

## Two Watchmen for Hough Street R. R. Crossing Probable

C. & N. W. Division Superintendent Recommends Safety Measure

Two shifts of crossing watchmen to serve at the Hough street crossing of the C. & N. W. railway, from 6 a. m. to 10 p. m. daily, have been recommended by T. G. Campbell, superintendent of the Wisconsin division.

Mr. Campbell, speaking before Lions club Monday evening, expressed his opinion that the crossing watchmen were needed in addition to the wigwag signals. He reported that he has recommended this addition to the management of the railroad company and predicted the watchmen would be added. "I cannot promise the change, because the management has not ordered it yet," he said, "but I believe my recommendation will be accepted."

Following a fatal crossing accident early this year the Lions club and the Barrington village board urged the railroad to provide additional protection on Hough street. C. A. Klesner, chairman of the safety committee of the Lions club and John Dasehler, chairman of the police and health committee of the village board, corresponded with Mr. Campbell and recently interviewed him on the plan.

There are three shifts of watchmen on the Main and Cook streets crossing, giving protection 24 hours per day. Two men, on duty from 6 a. m. to 10 p. m. should be enough for Hough street, Mr. Campbell suggested. All but a few of the trains pass through Barrington and by far the greater part of the motor traffic travels over Hough street during that period. Though differs from that period at that most of its traffic consists of the "through-highway" variety.

## Annual Poppy Day Date Announced by Legion Auxiliary

Poppy Day will be observed in Barrington this year on Monday, May 24. Mrs. E. Olcott, chairman of the poppy committee of Barrington unit No. 158 of the American Legion Auxiliary, has announced. Extensive preparations for the observance of the day are being made by the Auxiliary women.

Memorial poppies, to be worn in honor of the World War dead and to raise funds for the welfare of the disabled veterans and needy families of the dead and disabled, will be distributed throughout the village. A group of local "poppy girls" will offer the flowers to everyone on the streets during the day and receive contributions for the Legion and Auxiliary welfare fund.

"Poppy Day is the day of personal tribute to the men who gave their lives in the nation's defense," explained Mrs. E. J. Langendorf, auxiliary president, "on that day citizens can show that they still remember and honor the sacrifices of those who lost their lives in the war. The poppy is their flower, made in their memory by their disabled comrades."

## Changes in Business Locations Announced

Several changes in business locations are contemplated for the past two or three weeks.

The Danielson and Willmaring, undertakers and funeral directors, will move into their new business home at 149 W. Main street late this week or next week, although a definite day for the move has not been announced.

The Barrington Produce Co., dealers in poultry, eggs and grain, will move into one section of the building at 282-286 South Cook street, now occupied by Danielson and Willmaring. Leach Auto Parts Co., now located at 108 W. Main street, will occupy the other section of the building at South Cook.

The Barrington Produce Co. is a new firm with Jack Helvey as proprietor. Other business changes of recent date have been the removal of Mrs. Ferguson's Clothes shop and Bear's Book store to 113 W. Main street.

Mrs. Barbara Kuehn, proprietor of the Warburton, 115 W. Main street, will conduct a book shop in the Warburton. A new clothes shop, conducted by Miss Lily Hoffmann of Chicago will also be in the Warburton.

## A Proclamation Have Always been among the foremost to answer any civic or patriotic call. During the World War some served with the armed forces while others did their part in service at home. They remember and honor the sacrifices of those who gave up their lives in the nation's defense, of those who were disabled in war service, and those who lost sons, husbands or fathers.

"Therefore, I am calling upon all citizens to observe Poppy Day, Monday, May 24, by wearing the memorial poppy of the American Legion and the American Legion Auxiliary, and to extend every courtesy and cooperation to the patriotic women of the American Legion Auxiliary who will distribute the poppy, I should like also to ask that everyone contribute as generously as his means will permit to the funds raised for the Legion and Auxiliary welfare work through the distribution of the flowers."

"The poppy is the flower of the World War dead. By wearing it we can pay them a personal tribute, and by our contribution in exchange for the poppy we can aid those still suffering from results of the war."

EARL HATJE,  
President of Village Board

## Driver Fails to Heed Sign; Woman Injured in Spine

Mrs. Albert Thieman, 60, is Victim of Crash Here Sunday Afternoon

Mrs. Albert Thieman, 61 years old of Carpenterville, suffered an injured spine when the car in which she was riding was struck by one driven by Robert Vetter, 347 McDaniel street, Highland Park, at the intersection of Russell and Hough streets Sunday afternoon.

Thieman was a passenger in a car driven by her son-in-law, George Grittmacher, 214 Washington street, Carpenterville, and in which Mr. Grittmacher and Mr. Thieman were also riding. They were traveling south on Hough street, and Vetter was going west on Russell to the D. B. Pomeroy home to visit a relative of William Howard, 214 N. Green Bay avenue, Highland Park, who was a passenger in the Vetter car.

According to witnesses, Vetter failed to stop for the stop sign at the intersection and crashed into the other machine. An ambulance was called to take Mrs. Thieman to the hospital but her injuries were not thought to be of serious nature and she was sent home by automobile. She was taken to the Sherman hospital in Elgin Monday where her spinal injury was revealed.

