## Reach New High in School Attendance; 723 Are Enrolled

First Five Primary Grades and High School Show Large Increases

Attendance at the Barrington public primary grades, junior high school and high school has reached its highest point since the founding of the school, a check of figures following the opening of the grammar school Monday morning revealed.

The increase is noted in the first five grades and high school. The first five grades had an increase of 56 pupils over last year, the junior high shows a decrease of seven pupils and the high school a gain of 21 over 1936, making a total increase of 54 over last year.

The total for this year for all departments is 723. Last year it was 689, and in 1936, which was the previous high year, the total was 698.

A decrease is noted in the kindergarten this year and in junior high school where the attendance is slightly less than last year. Since the opening of high school two weeks ago, an increase of 13 pupils is found. The figures after registration was 366. The freshman class gained until it has now hit the high total of 82 members. The sophomore class had an increase of five pupils and the junior class three pupils. The sophomore class now numbers 75 and the junior 59. The senior class also picked one more member to go to 51. Two post graduates are attending school also.

Grades	High School	Total
1933	236	164
1934	260	161
1935	275	167
1936	269	152
1937	309	146

The committee stated all exhibits must be in by 10 o'clock Friday morning to be eligible for judging. They may be brought in any time after 4 p. m. Thursday. Following is the list of members and their committees with the first person named as chairman.

Leo Hanson, Mrs. LeRoy Kane, Mrs. Lee Huxon and William Huxon, program; Clarence Stetinger, George Gross, Harold Hans, William Huxon and E. F. Young, farm exhibits; J. L. Clements, Miss

## Offers New Plan to Improve C. & N. W. Railroad Crossing

John P. Daeschler, village trustee, reported to the village board Monday night concerning the proposed main street crossing of the Chicago and North Western railroad, that the railroad company has agreed to do all the work connected with the project if the village will furnish the pre-cast bridge to be laid between the rails. It is planned to be the same as that installed at the Elgin, Joliet and Eastern railroad crossing on West Main street when it was widened. The crossing will be improved from walk to walk.

The program outlined by Trustee Daeschler met with the approval of the board and A. C. Burandt, village clerk, was instructed to secure the necessary forms in order that application can be made to the state highway department to have the cost come from the state gas tax fund credited the village of Barrington. The village's share of the expenses has been estimated at \$1600.

When the crossing is made, other information is forthcoming, it is expected the board will approve a resolution for the improvement.

## 9th District Legion Installation to Be Held Here Sept. 29

Local Post Host to 25 Units Throughout Chicago Region

Installation of officers for the ninth district of the American Legion will be held in the auditorium of the high school next Wednesday evening with the Barrington post host to representatives from 25 posts.

The work will be conducted by Department Commander Leonard Applin of Aurora and Senior Vice Commander Ed Clamance of Chicago.

Only one major change in the roll of district officers is contemplated for this year. H. Mendelsohn of Chicago will be installed as adjutant to succeed Leo Wolfson. The following will be re-elected:

George Rhode, district commander; Joe O'Brien, senior vice commander; Mr. Cunningham, junior vice commander; Leonard Detweiler, financial officer. Detweiler is from Des Plaines. The others are all residents of Chicago.

The local post completed plans for the installation at a meeting held Tuesday. Following the installation, lunch will be served. Nearly 200 guests are expected.

## Silver Trophy for Winner of Festival Exhibit of Pictures

The committee in charge of arranging and handling exhibits for the still and motion picture booth at the Lions club fall festival on October 5 to 9 at the Regency hotel, all entries be submitted early in order that they may be catalogued and mounted properly.

Although there will be a contest with a silver trophy to the picture voted most appealing in the whole exhibit, the committee has asked that all types of photos be entered. Those of old landmarks around here, persons or any other subject matter are requested.

The contest for the most appealing picture will include all but one or two commercial or professional exhibits. Voting by visitors at the booth will determine the winner. Ribbons for second and third place to pictures in the appealing class are to be furnished and also ribbons for the first three places in another contest to determine the most unusual picture.

Still photographs may be left at the office of the Barrington Review and should bear the name and address of the owner plainly printed on the back. Those having motion pictures of interest may contact Harold Ankele, 119 E. Main street, who will be in charge of that section.

Exhibits of interest furnished by commercial and professional units will also be placed in the booth.

## Call Meeting for Open Discussion on Sewer Connections

A public meeting for discussion of the problem of connecting sewers to residence outlets will be held in the council room of the village hall Friday evening. It was decided by the board of trustees Monday evening.

Certain sections, Waverly road and Prospect avenue and other places, have not made their proper connections to the sanitary sewer line, and it is for this purpose the meeting is being held. The village clerk, has written the majority of property owners affected by the meeting, but if he has overlooked any, it is by mistake, and all residents of the district will be welcome to attend.

The village may be forced to take legal action to require connections, it was pointed out at that meeting.

## Jewel Man Donates Blood to Prevent Case of Paralysis

F. T. Parkhurst, 39 years old, employed by Jewel Tea Co., Inc., donated a quantity of blood Saturday to be used for the prevention of the spread of infantile paralysis used by police and other law enforcing agencies. Finger printing and use of tear gas, machine gun, bullet proof vests and radio, will be employed, Mr. Kennedy revealed. It is not a cure for infantile paralysis, Mr. Parkhurst stated, but a preventative.

## Farm Barn Razed by Fire

John Byrnes surveys a heap of smouldering ashes, all that is left after a fire of undetermined origin razed the barn on the place that is known as the Geary farm on Rand road near Lakes Corners Sunday evening. Mr. Byrnes estimated his loss at nearly \$6000.

The blaze was discovered by Mr. Byrnes at about 5:30 in the evening. He and his family were retiring for the evening when he noticed other buildings illuminated by flames from the burning barn.

