## Crowds View Baby Parade and Style Show Wednesday

About a hundred children paraded in the high school auditorium Wednesday afternoon, participating in the first baby parade and juvenile style show.

### Sleeping Sickness Coma Holds Phyllis Bauer of Ela Town

Taken Ill Friday Night; 19-Year-Old Girl Rouses Briefly Wednesday

Attracting wide attention as a case similar to that of Patricia Maguire of Oak Park, 19-year-old Phyllis Bauer, daughter of Mrs. John Bauer, residing in Ela township near Lake Zurich, lies in the Sherman hospital in Elgin stricken with encephalitis, the strange malady of sleeping sickness.

The young lady, a graduate of Ela township high school last spring, was taken ill while sleeping Friday night. According to reports, she was in good health upon retiring that evening, but in the morning her family was unable to awaken her.

Removed to the Sherman hospital in Elgin, she remained unconscious until Wednesday. At brief intervals that day she was roused from her sleep but still very drowsy and unaware of her surroundings.

Her attending physician, Dr. A. D. Welch of Barrington, stated Wednesday that her condition appeared to be improving; and unless unforeseen developments arise, she stands a fair chance of recovering.

The sickness first found national attention when Miss Maguire was taken ill and remained in a coma for five years and seven months before succumbing. Other instances of the disease occurring have been reported in many localities, but of lesser intensity.

Returned to Home

M. C. Byrner returned to his home in Cuba township Tuesday from the Sherman hospital in Elgin where he had been a patient for some time. He suffered from a back injury received in a fall from a horse recently.

### Funeral Rites for Christian Stover, 77

Last rites for Christian Stover, 77 years old, of 325 W. Lake street, will be held this afternoon, Thursday, at 2 o'clock at the funeral home, 149 W. Main street, with Rev. Hermann Koehn officiating. Burial will be in St. Paul cemetery. He died of old age at his residence Monday.

Mr. Stover was born April 18, 1860 in Mittelfeld, Greifswald, Germany, and came to this country with his wife, the former Josephine Glawe, and two children in 1884. They resided in Pennsylvania for two years and then came to Marengo, Ill., to live until moving to Barrington township in 1888 where he engaged in farming. For the last 15 years he had made his home in Barrington.

Surviving besides his wife is one son, Christ Stover, residing in Barrington township, five grandchildren, and two great-grandchildren. Two sisters who live in Germany, Bertha and Augusta of Eberswalde bei Berlin also survive him.

### Traveling Too Fast, Lady Sends Machine Into Road Barricade

Traveling too fast to negotiate a turn, a car driven by an unidentified woman crashed through the barricade on Northwest highway at the Elgin street intersection Tuesday afternoon. The license number on the machine was traced and found to have been issued to Earl Freible, 1149 E. 51st street, Chicago.

The barricade, erected to route traffic on the detour around the section closed for construction of the new bridge over Platt creek at Jewel Park, was smashed down by the collision. The woman driver stated to witnesses that she was traveling fast and did not see the wooden barrier until too late to swerve or stop. The car was damaged slightly.

### Barn Burned Near Palatine Thursday

Livestock belonging to Herman Palk, farmer residing on Dundee road, east of Quinsin road, was saved from burning when a farm hand noticed smoke coming from the hay mow and spread the alarm about 6 o'clock this morning, Thursday. Soon after the animals were removed, the building burst into flames, destroying 1000 bushels of oats, 20 ton of hay and 12 tons of baled straw.

The tank and his hands were in the barn milking at the time and one of the men went to feed the horses. Going to the hay mow he saw smoke and warned the others to remove the livestock. The farm is owned by A. Lisowski of Chicago.

### Tar Kettle Boils Over and Ignites

A heated tar kettle bubbled over this morning while in use on Chicago avenue at the intersection of Palatine road in Palatine township and caught fire when the liquid splashed against a pilot light. No one was injured.

The tank was on fire in readiness for surfacing the macadam road at that point.