Vetter was booked with failure to heed the stop sign and the case is to be heard by Police Magistrate A. D. Church Saturday afternoon. Chief of Police Baedke took charge after the accident but the complaint was signed by Mr. Grittmacher.

Frank King and Ralph Nolan, both of Chicago, were injured in a two-car collision on the Rand road south of Lake Zurich early Monday morning. The injured were first taken to Lake Zurich by ambulance and then to Waconsa for treatment. King was later removed to the Conell Memorial hospital in Libertyville.

King and Nolan were occupants of one of the cars when it crashed into another going north on Rand road. Names of the drivers were not learned.

## Band Will Attend Youth Convention

The public school band will attend the Youth's convention and contest sponsored by the ninth district of the American Legion at Humboldt Park in Chicago Sunday afternoon.

Last year the band won second place in its division of music contest, and the Barrington pack won first place in drill march. Roy Willmaring directs the band, which is expected to leave here after the contest and return shortly after 5 o'clock.

A parade, music contest and speeches by Legion executives will be major events on the day's program.

## Two-Day Clean-up of Barrington to Start Next Monday

Residents Busy Sprucing Up  
Yards, Gardens and  
Homes

A complete clean-up, paint-up, repair and building section is on inside pages this issue of The Review. Read the advertisements as well as news and picture features, as many good suggestions are included in the ads.

More than a week of favorable weather has permitted local dwellers to prepare for the annual spring clean-up and haul-away which will take place next Monday and Tuesday. If only a little or no rain falls between now and Sunday, the vast majority of yards and gardens will be raked clean and the winter accumulations of rubbish piled in parkways ready for hauling.

Paul Parcell, superintendent of streets, advised residents to have their rubbish properly arranged in the parkways prior to Monday morning. The village trucks will start Monday morning and probably will not have time to go back over any streets a second time.

Leaves, straw, paper, etc., should be neatly tied up in bags or bundles. Old pieces of wood and metal should be piled together. The truck workers cannot carry away large pieces such as automobile bodies. No ashes nor garbage should be included.

## Col. John Roberts' Award Spurs Scouts for Court of Honor

The northern district of the Northwest Suburban council will hold a court of honor May 31 at the Barrington public school auditorium.

Scouts 9, 10, 21 and 29 will compete in getting out attendance to this court of honor. The troop getting the largest number of persons to the court will earn the privilege of selecting one of its members to receive the Col. John Roberts Award, a free trip to the 1937 national jamboree to be held at Washington, D. C. in July. Col. Roberts lives in Cuba township.

Rules governing the contest, which will come under the merit badge and court of honor committee of the executive council, of which W. R. Chapel and Rev. W. A. Stauffer are chairmen, are as follows:

First—The number of active registered scouts as of April 15 in each troop will determine the number of scouts in each troop upon which the contest percentage will be figured.

Second—Each troop will be furnished tickets, which are to be distributed to persons desiring to attend the court of honor. These tickets must be at least a door that evening by the persons attending the court of honor. To be counted, each ticket must bear the troop number and the name of the person presenting it at the door.

Third—No tickets will be counted for children under six years of age.

Fourth—No tickets are to be counted after 7 o'clock the evening of the court of honor.

Fifth—The boy scout selected by the troop winning the attendance contest must be at least a second class scout and meet all requirements laid down by the Northwest Suburban Council's juvenile committee and rules governing national jamboree.

Suggested rules to guide the winning troop in the selection of the honored scout will be announced later.

## Michael Igoe to Speak at Legion Community Dinner

Michael J. Igoe, United States district attorney from Chicago, will be the guest speaker at the annual American Legion community dinner to be held June 14. The location for the dinner has not been definitely set, the committee reported.

Those wishing to make plans for the dinner are as follows: Paul Schroeder, chairman; Harry Brandt and M. H. Schreiber.

Returns From West  
Andrew Pedersen returned Saturday from a four month's vacation spent with relatives in Washington, Oregon, Nevada and California.

## Two Business Buildings Added

The Danielson and Willmaring Funeral Home practically completed on West Main street, will be the home of the firm within a few days or weeks.

The Danielson and Willmaring Funeral Home practically completed on West Main street, will be the home of the firm within a few days or weeks.

A second greenhouse, added to the Plague Flowers plant, will enable the florists to offer a greater variety and supply of home grown flowers and plants.

## Petitions to Strike Sewer Damage Suit off Court Records

Seek Dismissal of \$55,000 Claim Against Village of Barrington

A motion to strike out the complaint claimed to be indefinite, inaccurate and ambiguous in the Gieske-Thorne sewer damage suit against the Village of Barrington was filed by D. B. Maloney, village attorney, in the circuit court of Lake county this week. Earl Hatje, village president, reported.

The suit was scheduled for trial on Monday, May 17, and according to reports, a hearing on the petition may be held before that time. The complainants seek \$55,000 in damages alleged to have been caused to seven pieces of property, five with homes, on Summit and Russell streets. Suit was filed last month by Mrs. Adalbert Gieske of Barrington and Mrs. Dorothy Stone of Chicago in the Lake county circuit court.

The complaint is based on claims said to have resulted from faulty construction of the separate sanitary and storm water sewers last year. Because of adverse conditions resulting from the complainants claim the property value suffered from damaged reputation and loss of renters.