The volunteer fire department from Wauconda responded to a call but was unable to check the blaze as it swept this morning. Estimated by 50 tons of hay and 25 tons of straw stored in the mow.

The blaze was discovered by Mr. Byrnes at about 5:30 in the evening. He and his family were retiring for the evening when he noticed other buildings illuminated by flames from the burning barn.

## State Department Gives Approval on Crossing Lights

Agrees to Traffic Controlled Signals at Hough and Main Streets

A. C. Burandt, village clerk, was notified this week by letter from Ernest Lieberman, chief engineer of the state highway department, that he has approved the resolution requesting installation of traffic lights at the intersection of Hough and Main streets.

Approval was granted Monday, Sept. 20, the letter stated, and is a complete reversal of an earlier decision by the department.

Mr. Lieberman explained that following correspondence with A. C. Burandt, a second traffic check had been made and the department had decided to approve the installation.

The approval recommends traffic actuated lights, those controlled by the passing of autos across trigger plates set in the pavement. An appropriation of \$1500 was also approved. This money will come from the fund accredited the village in the state gas tax fund.

As soon as the proper forms are made out and plans accepted, bids for the lights and their installation will be asked. It was reported.

## Girl Scouts Will Hold First Meeting

Troop 2 of the Girl Scouts will hold its first meeting at the scout cabin Thursday, Oct. 7 from 3:45 to 5:15 p. m.

Leaders for the coming year are Miss Bonnie Jean Clark, captain; Miss Virginia Cardwell, Miss Irene Filloon, and Miss Mae Eiters, lieutenants.

Any girls over 10 years old who are interested in joining the Girl Scouts have been asked to send their names to Miss Clark.

## Called to Deathbed of Father in Iowa

Mr. and Mrs. M. F. Lowley and James and Blanchard Condliff of Barrington and Joseph Condliff of East Bend, Ind., were called home Saturday because of the serious illness of their father James Condliff of Paton, Ill.

Mr. Condliff passed away at the Fort Dodge hospital Tuesday. Burial will take place at Paton today.

## Frank Hogan's Retrievers Are Big Attraction at Fall Festival

Frank Hogan's famous retrievers, presented through the courtesy of the Hogan Kennels of Barrington, will entertain guests of the Barrington Fall Festival Tuesday and Saturday nights, Oct. 5 and 9. The exhibitions, given by from five to eight retrievers, including Labrador and Golden retrievers, will be held at the village hall. The dogs have given before sportsmen's shows at Minneapolis and other large cities at a cost of \$2000 for a single series of night performances.

Another announcement, made this week, is that Sid Page of Palatine will produce a No. 1 quality vaudeville show Wednesday and Thursday evening, Oct. 6 or 7. Mr. Page is well known throughout the Chicago district as a manager and booker of acts which play at the best vaudeville theatres. He feels he has a reputation to protect in his home district, and will get the best possible for the festival.

Thomas E. Kennedy, chief deputy sheriff of Lake county, will display and demonstrate the latest scientific equipment and devices used by police and other law enforcing agencies. Finger printing and use of tear gas, machine gun, bullet proof vests and radio, will be employed, Mr. Kennedy revealed. It is not a cure for infantile paralysis, Mr. Parkhurst stated, but a preventative.

## Re-Route Highway Traffic for Flint Creek Bridge Job

With crews from the Empire Construction company of Chicago tearing down the Flint Creek bridge on Northwest highway at Jewel Park, traffic has been rerouted through Barrington on Washington street and Hough street.

Barricades were placed at the intersection of Hough street and Northwest highway and at the intersection of Washington street and the highway, cutting off the portion which includes the bridge. This was done by the state highway department without consulting local village officials.

At the board meeting Monday evening there was a divergence of opinion in reference to the rerouting. Some favored using Hough street and Main street. It will be more than 30 days before the section will be opened again. It is reported. The bridge is to be widened and the creek bottom lowered at that point. No approaches will be laid to the bridge.

## Barrington Clocks Move Back Sunday to Standard Time

Gain Hour in Change; Schools, Churches Conform; New Railroad Schedule

Sunday morning, officially at 2 a. m., residents of Barrington and other nearby communities will begin to collect the interest and principal accumulated all summer long under daylight saving time and will be given an extra hour's sleep.

A check made in the village Wednesday afternoon revealed that churches will operate under the central standard time and there are no changes being made in the time set for services. The Catholic theatre will also operate in conformity with the local time and the Barrington public and St. Ann parochial schools will use central standard time.

The most important factor in time for the village is the policy to be adopted by the Chicago, North Western Railway in planning its train schedule.

According to J. A. McCoy, passenger agent, the railroad will operate under central standard time with train schedules very nearly the same as those during the summer. Although a new schedule will not be released before Friday, he stated, present plans indicated the same as those during the summer. The leave and arrive are almost the same as before.

The Chicago round express train that stops here at 8:33 a. m. daylight saving will be removed from the schedule, he stated. This, he thought, would be the only major change.

## Have 55 Pupils at Country Day School

A total enrollment of 55 pupils was reported by Miss Elsie Wyant, superintendent of Country Day school, Wednesday. Pupils at the school are not put in one grade for the year, she said, since each child is permitted to carry on work of various classes; he may be in one division for one subject and higher or lower one for another.

## Property Owners Are Jointly Liable With Board in Walk Suits

The problem of broken or missing sidewalks was brought up by Trustee Rudolph Berg, chairman of the street committee, at the village board meeting Monday in an effort to find a solution to remedy the condition, which, he stated, was serious and might prove to be expensive for the village in the event of a lawsuit.

