By THE MASTER UARIJERER

Th peony is one of the hardiest
and most easily grown of the perennial flowers. It will bloom year
after year, with little care. A
beautiful and permanent peony
garden may be had at very little
leost.

OFFICIAL F

REAL BETATE AND PERSONAL PROPERTY CHANGES IN TOWN OF CUBA, LAKE, COUNTY, ILL The following is alls of Per-sonal Property and the changes made, if any, in Real Estate in the Town of Cuba with the assessed for the country of the quired by Statute.

Plant Peonies

By THE MASTER GARDENER

garden may be had at very little cost.

If you haven't been growing this dependable flower, get your order in to a good grower promptly, for the period from September 13 to the period from September 13 to the period from September 13 to plant people. By the second plant plantings do show a little stronger growth the following spring, that in the second growing season there is no perceptible difference either in size of plant or amount of bloom.

Poonies want sun, good drain-age, and a rich deep loam soil. Make the bed ready a week or more before setual planting time of the soil perception. By the sell planting time of the soil of second provides of the soil is necessary to the planting time of the soil of the sell people. By the sell planting time of the soil on depth of two feet and enrich the soil years the foreign people. By the sell plant food in the soil, prepare the bed to a depth of two feet and enrich the soil years the food the covered by 3 inches of soil; in heavy soil the covering should not leaved 3 inches.

Do not plant in soil where pecusion have previously grown. By the sund until after the ground is freen. By the sell planting, at the roots have not become well established and alternate frees in the roots have not become well established and alternate frees in the roots have not become well established and alternate frees in the roots have not become well established and alternate frees in the trailer planting, at this time the roots have not become well established and alternate frees in the soil predect the ground is frees.