### Burglarize Two Local Residences Friday Afternoon

Take Silverware and Jewelry From de Tarnowsky and A. Ketel Homes

Striking twice in one afternoon, two burglars looted the residence of Albert Ketel, 442 N. Cook street, and Alexis de Tarnowsky, 609 E. Main street, Friday, and escaped with loot valued at more than \$500 dollars.

Entrance was gained into the Ketel home by forcing a window. The house was searched by the burglars and jewelry, money and silverware valued at approximately \$100 taken. Chief among the loot taken was a pendant of intrinsic value, worn by Mrs. Ketel when she was married. Again by her daughter at her marriage this summer.

A door lock was forced at the de Tarnowsky home and three silverware of great personal value was taken. The monetary value was close to \$400. The pieces, 91 in number, were part of a set given Mrs. de Tarnowsky as a present, and to which other items had been added each year. The burglars left part of the silver. All was gone from one drawer and part from another. A knife, lying on the floor, indicated the culprits might have been interrupted in their looting and forced to leave in haste.

As in the Ketel home, nothing was taken that might prove too bulky to move or difficult to dispose of.

Mrs. George Whitcomb, who resides at 419 N. Cook street, reported having seen two men loitering in the vicinity of the Ketel home Friday afternoon, and it was also reported two men were seen on North Cook street Monday.

Numerous burglaries in the suburban communities along the Chicago and North Western railroad from Park Ridge to Barrington have been reported. In some of the larger places the number is as high as four cases in one night. Police officials of those towns and Chief of Police E. W. Baade of Barrington are of the opinion that one gang is responsible, and that one "fence" is disposing of the loot.

## Leonard Bateman Seriously Hurt in Bicycle-Car Crash

Eight-Year-Old Boy Receives Skull Fracture When Thrown to Street

Showing encouraging improvement but still in serious condition, Leonard Bateman, 8-year-old son of Mr. and Mrs. A. Bateman, Summit street, is at the Sherman hospital in Elgin, recuperating from a triple skull fracture which he received in an automobile-bicycle collision in front of his home Sunday morning.

The child has regained consciousness but has been suffering from a fever in addition to the direct path of the injuries.

Leonard was riding his bicycle north on Summit and was turning left towards the driveway leading to his father's garage when an automobile, driven by David J. Wood of Winnetka, collided with his bike. The child was thrown onto the pavement from the car brakes, unable to stop his machine in time to avoid the collision.

## 18 Are Arrested in Two-Hour Parking Change; No Fines

Eighteen arrest slips were issued by the village police department during the first week of restricted parking in the business district. Although all 18 were required to appear before Police Magistrate A. D. Church, no fines were assessed.

Those guilty of the infraction who were warned against repetition which would carry fines, were told.

Restricted parking went into effect last week, with placing of signs on the ornamental poles by crews working under the direction of Paul Purcell, superintendent of streets. Vehicles may be parked in the downtown parts of the village for two hours, from 7 a. m. until 6 p. m., except on Sundays and holidays.

Chief of Police Baade stated the change has been satisfactory and there has been little confusion. A special request that all-day parking be permitted in front of the First National Bank of Barrington was rejected by members of the village board at a committee meeting Monday night.

## Award Contract on Railroad Crossing

Following a motion made by Trustee Rudolph Berg and seconded by Trustee R. F. Kocher, the village board, in special session Monday evening, voted to award a contract to improve the Main street crossing of the Chicago and North Western railroad to the Mt. Auburn Construction Co. of Mt. Prospect.

The bid price of the improvement was \$151 and will be taken from the fund credited the village from the state gas tax allotment. The railroad company is also participating in the work by doing specified items amounting to approximately \$1100 in cost.

## Escapes Death as Crash Reduces Car Into Junk Monday

George Monaghan of Duluth, Minn., Dozes at Wheel; Auto Hits Pole

George Monaghan, shoe salesman from Duluth, Minn., narrowly escaped serious injury and possible death in what was termed by garage men as the "worst auto-demolishing" crash to occur in this vicinity. The car he was driving, a 1937 model of more than average weight and speed, crashed into a public utility pole on Northwest highway near the west end of the old Hillcrest golf course Monday morning, smashing the pole and demolishing the car. He was traveling northwest.