D. B. Maloney, village attorney, informed the board that property owners are jointly liable with the law concerning damage suits arising from injuries received on falling walks holds the property owner jointly liable with the village. This information, he felt, would serve to arouse their interest in improving the walks.

It was decided by the board to use the village police department, to fill up the cracks and bad spots and contact property owners in an effort to have them install sidewalks with the village. This also to make minor repairs.

## Attend Cousin's Funeral at Ohio

Mr. and Mrs. E. M. Dye and daughter Marguerite, 115 Dundas avenue, spent Saturday and Sunday in Ohio, where they attended funeral services for Mr. Dye's cousin, Warren Medlam. Saturday Mr. Medlam died Wednesday after having been in poor health for some time. He had been confined to bed for the last two years.

## Residents of Cook County to Register First Time Monday

Second Date Oct. 5; Voters to Register in Person to Save Vote

In order to protect their voting franchise, residents of Cook county are required to appear at the official polling place of the precincts in which they reside and have their names entered in the records set up by the permanent registration bill passed by the last general assembly. Registration dates are: Monday, September 27 and October 5. Hours are from 8 a. m. to 5 p. m.

In failing to register in their proper precincts on either of those dates, voters will be required to go to the office of A. C. Burandt, village clerk, if they reside within the village limits or to H. O. Scott, Barrington town clerk, if they reside outside the village limits in the township in order to have their names placed on the records. This can be done from December 6, 1937 until January 20, 1938.

V. D. Hawley, judge of registration, attended a meeting called by Michael J. Flynn, Cook county clerk, in Chicago Friday evening and obtained information concerning the requirements of voters in registering. Following are some important points listed by him:

"Any person becoming a citizen through naturalization must furnish information as to what court issued papers and on what date and place. This information must be brought with the individual."

"Anyone becoming a citizen (19 years old) before becoming a naturalized citizen of the parents is not a citizen and must take out naturalization papers."

"Any alien woman who became a citizen by marriage to a naturalized citizen must furnish information concerning the court, place and date of his naturalization."

"Any person becoming a citizen through marriage to an American citizen must be able to furnish evidence that the ceremony was performed before September 8, 1926."

## Attorney Will Ask Hearing Date for School Litigation

D. B. Maloney, village attorney, was instructed by the board of trustees Monday night to appear before the Lake county circuit court and ask for a hearing date on the suit between the village of Barrington and school districts in Cook and Barrington townships, and the estate of F. L. Waterman, former township school treasurer. The litigation is over funds held in the First State Bank of Barrington by Mr. Waterman, treasurer of school townships and village.

The case, up for hearing before, was postponed while efforts were made for the recovery of the funds. It was reported that some progress was made with school trustees and directors in Cook townships. Members of the board of education of Cook district No. 4 and the estate of Mr. Waterman, treasurer of school townships and village.

## Four Women Hurt in Auto Crash Monday

Four women suffered cuts and bruises when the automobile in which they were riding collided with another on Rand road (route 60) about two miles southeast of Lake Zurich heading morning. The crash occurred at the intersection of the village of Barrington, 5311 Glenwood avenue, Chicago; Helen Kane, 304 Evergreen avenue, Chicago; Nora Wright, of Delavan, Wis., and Phyllis Peters, also of Delavan, were reported taken to the Palatine hospital for treatment.

Drivers of the cars were M. Brenner, 4766 S. Kilbourn avenue, Chicago; and the Kelly, 3443 Ward street, Chicago.

## Baptist Bible School Officers, Teachers Meet

Officers and teachers of the Baptist Bible school met in the church parlors Wednesday evening. Plans were made for Rally Day and the year's work was outlined.

Members and friends of the Bible school will bring donations of fruits, vegetables, canned foods, or other goods to the Rally Day at Maywood on Sunday, Sept. 26.

## Jack Benny Heads All-Star Cast in Feature at Catlow

"Artists and Models" Billed; "The Good Earth" Will Show Here

"Exclusive," the motion picture which opened at the Catlow last night is one of the most exciting and entertaining pictures of the season. It is a thrilling newspaper story, intelligently enacted by an excellent cast headed by Fred MacMurray, Frances Farmer, Charlie Ruggles and Lloyd Nolan. In "As Good As Married," the film at the Catlow Saturday, John Boles portrays an architect who discovers that marriage cannot be blesped as easily as a bungee low for two. The home designer may be a whiz with mortar and brick, but he's shy in the hands of his wife. Doris Nolan is seen as the secretary who, when she marries the architect, won't take dictation any more.

Double featured with "As Good As Married" is "The Man in Blue," with Robert Wilcox, Nan Grey and Ralph Morgan.

Reasons for apol "takes" in Hollywood's film studios are as numerous as the proverbial sands the desert.

A new one was added to the list during the filming of "Artists and Models," which opens Sunday at the Catlow, with a cast headed by Jack Benny, Ida Lupino, Gail Patrick, Richard Arlen, Louis Armstrong's Swing orchestra and Andre Kostelanetz's orchestra. The reason for delays that stretched one little scene into an all-day job was that Ben Blue and Judy Canova—that daffy new-comer from radio, also featured in the film—laughed so hard at each other's

comedy that they spoiled "take" after "take."

Because he couldn't be serious the role Lynne Overman was supposed to play in "Blonde Trouble," coming to the Catlow Tuesday, was rewritten from semi-serious to pure comedy. The cast is headed by Johnny Downs and Eleanor Whitely.

Double featured with "Blonde Trouble," is "Armoured Car," with Robert Wilcox, Judith Barrett, and Cesar Romero.

The illness of a tiny baby caused a novel hailed as a modern epic, to be written and if two-year-old Carol Buck had not been ill, "The Good Earth" might never have been screened.

