulk to hold it there.

Its maneuverability is the quick mobility of a charger.

Yet the crowning touch of its creators was none of these but the figures they succeeded in writing on its price tag. The hard-to-realize fact is that this great straight eight can be bought for less than some of today's sixes!

There's just one way to get the true picture of Buick's standout value, and that's to drive it yourself. See us soon and get your order in, and you'll enjoy a summer like you've dreamed of!

"The Last of Mrs. Cheney" Coming in Week-End Feature

Catlow Theatre Offer Guest Privileges for Mother's Day Attraction

In "Wings of the Morning," which was produced entirely in technicolor, John McCormack, world-famous tenor, is reminded of his ambition to own a derby winner by the climax of the film, which shows Steve Donoghue, famed English jockey, riding an Irish-trained horse to a thrilling victory.

The "new" George Bancroft, neither hero nor villain, but the rough-hewn, lovable "he-man," makes his appearance in "John Meade's Woman," a gripping romance co-starring Edward Arnold and Francine Larrimore, which comes to the Catlow Saturday. Bancroft plays the role of lieutenant to Arnold, ruthless financial tycoon, who refuses to take Bancroft's advice in business and in his dealings with women—with disastrous results to himself. Gail Patrick, John Trent, Sidney Hillmer, Aileen Pringle and many others are in the elaborate cast.

For the fourth time in six years Joan Crawford and Robert Montgomery are teamed in the type of lubricating comedy that has placed both in the top ranks of stardom.

This time they are reunited in "The Last of Mrs. Cheney," which comes to the Catlow theatre Sunday and Monday. Miss Crawford appears as the delightful adventures Fay Cheney, and Montgomery as the persistent, titled wooer, Lord Arthur Dilling. William Powell plays the role of the distinguished butler.

In observance of Mother's Day Sunday, May 9, the Catlow theatre management has invited all mothers of 40 years or over to be the guests that day. This custom has been followed for the past several years.

The expressive flair for smart, sophisticated comedy exhibited by Melvyn Douglas in "She Married Her Boss" and "Theodore Goes Wild" and the gifted dramatic art displayed by Virginia Bruce in "The Great Ziegfeld" and "Born to Dance" have been eloquently combined in "Women of Glamour," showing at the Catlow theatre Tuesday.

Douglas appears in the role of the young artist, with Miss Bruce in the title character lead.

Double featured with "Women of Glamour" is "Devil's Playground" starring Richard Dix, Chester Morris and Dolores Del Rio.

Although Fonda's famous scrap with Fred MacMurray in "Trail of the Lonesome Pine" lasted longer and laid him up for two days, his latest fight in Walter Wanger's "You Only Live Once," coming Wednesday and Thursday, was a tougher assignment, according to the star. But the battles had something in common—both were fighting because of Sylvia Sydney.

Speech Classes to Present Two Plays

The speech classes in the Junior high school, which have been meeting from 2:30 to 4:15 on Tuesdays and Thursdays since the Christmas holidays, will close their year's work by presenting for the public two one-act plays May 14 at the school auditorium.

The first play is "The Fifteenth Candle," a short drama by Rachel Field, while the second is a Chinese fantasy written by Don Fether, entitled "The Lost Princess."

The cast of the plays follow: "The Fifteenth Candle": Violet, old shoemaker, Donald Ferguson; Stella, his daughter, Blinn Jensen; Rose, another daughter, Polly Ann Brooks; Mr. Goldstein, labor agent, Marshall Staylor;

Miss Roberts, art teacher, Frances Piagge.

"The Lost Princess": prologue, Jeannette Collins; chorus, Mary Ellen Gelliey; property man, Betty Weber; Sing Lo, the nurse, Barbara Watson; Tee Wee, the prince, Betty Jane White; Lo Ho, the bandit, Adolph Triser; Hi Ho, a bandit, Bob Langdale; All Bee, the bandit's mother, Doris Lovendahl; Joy, the little emperor, Richard Koenig; Li Mo, his foster mother, Audrey Cameron; Hi Tse, his foster father, Bill Long; the herald, John Hargrave; the scribe, Phyllis Bjornberg; soldiers, Forest Shepard, Leslie Bennett; bandits, George Whitcomb, George Hager, James Rieck; orchestra, Jeanne Flock, Jean Lovendahl, Mary Jane Blake.

The members of the speech classes who are not in plays are helping in their production by serving on committees which are planning and assembling costumes, collecting properties and devising the necessary stage settings.

Nine Golf and Tennis Entries in State Meets

Lack of Practice Is Blamed for Defeats of Local Participants

Nine of the high school golf and tennis fans participated in the state golf and tennis meets held at McHenry and Oak Park respectively Saturday.

In the tennis matches Olmsted and Elmer lost to the Maine tourist and seven-five. Castle and Shepard lost to the Morton high school team of Cicero six-nobling and six-three. Church was de-

feated in single sets by Highland Park. The first two sets went against Church six-four.