According to information given by Chief of Police E. W. Baade by Mr. Monaghan, he apparently dozed off and only awakened when the car hit the ditch on the north side of the road. He stated he never knew what happened nor what was hit. The machine bounced and rolled after hitting the pole and crashed into two trees.

The entire side of the machine. Continued on page 5

## Dog Wanders 10 Months Looking for Master; Found in Chicago

"Skipper" went home Monday. His return trip took him just 24 hours while his journey to this region 10 months. "Skipper" is the dog owned by R. Baranelli, formerly of East Elmhurst, Long Island, New York and now residing in Chicago.

Last year when the Baranellis moved to Chicago they gave "Skipper" to Mr. Baranelli's brother, George, member of the Italian government intelligence staff. Two months after his former master moved to Chicago, the dog was discovered missing.

Nothing was heard of his whereabouts until last July when Mr. and Mrs. Baranelli were going along Michigan avenue in Chicago and met a dog strangely familiar. Recognition was instantaneous and the dog's joy unexpressed.

Several suppositions were advanced as to why he left his home. The dog was found in Chicago, but dog lovers like to believe his fidelity to a master led him to make the trip.

## Chicago Again Plans Colorful Stock Show

Farmers and stockmen from many states, several Canadian provinces, as well as from Australia, South Africa, and South America have thus far listed entries of livestock and crops for the 1937 International Live Stock Exposition.

The exposition will be held in the new International Amphitheatre at the Chicago Stock Yards November 27 to December 4. According to Secretary-Manager B. H. Heide, the early entry is the heaviest in the history of the show, which leads him to predict that this year's event will be a record one in number of exhibits. There were over 14,000 head of livestock shown at the 1936 exposition.

It will be the 38th annual renewal of this largest exposition of farm animals and crops on the continent. Prizes will total \$100,000, distributed over contests that will feature all breeds of beef cattle, draft and light horses and ponies, sheep, and swine.

Spectacular horse shows will take place every evening from the opening to the closing day. The finest riding and driving horses and ponies in this country will be seen in contests for prize ribbons in these events. Frank C. Rathje, well known Chicago business man and Cook county farmer, will exhibit in the Percheron horse classes of the

Growers from 37 states, Canada, and Australia took part in this contest last year. The management expects an even wider and more extensive display of exhibits this year because of the good crop yields in most sections of the continent.

In announcing its action, the board stated: "The social security board has no 'old-age benefits collectors,' 'old-age insurance collectors,' or any other kind of collectors or financial agents. It has authorized no one to collect any fees from employers in the old-age insurance program. We wish to caution everyone against making any payments whatever to persons representing themselves as agents of the board and who guarantee the payment of old-age insurance."

## Miss Druley Weds C. J. Kamen at Beautiful Service

Barrington Hills Country club provided a perfect setting for the beautiful wedding Tuesday evening of Miss Virginia Louise Druley, daughter of Frank Druley of Lake Zurich, and Clifford Jack Kamen, son of Mr. and Mrs. J. F. Kamen of River Forest.

Rev. Albert Buckner Coe of Oak Park officiated, reading the marriage service before an improvised altar at the fireplace in the main reception room of the club. White chrysanthemums were used in the decorations.

The bride, lovely in ivory satin, carried a bouquet of white orchids. Her rosepoint veil had been loaned to her by her aunt, Mrs. Paul Trier of Cuba township, who had worn it at her own wedding 12 years ago when Miss Druley, then a tiny girl, served as her flower girl.

Miss Marcella Druley, sister of the bride, was maid of honor. Like the six bridesmaids, Miss Joe Winter of St. Louis, Mrs. Mac Broom of Kankakee, and Miss Jane Hoffs, Miss Betty Meyer, Mrs. Donald Koehler and Mrs. Leonard Johnson, all of River Forest, Miss Druley was gown in white moire and carried a bouquet of green orchids. Each young woman wore a green orchid in her hair.