The story of it was made known by Mrs. W. C. Lowdermilk, wife of Dr. W. C. Lowdermilk, wife of the great famine prevention program waged in China with American funds.

For five years Mrs. Lowdermilk was next-door neighbor to Pearl S. Buck, author of "The Good Earth." "Mrs. Buck, daughter of a Presbyterian missionary," she writes with no thought of writing.

"Carol, the baby, was ailing as an infant. When she was a year old we all realized it might be serious. Mrs. Buck, who had discovered she had a bent for writing, tried her hand at some magazine articles on China.

"Then the doctors told her the baby's condition was more serious than anyone had realized. She should be sent back to the United States to an institution qualified to handle the case.

"I must try to write a book," she told me, the last thing before she sent the child to America. "That will pay for this."

"That book was 'The Good Earth'."

John Bunyan Described

John Bunyan, the author of the famous "Pilgrim's Progress," is described as a tall, red-haired man, stern of countenance, quick of eye and mild of speech, who as a boy was very fond of swearing.

## Christian Science Lecturer Talks on One's Salvation

A lecture on Christian Science was given by William Duncan Kilpatrick, C. S. B. of Detroit, Mich., member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, under the auspices of First Church of Christ, Scientist, in Barrington high school, Sept. 19.

The subject of the lecture was "Christian Science: Its Message of Individual Salvation." Mr. Kilpatrick spoke in part as follows:

"With the understanding that material existence is merely a state of the human consciousness, and that our material world is the externalized expression of carnal thoughts which come from a so-called carnal mind claiming existence independently of that consciousness, we may begin to understand how the process of individual salvation is to be accomplished."

"Through the carnal mind our consciousness we endow our material universe with those laws and conditions which make for the unhappiness, the tragedy, and the endlessness of human living. Through the carnal in human consciousness we endow our brother man with the hate, the jealousy, and the dishonesty which he comforts as."

"The sickness, the poverty, and the inharmonies of the human body are inflicted thereon by the carnal which obtain in the consciousness of the possessor of the carnal mind in human consciousness. The poisonous and venom hidden in the fangs of the beasts of the jungle are simply the manifestation of the carnal claiming existence in the human consciousness. The poison and venom hidden in the fangs of the carnal in our human consciousness. The carnal mind in human consciousness not only creates the material world but it likewise endows that world with those material and harmful qualities which render material existence a most precarious and perilous experiment."

"Through the influx of the divine into the human mind these carnal thoughts which are externalized in our concept of materiality as sickness, poverty, hate, poison, bestiality, danger, and the like are gradually displaced. The carnal thoughts entertained in the human consciousness are thrust out by the divine, so that the process of salvation involves the necessity of human perfection of the material state before complete spiritualization of existence can follow. Thus, in accomplishing the process of complete spiritualization, each individual must have overcome and eliminated from experience the minor or secondary conditions of material existence, such as sickness, poverty, sorrow, inharmonies, and the like, before he can proceed to the larger problem of spiritually or mentally overcoming and eliminating matter entirely. In following, then, the divine order of complete salvation, instead of being possessed of a human mind through which is manifested a sick, poverty-stricken, material body, we shall find ourselves, as thought becomes more spiritual, possessed of a consciousness through which is manifested a material body and a material universe, from which have been eliminated all elements of

sin, sickness, hate, jealousy, poverty, inharmonies, danger, discord, and the like.

"What a boon to be permitted to enjoy the gifts of nature in all their pristine simplicity, without the carnal accompaniments of danger, harm, and destruction, for which our own wrong thinking has ever been responsible! How beautiful the smile of the goldenrod without those elements of distress which annual plagues the victims of hay fever! What happiness and contentment in the world wherein the creatures of forest and field are free from the carnal-imposed! Surely, 'the world as hell' shall dwell with the lamb, and the leopard shall lie down with the kid; and the calf and the young lion and the falling together, and a little child shall lead them."

"What happiness, joy, and comfort shall be found in the company of those in whom we find no guile, no sin, and no hate, because we see as Jesus saw."

### ELA TOWNSHIP

Mrs. Charles Platt and son of Chicago, called at the Charles Hercherberger home.

Mrs. Steve Keller of Long Grove visited her brother, August Frie in Bensenville Monday evening.

### Barrington Hills Younger Set Starts Fall School Term

A number of Barrington Hills young people have started back to school and are scattered over a wide territory.

The Russell Pettingilla went to place their son Russell and daughter Laura in school. Joan Hilton has gone to Ferry Hall. Priscilla White to Sweet Briar.

Joan White to Rawlins College. Cathie Canby goes back soon to Massachusetts and Kitty and Evelyn Lawrence have returned to Warrentown Country school at Warrentown, Va. Vivian and Ruth Roder have returned to Lake Forest college.

Barrington Country Day school opened Monday and many of the younger Barrington Hill children are enrolled there.

**Gymkhana a Success**  
Ideal weather and a large crowd of onlookers helped to make the Barrington Hills riding club gymkhana Sunday a great success. The games were played in the riding ring of the James R. Cardwell place, and with the usual enthusiasm and sportsmanship of a large number of participants. The opening parade of all the riders was colorful and exciting and the events that followed well performed and amusing as well as interesting. A balloon chase, a potato race and also an obstacle race provided fun for the crowd. The jumping events were a feature, too. The climax came however with the final number. A covered wagon containing Brigham Young and his wives came into the ring. In the midst of their security a band of Indians dashed into the picture and with much bravado attacked the little group. Each Indian attempted the capture of a wife, and the gymkhana wound up in the true circus fashion.

Mrs. Cardwell and Miss Virginia Cardwell are to be congratulated upon their ingenuity in always making this annual event interesting.

