Four Precincts Set Up Under New Permanent Regis- tration Plan

Men and women living in Barrington, Palatine, Schaumburg and Hanover townships, who are eligible to vote, have been urged to register at their polling places on either one of the two dates set aside for permanent registration.

September 27 and October 5 are the days. In Barrington township, the voters should register at the new registration places (the result of increasing the precincts to four), Dr. A. G. Gleason, republican township chairman, advised.

Dr. Gleason called a meeting of party workers at his home Wednesday night. He urged them to remind voters of the permanent registration days and to advise them about the polling places.

The township has been divided into four precincts, two in the village and two in the rural area. The precincts, registration places and officials are as follows:

Precinct 1—All that part of the village of Barrington lying east of the center line of Cook street, all in Barrington township, Cook county. Polling place, Gold Star Motor Service, 217 E. Station street. Judge of registration, V. D. Hawley (R); deputy registrar, Mrs. Della Gedy (R); deputy registrar, Ruth Koehler (D).

Precinct 2—All that part of the village of Barrington lying west of the center line of Cook street, all in Barrington township, Cook county. Polling place, Village Hall, South Hough street. Judge of registration, James Foreman (D); deputy registrar, Mrs. Della Gedy (R); deputy registrar, D. B. Pomeroy (R).

Precinct 3—All that part of Barrington township lying north of the center line of Algonquin and Palatine roads, except the portion that part lying within the village of Barrington. Polling place, Lakeside school, corner of Dundee and Barrington roads. Judge of registration, Mrs. Grace Keeling (R); deputy registrar, Ethel Reuter (R); deputy registrar, Marjorie Frye (D).

Precinct 4—All that part of Barrington township lying south of the center line of Algonquin and Palatine roads. Polling place, Station Church. Judge of registration, Kitty Loomis (D); deputy registrar, Elsie Sawdell (D); deputy registrar, Carl Donald (R).

The village sewer committee will draft 5-day notices to be sent to property owners who have not yet connected their sewer lines to the village system. It was decided at the meeting Monday night.

It was learned at the meeting that a number of houses in Coupe's subdivision were not connected and also a number around the village. The trustees discussed the matter and agreed to have notices drafted.

Failure to comply with the notices will result in arrest slips being issued to the persons for prosecution under the village sewer ordinance.

Merchandise and money totaling approximately \$100 were taken when Conner's Tavern, 124 E. Main street, was burglarized late Friday night or early Saturday morning. Entrance was gained by forcing a rear door. The loss was discovered Saturday morning when the establishment was opened for business.

The persons responsible for the looting made a thorough search of the interior, indicating a previous knowledge of the place. Books and insurance papers of no cash value were also taken. Conrad Lipovsky, proprietor, has published a notice requesting the return of these items, necessary in maintaining his records.

A. degree and has completed all necessary work with the exception of her thesis for an M. A. degree from Iowa State University. She taught at Ames, Iowa, last year.

Miss Laird arrived in Barrington Monday with a collection of interesting snapshots and notes concerning the trip which she plans to compile into a book so that local school children may study her impressions of Alaska.

Three members of the local faculty, Miss Aitha Christensen, Miss Esther McKeercher and Miss M. Annette Shohl, have spent several months touring Europe. Miss Aitha Christensen, the school nurse, attended the international convention of nurses in England and then traveled on the continent. Details as to the opening of school cannot be announced this week, Supt. Smith stated, since work on the new building has not progressed sufficiently to make definite arrangements possible. There will be a special meeting of the school board called to consider the matter, next week.

War Tactics Tested by Coast Guard Unit

How well the safety of Barrington might be protected in case of war is being displayed by the 22nd Coast Artillery, anti-aircraft unit, at the apex of the practice tests with Barrington as the focal point.

Five flights have been spotted in a 25-mile sector with Barrington at the apex of the triangle. The closest flight is located on route 23 about a mile west from the intersection of route 63. Others are near Gary and Half Day. Listening devices are used by three flights to detect the sound of an approaching plane's motor.

The lights are attempting each night to locate an airplane, flying at an altitude of 10,000 feet. It comes from the north toward Barrington. The purpose of the maneuver is to test the unit's ability to protect given sectors from enemy bombing planes, it was learned.

The lights were located Monday when they went into operation. They again were used Wednesday night and the final test is this evening, Thursday.