Two small pieces of the groom were the flower girls. They wore trills of pale orchid green moire. William Kamen of River Forest served his brother as best man. Others were Stanley Peters, Charles Peters, Rusty McLaughlin, Donald Koehler, James Hoffs and Lee Forrest.

After the ceremony, there was a Card of Thanks. We wish to express our sincere thanks to our neighbors, relatives and friends for their kind expressions of sympathy, floral offerings and the use of cars during our recent bereavement.

### Candidate Speaks at Cuba Township Party at Biltmore

Pleading that the Lake county bar association has endorsed him for the office of circuit judge and that his many years of experience as a lawyer qualify him for the position, William Pierce of Belvidere submitted his candidacy to about 400 guests at a party at Biltmore given by the Cuba township republican club Saturday night.

Mr. Pierce is the republican candidate to fill the office left vacant by the death of Judge Shurtliff. He was introduced by the Lake county republican chairman, Benjamin Miller who was present by H. D. Kelsey, Cuba supervisor.

### Will Deliver Talk on Criminology at St. Anne's Monday

The noted chaplain of Joliet penitentiaries, Rev. Fr. Eligius Weir, O.F.M., while a guest of Rev. Fr. P. J. Hayes next Monday night, will lecture in St. Anne school auditorium at eight o'clock. The

FR. ELIGIUS WEIR

topic "Crime, Its Cause and Prevention" should prove most interesting and instructive. His many years of successful work in penal institutions, particularly in Joliet, together with his serious preparation for this work, and his extensive study of "Criminology" qualify this zealous Franciscan priest to speak with authority on this ever current problem.

His engaging, forceful and humorous disposition which serves him so well in cheering and encouraging unfortunates also lends to his oratory.

The members and pastor of St. Anne desire to share the privilege and benefits of this lecture with residents of Barrington and neighboring communities and have extended a welcome to them as their guests at St. Anne, Franklin and Elia streets, Monday, Nov. 10, at eight o'clock.

### Escapes Death As Car Is Wrecked

Continued from page 1  
Including running board and doors were ripped completely from the body, the top was crushed in and the motor torn from its mounting. The interior was greatly damaged, seats being torn loose by the impact. A narrow space, hardly big enough for one man, and fortunately right behind the steering wheel, was the only clear place in the interior.

Protected by the steering wheel and seated in the narrow space, Monaghan escaped serious injury and was able to climb out of the wreckage. He was brought to Barrington for medical treatment by E. F. Bonds, residing Cuba township, who reached the scene soon after.

Monaghan was treated for cuts and bruises about the face and then taken to the Sherman hospital in Elgin for examination for possible fractures. He was able to leave the institution Tuesday. The car was reduced to a complete wreck by the crash which snapped the pole in two.

### Three Lake Zurich Men Hurt in Crash; Hold Other Driver

Ed. Pepper, Lloyd Pepper and Henry Gehrkke, all of Lake Zurich, were out and braked early Sunday morning when the car driven by E. Pepper was forced from the pavement on route 60 near Wauconda and crashed into a culvert headwall.

Mr. Pepper claimed that a car driven south by Ray Yactey, 5135 Giddings street, Chicago, collided with his, forcing it from the road. With Yactey in his car were Eugene Pollack, 5723 Lawrence avenue, and Virginia Lee, 7059 Oleander avenue, both of Chicago, who received cuts and bruises. The injured were treated at the Wauconda emergency hospital.

Yactey was charged with reckless driving and causing the accident and was released on \$1000 bail pending a hearing.

Confused by a heap of evergreens on route 60 a mile south of Lake Zurich, Harry Oldham, 5603 Wellington avenue, Chicago, thought they were a pile of stones and swerved his automobile sharply to avoid the pile. The accident occurred early Sunday.

The automobile rolled over into a ditch and three passengers suffered cuts and bruises and were treated at the Wauconda emergency hospital. They were Frank and Muriel Wintchen, 8415 Wellington avenue, and Rose Bogda, 2307 S. Drake avenue, Chicago.