**Women's Season Closes**  
Tuesday was the last Ladies' Day of the season at Barrington Hills Country club and the golfers took liberties with their game, discarding all conventions and rules and making their own. Four team play, one ball to a team, one club for the entire 18 holes, funny costumes and other amusing features marked the arrangements. The year's prizes were awarded as follows:

Mrs. Leslie Hansen has been honored by the Chicago Women's

Golf association, having been elected to the office of vice president. Mr. and Mrs. Avery Brundage of Chicago were guests last week of the Edward Kohlhaas.

Mrs. Brundage is chairman of the American Olympic committee. Mrs. Molly Leffingwell of Evanston, visited with Barrington friends Sunday.

Miss Margaret Elisabeth Hecht enters Chicago university next week and will be a resident of Foster Hall.

In the gymkhana last Sunday on the Cardwell estate, the two hunters of Mr. and Mrs. Edward Kohlhaas were ridden by Willard Abbott of Barrington.

H. T. Avery of Flushing, N. Y., spent the last week-end as the guest of his old-time friends, Mr. and Mrs. F. A. Record.

Last Tuesday evening, F. W. Morf entertained a group of friends at dinner at Barrington Hills Country club.

Mr. and Mrs. Frank Johnston and Col. and Mrs. John Roberts

returned last week from a motor trip through the east and Canada.

John K. Ramond is a patient in the Presbyterian hospital in Chicago.

Miss Mary Grubbs is still not well enough for visitors, but reports are favorable and her improvement marked. Her many friends are keeping in close touch and hopeful for good news of her condition. She is in the Highland Park hospital.

Mrs. Louise B. Martin and daughter, Katherine Kelly, will reach Barrington this week to be the guests of friends for a few weeks.

The William Schulzes have leased the Potter Smith home on Otis road and will occupy it about October 1.

**Pays Traffic Fine**  
L. W. McClure, 628 Grove avenue, was assessed a fine and costs when he appeared on a traffic charge at Arlington Heights Friday afternoon.

**Killing Off Parrots**  
In many of the West Indies there is a continual warfare against parrots. They are practically extinct in some of the islands.

**Farm Supply Company Is Agent, Blue Seal Feeds**

The board of directors of the Lake-Cook Farm Supply company, which operates warehouses at Grayslake, Lake Zurich, Arlington Heights, Des Plaines, and Tinley Park, announce that they have secured the exclusive distributor rights for Blue Seal feeds in Lake and Cook counties. Blue Seal feeds are manufactured by the Illinois Farm Supply company. Its entrance into the field of commercial feeds was made after years of intensive research into feeding needs, as well as cooperation with the best nutrition men in the state, and assures all consumers of Blue Seal feeds of the highest quality merchandise, it was reported.

NO. 32 - Barrington, Ill., Thursday, September 23, 1937 VOL. 49

No wonder there's such a demand for new cars. Look at the wrecks you read about on Monday mornings.

One of the best means of farm relief we can suggest is an F-13 Farm - All Tractor - A small little tractor with a world of power for \$425.00 F.O.B. factory.

The silver plated bath sponge goes to the "rotunda" who defined a "mugwump" as a bird that sits on a fence with its mug on one side and its wump on the other.

You'll be thankful for every acre of soil plowing next spring when the spring rush opens. How about a new McCormick-Reaper tractor now?

The silver plated bath sponge goes to the "rotunda" who defined a "mugwump" as a bird that sits on a fence with its mug on one side and its wump on the other.

You can always tell a college town by the number of hitch-hikers along the way.

The old back-woodman had purchased a clock. It slipped a cog one night and struck 19 times. "For gosh sake, Marla," yelled the old man, "Get up, it's late! I've never known it to be!"

No matter what you have to shovel we can supply you with the right kind of shovel or spade. We can get you the famous Keen Kutter line.

"Did the doctor know what you had?" "I think so. He asked me for ten dollars and I had eleven."

You can't expect a pump to last always anyway. Better come in and see the new line of Meyers pumps. They are good for years of service.

Officers: "You've been doing sixty miles an hour. Don't you care anything about the law?" Lady: "Why, officer, how can I tell?" "I've only just met you."

## Explosion Wrecks Silo Monday Soon After Crew Leaves

Blast on H. Scheer Farm Is Laid to Gas in Silage Filled Structure

Accumulation of gas caused an explosion that wrecked a silo on the Henry Scheer farm, Sutton road, five miles southwest of Barrington, Monday evening shortly after a crew of men had ceased filling the silo and were at dinner in the Scheer home.

The fact that the men had gone into dinner and were not in the vicinity at the time saved several of them from possible injury. The force of the explosion scattered silo blocks, mortar and newly cut silage over the barnyard and near-by road.

The only eye-witness to the accident was Bert Ruse, farmhand who had just left the silo for the house. Turning around at the sound of the report, he saw a 12-foot section at the top blown out and the subsequent crumbling of one whole side. That side adjoining the barn remained standing.

D. Ellinghusen, father of Mrs. Scheer, who was assisting with the silo filling work, had driven two teams from the spots where the debris landed a short time before the explosion. Had the explosion occurred only minutes earlier, he and several others would have been in the path of the flying blocks.

The accumulation of gas, which is always present in silage, was believed to have been speeded up by the warmth of the day. The force of the blast was confined to the top where rising gas was bottled.

## R. Hendrickson Wins Jewel Golfing Cup

Ralph Hendrickson of Barrington won the president's trophy of Jewel Tea Co., Inc. at the annual tournament held at Pickwick Golf course at Glenview Sunday by shooting below par 36-hole round. J. C. Gellatly was runner-up, also making the round in below par.

Other golfers finishing well up in the list with low scores were Frank Beerman and Orr Williams of Barrington and B. Oldenberger and Clarence Krell of Jewel Food Stores in Chicago.