## Legion Auxiliary Honors 6 Mothers at Program, Party

Six Barrington mothers were guests of honor at a special Mother's Day program and party arranged by the American Legion Auxiliary and held in the Legion club room Tuesday afternoon. They were Mrs. Susie Schwartz, Mrs. Ray Powers, Mrs. Ella Carlisle, Mrs. Johanna Gerda, Mrs. Cora Parcell and Mrs. Johanna Mordhaan.

The program included a vocal solo by Lorelei Langendorf, an accordion solo by Jean Lovendahl and a piano solo by Mrs. Elfrida Schroeder. Refreshments were served at a table attractively decorated in pastel shades and with a gift each mother's place. About 25 persons attended the party.

## Groups Select Two Local Youths for Leadership Awards

Harold and Donald Jorgenson Receive Distinctive Honors

Donald Jorgenson, 309 Grove avenue, eighth grade student of the public North school, was honored by the Chicago Motor club when he was selected with nine other boys in this area to make a trip of the club from May 17 to May 24.

Donald was selected a week ago as the most outstanding patrol boy in the northwest Cook county area. He and his companions will attend the sixth national patrol parade and conference in Washington and will be taken on tours to the interesting points in that vicinity.

Donald's brother Harold, a sophomore in Barrington high school, was also honored when he was selected by the Barrington American Legion Auxiliary to attend Boys' State at the fair grounds of the state capital at Springfield from June 10 to 24.

Harold, by virtue of his selection, will attend Boys' State which is a camp held annually by the American Legion to acquaint youth with the procedure and purposes of government.

The camp is run by officials elected from the group with legislative, judicial and executive procedure explained.

Donald's award was based on patrol service, grade, extra-curricular activities and out of school services. Donald was lieutenant of the patrol, which has 17 members, last year and was made captain last fall. The naming of a Barrington boy to the group is acknowledged a great honor due to the large number of schools in the area.

Other patrol boys at the school this year are: Leslie Bennett, lieutenant; Ed Folkerts, Robert Langdale, Frank Farrell, James Rieck, Charles Knapp, Vernon Anderson, Richard Koenig, Ralph Donner, Donald Schumacher, Adolph Trier, James Scott, Edward Tichy, George Whitcomb, Charles Wally and Andrew Stewart. Forest Sheppard, William Jurs and William Frey.

## Women's Union to Be Represented at 2-Day Convention

Mrs. Madeline A. L. Wiedenbeck and E. W. Out of Barrington will represent the Arlington Heights Federation and Women's Union of St. Paul Evangelical church at a national convention of Evangelical women, on May 15-21 at St. Louis, Mo. Two thousand women from 16 of the 48 states of the union are expected to attend. The program includes speakers of national and denominational renown.

Mrs. Wiedenbeck is president of the Arlington Heights Federation.

## School Orchestra Leaves for Ohio; National Contest

Mother's Club Raises \$1,000 for Its Traveling Expenses

Filling two buses, members of the Barrington high school orchestra and their chaperons set off early Wednesday morning for Columbus, Ohio, where they will enter the national music contest today (Thursday). The local orchestra will be in Class C division of the contest.

Members of the Mother's Club of the music department of the public school had raised the sum of \$1,000 in the past few months to cover expenses of the trip. Of 12,000 class C orchestras in the United States, only 14 are eligible to compete in the national contest. It was reported, Barrington's orchestra numbers 43 pupils under the leadership of W. N. Sears.

Chaperons accompanying the young musicians are Mrs. Sears, Mrs. R. A. Heerman, Mrs. J. W. Langdale and Mrs. Henry Sear.

Among the Barrington people who will be in Columbus to hear the young people play are E. B. Smith, school superintendent, Percy Dwyer of the school board, Mrs. Pohlman, Mrs. Arnold Kohnert, Mr. and Mrs. R. D. Wells, Mrs. Earl Stanley, Mrs. George Folkner and Henry Sear.

A benefit dance in the school auditorium Friday evening was well-attended. Sunday afternoon, the orchestra, accompanied by their chaperons, gave a concert for townpeople at which no admission was charged. Carolyn Langdale and Adolph Trier played piano solos in between orchestral pieces.

At the conclusion of the program, a gift was presented to Mrs. R. A. Heerman, president of the Mother's club, in appreciation of her efforts in behalf of the orchestra.

## Annual Planting of Trees Observed by Junior High Grades

The sixth, seventh and eighth grades in the Junior high of the public school observed an annual custom by planting trees in Northside Park Thursday afternoon. Each class had a program arranged for the occasion.

A hackberry tree was planted by the eighth grade, a scarlet leaf by seventh and Japanese flowering crab by sixth. A bottle containing the names of the children doing the planting was put at the base of each tree. A total of 10 trees have been set out by the junior high grades in the last three years, attempting each time to select a variety of native tree not found in the park.

Funds to buy the trees were raised by the classes by various means. An action was held by the eighth grade, a program by seventh, and the sixth grades held a candy sale.