### A&P to Celebrate 78th Anniversary

This week marks the 78th birthday of A&P food stores. Back in 1859, A&P was one small store located on Vesey street in New York City and from that humble beginning grew the modern A&P organization which serves over 6,000,000 customers each day.

George Huntington Hartford, founder of A&P, was newly arrived in New York in 1859, and he found himself in a position to buy an entire shipload of tea, cutting out many middleman's profits usual in such a transaction. This led him to open a store and sell his tea to the public at about the prevailing price. America was rapidly growing at that time and it was only natural that this tea store, with its principle of doing business, should grow with America. Since 1859, the principle of the founder has been applied not only to tea, but to all of the many food items, numbering close to 1000, now carried by modern A&P stores. They have advanced from one small store to a large organization distributing food to modern America.

### J. Carrolls Attend Jubilee Celebration

Mr. and Mrs. John J. Carroll, 617 Summit street, spent two days, October 20 and 21, in Chicago attending the 50th anniversary of Grand International Auxiliary to Brotherhood of Locomotive Engineers. Over 2000 men and women were registered at the Hotel Sherman during the two days, and 1640 attended the banquet at closing of the celebration held at Hotel Sherman.

The Auxiliary was founded by Mrs. W. A. Murdoch, October 11, 1857, in the Palmer House in Chicago. There are seven charter members still living and active members. They are: Mrs. J. B. Bole of Chicago, Mrs. T. C. Galloway, a former resident of Barrington and sister of Dr. Scherding of Palatine.

Mrs. E. Manning of Austin, Mrs. P. Kilduff of Englewood, Mrs. K. Enderly of Blue Island, Mrs. G. Stockwell of Haverwood and Mrs. J. Voisard of Chicago.

Mrs. Carroll is a past president of division No. 1, Chicago, and represented her division as delegate at the convention in 1936. She took part at the jubilee celebration in the parade of flags, which was very impressive. Every flag of the United States and Canada was represented and carried by a grand officer of said state. Mrs. Emma Danziger of Chicago, grand secretary of G. I. A. was chairman of the jubilee celebration.

Mr. Carroll has been active and has held various offices in B. of L. E. for the last 22 years. He also represented it four consecutive times as delegate to conventions. He was chairman of the organization meeting at the jubilee.

The B. of L. E. will celebrate its 75th, or diamond jubilee, at Detroit, Mich., where it was organized, in May of 1938.

### Urges Cooperation in Rat Killing Program

The announcement of a campaign to destroy thousands of rats in Lake county has aroused great interest in the project, according to farm and home bureaus.

Plans for this activity call for the distribution of a prepared red snail bait at cost on Tuesday, Nov. 23. Stores and other business places where the bait will be available, have offered their free service as an aid to the campaign.

In urging people to join the rat war, C. G. Oederkirk says that the prepared poisoned bait is relatively harmless to animals except rats. Rats move from one building to another and from farm to farm. Hence, as he points out, placing of poisoned bait in all infested buildings on the same day is the best way to prevent their migration.

People are urged to use other methods of control between now and the date of the campaign. Tidyng yards, using wire mesh and sheet metal to make feed bins or rooms rat-proof, is advised by U. S. biological survey experts, who are cooperating with farm adviser H. C. Glickerson and home adviser Helen Johnson Volk. Approximately 5000 farmers in the middle west report an average loss of \$31 a year due to rats.

### Mission Programs Oct. 31 to Nov. 14 at Salem Church

This Sunday starts a two weeks' "Father With Christ Mission" at Salem Evangelical church.

Bishops of the Evangelical church started a seven weeks' tour of Evangelical Conferences in the United States and Canada Sunday. Following the example of the bishops, many individual churches of denominations throughout the various conferences are holding their own Father With Christ Mission.

Local services will be held from October 31 to November 14. The pastor will preach on the three Sundays and on two evenings during the first week. Monday evening, Nov. 1, Rev. Donald Landwehr, of Palatine, and Rev. Henry P. Aykres of Batavia, student pastors will each give a short sermon. Monday and Tuesday, Nov. 8 and 9, Rev. Earl J. Bruno of Deerfield will preach, and Rev. William E. Grote of the First Evangelical church of Elgin will preach on the evenings of November 4, 5, 10, 11, 12.

