## Order Work Started on Lowering Walks

According to a recommendation made by Rudolph L. Berg, chairman of the street committee, engineers were instructed to carry out the program of lowering the sidewalks along Main street to conform with the new paving strip.

PWA engineers were in Barrington last Friday with county engineers to work out a plan. They reported they wanted to have new plans but the delay would be too long. Mr. Berg felt, and stated the present plans should be used and changes made as the work progresses. The PWA had approved the change order.

It was reported that if new plans were made the work would be delayed about two weeks. Carroll will ask the highway department to start the lowering as soon as possible.

Through the generosity of Col. John Roberts, the scout who

is selected will attend the jamboree with all of his expenses paid.

## Memorial Services Planned for Two Days, May 30-31

Joint Committee From Relief Corps, Auxiliary and Legion in Charge

Plans for patriotic Memorial Day services were completed this week by a joint committee from the General Thomas W. Sweeney Woman's Relief Corps, the American Legion Auxiliary and the American Legion post. The meeting was held Monday at the home of Mrs. Louis Thacher, 218 W. Station street, to arrange details.

Memorial services will be held on two days, Sunday and Monday, May 30 and 31. The program for Sunday includes services at Barrington Center church starting at 2 o'clock. Community union church services will be held at evening starting at 6 o'clock at the Methodist church.

Rev. W. A. Stauffer will be in charge of the afternoon program and Rev. H. E. Koenig will speak. The Sunday evening program will be arranged by Rev. Charles Drusel.

Patriotic groups, boy and girl scouts and school children as well as the school band will form the parade to march to the cemetery where services will be held and graves of war veterans decorated.

Rev. H. L. Eagle will speak at the monument and Father P. J. Hayes will offer the prayer.

A complete listing of the program with the time schedules will be published in the Review next week.

## Enlist Workers for Poppy Day Canvas

Enthusiastic response to the American Legion Auxiliary's appeal for Poppy Day workers is reported by Mrs. E. Olcott, poppy chairman of the Barrington Auxiliary unit. Enrollment of women to distribute memorial poppies throughout the village on Poppy Day, Sunday, May 24, is practically complete and assures complete coverage of Barrington. Mrs. Olcott said.

All of the Auxiliary's Poppy Day workers will serve as unpaid volunteers, giving their time to bring the memorial flowers to the village and to permit every penny of the contributions made for the poppies to go to the welfare of needy victims of the war. The funds raised will help support the work of the Legion for disabled veterans, their families and the families of deceased veterans during the coming year.

All members of the Auxiliary able to serve have volunteered to distribute the memorial poppies. In addition, members of other women's and girls' organizations will aid.

"Successful observance of Poppy Day is a concern to the World War II by war veterans, their widow, father and aid the disabled veterans, the widows and fatherless children of veterans, depends entirely upon the volunteers who aid," said Mrs. Olcott. "Disabled veterans work all winter and spring making the poppies, which must be distributed in one day. We hope that the public will appreciate the efforts of these workers and will give generous cooperation."

It was reported that if new plans were made the work would be delayed about two weeks. Carroll will ask the highway department to start the lowering as soon as possible.

## 200 Attend Lake Zurich Community Banquet Tuesday

### Good Speakers and Music at First Session of Organization

The first banquet sponsored by the Lake Zurich Community Boosters' club was held Saturday evening with more than 200 guests present to hear a number of speakers and a program of entertainment. The dinner was held in the parish hall of St. Peter Evangelical church at Lake Zurich with members of the Ladies Aid preparing the food and junior members of the Aid serving.

W. D. Buddeimer was toastmaster and C. H. Radzinski Sr. spoke on the purpose of the meeting. W. T. Durie, LaGrange, in charge of the Briggs development near Lake Zurich, spoke on "Civic Pride" while William D. Whyte, president of the Lake Zurich village board, represented that group and talked for several minutes.

Mrs. A. G. Schwermann was among the speakers and Mrs. John Zorn, president of the Lake Zurich Community Woman's club of which she is president, Rev. E. A. Irion, the principal speaker, gave an address on "Past Achievements of Note." Mrs. W. M. Tattie, president of the Crystal Lake Community club introduced O. Burkhardt, president of the Crystal Lake board of education. Mr. Burkhardt told his many civic organizations his organization's plan to make it possible to have a new school.