## Cook County Board Favors \$12,000 for Sidewalk Job Here

Latest information received Wednesday night on the proposal to change the Main street sidewalks was reported by Village President Earl Hatje. The county commissioners have approved changes to the extent of granting \$3000 for sidewalk work, \$2000 for the widening of the sidewalk beyond Hager avenue and \$1000 to improve the Hough street intersection at the Pure Oil Service station.

However, all these changes must still receive approval of PWA officials. The government agency is supplying funds for the work. The county highway department is preparing plans for lowering the sidewalks and should finish this week, it was reported.

## Ela Girl Awarded Citizenship Medal

Miss Bernice Fisher, senior at Elia township high school, was presented with a "good citizenship" medal by Mrs. H. H. Harbert, state chairman and representative of the Daughters of the American Revolution, during a program at the school Friday afternoon.

Miss Fisher was selected by members of her class as the outstanding member in citizenship. In addition to presenting the medal, Mrs. Harbert gave an interesting talk on citizenship.

## Prepare Barrington Parks for Coming Summer Season

Nature has again spread her handiwork in Barrington's two parks, making them a welcome playground for hosts of children and adults this summer. Preparations for the start of the summer season are going on in Northside park and the Russell street playground.

No program of extensive planting is being undertaken this year.

In either park. Last year considerable improvements were made under a program instituted by the Garden club of Barrington. Henry Melow, park superintendent, reported little is being done, with the exception of transplanting some shrubs.

Installation of tennis and croquet courts has been delayed by the

lack of funds, park officials reported. Locations for the courts are laid out but until sufficient revenue is available, nothing will be done.

The swimming pool in Northside park will be opened on May 28, if weather permits. The rural and village school play day will be held in Northside park.

on the 28th and the pool is being put into readiness for opening, if it is warm enough.

Mr. Melow is in charge of the park and pool this year and will be assisted by Miss Josephine Parke, who will be in charge of the women's quarters and will also give swimming instructions.

The Barrington Park board is receiving applications for the position of life guards at the pool. E. J. Langendorf, secretary of the board is receiving applications.

## What is the "Low-price Field"?

**YOU** hear a lot about "the low-price field" these days. A good many cars claim to be in it. So whenever the low-price field is mentioned, remember:

Until Ford came, no average American could own a car.

Today all Ford prices are still low — with the prices of the 60-horsepower Ford V-8 \$30 to \$60 lower than those of any other car of comparable size.

But with Ford, "low price" doesn't merely mean low figures on the price tag. It means much more than that. It means low prices and low costs all the car's long life. Low prices for service — for parts — and, above all, for operation.

Both Ford V-8 engine sizes are economical to operate. The 85 horsepower gives greater gasoline mileage this year than ever, and the "60" delivers the highest mileage in Ford history.

Private owners, cab companies, fleet operators all report that the "60" averages from 22 to 27 miles per gallon of gasoline.

Check and see how much Ford saves you.

## Remodeling Homes Produces Attractive Results Quickly

Always of interest is the remodeling of homes and the construction of new ones to a particular location. Renovating old homes in the village during 1936 has been undertaken in many instances with the results achieved highly gratifying. Several of the homes are now under process of change. Ray M. Jure and Earl Schwemm are remodeling homes on North avenue and Summit street respectively.

The picture above shows the residence of R. W. Muir, on Liberty street. Using the shell of the old house, it was completely remodeled and modernized and now stands as one of the show places in the village. The basement was lowered and many partitions cut and changed to re-arrange the outlay of rooms on the other floors. A recreation room in the basement with a built-in piano is one of the features of the home. Miss Marjorie Muir and Robert LaPointe are pictured above as they inspected the landscaping around the building.

The home of H. R. Bristlinger, 404 Dundee avenue, was enlarged this year with the addition of several rooms at the rear. The new part may be seen in the picture above at the right. Little Charles and Jane Bristlinger are the children playing at the bird fountain.

E. M. Schwemm has been one of the most active residents in the village undertaking construction work. Last year, two homes were completed for him and he is remodeling a third place on Summit street at present. He is shown above at the residence erected on Liberty street.

## New Trees Safeguard Future Beauty of Barrington

Upper Left—Mr. and Mrs. R. A. Granger and daughter, Mary, 609 Grove avenue, stand in the middle of three birch trees set out in their garden this spring.

Lower Left—Elm taken from Main street and moved out on Reiter road by R. Hunsager.

Upper Right—Mrs. K. K. Lillen, 604 S. Summit street, is seen sitting by the birch tree planted in her front lawn as the Lillens' contribution to Arbor Day.

Lower Right—A. E. Bateman, 600 S. Summit street, is assisted by Mrs. Bateman and K. K. Lillen in the ceremony of planting an elm. Mrs. Lillen and the neighborhood children form the watching gallery in the background.

### Add to Residences By Planting Trees

Along with the many jobs connected with the annual spring cleaning, tree planting has taken an active part. A. E. Bateman, 600 S. Summit street; K. K. Lillen, 604 S. Summit street; and R. A. Granger, 609 Grove avenue, are among the residents who have added to the beauty of their homes by setting out trees. Three elms taken from Main street were moved out to the Orchard Hill development on Brinker road.