Congregational singing and special musical numbers will be included on the programs. The public is cordially invited. It was reported.

### Chicago Auto Show Opening November 6

Surprises and countless exhibits await the hundreds of thousands who will visit the 38th annual Chicago Automobile show, which is set for its gala inaugural week from next Saturday, Nov. 6, at the International Amphitheatre, Halsted and 43rd streets. The show will continue daily, including Sunday, for one week through November 13.

Except for the first day, when the show opens at 2 p. m., the hours will be 11 a. m. to 11 p. m., presentations each afternoon and evening in the central arena. For the past two weeks, contests have been carried on to select the most beautiful and typical young women of 20 nations who will participate in the "Fashions of the World." The spectacular showmanship will be further enhanced by the latest styles in furs and evening gowns, as well as native costumes, all combining

to glorify the 1938 creations of motordom.

Greeting visitors as the curtain rises in the arena will be a huge globe, the largest ever built. It reaches a height of 40 feet, and had to be constructed in sections at the studios of John C. Becker, scenic decorator, in Chicago. Striking stage, cloud and electrical effects will add to the drama of each performance, as will be the music of the famous Cavallo Symphonic band.

### Mrs. R. Watts to Address W.F.P.S.

The Wild Flower Preservation society will hold its fall meeting at the Chicago Woman's club Saturday, Oct. 30. Luncheon will be served at 12:30 a. m.

Mrs. Raymond Watts of Barrington Hills will speak on the pollution of flowers.

Among others who will attend the meeting from Barrington will be Mrs. Robert Work, president of the organization.

### 2 Cars, New Truck in 1938 Ford Line

An advance showing of 1938 Ford V-8 cars and trucks opened last week at the Ford Metropolitan showrooms in New York City. Two distinct Ford V-8 cars, differing in appearance, appointments and price, were presented

One was the de luxe Ford V-8, the other the standard Ford V-8.

The standard car is designed for owners to whom economy in first cost and operating cost is paramount. The de luxe car provides added luxury and style for those who desire them.

Both cars have the same V-8 chassis. The eight de luxe types are available only with the 85 horsepower V-8 engine, the three standard types with either the 85 horsepower or the 60 horsepower engine.

In addition to the two passenger cars, Ford is to present an expanded line of V-8 trucks and commercial cars. Both are newly styled to lend added "eye appeal" in commercial transportation.

## All set? listen: HERE'S THE ENGINEERING MUST STORY OF THE YEAR!

Featuring the DYNAFLASH ENGINE and TORQUE-FREE SPRINGING — In the Most Modern Chassis in the World

YOU won't drive a hundred yards in a new Buick without realizing that something marvelously new and different is happening here.

It's something that happens in no other car, in no other engine.

Speeding through the intake manifold, the fuel charge hurries into the cylinder at something like 250 miles an hour.

Leaping to meet it is the piston, with a unique device called a Turbulator built into its face.

Then occurs something more than

high compression—literally cyclompression—as swirling gasoline vapor is compacted about the spark plug.

The spark sets off a fist-size hurricane—and gasoline gives up more performance than it ever gave up in a commercial engine before!

This livelier, smarter power might seem enough for engineers to lavish on a car in a single year.

But matching DYNAFLASH power in importance is Buick TORQUE-FREE SPRINGING and its arrolite ride.

Take a Buick over a railroad crossing—around a curve—over bumps.

There's no thud and chatter, no tail-swing or roll; you cover rough going with the silk-smoothness of a panther on the prowl.

All because old-type leaf springs are gone! In their place, each wheel has a soft, shock-smothering cushion of stout coiled steel.

Skid risks are blessedly reduced. Rear tires last longer. The whole car handles more easily! That's TORQUE-FREE SPRINGING at work!