Entertainment included music by the Ela township high school orchestra, community singing led by Melvin Elide, a saxophone solo by Frank Heybeck, accompanied by his mother, Mrs. L. Heybeck, at the piano. Evelyn Kelsler was roundly applauded for a song sketch which she presented.

W. A. Stauffer, chairman of the Crystal Lake board of education, introduced the Ela township high school, which has been in operation for 10 years.

Frances Blanke also reported a tentative schedule for connection charges to the sewer system for new residences was drafted and would be turned over for study by board members.

Following a motion made by Frasie Blanke and seconded by Trustee Rudolph Kocher, the board voted to reduce the number from three to two. When the change will be made the board did not decide but it names the two trustees to continue on the two.

Frances Blanke also reported that the board has not taken that attitude and is asking cooperation at the present time.

## Mishaps Mar Trip to Columbus for Barrington Folks

Barrington residents who motored to Columbus, O., to attend the national music contest and witness the performance of the high school orchestra were the victims of misfortune that spoiled an otherwise happy trip.

The car driven by R. D. Wells enroute to Columbus left the highway when a gravel-covered rear section was hit, sending the car out of control, down into a ditch where it crashed through a fence. It was some time before the car was hauled out and the party allowed to proceed. Mr. Wells was accompanied by Mrs. Wells, Mrs. George Folkord and Mrs. Earl Stanley. No one was injured.

The automobile of J. W. Langdale was entered at Columbus and the family valises taken, as the car was parked and loaded awaiting the completion of Carolin Langdale's playing in the national piano contest Saturday.

A rear window was forced and the suitcases lifted out. The theft was reported to Columbus police but nothing has been recovered as yet.

## Number of Plant Operators Cut by Economy Program

A survey report on operating conditions at the village treatment plant was made by Trustee John H. Blanke, chairman of sewer committee, and the board meeting Monday and Tuesday committee recommended to reduce the number of operators on an economy plan was adopted.

During each rainfall the treatment plant is forced to handle an excess of sewage due to this condition. By disconnecting the downspouts and allowing the roof rain water to flow onto the ground to be tilted into the storm water sewers, it is carried and dumped into Flint creek without entering the treatment plant, saving the village money in pumping and raising the plant from capacity operation.

According to the ordinance, property owners can be forced by legal action to make the required changes in rain water downspouts but the board has not taken that attitude and is asking cooperation at the present time.

## Hoer Oratorical Contest

A group of local residents attended the diamond medal oratorical contest, sponsored by the Woman's Missionary societies of Evangelical church, held at Oakdale Prairie church Sunday evening.

Those in the audience from Barrington were Mrs. W. A. Stauffer, Mrs. John Cappellini, Mrs. Charles Schaefer, Mr. and Mrs. H. G. Plagge and Mr. and Mrs. Herbert Homuth. Mrs. V. D. Hawley is secretary of the State Missionary Oratorical contest.

## Roof Drains Still Problem; Trustees Ask Owners' Help

### Rain Water Entering Sanitary Sewers and Passing Through Plant

Letters advising property owners of the necessity of disconnecting downspouts from sanitary sewer lines will be sent out by A. C. Burdett, village clerk, this week, according to a decision reached by the board Monday night.

The writer was brought to the attention of the trustees by John H. Blanke, chairman of the sewer committee.

An ordinance was passed last year covering installation of the downspouts and the provisions requiring that all storm water lines be separated from the sanitary lines. This was in accordance with the revamping of the system and making separate sanitary and storm water lines.

The sanitary and storm sewers were rebuilt and separated last year, but house downspout connections in some cases still remain up to the lines that now carry sanitary sewage.

During each rainfall the treatment plant is forced to handle an excess of sewage due to this condition. By disconnecting the downspouts and allowing the roof rain water to flow onto the ground to be tilted into the storm water sewers, it is carried and dumped into Flint creek without entering the treatment plant, saving the village money in pumping and raising the plant from capacity operation.

According to the ordinance, property owners can be forced by legal action to make the required changes in rain water downspouts but the board has not taken that attitude and is asking cooperation at the present time.