The Garden club of Barrington will continue its program by setting out seven more elm trees in the downtown park. The first seven were planted late last year by the club along Park avenue and seven more are to be planted. The Garden club of Barrington, Village Garden club, Countryside Garden club and the Parent-Teacher association are distributing seeds to school children in a program to create home gardens for them. The children participating in the plan are to have individual plots 3 by 3 feet in size at their homes.

### Lake Zurich Post Office Moving to Another Building

LAKE ZURICH.—The Lake Zurich post office will be moved from its present location to the building known as the Dondoville and Dymond building Saturday, May 15. It had been at the present location for the past 30 years, with the exception of the years from 1914 to 1916 when Emil Frank, as postmaster, moved it to the building now occupied by the Deschauer brothers store.

Woman's Club Luncheon  
The annual spring luncheon and closing meeting of the Lake Zurich Community Women's club will be held Friday, May 21 at the "Tally-Ho Tearoom" in Park Ridge.

## P.T.A. Brings Year of Work to Close

The last of nine monthly meetings of the P.T.A. will be held Tuesday, May 18 at 8 p. m. in the high school auditorium. The speaker will be Mrs. Margaret Wells Wood, noted social hygienist lecturer and a member of the state department of health.

With a membership of 111 for the year, the P.T.A. has carried on many projects, outstanding among which was the health program. This started in the fall with classes in home hygiene and care of the sick in which 45 women were registered, and continued with the Shick tests, diphtheria inoculations and vaccinations of all children from 9 months through high school whose parents wished the treatment given.

A total of 175 children were inoculated and 167 were vaccinated. The summer roundup committee directed by Mrs. James Hafler has arranged for medical examination on June 5 of all children who are to enter first grade in fall. This early check up enables parents to correct any physical defects of their children during the summer.

Officers of the organization will be installed as part of the program Tuesday evening.

## Bird Club Studies Woodpecker Family

Members of the Barrington Bird club met at the home of Mr. and Mrs. Arthur Crosby Tuesday evening.

The speaker of the evening was Mrs. Arthur Donovan who discussed the "Woodpecker Family."

Of the 160 known species of the

woodpecker family, Mrs. Donovan named many varieties but dealt mostly with those common to this locality—the Hairy, the Downy, the Redheaded Woodpecker, the Sapsucker and the Flicker, and just touched on others, giving many interesting anecdotes during her talk. Woodpeckers may be found in orchards, along the edge of thickets, in the track of forest fires and wherever there are dead or decaying trees, she reported.

As a family, they are much less migratory than are other birds, and have been known in rare cases, to stay in this locality all winter.

Woodpeckers are valuable to orchards as they are constantly searching out tree borers, she stated. The Downy, often called the "friendly neighbor," is never idle, a self-appointed inspector of apple trees. Many harmful insects, such as ants, grasshoppers, spiders, tree hoppers, caterpillars, flies and moths are devoured by this family of birds.

Mrs. Robert Work announced two field trips to be sponsored by the Wild Flower Preservation society for Saturday, May 15 and Saturday, May 22. For further information members or any persons interested may consult Mrs. Work.

Seventeen members were present and a social hour was enjoyed at the close of the program.

An interesting observation of the week was that of an oven bird, a rather rare visitant sighted at a fence home on Hough street.

## Deputy Sheriffs Quickly Arrest Cottage Burglars

Detective work by Deputy Sheriffs Joseph Welch and Stanley Christian quickly solved the looting of 10 cottages in the lake area when they took three Chicago boys into custody Friday on charges of burglarizing the dwellings on Saturday and Sunday of the week previous.

The deputies traced the boys by contacting persons living in the neighborhood of Fox Lake, Leona Lake and Round Lake and learned they had been seen on the two days. A girl living at Leona lake recognized them as being there last summer and gave the deputies the necessary clues. Going to Chicago Friday, they took them into custody at Lakeview high school where they were in class.

Returned to Waukegan, the boys, Norman Hansen, William Labelle and Hazen Roth, confessed the looting. Six shotguns, two revolvers, fishing tackle, reels and other sports and outfit equipment valued at \$400 were taken. In some of the cottages the youths held target practice with the guns, shooting down pictures and making holes in the wall and ceilings.

When they completed their activities, the boys got together in a deserted barn to split the loot. Because of the three large sacks of goods stolen were so bulky, they left them in the barn and took only some guns and fishing tackle

home where they hid them in the bedrooms. They are being held in Waukegan under charges of burglary.

## Father of Mrs. Roy Zimmerman Buried

Henry Andrew Andersen, 85 years old, 452 N. Grove avenue, Elgin, father of Mrs. Roy Zimmerman of Barrington, was buried following services held in Elgin Monday afternoon. Rev. W. J. Kowert officiated and burial was in Evergreen cemetery.

Mr. Andersen died last Thursday evening at the home of his daughter, Mrs. Charles Henning. Mr. Andersen was a pensioner of the Dutch government, having served in the army of Holland during the campaign to subdue natives of Dutch East Indies in the period from 1869 to 1880. He was awarded military honors by the Dutch government for gallantry in action.

Moving to Elgin 48 years ago, he was employed as maintenance man by the Catter and Crosse company for 35 years, retiring several years ago.