If it's power you're after, you'll want Buick's DYNAFLASH engine. If it's comfort, you'll choose the TORQUE-FREE SPRINGING ride.

With either you get the other—plus half a score of features your Buick dealer is waiting to describe. See him now—for the engineering "must" story of the year!

"Better buy Buick!"

## Bette Davis Star of Week-End Bill at Catlow Theatre

"That Certain Woman" Coming Sunday-Monday; Also "Varsity Show"

Setting out for that part of the Far East where no explorers had ever been, on a venture so perilous that government authorities at first refused a permit, Mr. and Mrs. Martin Johnson found incredible marvels on the strange island of Borneo, where they filmed their greatest adventure, "Borneo," coming to the Catlow Saturday. There will be a special matinee of "Borneo" in the afternoon.

The evening show is a double feature of "Borneo," and "Think Fast, Mr. Moto," starring Peter Lorre, with Virginia Field, Thomas Beck and Sig Ruman.

There will be a midnite Halloween show, "The Case of the Black Cat," with color cartoon, comedy and musical added to the bill.

When he finished his part in the picture, "That Certain Woman," four-year-old Dwane Day was officially presented with a sailor hat, a drum, and a very fancy tricycle by Bette Davis, the star. Dwane plays the son of Miss Davis, and Henry Fonda is in the picture. His part is one of the most important in the film and much of the action revolves around him.

His presents were not just for being "cute." They were in a way awards of merit, for he turned out to be one of the best child actors any of the troupe had ever worked with. "That Certain Woman" comes to the Catlow Sunday and Monday.

Anyone addicted to fast driving or inclined to be reckless behind the wheel of an automobile will find a lot of pertinent information in the research results obtained by Harry Lachman, Columbia director of "The Devil Is Driving," starring Richard Dix and featuring Joan Perry.

"The Devil Is Driving," a thrill-packed tale of the accident evil, is the current attraction at the Catlow theatre Tuesday.

Double featured with "The Devil Is Driving," is the latest Jones Family picture, "Hot Water."

The combined men and women's glee clubs of California's Pomona college are to be heard in colorful campus singing sequences of "Varsity Show," in which Dick Powell and Fred Waring and his Pennsylvanians are starring. The picture

comes to the Catlow next Wednesday for three days.

The men's club has won 11 of the last 14 annual singing contests in the Pacific Southwest conference and have been national champions. The women's club won the Pacific Southwest conference title last year.

# Arlington Heights Defeats Bronks in Gridiron Contest by 13-0 Score

## Lake Forest Team Plays Locals Here Saturday at Park

Although Bronchos Outplay Arlington, Backs Fall to Score

Conference Score  
Warren 25, Niles Center 0.  
Libertyville 19, Grant 18.  
Lake Forest 20, Leyden 19.

Scoring twice, once on a fumble in the first quarter and again on a pass in the third quarter, the Arlington Heights high school football team won over the Barrington Bronchos Saturday by a score of 13 to 0 in a game played at Northside Park.

Early in the first period, Hull, Cardinal fullback, kicked from his own 40 yard line. Clinge, who was playing safety for Barrington, missed the ball and it rolled over the goal line. Clinge, instead of letting the ball go, jumped for it, fumbled, and an Arlington player recovered. O'Hagen's try for the extra point was blocked.

**Score on Pass**  
In the second quarter, both teams played about evenly although Church, Broncho halfback, intercepted two of Arlington's passes and was pulled down after short gains.

Due to the brilliant open field running of O'Hagen, Arlington safety, who returned Barrington's punts many times back into Barrington territory, the Cardinals got the ball up to the Broncho's 18 yard line in the third quarter. O'Hagen then tossed to Lacinia who scored. For the extra point Hull passed to Lacinia.

**Bronchos Threaten**  
During the third period, Jack Shepard, who calls signals for the Bronchos, broke away and was pulled down on the Cardinal's 16 yard line.

line after a gain of 23 yards, but Arlington's line held. Barrington's other big threat was in the last quarter when Church completed a pass to Rice, good for a gain of 34 yards and bringing the ball up to Arlington's 13 yard line, but again the Cardinal line held.