Charges of Assault Against T. Druggan Settled in Court

Charges of assault and battery against Terrance "Terry" Druggan were dropped Tuesday in justice court of Michael J. Haney when Charles E. Peterson, manager of the Lake Zurich farm owned by Druggan's mother, entered a stipulation dismissing a civil suit for \$25,000 against Druggan.

The agreement made by Peterson and Druggan, placed on file in Lake county circuit court Tuesday, requests that the civil action be discontinued because the subject matter was settled.

It was reported a small cash settlement was made between Peterson and Druggan whereby court costs, medical bills, and a small amount of punitive damages sought by Peterson were paid by Druggan.

Druggan had allegedly beaten Peterson when the latter refused to join in the purchase of cattle and horses. Peterson preferred charges of assault and battery against Druggan in justice court and then started a civil suit for \$25,000 medical costs and punitive damages. With the settlement of the civil suit, the state charges against Druggan were also dropped.

Six-Year Mark at L. Zurich Broken by Drowning Sunday

Alfonso Burdi, 37, Falls From Row Boat Into 20 Feet of Water

A six year record was broken Sunday afternoon when Alfonso Burdi, 37 years old, 1920 Washburn avenue, Chicago, drowned in Lake Zurich. A death in the lake had been reported but this fatality was laid to a broken neck received when a man dove from a pier into shallow water.

With Vito Palatia, 55 years old, 1238 Fullerton street, Chicago, Burdi went out onto the lake in a row boat. Testimony given at the inquest Monday in Lake Zurich, revealed that the victim was standing in the stern of the boat. When he placed his hands on the side of the boat and lifted himself up to sit further back on the seat, he lost his balance, fell backward into the water which is 20 feet deep at that point.

Palatia called for help, and although another boat was within 20 feet of the drowning man, no aid was given. Burdi sank from sight and remained down.

John Gehre, Lake Zurich village marshal, was notified and sounded the alarm to call the Lake Zurich fire department. Divers and firemen worked for several hours but failed to recover the body. It was discovered floating on the surface Monday morning.

Burdi is survived by his wife and two children, who were members of a truck party picnicking at the lake when the accident occurred.

Art-Textile Co. Is Seeking to Move Its Chicago Plant Here

The Art-Textile company, 222 W. Ontario street, Chicago, is considering moving its plant to Barrington, it was learned this week. The firm, of which C. O. Anderson is president, was reported as being interested in the Catlow building on West Station street. Officials were attempting to complete details in order to move by September 1, it was stated.

Processing of fabrics and other cloth materials is done by the company. Finished goods are taken to them for application of designs. A large amount of the work is done for railroads, bus companies and hotels.

Keith Cannon, 308 W. Lake street, is employed by the company and is reported to have interested the company in coming here. Forty persons are on the pay roll, and the company has been in business for 15 years.

Route 59 Open for Slow Driving; Shoulders Are Being Constructed

The final concrete work on paving route 59 from the intersection of route 16 north to Wauconda was completed this week and crews from S. J. Groves and Sons of Libertyville, contractors, have been laying drain tile and leveling shoulders. Officials of the company are of the opinion it will be at least a month before all work is completed but the strip is opened for travel with warning signs.

The section is 5.5 miles in length and represents several years work. The grading was completed early last year but paving was not poured in order to allow fill to settle.

It connects the last gap between the route which begins in the Fox Lake region and runs south to the central part of the state. At present it is temporarily routed over route 63 from the viaduct south-west of Barrington north to the intersection of routes 22 and 63.

The new road furnishes a direct route to Barrington for persons living north and around Wauconda. It eliminates several miles of traveling in coming from Wauconda to Barrington.

Project to Improve Railroad Crossing Is Rejected by PWA

Improving the Main street crossing of the Chicago and North Western railroad was rejected by public works administration officials as an addition to the Main street widening project. It was learned Monday night at the village board meeting. The crossing improvement was not included in the original project.

Village trustees had contacted the Cook county board of commissioners and PWA officials hoping to have the work ordered done as an extra.

Trustee John Daeschler proposed the improvement be made with funds coming from the state tax fund allocated to Barrington. This proposal was opposed by Trustee Carroll, who felt as a railroad employee he would be the object of criticism.

Trustee Koehler suggested contacting the state and county highway departments in an effort to have the railroad do the work. If this is unsuccessful, the village might then take steps, trustees declared.