## Orchestra Wins in National Class C Meet at Columbus

### School Band and Cub Pack Sweep Honors at Convention

Barrington youth organizations scored heavily for the community by winning awards of national and state honor in contests held at Columbus, O., and in Chicago during the past week.

The Barrington high school orchestra reached the highest peak possible when it was ranged in the first division of class C group, competing against a large number of entries from all parts of the United States. Two other units were ranked with the local orchestra in first division by the judges. W. N. Sears directed the orchestra.

Carolin Langdale competed in the piano division of the national contest but as yet no report has been made by the judges on that event.

The Barrington school band repeated a triumph of last year when it won first place in the class C band contest sponsored by the ninth district of the American Legion in Chicago Sunday afternoon. The band was not alone in its victory, for the cub pack, sponsored by the American Legion, also repeated by winning first place in the drill contest held that day. The meet was the annual Youth Day, which is conducted by the American Legion.

Competition was keen in the cub pack contest and the little boys, all under 12 years of age, responded to the commands of their leader Noel Stayner and were given first place for the second time, narrowly nosing out a Chicago unit.

The band was led by Roy W. Witter and both it and the cub pack will be awarded plaques at the next meeting of the ninth district.

## "Waikiki Wedding" Coming to Catlow Sunday, Monday

### "Maid of Salem" Also Billed; "Personal Property" Here Wednesday

Fred MacMurray plays his first historical romantic role in "Maid of Salem," in which he is co-starred with Claudette Colbert, and which comes Friday and Saturday to the Catlow.

MacMurray portrays a fugitive

Virginia cavalier who takes refuge

in Salem just before the famous

witchcraft scare of 1692 breaks

out. Miss Colbert meets and falls

in love with him and when she re-

fuses to reveal his identity, is ac-

cused of practicing witchcraft and

condemned to die.

George Crosby, Bob Burns and

Martinelli, the trio who made

"Rhythm on the Range," one of

last year's outstanding comedies

with music, are together again in

"Waikiki Wedding," a gay comedy

of love and music under tropical

skies which comes to the Catlow

Sunday for a two-day run.

Beautiful Shirley Ross, who was

with Bob and Martinelli in "The Big

Comcast of 1937," carries the

female romantic lead of the new

comedy.

"Waikiki Wedding," is the story

of a press agent, played by Crosby,

whose job is to keep Miss Ross

thrilled with the glamour of Ha-

Wai. He does a thorough job of it,

falling in love with her in the

process, and it is when he is forced

to extricate himself from an en-

tirely sympathetic Hawaii that he cre-

ates that some of the comedy high

spots are reached.

"Hills of Old Wyoming," which

comes Tuesday, finds William Boyd

as "Hopalong Cassidy" in Indian

country on the trail of a crooked

government agent who uses the

peaceful Indians as a shield for his

cattle rustling. In a thrilling clim-

ax, Cassidy arouses the Indians and

leads a great battle of redmen

and cattle owners against the rustler

gang.

Double featured with "Hills of

Old Wyoming," is "Time Out for

Romance," with Claire Trevor,

Katherine Whalen, Joan Davis,

Douglas Fowley and Bette Bartlett.

Right from the arms of Garbo,

Robert Taylor stepped into the fervid

embraces of Jean Harlow.

The two are co-starred for the

first time in the comedy drama,

"Personal Property," opening

Wednesday for a three day run at

the Catlow, in which Taylor is seen

as the ne'er-do-well son of an

English family who becomes butler

in the house of his brother's

hance, a widow from Iowa.

Retriever Stakes to Be Run  
on Magnuson Estate;  
Public Invited

The Midwest Field Trial club's retriever trials will be held at the Dr. Magnuson estate in Dundee township Saturday and Sunday under rules of the American Field, Chicago. Approximately 50 entries are expected to be in the meet with dogs coming from all sections of the country.

The trials are slated to start at 9 o'clock and run all day long. He will be assisted by William

The dogs will work out on land and water with pigeons used for the land trials and ducks for the water events. The pigeons will be shot but the ducks will not.

An added feature of this spring's trials will be that those held in the year previous to this year, is the fact that the dogs will be handled by amateurs, in this case being mostly their owners, and not by professional handlers as is done in other big meets.

The major events will be held Sunday with two important stakes to be run. Added to the stakes this year is a women's event which promises interest to the public. The dogs are to be handled by their women owners in this stake.