At the final whistle Grabenkort received a short pass from Church and was downed on the Arlington 23 yard line.

Kenny Clinge, who was injured in the third quarter, was replaced by Thacker, who had been playing center until last week when Coach Paul Clark shifted him to the backfield. He proved himself to be a good driving back.

**Outgain Opponents**  
Statistics show that Barrington made 4 first downs to Arlington's two. The Bronchos gained 96 yards, from scrimmage while Arlington gained only 33 yards. The Cardinals were penalized 3 times for a total of 35 yards to the locals' 4 times for 10 yards.

**Lake Forest Saturday**  
Saturday afternoon the warriors from Lake Forest high school will invade Northside park, where the Bronchos will attempt to knock them out of first place. By their showing against Niles Center two weeks ago the Lake Forest gridgers should be the stronger for Niles Center held the Bronchos to a scoreless tie. The kickoff will be at 2:30.

**Strange Vinegar Bill**  
Vinegar provides the story of perhaps the strangest bill ever paid. This bill was auctioned in London recently, among a mass of historical documents. It was a \$3,000 pound account paid in 1639 by Louis XIII of France for "vinegar to cool his Majesty's cannon," relates London Answers Magazine. That was a crude sort of vinegar—little else but sour beer. Brewers sold it off cheap, just as butchers sell off scraps of meat. But thousands of men were unable to afford anything else. In the reign of Henry the Eighth some London laborers went on strike until they were granted an extra penny a day for a "noon's quench" of vinegar-beer.

## Ela High School Basketball Teams Start Practicing

**Coach H. Wesner Has Group of 25 Working Out for Season's Opener**

Coach H. L. Wesner, director of athletics at Ela township high school, served notice informally this week that his 1937-38 basketball team will again be a source of discomfort to other schools in the Northwest conference. He has a group of 25 hard cut stars out in practice sessions, sharpening up on their "basket" eyes and getting the feel of the ball.

At present and until early in November practice, will be limited due to conflict with other extra-curricular activities. Coach Wesner reported, but after that date he expects to send his charges through a vigorous training session.

During the 1936-37 season, Ela high school was the proverbial "apple cart upsetter" for many larger schools. The Blue and White aggregation finished in third place, Palatine and Lake Forest ranking above them.

L. Leuthesser will be the spark plug of the Ela basketball team this year as he was for the last several seasons. A smooth ball handler and good shoot, Leuthesser plays "heads up" ball and many attacks will be built around him. Although he appears small, he tips

the scales at 160 pounds and is considered put together.

While Leuthesser may be regarded as the leader of this year's aggregation, L. Gleason and Schroeder, two regulars from last season's group, will furnish the floor power. In those three men, Wesner has his front line and must search among his reserves for two guards.

Candidates for the positions are Nehmer, Knigge, Anderson, Blau, Wildhagen and H. Gleason. Competition between that group is keen at present and Coach Wesner will find it difficult to make a final selection.

The schedule of games for Ela this season is as follows: November 15, Alton, here; November 20 at McHenry; November 26, Lake Forest, here; December 3, Palatine, here; December 4 at Lake Forest; December 10 at Waukegan; December 17 at Waukegan; December 21, Warren, here; January 7 at Barrington; January 11, Grant, here; January 21 at Palatine; January 28, Bensenville, here; February 4, Waukegan, here; February 11, Barrington, here; February 18 at Grant.

## Etching Defined

Etching is the producing of original pictures by drawing on a copper plate covered with an acid-resisting ground; allowing the drawing, whose lines have bared the copper, to be eaten into the plate by immersion in an acid bath; rubbing a stiff ink into the sunken lines and then taking from this, by means of an etching press, a limited number of proofs.

## Commonwealth and State

The two words, commonwealth and state, have about the same meaning, but "commonwealth" originally connoted more of self-government than "state." Strictly speaking, our Union consists of 44 states and 4 commonwealths. The four commonwealths are Massachusetts, Pennsylvania, Virginia and Kentucky.