## Members of Salem Church Present at 2-Day Conference

The Farther With Christ Mission, under the direction of the commission on evangelism of the Evangelical conference was launched in Milwaukee, Wis., Sunday. It will be concluded at Waterloo, Ia., October 9.

Four largely attended meetings were held within the bounds of the Illinois conference—Sunday evening in Chicago, and Monday evening in Milwaukee, Tuesday morning and Tuesday afternoon at the First Evangelical church in Aurora. About 2000 people from all parts of the state attended these meetings.

Salem church in Barrington was represented Monday night by Rev. W. A. Stauffer, pastor, and 24 others from the church. The Tuesday sessions were attended by five from Barrington.

Bishop J. S. Stamm, Harrisburg, Pa., and Bishop C. H. Stauffer, Kansas City, Mo., were the principal speakers Monday evening. Bishop Stamm presented the subject, "Our World a Challenge to the Church." Bishop Stauffer followed with the subject, "The Church's Answer to This Challenge."

Other vital topics discussed on Tuesday were: "The Minister and His Soul," by Dr. G. B. Kimmel, president Evangelical Theological Seminary, Naperville, Ill.; "The Minister and His Message," by Dr. H. R. Heininger, of Naperville; "Current Methods of Evangelism," by Bishop Stauffer; "Giving the Invitation and Guiding the Inquirer," by Bishop Stamm; "The Farther With Christ Mission Emphases," a round table discussion led by Bishop G. E. Epp of Naperville, and "Spiritual Empowering," by Bishop E. W. Praetorius, of St. Paul, Minn.

## Dundee Girl, Five, Dies of Paralysis

Jean Ann Schumacher, five years old, daughter of Mr. and Mrs. William C. Schumacher, 92 Riverside avenue, West Dundee, died Sunday afternoon, the first victim of the recent infantile paralysis outbreak in the surrounding area.

She was taken ill 10 days before her death. The case was the only one reported in Dundee and reports show that one case is confined in Elgin. Other cases found several weeks ago in Crystal Lake, Woodstock and McHenry are reported out of danger.

Funeral services for Jean Ann were held Tuesday afternoon at the graveside in East Dundee cemetery.

## S. Landwer Plays at Templar Convention

S. L. Landwer played with the Englewood Commandery band Sunday afternoon at the Edge-water Beach hotel, Chicago, where the band and several other bands gave a sacred concert. The Illinois Knight Templars were holding their 31st annual convocation at the hotel Saturday, Sunday and Monday of last week.

Battalion and company drills were held Saturday with about 3000 attending and taking part. Sunday, religious services and sacred concerts were given and on Monday business sessions were held.

## Rev. J. Thomas Will Speak at Meeting of Women's Group

Rev. Joseph Thomas, for many years a resident in China and Japan, will address members and guests of the Women's association of the Methodist church at the church Thursday afternoon, Oct. 7. The program will begin at 3 o'clock.

Rev. Thomas will address the group on "The Sino-Japanese Situation." He speaks both Chinese and Japanese, lived in Shanghai for two years, and is adequately equipped to evaluate the present crisis. It was reported. The public has been invited to hear his talk.

## Post Office Places New Stamp on Sale

The new purple three-cent stamp issued to commemorate the one hundred and fiftieth anniversary of the signing of the United States Constitution, was placed on sale at the Barrington post office today.

The new commemorative is the same size as the recent Army and Navy series, arranged horizontally, and printed by the rotary process in sheets of 50. The central design is a reproduction of the painting by Stearns depicting the signing of the Constitution. The stamp was first placed on sale at Philadelphia on September 17, the exact date of the anniversary.

Another three-cent commemorative of the same size but arranged vertically, will make its appearance late next month. This stamp will be issued in honor of Hawaii and will be the first of a territorial commemorative series.

## Residents of Cook Co. to Register Monday

Continued from page 1

22, 1932. If the marriage was performed after that date the woman is not a citizen and must take out naturalization papers."

Mr. Hawley pointed out that if the desired information concerning those of foreign parentage is brought on registration days it will facilitate the work of the clerks. Naturalization papers need not be brought in, he stated. The information required can be taken from them by the voter.

He strongly stressed the necessity of every eligible voter in the county registering, in order to vote at county, state, village and town elections in the future. Registration will continue until after January 1, 1938, through the office of the village clerk, but persons registering now will avoid possible delay and confusion later.

Barrington township was divided into four precincts, two in the village and two in the county, under the new permanent registration law. The precincts, the registration places and officials are as follows:

Precinct 1—All that part of the village of Barrington lying east of the center line of Cook street, all in Barrington township, Cook county. Polling place, Gold Star Motor Service, 217 E. Station street. Judge of registration, V. D. Harty (R); deputy registrar, Mrs. Della Cady (R); deputy registrar, Ruth Koehler (D).

Precinct 2—All that part of the village of Barrington lying west of the center line of Cook street, all in Barrington township, Cook county. Polling place, Village Hall, South Hough street. Judge of registration, James Foreman (D); deputy registrar, Olga Roth (D); deputy registrar, D. B. Pomeroy (R).

Precinct 3—All that part of Barrington township lying north of the center line of Algonquin and Palatine roads, except therefrom that part lying within the village of Barrington. Polling place, Lageschule school, corner of Dundee and Barrington roads. Judge of registration, Mrs. Grace Keeling (R); deputy registrar, Ethel Reuter (R); deputy registrar, Marjorie Frye (D).

Precinct 4—All that part of

Barrington township lying south of the center line of Algonquin and Palatine roads. Polling place, Sutton church. Judge of registration, Kitty Loomis (D); deputy registrar, Elsie Savage (D); deputy registrar, Carl Dorwaldt (R).