Retrievers of all classes, Labrador, Chesapeake, Golden, Irish spaniel, curly coat and flat coat, will run in the stakes.

Judge of the events will be David Elliot of West Islip, Long Island, N. Y., who is the chief judge.

The trials are slated to start at 9 o'clock and run all day long. He will be assisted by William

Walker of Park Ridge and Arthur Moeser of Aurora.

## Pending Measure Proposes Tax for Town Fire Upkeep

Proposed Measure Would Give  
Township Power to Levy  
for Department

## Heads State Committee

H. D. KELSEY

Proposed legislation in the Illinois general assembly was the subject of discussion at the village board meeting Monday evening when Trustee John J. Carroll made motion seconded by John Blaske that the village trustees, A. L. Wiedenbeck, be instructed to audit fire department records from 1933 through 1936 to ascertain an approximate cost of village and rural calls.

The proposed bill would grant to townships the power to levy and assess general taxes for the purchase and maintenance of fire departments in the respective townships.

By making an audit, the village board would learn the approximate cost to the village of operation for the upkeep and salary of the present department and would have the information available in the event the measure becomes a law.

At present the volunteer department is maintaining a community fire truck purchased by subscriptions. This rural fire truck association has subscribers in both Barrington and Cuba townships as well as some on the outskirts of Elgin, Palatine and Aragona townships.

If the legislation is passed and the plan adopted by townships around Barrington, part of the present cost to the village of fire equipment maintenance could be eliminated.

## To Place Army and Navy Stamp Series for Sale on May 27

The Barrington post office has announced that the 5-cent postage stamp in the Army and Navy commemorative series will be placed on sale May 27. There have been many inquiries at the post office regarding these stamps, which will conclude the Army-Navy series.

The 5-cent stamps are the same size as the previous denominations in this series, and are printed in blue ink.

The 5-cent Army stamp shows a view of the village of West Point, with reproductions in foreground and background of Washington Hall, the north cadet barracks, the chapel, and the old observatory.

The 5-cent Navy stamp has for the central design a reproduction of the official seal of the United States Naval Academy at Annapolis, Md., flanked on either side by cadets, one wearing the uniform of the early days of the academy and the other the present-day uniform.

### To Take Pictures Now of June to September Birthday Boys, Girls

The Review will take pictures during the next week of children, five years old or younger, whose birthdays occur in June, July, August or September. All pictures to be used in the "Birthday Child" during these months must be taken at this time, as if your boy or girl will have a birthday then, pictures cannot be taken then.

The special committee includes David Van Patten of Newport township and five county officers from other counties of Illinois. Mr. Kelsey is chairman of the legislative committee of the state association, the only standing committee of that organization.

He was appointed to that committee last week by James R. Cannell of Rockford and elected chairman of the group at a meeting held in Springfield Tuesday.

Lake county officers who attended the meeting in Springfield Monday and Tuesday included, in addition to Mr. Kelsey, Homer Cook of Wauconda, Mr. Van Patten, Frank Thomas and John McCann of Waukegan.

The four bills are for general relief, blind pensions, mothers aid, and a means of raising taxes to finance them. The association will oppose the bills on the grounds that if enacted into law they will materially increase taxation and will encroach upon the functions of county government.

The five members of the special committee and Mr. Kelsey will each speak on the subject before the house acts on the proposal Tuesday.

The Review will take pictures during the next week or ten days but not throughout the summer months. The Review conducts the Birthday Child simply as a feature, donates the pictures to the parents afterwards and does not sell them. Remember, your child is eligible for the birthday column if he will be five years old or younger during the next four months.

## Reduce Night Rate for Telegraph Use

Reductions in rates for overnight telegraph services which will become effective June 1 will provide substantial savings to residents of Barrington. It was disclosed last night by Bearbeit Berg, local manager of the Western Union Telegraph company. A tariff filed Saturday with the federal communications commission at Washington, D. C. will reduce the cost of both short and long messages and cut the telegraph bill of the nation by approximately \$3,000,000.

"The effect of these reductions," Mr. Bergthorn said, "is that the charge for 25 words will be the same as for 50 words, and for more than the present charge for a 10-word night message and that long messages can be sent at relatively even lower rates.