Surviving are his widow, Mrs. Jennie Andersen; seven children, Mrs. Henry Ahlbeck of Jansville, Wis., Mrs. Henning of Elgin, Mrs. L. L. Thiel of Kansas City, Mo., John Andersen of Dundee, Henry and Harry Andersen of Elgin and Mrs. Zimmerman of Barrington; 28 grandchildren and 19 great-grandchildren.

# Annual Village Clean-up Activity Gets Under Way in All Sections

## Downtown Sections Illustrate Reasons for Spring Cleaning

Without attempting to indicate any particular location, the Barrington Review photographer went out and took two pictures of sections in the downtown business area showing why an active clean-up is necessary.

pick-up and paint-up campaign is necessary in the village this year. In residential areas as well as downtown there are many places in need of a general renovation to improve the village's appearance. The village of Barrington, through its president, Earl Hatje, and village trustees, has designated Monday and Tuesday, May 17 and 18, as clean-up days.

During those two days, village trucks, under the supervision of Paul Purcell, superintendent of streets, will make a thorough canvass of the streets, picking up bags and boxes of rubbish left on the parkways by property owners.

This will be the last opportunity residents will have to clean up their premises with village assistance. After Tuesday, they will have to haul rubbish to the village dump themselves.

Mr. Purcell has asked for co-operation during clean-up days and requests that no junk automobiles, ashes or large objects be left on the parkways for removal. The street department is not equipped to handle debris like that and it will not be taken away. The truck definitely will not make pick-ups after Tuesday, he stated.

Although the village has been engaged in municipal improvement programs during the past year and this, civic leaders point out the laxity of many residents in tidying up their home grounds. Particularly is this true of vacant lots, where weeds are allowed to grow without being cut and burned.

buildings at the corner of Franklin street and North avenue in Waukegan Sunday evening. The neighborhood was lighted up by the passing object and apparently fell into the ground a short distance west of Waukegan. Those who witnessed the sight

reported the meteor appeared like a ball of fire, about a foot in diameter with a tail of red sparks about 6 feet long. It came out of the southeast and rose just enough to clear the buildings at that point in Waukegan and then disappeared in the west.

# WHAT YOU SAY GOES— if you say BUICK!

THIS year, good things come in eights — get into this bellwether Buick and the other fellow will know who's lead-off man in your neck of the woods!

You're boss of the bunch when you ease in gas to the great valve-in-head straight eight, ablest engine of its size anywhere in the world. It's soft of voice but it packs authority—there isn't any fooling when it has work to do!

You're the envy of all eyes, garbed in Buick's princely style — handling these ready controls is the softest job in the whole wide world.

You stream down the straightaway—soar over the tallest hills—you sweep around the corners and curves erect as a dowager making her entrance — why even the back seat's chatterproof, so sweetly, smoothly, serenely does this road-wise car conduct itself!

You can't hurt it—it's built rugged and stout as Buick always has been—but still we say, handle with care! For so instant-quick is its lift to your toe-touch, so quietly easy will it outwing the birds, that you never have to force it to make your distance safely with time to spare.

This year say Buick—and whatever you say on the open road will go with the whole parade. Its purchase is as easily managed as its feather-light controls—for today Buick is priced at the lowest figure in history.

Your cue now is to see us. Do that without delay and you'll hold the center of the stage all summer long!

## New Building and Remodeling High in Estates Area

Conservative Estimate Places 1936-37 Total Above \$400,000

Building in the rural and estate area during 1936 and 1937 has been extremely active with a conservative estimate, based on contractors' yearly amounts, of over \$400,000. The majority of contractors are working at capacity and unemployed skilled laborers in the various trades are the fewest since 1929.

Included in the properties that were improved with either new residences or remodeling are: the Country Day school, Country Cousins Tea Room, E. King, Hyde Gillette, Leo Dwyer, P. Corbett, L. Bateman, A. McIntosh Jr., George Harding, E. K. Hardy, John DeLaney, H. S. Hart, H. Holbrook, E. Wynn and John Babbs.

Some contractors engaged in estate work at present are: G. Erters, W. Gottschalk, C. Billings, A. Wolhausen, Calkins Brothers, Modern Home Insulators, S. Rieka, Walbaum and Capelli, Herman Garbisch and K. Kirby.

## Four Commercial Building Jobs Part of 1936-1937 Construction

Three projects of commercial building started in 1936 were the Miller Oil company service station, East Main street, the Barrington Laundry remodeling and expansion program and the construction of a mortuary for Danielson and Wimering on West Main street.

An addition to Plagge's greenhouse was started and completed in 1937. The Barrington Laundry addition was completed last July and was constructed to house a modern dry cleaning plant. The structure is 20 by 40 feet and is fireproof throughout. Concrete block was used in the wall construction with steel supports and cement floor. It opened into the laundry proper and onto a new truck alley in the rear. Water tanks that supply water for the laundry and formerly located on the grounds of the new addition were placed on steel supports above the building.

A modern service station is being opened by the Miller Oil company at 235 E. Main street during August of 1936 as the second important commercial building. The station was erected to replace one formerly operated on half of the long and is of the usual glass and metal construction. The addition of the wing doubles the present capacity of the greenhouse.

The lot and building adjoining were purchased and the building sold to A. L. Scherf, who moved it to E. Northwest highway where it is being remodeled for business. The new service station is of Colonial design with red brick exterior and cream wood trim. The offices were trimmed in knotty pine.