## Annual Convention of Evangelical Women at Elgin Today and Friday

The annual convention of the northern Illinois district of the St. Paul Evangelical Women's Union is being held in Elgin today and Friday of this week. Mrs. A. L. Wiedenbeck, local president, and Mrs. E. F. Wichman and Mrs. R. Hay as delegates from this Barrington church will attend all sessions.

## SOCIAL SECURITY OR INSECURITY

The supreme court has just upheld a statute designed to protect American workers against unemployment and a helpless old age—the social security act. A little impartial thinking must raise doubts as to whether that "security" is as "secure" as we would like to believe.

In the first place, employers will, through taxes, provide two-thirds of the money set aside for old-age pensions and unemployment insurance. The employees will contribute the other one-third. It behooves us, therefore, to consider the steadiness of the source of the two-thirds of the money.

Isn't it logical to assume that social security isn't secure unless the employers are secure? If the employers are forced out of business, where will the money come from?

When times are good, there will be little to worry about. But congress has enacted another law which strongly discourages the creation of reserves to pull manufacturers through hard times. It has, in fact, levied heavy punitive taxes on such reserves. It is an admitted fact that few employers, when another depression comes along, will have enough reserves to let them spend more than \$26,000,000,000 out of their savings as they have done in recent years. They won't have the savings.

Furthermore, it is now proposed to lay new and heavier burdens upon them by adopting a shorter week so as to spread employment. Unless an employer who hires five men to do the work that four did before increases the cost of what he sells, he will be put out of business. If he does increase the cost, he will have trouble selling, and maybe again put out of business.

When tax sources dry up, there are no taxes. Unless the sources of taxes are secure, there can be no social security.

swim, the contest will not seem one-sided. If caught, the bird will be carried by the animal without being harmed in any way.

These dogs carry objects so gently that they are taught to remove whole nests of eggs, one at a time, without breaking an egg.

Their acts have been approved by the humane society.

Retrieving coins from the bottom of a water tank is another trick performed by these hunters. The retriever exhibits in no way resembles the vaudeville acts in which dogs jump through hoops and climb ladders. Mr. Hogan explained. It can no more be compared to a vaudeville canine act

than the Kentucky Derby can be compared to a pony act in a circus. In addition to more than 100 commercial exhibits, several educational and hobby exhibits have been arranged. Persons interested in amateur photography have been invited to enter the picture contest conducted by Dr. Earl Kleinwachter. Pictures may be left or mailed for entry at the Barrington Review office prior to the week of the show. It is open to anyone living in the northwest suburban area.

Cash prizes will be given away in a non-lottery plan to guests of the festival. A Plymouth deluxe automobile also will be given away. Many valuable souvenirs will be given to all visitors at commercial booths, but no merchandise will be sold to them. A very nominal admission will be charged for entry into the main tent. No other charges of any kind will be made.

Kelsey School in  
Cuba Township Is  
Threatened by Fire

CUBA TOWNSHIP.—Kelsey school in Cuba township was threatened by fire shortly after noon last Thursday. Cardboard boxes stored near the furnace in the basement caught fire but were extinguished before the fire department from Fox River Grove, which had been called, could arrive.

Norbert Pacini, teacher at Kelsey school, had the blaze under control before any damage was done. It is believed a spark coming from the pipe draft after the furnace had been checked flew into the pile of boxes, setting them ablaze.

Workers on the William Hafer farm, who were filling silos nearby, also rushed to the scene with 24 cans of water.

# Barrington Bronchos Meet Niles Center in Season's Grid Opener

## Travel Friday to Play First Football Game of Year

Cochs Clark Lists Probable Starting Line-Up: to Average 164 Lbs.

The Barrington high school varsity Broncho team will open the 1937 football season Friday afternoon when it travels to Niles Center to meet the aggregation from that school.

Cochs Paul Clark has been putting his charges through the last week of final drill, stressing blocking which will be an important item in this year's team due to the weight available for line positions. Listing the possible starters for Friday's contest shows that one

The dates for the frosh-soph team games with Arlington and Libertyville have not been scheduled. Both the frosh-soph and lightweight games will be played after school.

string will average at 171 lbs. Following is the probable line-up with several candidates still fighting it out for regular berths:

Mountain or Grabenkort, left end; Mountain or C. Kampert, left tackle; Hodgdon, left guard; Thacher, center; K. Kampert, right guard; Speck, right tackle; Rice or V. Wilkins, right end; Shepard, quarterback; Peter Johnson, right halfback; Clinge, left halfback; Church, fullback.

Cochs Clark has been using Mountain, letterman with three years' experience in the line and mentioned as tackle on the all-state high school football team in 1936, at and during practice. If Mountain starts at end, C. Kampert, 200-pounder who returned to school this fall after a year's absence, will be at tackle. This combination will put the greatest possible weight in the line. Mountain weighs in at 185 lbs., Kampert 200 lbs., and Hodgdon at 170 lbs. The right side of the line will compare favorably with the left side where the strength is apparently being concentrated. Speck at tackle, weighs 170 lbs., while Rice, if he starts at end, is 152 lbs. The lightest man of the known starters is K. Kampert, who tips the beam at 162 lbs.

What he lacks in weight has been overlooked by his efforts in practice. He has attracted the attention of the coaching staff as a fast and hard charger, making him difficult to stop.

While the line is boasting of the heaviest string in several years, the backfield is light, averaging 150 lbs. with two men at 140 lbs. Shepard and Johnson are the squad's lightweights while Clinge weighs 168 and Church 165. The team as a whole will average 164 lbs.

If the Bronchos are to be successful in winning any games this year, a lot depends on the team's blocking ability as a whole. A fast, hard charging outfit will be needed to clear a path to let the ball carriers get into the open.

