

Propose Measures on Fireworks and Destroying Weeds

Many Complaints Responsible for Penalties—Board Members Indicate

Two ordinances were proposed at a meeting of the village board Monday night. Trustees R. F. Kocher Sr. favored the adoption of a measure to regulate the use and sale of fireworks in the village, and D. B. Maloney, village attorney, recommended to the board the formulation of a "noxious weeds" ordinance after the problem of weeds on vacant property was discussed.

ion that an ordinance should be formulated to forbid the sale and use of fireworks. A resolution to have an ordinance drafted by the ordinance committee "regulating the sale and use of fireworks" was approved following a motion made by Mr. Kocher and seconded by Trustee R. L. Berg.

Mr. Kocher also presented the question of what procedure to adopt in reference to vacant property where weeds are allowed to grow without being cut all summer. Paul Purcell, superintendent of streets, reported the cost to the village each year to cut parkways was approximately \$240.

Stock Show May Be an Attraction at Fall Festival

Sub-Committees Will Be Picked to Plan Big Autumn Event

One of the features of the Barrington fall festival, to be conducted by the Lions club early in October, will be a 4-H club livestock show. If a proposal being considered by the central committee proves feasible, it can be worked out, the livestock exhibit will prove one of the brightest drawing cards to be offered in conjunction with the festival.

The central committee held a breakfast meeting Wednesday at which time they worked out several tentative plans for the show. The central attraction of the event will be commercial and industrial exhibits to be offered by Barrington companies. The committee decided definitely to offer special entertainment.

Townsend Meeting Barrington Townsend club No. 1 will meet at the home of Mrs. Henry Rieke, 417 N. Cook street, Friday evening, July 9 at 8 o'clock.

Car Out of Control Uproots Poplar Tree at Boy Scout Cabin

A six-inch poplar tree was uprooted from the parkway in front of the boy scout cabin on East Russell street Saturday night when the driver of an unidentified car lost control while turning the corner from Division street Saturday night. The accident occurred at 11:30 o'clock.

Families residing in the neighborhood were aroused by the crash, and reported seeing the car back away from the tree and drive west on Russell street to the front of the Charles Hutchinson residence where it stopped.

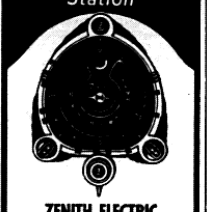

Mail Notices in Cuba for Delinquent Taxes

Continued from page 1 county who have been delinquent in their taxes one or more years have paid in approximately \$18,000 during the past several weeks through the justice courts in the county before the litigations were started.

The movement by the Waukegan and North Chicago Real Estate board to have the board of supervisors pass a resolution waiving the penalties on delinquent taxes was said, is merely bringing about a more stringent effort to force the collection of taxes.

Pinapple Cheese Pinapple cheese, which is said to have had its origin in Litchfield County, Conn., about 1865, is so named from the fruit into which it bears. It is a hard, rennet cheese made from the whole milk of cows and rather highly colored. The curd is pressed into the country for the full amount of the tax principal, costs and penalties, with the addition of court costs and the cost of the possible sale of the foreclosed property.

Mailing Notices to Disconnect Drains

A. C. Burandt, village clerk, began mailing notices to property owners notifying them of the deadline to remove house downspouts from sanitary sewer lines. Final disconnection date is set for August 1, 1937.

The notice contains an excerpt from the village ordinance No. 257, passed in October, 1936. It reads in part: "It shall be unlawful for any person, firm or corporation owning property in the village of Barrington to maintain upon such premises any surface drain or downspout of any kind whatsoever, for the purpose of carrying storm waters into the sanitary sewers of the village of Barrington from and after the 1st day of November, A. D. 1936."

Information regarding the changing can be obtained from Mr. Burandt by calling 75 during the day, the notice concludes.

Ask Change Order to Grade Parkways

Following the reading of a letter from Councilor, Older and Quinn, village attorney, interpreting the contract of the Allied Bridge and Construction company, builders of the separated storm and sanitary sewer system last year, the village board approved a resolution requesting that a change order be put through by the PWA on the A. W. Day additional work contract for the repair and sealing of the same.

In the letter, the engineers were of an opinion the village could not insist upon Allied company doing the work under its contract. The change order had been discussed with Trustee John H. Blanks, chairman of the sewer committee, prior to its presentation to the board. The estimated cost will be about \$1000, and will cover leveling, top dressing with black dirt and seeding.

A resolution requesting the PWA to transfer a balance of unexpended money from the sewer project to the village combined sewer and water department was approved following a motion made by Trustee R. L. Berg and seconded by Trustee John Blanks.

The purpose of the transfer was to create a building fund in the village department to cover the cost of constructing a water reservoir capable of holding 275,000 gallons of water. A new one is needed to replace one built many years ago, and in danger of condemnation by the state board of health.

Slav Wedding Feast Cupid plays havoc in the villages and towns of Yugoslavia from June 7 to July 10 couples are wed amid great feasts and rejoicing. After the marriages the men leave the district to work abroad, returning 12 months later for reunion with their wives.

Man and Woman Victims in Accidents

Continued from page 1 slight improvement was noticed Wednesday and St. Joseph hospital officials indicated a third would be given today, Thursday. Miss Felder is one of six young motorists injured early Saturday morning on U. S. route 10 east of Elgin. She suffered a severe laceration of one leg and nearly died to death before she was brought to the hospital by ambulance.

Miss Felder was riding in a machine driven by Winfield Rowe Jr., 319 Slade street, Elgin. Others in the car were Miss Marjorie Browne, 1173 Larkin avenue, Elgin; Phyllis Spalding, 730 Logan avenue, Francis J. Jerry, 808 N. Spring street, all of Elgin, and Jack Carroll, Sacramento, Calif. Rowe was driving west toward Elgin, and, according to information, had reached to the back seat to get a lighted cigarette, intending to throw it from the machine. During that moment he lost control of the car. It swerved from the pavement, snapping off a utility company pole. The top of the car was crushed in by the impact. Other members of the party escaped with numerous lacerations, bruises and fractures.

Ancients Knew Use of Plaster Plaster for building purposes has been used for centuries. Its insulating and sanitary properties were developed by the ancients and its decorative possibilities furthered by the Greeks and Romans.

Other members of the party of King John of England recognized its relative qualities after the great London fire. Sanitary laws in many states require all habitable rooms to be lathed and plastered. It insulates against cold drafts as well as heat. Other materials give much less in service for the comparative outlay.