The project was estimated to cost \$3000 for the village's share and the railroad would have to spend approximately \$800 also for its share of improving.

The state gas tax fund credited the village is over \$7800. A. C. Burandt, village clerk, reported, but the purchase expense of stop and go traffic lights for the intersection of Main and Hough streets is also to come from that fund.

Village President Earl Hatje appointed Trustees R. Berg, John Carroll and John Daeschler as a committee to study the details and draft a program.

4-H Show Will Be Added Attraction at Fall Festival

Displays, Prizes Planned for Boys and Girls of Two Counties

A 4-H club exhibit of agricultural, livestock and homemakers' products will be a feature of the Barrington fall festival scheduled for October 5 to 9 inclusive. That plan was accepted by the Barrington Lions club, sponsor of the festival, at a regular dinner meeting at Olson's Monday night.

H. C. Glickerson of Graylake, Lake county farm advisor, and O. G. Barrett of Arlington Heights, Cook county farm advisor, will be guests of the Barrington club next Monday night to help work out a basic program for the 4-H club show.

According to tentative plans, there will be competitive exhibits for all farm boys and girls of Lake and Cook counties who wish to enter. These will be in all kinds of livestock, agricultural and garden products and homemakers' products such as home canned foods, home sewed clothing, etc. Prizes will be given for the winners in each division.

L. J. Miller has been made chairman of the 4-H club show committee. Other members of the committee are Fred Fleming, H. Kelsey and George Fairweather.

The farm show will be housed under a separate tent. The main tent, which will be arranged for about 50 commercial exhibits in addition to a platform for entertainment, will be the largest canvas top ever brought to Barrington. It will be 250 feet by 125 feet, or the equivalent of five city lots. To better visualize the size of this tent, one need only remember that an ordinary city block is a little more than 300 feet long.

That the tent will be well filled is evident from the fact that several display spaces have been engaged and many commercial and industrial firms have inquired about display.

James Bailey, 14, Wins Airplane Flight With His Plane Model

James Bailey, 14 year old son of Mr. and Mrs. James Bailey, 443 North avenue, had the novel experience of flying over the Fox River valley from the Chicago Municipal airport Thursday with eleven young men and boys, winners of a model airplane and poster contest conducted last May. The large transport plane in which they flew circled Elgin three times.

The trip was awarded to winners of a contest in connection with Elgin's air mail week observances in spring. Postmaster Joseph Kresger of Elgin joined the lads on the trip, which was conducted last May. The large transport plane in which they flew circled Elgin three times.

James has been modeling airplanes for the last year and a half. One after another, he told a reporter.

"I don't know how many I've made," James added. "As soon as one is finished I start another."

Parking Ordinance Amended; 55 Signs Ordered Purchased

Trustees Revise Time Limit From Three to Two Hours Monday

An amended resolution changing the time limit from three hours to two hours in the village parking ordinance was approved by the village board of trustees Monday night. The board then ordered purchase of 55 metal parking signs for erection. The resolution was adopted following a motion by Trustee Carroll and seconded by Trustee Daeschler. Mr. Carroll made the motion to purchase the signs. It was seconded by Trustee Blanke.

A survey of the streets made by Trustee R. L. Berg, chairman of the street committee, and R. W. Bando, chief of police, showed that 55 signs would adequately cover the sections to be placed under parking restriction.

The signs will contain the words "two hour parking between 7 a. m. and 6 p. m., except Sundays and holidays."

The area to be covered will include the south side of Park avenue, Station street from Grove to Hough street, Main street, Hough street from Station to Applebee, Cook street between Station and Lake to Franklin.

A parking ordinance is now on the village record but was never enforced due to many changes that have been made in village streets.

Mr. Berg reported to the board the majority of merchants contacted by him favored a restricted parking time limit. In the ordinance a three-hour limit is set, but after discussing the matter, the amended resolution with the fewer hours was approved.

Village President Hatje brought up the matter of trucks parking while unloading to stores on Cook street between Park avenue and Station street. Because of the narrow width of the street, it was suggested that Chief E. W. Bando work out a plan to have trucks do their unloading elsewhere.

Public Hearing on Proposed Building Called for Monday

A public hearing will be held in the village hall Monday evening to discuss the erection of a second residence on the property owned by L. N. Morse at 610 Division street. The meeting was suggested by Trustee John J. Carroll when the question of issuing a permit to Mr. Morse was presented by Trustee John Blanke at the meeting Monday night.

