

Revamped Barrington Broncho Eleven Meets Warren High Friday

Mountain Shifted to Backfield for Offense Maneuvers

High School Team in Second Conference Game With Changed Line-Up

Week-end Results

Loyden & Evanston 7, Varsity 0.
Arlington 18, Lake Forest 0.
Libertyville 20, Niles Center 6.
Warren 8, Grant 0.

The Barrington high school Broncho football team will resume its schedule Friday afternoon after a two week's lay-off, and travels to Gurnee where the Warren township high school gridirrs will face a revamped Broncho line-up.

During its two-week vacation from active schedule, the Broncho eleven has been engaged in a series of practice sessions designed by Coach Paul Clark to strengthen weaknesses that were noticeable in the season's opener at Niles Center on September 24.

He has shifted Jack Mountain to the fullback position in the offensive in an effort to gain weight for plunging line plays. Church, who started in the fullback berth, has been moved to right half back and will continue in the capacity of kicker and passer. Clinge will remain at left half and Shepard at quarterback.

Johnson, who was first slotted at right half back, has been benched by the move. By having Johnson available on the side line to fill in at half or quarterback, Coach Clark is increasing his reserve backfield strength, which up to the present, had been a problem.

On defensive, Mountains will go back into the line as tackle and possibly Rice will go back into the defensive fullback position and one of the guards to shift over to the right end position.

Arthur Castle, captain of last year's squad, reported for practice for the first time this week and will add to the team's reserve strength. Last year he filled in as guard and backfield in the forecast. Warren was regarded as highly fortunate in defeating Grant 3 to 0 last Friday. A field goal in the last quarter, after they had been consistently outplayed for three quarters, saved Warren's skin.

The Bronchos should be able to make large gains through the Warren line around mid-field but inside the 20-yard markers, stiff opposition can be expected.

Purdue University Experiment Favors All Wood Houses

Eyes of this home building nation have been watching with interest for some months now the Purdue university experiment in small home building costs.

Under laboratory conditions with records carefully kept, five small houses have been built during 1936 and 1937 at figures approximating \$5000 each. For comparison purposes one house was built of stucco and frame, another prefabricated with steel framing, another of reinforced concrete.

House four is of steel, and house five is all-wood. According to the report the cost per cubic foot was as follows:

All-wood house 28 cents, steel house 26 cents, concrete house 31 cents, frame and stucco house 35 cents. The size of house built for \$5000 was: all-wood house 17400 cubic feet, steel house 13,550 cubic feet, concrete house 16,186 cubic feet, frame and stucco house, 12,712 cubic feet.

Council-Wide Scout Session Oct. 8-10

The second annual Gim-O-Gash Pow-Wow for scouts and leaders of the Northwest Suburban council will provide a program which will be very interesting to spectators particularly the program Saturday afternoon and evening.

The Pow-Wow will be held at the Elk Grove forest preserve south of Arlington Heights on October 8, 9, 10 and it is the annual event planned and carried out by the Gim-O-Gash Tribe of the council. Martin Hapeman of Park Ridge is tribe chieftain.

On Saturday afternoon a program of competitive events will be held and Saturday evening a large campfire will be held with a program of interest to everyone.

Event of afternoon will consist of a scout pace race, bridge building, fire making by flint and steel and rubbing sticks, tug of war, patrol drill, flap-jack cooking and knot tying.

Plant Narcissi

By THE MASTER GARDENER
There is a mistaken idea among some gardeners that all of the spring blooming plants should be planted as late as October and November. This is true of the tulip and hyacinth, but with the crocus, snowdrops, scilla, glory-of-the-snow, and other small, very early blooming bulbs, as well as the narcissus, September planting

is preferable. Such bulbs do better if they have a little extra time for root development.

The very early blooming small bulbs are often neglected, but they provide such cheery spots of color in the spring that everyone should be sure to plant as many as the garden budget will allow.

These small bulbs have such varied uses, too. Plant them in shady spots; crocus and dogtooth violet are especially good for this purpose. The scilla, snowdrops, winter scillas, and crocuses make a beautiful showing planted about the base of trees. The crocuses, snowdrops, scilla, and glory-of-the-snow are very suitable for naturalizing in the lawn, but be sure to pick a section of turf which need not be mowed early, as the foliage must ripen before the grass is cut, else the bulbs will suffer.

Scilla, snowdrops, winter scillas, and snowflakes are suitable for a north border. Under evergreen trees, glory-of-the-snow, winter scillas and snowdrops will do well.

The crocus, winter scilla, snowdrop, snowflake, and glory-of-the-snow and scilla should be planted at a depth of about 3 inches. Narcissus should be planted at a depth of 6 inches.

Russian Male Chorus in Two Concerts at Civic Opera House

The world-famous Don Cossack Russian male chorus will be presented by Harry Zeller at the Civic Opera House in Chicago for two performances on Sunday, Oct. 10, afternoon and evening.

Conducted by diminutive Serge Jaroff, these 35 singing men of the steppe this month begin their eighth American tour—a season of nearly one hundred consecutive concerts which establishes for the Don Cossacks a record never equaled by a visiting choral organization.

The afternoon performance of the Don Cossacks will consist of numbers never heard in Chicago. Their evening vocal efforts will conform to a pattern established during their long activity in this country.

Sacred works drawn from the liturgy of the Russian church and representing such masters as Tchalikovsky and Gretchaninoff, form part of their program.

Organized in 1923 in a prison camp near Constantinople, these Don Cossacks, 36 stalwart Russians, ex-officers of the Czar's Imperial army, have made history as the greatest singing organization in the world. Their record of nearly 8000 concerts given in Europe, England, Australia and America has never been equaled.

Jewel Tea Period Sales Increase 12 Per Cent Over 1936

Jewel Tea Co., Inc. reports that its sales for the four weeks ending September 11, 1937, were \$1,705,883.99 as compared with \$1,518,282.61 for parallel weeks in 1936, an increase of 12.33 per cent.

Sales for the first 26 weeks of 1937 were \$16,778,306.81 as compared with \$15,761,767.59 for a like period in 1936, an increase of 14.93 per cent.

The Sale Season Is at Hand

The sale season is at hand! I have a number of sales already listed for fall selling. If you desire my services, call Woodstock 478 (reverse charges) and I will gladly come and see you. My 35 years of experience will be of much help to you, as I am in touch with more buyers than any auctioneer in McHenry county.

Three days I sell in the big sale markets in Wisconsin and I meet all the buyers from far and near who want to buy farm personal property of all kinds, including horses and cattle.

"JUST BETWEEN OURSELVES, I'M PRETTY WELL PLEASED ABOUT IT"

"Yes sir, there's a lot of satisfaction in having an individual telephone line again."

"Not that I have anything against our old party line. It served its purpose during the depression when we had to watch every penny, and yet didn't want to do without telephone service."

"But now that things are better, I'm kind of proud to have 'our own' telephone once more. It's right there—ready for us—when-ever we want it or whenever anybody wants us. There's no one else using it when we're in a hurry."

"And it's surprising how little more it costs than our party line did. Might be a good idea for you to look into it, and see if you don't want to change back to."