"The 10-word night message will be discontinued and the initial charge for night letters will be for 25 words instead of 50 as at present. The maximum charge for a 25-word night letter will be 60c. even for the greatest distances in the United States."

State School Aid  
Small; Senate's  
Hearing Reveals

Hearings of the United States senate committee on education just published, reveal that Illinois ranks at the bottom of the list in taxes of state and local government as compared to private income.

According to this report, Illinois' state and local taxes are 7.1 percent of the private income of the state. This is the lowest of 45 states. In California the percent is 11.2, in Delaware 10.0, and in New York 12.1. This comparison was made for the year 1930.

This is not the first time Illinois has been placed lowest on a comparison of taxes as compared to ability to pay taxes. The "Tax Magazine" for December, 1934, ranked Illinois 48th in the ratio of state and local taxation to taxable income.

Other studies reported in the hearings of the senate educational committee ranked Illinois low in effort to support schools. Newcomer's study, according to the hearing, indicates that Illinois is 39th in percent of estimated tax resources expended by state and local governments for the public schools. Chalm's study, on a slightly different basis ranks Illinois 38th in effort by state and local governments to support education. Using a basis of 100 for the average effort of all states to support schools, Illinois is ranked 89.4 percent, California 131.7, Indiana 103.9, Michigan 126.0, New York 115.8, Texas 104.2, and Wisconsin 102.1.

While the combined efforts of state and local governments to support the public schools in Illinois are not to be compared to the ability of the state to local governments in many cases, placing them to the limit to provide good schools for their children. In fact, 90 percent of our school support comes from the local districts, the state supplying only 10 percent. Straneous local efforts, as indicated by high tax rates, are not sufficient to provide the educational facilities for the children of many districts. The small amount of support from the state government causes large educational inequalities and places a heavy load on the local taxing unit.

**Locals Will Play

Sunday, May 23**

**Arlington Defeats Home Nine  
by a Score of 11 to 5  
at Arlington**

Barrington lost to Arlington Heights in the second game of the season by a score of 11 to 5 at Arlington Sunday.

The large number of green players who are being given a chance to show their ability contributed to the loss Sunday. As soon as these men have gotten into their stride, they are expected to form a club with plenty of spirit.

Arlington took the lead in the third inning by one run and continued to open the gap in the scoring. Reuse scored the heaviest for the Bears crossing the home plate twice. Reuse and Condill connected with three hits each. H. Rapp was the winning pitcher. Meiners and Etters were the losing pitchers.

**Game Sunday**

The local baseball nine will open their 1937 campaign on the local diamond Sunday. Note that the roosters have had two games for warmups they will probably make a better showing against the opponents Sunday.

**Tri-County League**

The Bears will travel to Elgin this evening, Thursday, to vie with St. Charles in their first game of the tri-county league series. The tri-county league consists of Dundee, Algonquin, Roselle, Plato Center, Hampshire, Barrington and four Elgin teams.

**Conference Meet  
to Be Held at Palatine  
Friday**

BHS varsity track men were taken into camp in the dual meet with Palatine by a score of 43 to 59 Monday afternoon. This meet, formerly slated for last Friday, was carried over to Monday because of inclement weather.

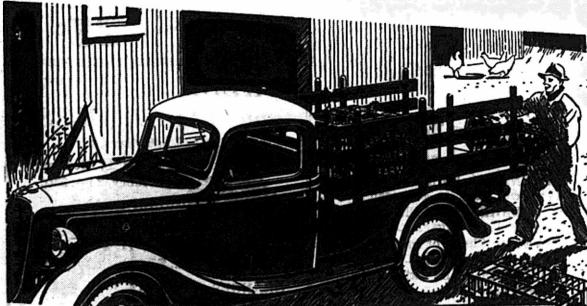

The Branchots were kept from taking the meet by only four points and with another first place could have won. Six of the local squad scored first places and five men captured seconds. Cadwallader, who has been walking away with the shot put honors for the Bronks, was in good shape putting the pell 45 feet and two inches. Kuhn, of Palatine, walked off with first place in the 100 and 220 yard dashes and the 440 yard run.

Local track men will travel to Palatine to participate in the annual conference track and field meet that is to be held Friday afternoon. The record of the local team thus far puts them on the spot as far as scoring is concerned.