A residence is located on the front part of the property owned by Mr. Morse. He proposes, it is understood, to remodel some of the building on the rear of the lot for residential purposes.

Mr. Carroll reported to the board Monday night that a number of property owners in that neighborhood had presented objections to him on the proposed change. The meeting Monday evening is for the purpose of hearing objections.

Tuesday reported four Lake county towns on the "recommended" list for location of new post office buildings under the proposed \$100,000 federal building program. Four towns mentioned in the news release were Deerfield, \$70,000; Antioch, \$70,000; Graylake, \$70,000; and Highwood, \$70,000. If the building program is carried out these four communities will have new post offices.

"Saratoga," Last Harlow Picture, Opens at Catlow

"The Emperor's Candlesticks"
Showing Here Sunday
and Monday

Laughs and tears, thrills and romance, mingle in "Saratoga," co-starring Clark Gable and Joan Harlow at the Catlow, playing three days, Thursday, Friday and Saturday. A vivid story of the race track, with paddock intrigue; a great race, unusual characters, in which a delicious comedy is woven, the play is an ideal one for these particular stars. They hate, fight, and love through an action-packed drama in which much whimsical comedy leaves the heavier moments.

William Powell and Luise Rainer, both nominated for the Academy of Motion Picture Arts and Sciences award for best screen performances of 1936, are united for the third time in "The Emperor's Candlesticks," which opens a two day showing at the Catlow Sunday.

"The Emperor's Candlesticks," based upon the best-seller novel by Baroness Cray, is a story of spy intrigue that races across Europe at a madcap pace. The picture was directed by George Fitzmaurice, who surrounded Powell and Miss Rainer with a supporting cast of notable players including Robert Young, Maureen O'Sullivan, Frank Morgan and Henry Stephenson.

The latest movie starring that shooting, singing cowboy, Dick Foran, doesn't belie its name, according to advices sent in advance of its coming next Tuesday at the Catlow. It is a melodrama called "Blazing Sixes," and the numeral of course, refers to the six-guns with which Dick and his pals, and their enemies, the stage coach robbers, volley their way through the plot.

Double featured with "Blazing Sixes" is "The Lady Escapes," with Gloria Stuart, Michael Whelan and Cora Witherspoon.

Going far afield for a picturesque setting for a movie, Warner Bros. this time chose Italy (which used to be Arabia) as a locale. They placed a British garrison there, had its members surrounded by wild natives, and offered the problem of how the soldiers and their officers and wives were to be saved—It saved they might be.

"Another Dawn" is the name of the picture. It is scheduled to open Wednesday at the Catlow.

Double Main Event Headlines Card at Round Lake Arena

A double main event will headline the weekly all-star professional wrestling card in Peg's Round Lake arena this Friday night when Jim McMillen, leading contender for the world's championship, comes to grips with the Black Panther of the Northwest, Jack Claybourn, sensational colored star and conqueror of Rudy Kay, in one of the feature attractions, and Fred Grumbler, famous Iowa scissor king, mixes with 330 pound Chief Ooley Sanooske, giant Haskell Indian ace, in the other.

Using his spectacular flying kangaroo drop kick, Claybourn flattened Rudy Kay in the most thrilling contest of the year at Round Lake last Friday night, and in so doing earned a match with "Big" Jim McMillen.

McMillen will attempt to end the colored champion's string of five local wins, but local sportsmen are divided in their opinions as to whether Mac will be able to "put it over" his clever opponent.

The other wind-up bout should be another thriller with the giant Indian on the warpath claiming he was "given the works" in his match with McMillen several years ago at Round Lake. The Chief

hope to prove his right to another chance as a Scotch farmer by a win over the lanky Iowa scissor king, but Grubby has ideas of his own of a McMillen match and plans to demand one if he gets past Sanooske.

In the preliminary bouts three newcomers will be introduced to local fans for the first time. In one of the matches George Mansor, 254 pound Arabian strongman and wrestler of note, will wrestle Able Kaplan, powerful Jewish star who has wrestled in every county on the globe. The other preliminary features another newcomer, Jack Conley, whose favorite hold is a punch in the jaw. This tough boy takes on "Bully Boy" Kogut. Conley is a boxer as well as a wrestler and is confident that he can outlast any of them.