The backfield will be fast enough Coach Clark thinks, although no one of the probable starting line-up is a dash man. Shepard ran the 40 in track while Johnson did some work in the half mile. Clinge, once he gets in the open may be a hard man to stop. He shows indications of being a tricky runner—but they all will have to get in the open first. Church at fullback will be carrying a heavy load due to his weight and height. These factors will make him responsible for the defensive work. If he has the drive,

### Athletes Live Longer

Contrary to common belief, college athletes live longer than average men of the same age and circumstances, according to a study of longevity made by the Metropolitan Life Insurance company. The histories of 4975 men who had distinguished themselves in intercollegiate sports were tabulated over a period of 20 years for this report. Strangely enough, the highest mortality was recorded by the baseball players, with crew men next, then track men and most football players. The most surprising fact is the extraordinarily favorable showing of men who won letters in more than one sport—Louis I. Dublin, statistician for the Metropolitan Life Insurance Co., in Harper's Magazine.

he should be effective for plunging behind the heavy line slated to start Friday.

Niles Center has plenty of reserves this year and the team will be built up around four lettermen from last year, including a 180-lb. fullback. Sixty-two fellows reported for the opening of football practice at Niles, giving the coaching staff a wide selection of material to choose from.

Something new is being introduced into high school athletics this year, Coach Clark reports, with the purchase of injury insurance being made available to all boys competing. The insurance is being furnished each member of

the squad, who so desires, for \$1 and covers the entire year.

### Attends Pre-Season Meeting of Buick Dealers at Chicago

A. F. Schauble of Schauble Brothers & Collins, Buick dealer here, left today for Chicago where he will attend a meeting of dealers throughout this area, launching the 1938 program of the Buick division of General Motors. Accompanying Mr. Schauble is F. A. Schauble. The local men will hear the Buick manufacturing and sales program for the coming year and will view the complete line of new cars, which it is said will be announced publicly some time in October.

According to Mr. Schauble, the program of the meeting will include addresses by Harlow H. Curcio, Buick president, and W. F. Hufstader, general sales manager, and presentations by C. A. Chayne, chief engineer, and Thos. H. Corpe, director of advertising and sales promotion.

"Buick has had an exceptionally successful year and is laying ambitious plans for 1938," Mr. Schauble said. "Figures from the factory show that more than 220,000 cars were delivered during the 1937 model year, a gain of more than 30 per cent over 1936, and I understand that increased schedules are in effect for 1938. Locally, we have enjoyed one of the best volumes we have ever experienced and I look for a good increase in business next year."

## REROOFING after the damage is done

It is like locking the stable after the horse is stolen.

The man who neglects his roof until it actually leaks subjects himself to needless expense. He has to pay twice! Once for a new roof and once to repair or replace damaged walls, ceilings and furnishings.

Why take a chance? Reliable statistics show that today five out of ten houses actually need new roofs. Do you know for sure if your house is one of the five?

**LET US MAKE A FREE ROOF INSPECTION**

On request, we will gladly make a careful inspection of your roof and give you a complete report. There's no charge or obligation for this service and, because we are Certified Barrett Asphalt Shingle Applicators, you can depend on us to advise you impartially.

## Supt. N. J. Puffer Addresses First Meeting of P-T. A.

Division of Responsibility  
Between Home, School,  
Is Urged

The definite need of parents and teachers to share the responsibility of each child's development was stressed by Noble J. Puffer, county superintendent of schools, in his talk to members and guests of the Parent-Teacher association at its meeting in the school auditorium Tuesday evening.

"It is essential that they work on common ground. A child reflects his home atmosphere. Sometimes, in group situations, the teacher finds qualities lacking which should be cultivated. Quietly, diplomatically, without calling attention to the facts, she gets about remedying faults. By co-operating, parents may help in the development of character."

Superintendent Puffer said. Songs by Miss Pauline Berger, accompanied at the piano by Mrs. W. D. Dotterer, group singing, led by Miss Adelaide Ewing, and reports by chairman of committees completed the program after which an informal reception was held and refreshments served.

Chairmen who have been appointed to head committees for 1937-38 and their committees are as follows:

Mrs. S. J. Landwer, program; Mrs. Ward Olmsted, membership; Mrs. E. A. Biondini, ways and means; Mrs. Harry Hoffman, budget; Mrs. Reuben Plagge, hospitality; Mrs. Leslie McClure, publicity; Miss Beulah Heckley, publications; Mrs. Andrew Bjornborg.

student aid; Hugh Calkins, safety; Mrs. Robert Dawson, child hygiene; Mrs. Sanford Rike, national Parent-Teacher magazine; Mrs. Frank Kirchman, tuberculosis Christmas seals; Mrs. Edwin Erickson, homemaking; Mrs. Howard Harden, summer roundup.

The annual membership drive under the direction of Mrs. Ward Olmsted, chairman of the membership committee, will be held October 1-15. Letters explaining the work of the association last year and its plans for this year were distributed to all children or their parents on registration days. A total of 85 had signed for membership by Wednesday.

The drive will be made through the personal calls of some 45 women covering all the school families. An essay contest is being conducted in the junior high on the theme, "Why I Want My Parents to Join the P-T-A."

In the grade rooms a clown will be placed in each room and as the parents join, a star bearing the child's name will be pasted onto the cardboard clown. Other features of the drive are an 8 foot thermometer which will record the progress of membership.

## Births

Mr. and Mrs. Burnett Dauck of Duncan, Neb. are the parents of a daughter, Carmen Dolores, born September 13. Mrs. Dauck was formerly Miss Ethel Schwab of the Barrington high school faculty.

## Program Completed for Farm Institute