Construction on the new mortuary for Danielson and Wimering was started last fall. Progressing slowly during the winter months, the job is now reaching the final stages with the exterior work on the building practically completed.

The mortuary will be the most complete and up-to-date in this territory when it is completed. It was reported. It will house a large chapel for burial services with a smaller one on the same floor, a music room, family room and office, all in the main floor.

The lobby at its entrance has a terrazzo tile floor and a winding

Westman Evergreen Nursery at Woodstock Wednesday afternoon, where they purchase three weeping willows and two pyramidal arbovitae, which were presented to the Cary park.

Mr. and Mrs. Samuel Petrik Jr. returned Thursday from their honeymoon trip to Mammoth Cave, Ky.

The play "Here Comes Charlie" was presented at St. Anne church in Barrington Monday evening by the young people of the S.S. Peter and Paul church of Cary.

About 50 guests surprised Mrs. Byron Krens in honor of her birthday at the village hall Thursday evening. Guests were from Barrington, Algonquin and Cary. Bunco was played, prizes awarded and delicious refreshments served.

Mrs. Samuel Petrik Jr. was maid of honor at a very pretty wedding of Miss Carol Schubert, nee of Algonquin Saturday night.

open staircase leads to the upper floor and basement. In the basement will be found a display room where indirect lighting and fixtures will offset the showing of caskets and other articles.

On the second floor a modern apartment is being completed. Two bay windows on the east and west walls add to the appearance of the building and relieve the straight line effect. The west bay is situated in the breakfast room and while the east bay covers one end of the living room. From the kitchen, a door opens out onto a sunporch extending the remaining length of the building.

In keeping with the advance modern ideas used in designing the building, there are two porches covering a drive that circles the building.

The only commercial building started in 1937 was an addition to the Plagge's greenhouse on S. Northwest highway. A second greenhouse wing, parallel to the older one, and extending north and south was completed recently and is now filled with many varieties of flowers and plants. The structure is 36 feet wide and 100 feet long and is of the usual glass and metal construction. The addition of the wing doubles the present capacity of the greenhouse.

## Bears Will Play Arlington Heights There Sunday

Defeat Elgin Parkies 5-4 in Thirteen Innings on Local Diamond

The Barrington Bears won their first game of the season taking the Elgin Parkies into camp by a

score of 5 to 4. The Bears took the game in the thirteenth inning on a home run by Willie Allenburg.

The Parkies were in the lead for the first seven innings. The game was tied up at three all in the eighth and each team scored a run in the ninth inning making a tie game with no scoring until the 13th.

Erters and Meiners shared the mound for the Bears striking out 14 men and walking seven.

**Play Arlington**

The local nine will travel to Arlington Heights next Sunday to tie with the Arlington team for the second game of the new season.

## Five Conference Track Men Place in District Meet

Cadwallader Places Second in Shot; Fresh-Soph Upset by 21 Points

Five Northwest conference track men placed in the State District meet held at Evanston Saturday thus qualifying for the state finals to be held at Champaign Saturday, May 15.

Cadwallader took second in the shot put heaving the pill a distance of 46 feet and two inches. Other conference men who placed Saturday were: Kock—Palatine, discus; Richards—Arlington, high and low hurdles; Vink—Libertyville, discus; Ray—Libertyville, high jump.

**Fresh-Soph Meet**  
The local Freshman-Sophomore track team was defeated by the Arlington team 81 1/2 to 60 1/2 at Arlington Heights last Thursday afternoon.

Ten local men placed in the meet and six first places were taken. Kampert placed first in the 70 yard high hurdles and the pole vault. Church took first in the javelin and discus. Saul was first in the broad jump and Nestlerode

won the 110 yard low hurdles. The relay team made up of Nestlerode, Saul, Kampert, and Wright won the 440 yard Sophomore relay race.

**Last Home Meet**  
Broncho thinly-clad will have their last home meet of the season with Palatine this Friday afternoon at the Northside track and field. The local team will be somewhat handicapped due to the fact that several of the dependable men will be participating with the orchestra and A Capella choir at Columbus.

## MILLER BROS. FUN-FACTS

NO. 19 Barrington, Illinois, Thursday, May 13, 1937. VOL. 43

A Barrington lady gave her husband a necktie last Christmas. The other day he wore it for the first time, and she asked him where in the world he got that ugly tie!

Anybody can find fault and hunt for trouble.

Running water for only a few cents a day with a Myers self-oiling water system. Designed to meet every need from the smallest home to the largest estate or institution.

Every home has a clock that isn't working.

After all, why not a power lawn mower? If you have a large lawn it means less than half the time in doing the

job, and a much finer job when it's all done. Come in and see the Cooper Power Lawn Mower that does both.

"I'm a soldier of heaven," cried the reformer.

"You're a long way from your barracks," came voice from the audience.

Let us give you a demonstration of the McCormick Deering F-13 Tractor and convince you of the wonderful work it will do.

Robert: "Your little brother saw me kiss you. What should I give him to keep him quiet?"

Mary: "He usually gets a quarter."