All of the four men who went to McHenry suffered defeat in the golf tournament. Wolf shot the lowest with an 83. Bierman shot 91. Tichy shot one higher with a 92. Grabenkort shot 101. The poor condition of the course made it difficult to shoot a low game.

Most of the contestants looked fairly good and with more practice probably would have placed

Three hundred scouts are expected to participate in this big event of the scout calendar which brings together in competition, the boy scouts from Barrington to Niles Center. Each troop expects weeks in preparation in order that it may bring honor to its group.

There are 36 troops in the area. It is expected that each troop will have from one to four competing patrols on hand. Each patrol consists of from five to eight scouts including their leader.

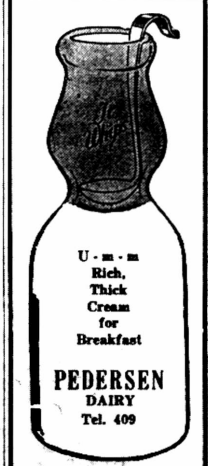

The public has been invited to attend and observe what is being accomplished in developing boys of their community by the men who devote their time and thought to youth training.

The camporee will be organized and conducted by a central staff consisting of Robert B. Lennie of Park Ridge, director of activities, Harold Alexander of Park Ridge, director of activities, Clifford Taylor of Des Plaines, campmaster activities, Rev. H. E. Koenig of Barrington, Russell Smith of Mt. Prospect, William Sonno of Morton Grove and John Mans of Palatine. This staff will be augmented by scoutmasters who will be selected by key positions in the big job of running smoothly a large group of boys in this big two-day project.

Farm Sale Proceeds Despite Effort to Use Federal Law

An attempt to halt a farm foreclosure sale at Antioch last Wednesday under the Frazier-Lemke act failed when Federal Judge James Wilkerson refused to grant an injunction. It was learned from Henry Bidinger, receiver representing Mrs. Emma Selter, who held a \$22,000 mortgage against a 76-acre farm and buildings owned by Mr. and Mrs. Andrew B. Wedden of Antioch.

Bidinger denied that Attorney J. A. Miller, counsel for the Weddens, had been successful in obtaining an injunction under the Frazier-Lemke act and that the master in chancery's sale went through on schedule.

Attorney Miller had presented a petition asking for a federal injunction but Judge Wilkerson ruled against the plaintiffs and allowed the sale to proceed.

The Frazier-Lemke act, if it was successfully applied, would allow the Weddens possession of the property on a rental basis as determined by government appraisers for three years. During that time they could pay off the mortgage, if possible, or at the end of that time, ask for a re-appraisal.

Know Your Shrubs to Enjoy Benefits

BY THE MASTER GARDENER

Do you profit by criticism? If you don't, you're overlooking one of the biggest opportunities life has to offer. Especially does this apply to gardening.

But to get down to the particular criticism I have in mind today—is it true, as a judge in a prominent garden contest said, that too many of us confine ourselves to the use of a very limited variety of

ONE of the greatest clothing merchants this country ever knew had as his motto: "It isn't the sale that counts—it's the customer."

It's been the cornerstone of the Hart Schaffner & Marx policy, too, for 50 years. Their unconditional guarantee of satisfaction is one mighty good reason why this famous make has become America's favorite.

shrubs—one or two kinds only—either flowering deciduous shrubs that are lovely and healthy in winter, or dwarf conifers that are rather too sedate? Do we overlook the cheerful berried shrubs, those with decorative colored twigs? Do we ignore the improved varieties of elder shrub, and the entirely new shrubs that are introduced from time to time?

Look at your garden plan, or if you have none, visualize in your mind's eye what makes up your shrub plantings. Are you flipping the shrubby pages of your nursery catalog over without a look at the many new and excellent shrubs now offered, some of them being introduced at great expense and effort by our plant explorers from remote parts of the world?

And another thing—are you getting the best from those shrubs that you do have? Have you studied the best pruning methods for each variety—that is, just how hard to prune and when to prune? Are you feeding your shrubs to bring out the full beauty of their foliage, to promote the greatest possible amount of bloom, and in the case of the berry-bearing shrubs, to provide a wealth of berries both for their decorative effect and for the food they provide for birds? A well-fed shrub is more resistant

to disease, too. Now is an excellent time to give your shrubs an application of a complete balanced plant food. Directions for applying are included in the package.

The automobile, belonging to Charles Kerin, 417 S. Oak street, which was stolen from in front of the residence of his mother, Mrs. Emma Kerin, 312 E. Franklin street, last Thursday evening, was returned Saturday morning by deputy sheriffs from Oregon. The machine was found abandoned in Oregon, where another had been stolen, by the sheriff's squad which had been notified of the theft by radio. A call had been made through the Lake county sheriff's office by Barrington night patrolmen when they were notified of the loss.

Mr. Kerin had gone to his mother's home for a short visit and had left the keys in the ignition. When he came out ten minutes later, the machine was gone.