Next time your husband comments

about the burnt pie crust, just tell him sweetly, "All right, just buy me a Rooper gas stove with an oven heat regulator."

We've just heard of a man who says he has insomnia.

Solve the hot water problem by installing a Rock oil burning hot water heater. Cost is low. A wonderful home convenience.

A delegate at large is a delegate whose wife stayed at home.

Our garden tools are of the well known brand and carry the manufacturer's guarantee. We have a complete stock. Come in and look them over.

# High Residential Construction for Community Is Forecast for 1937

## First Four Months Exceed 1936 Work; Mostly New Homes

Permits Through April Total \$49,550 With Only One Commercial Job

Building indications in the village of Barrington for the next 10 months promise the greatest activity in the past seven years as far as residential construction is concerned. The forecast is based on the amount under construction to-date compared with last year's total.

Since January 1 permits totaling \$49,550 have been issued and included in that is one permit for \$3000 for commercial purposes. During 1936 the total building was \$114,819 and had permits amounting to \$14,000 for structures not residential. From January 1, 1936 to April 30, 1937, the amount of building was \$11,125, compared to a like period in 1936 of \$49,550.

Four new homes went into construction up to April 30 and one apartment building, making the bulk of the activity. A permit for \$2000 was issued to Floyd Plagge for an addition to his greenhouse on S. Northwest highway and the remainder of the building permits covered remodeling.

January started in the new year with \$10,000 in building, accelerated by favorable weather conditions. During February there were no permits issued and March was also low, \$4500 in permits being issued.

April found building activity at its peak with permits for \$35,050 issued for both new homes and garages.

On the basis of what has already been undertaken, forecasts of the peak year are not without reason. A survey of contractors reveals that repair work and remodeling has been at a great volume since the first of the year. In fact, all types of work, including painting, plastering, masonry, etc., have been of such great amount that contractors in those lines are pressed to find time to meet the number of orders.

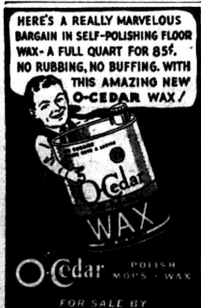

The best analysis of repair and remodeling work can only be taken from the activity of contractors doing the work. By reporting the best season in the past seven years, due in degree to improved conditions and general maintenance caused by lack of care. It is safe to state that the volume also raises the financial figures beyond those of the past several seasons.

A resume of building during the past five months showing the location and estimated cost is as follows:

## Lake Zurich 4-H Elects Officers

The Lake Zurich 4-H club held its first meeting Tuesday, May 4th, at the Elia township high school. Nineteen boys were present of which nine were new members.

At this meeting officers were elected for the following year as follows: Willis Miller, president; Warren Nehmer, vice president; James Weber, secretary; Donald Weber, treasurer; Ray Meyer, reporter.

Following the election of officers, plans for the following year were made. It was decided that the club would have meetings on the third Wednesday of each month. Discussion on an activity contest and club dues followed but was carried over to the next meeting.

The next meeting will be held May 19. This will be the last opportunity for boys to enroll in the 4-H club.

## Doubling Public School Class Room Space

### Modern, Fireproof Addition to Relieve Crowded Condition

The Barrington public school system will benefit by the ultimate completion of the present WPA project adding another wing to the present building on S. Hough street, by creating approximately square foot of classroom space equal to 50 per cent of the combined total of the old building and the north wing, completed in 1925.

The project was started in January, 1936, and was originally planned as a two story addition with just the outer structure completed with federal aid. When the building was under construction, the WPA approved the addition of another floor, making the total class room 18, instead of 12 as planned.

During the past two months the board of education has awarded contracts for plumbing, lighting, heating, floors, stairs and other interior finish work.

In the old building, built in the 1890's, and the later north wing, there are approximately 40,694 square feet of class room space, utilizing all basement rooms. In the new addition, there are 21,240 square feet of class room space.

With 18 new class rooms when all three floors are completed, it will not be necessary to use basement rooms except for vocational subjects, as woodworking, printing, art, and building trades. The first and third floors are being completed as they are needed, the board of education doing the building with current revenue received in majority from back taxes and 1935 and prior. No bond issue was floated for the project. The original figure of \$10,000 as the school's share and \$30,000 from the WPA for the unfinished shell. The two wings shown in the ar-

chitect's sketch above are not being constructed, merely designed for future expansion. Contracts since then have raised the school's share to approximately \$30,000. The north wing when it was constructed in 1925 was done with an \$80,000 bond issue, including the remodeling in the old part.

The most pleasing feature of the new wing is its absolute fireproofness. The window frames are the only exterior of wood. The floors are of poured concrete with concrete supports. The exterior walls are pressed brick and limestone.

Hardwood floors will be laid in the class rooms and halls, and terrace floors in the stairs which are to be ornamental ironwork. The space is so designed in the building that as the class rooms are added their size may be decreased or increased as future demands warrant.

INCORPORATED  
Telephone Barrington 5

The flexibility of this space makes it highly desirable for increased enrollment in the future.

Approximately 250 students could be moved over in this manner to reduce the crowded condition now existing.

Insurance rates will also benefit from the new addition which will add several more exits to the total, thereby reducing the hazard of personal damage by fire.
