

## Loans on Corn Are Available to Farm Plan Co-Operators

### Reorganize and Elect Five Community Committees for Program

Lake county farmers who are eligible for 1937-38 federal corn loans of 50 cents a bushel may file their applications at the office of the Lake county agricultural conservation committee, according to information received by Farm Adviser H. C. Gilkerson from the extension service of the college of agriculture, University of Illinois.

Loans will be available after December 1, it is thought, and until April 1, 1938. Bearing per cent interest, the loans will become due 10 months following the date of which they are made with no maturity later than November 1, 1938.

Only farm owners or tenants who will receive payments for cooperating in the 1937 agricultural conservation program are eligible to borrow under the loan program. To be eligible as security for a corn loan, corn must have been produced on a farm operated in cooperation with the 1937 agricultural conservation program.

Generally, the corn loan program will operate along the lines followed in previous programs. However, for the first time the corn loan program will be administered by the service facilities made available by the county agricultural conservation committee of the A.A.A.

Election of 25 farmers in five committees to serve as county committees marks the completion of the organization in connection with the program.

Chairmen of the county committees will serve as directors of the Lake county agricultural conservation association, which was formally reorganized at a meeting of the directors held Monday.

The complete roster of community committees was given in the order of the chairman, vice chairman, third member and alternates for the five communities, is as follows:

Main street, and at St. Paul Evangelical church Sunday afternoon with Rev. Hermann Koenig officiating. Burial was in St. Paul cemetery.

The spending of the machine was fatally injured when the car he was driving struck a tree on Plum Grove avenue in Palatine at 2:30 a. m. Thursday. Traveling north on Plum Grove avenue, he swerved his car to the left side of the street to avoid striking a machine that was backing out of a driveway.

The speeding machine carried it over the curb where it struck the tree. The car was completely wrecked by the impact.

Mr. Ahlgrim was taken to the Palatine Community hospital for treatment. It was first believed that his condition was not critical, as he was conscious during the day and able to recognize his family.

At an inquest held in Palatine, a verdict of accidental death was returned by the coroner's jury.

He was educated at the Quintana center school in Elm township where his parents have made their home for many years. ## Mrs. Kirk Smith Tells of Trip Home From War Area

Mrs. Kirk Smith who is visiting at the home of her husband's parents, Mr. and Mrs. E. S. Smith, 525 Grove avenue, this week with her small son, has written the following account of her 35 day trip from Chefoo, North China, to her mother's home at Plo, Illinois. Our last rickshaw ride—5:30 a. m. Tuesday, Oct. 5—taking my 8½ months old son and me to the Kaiping, Jehu. We were taken from the small boat out to the large U. S. Marblehead, where we presented what was to become our most valued possession—a show at each port—our certificate stating we had just completed a series of cholera shots. It was a relief to leave Chefoo, with its large Chinese army, trenches and war preparations and the daily drops of Japanese planes, which might drop a bomb any minute.

China is so interesting and I regretted exceedingly that the war was so drastically altered our plans and prevented my seeing more of the country. Peking and Shanghai, where I had intended to spend several months. It goes without saying that we all were heartily at the suffering and destruction endured by our Chinese friends. We felt sorry for the Chinese friends we left in Chefoo and we hope our

faithful amah, Ah Sze, was able to secure passage to her home in Hong Kong.

Since no commercial transportation was available, nor had been for weeks, the navy came to our rescue, and riding on the large light cruiser was a novel experience for all on board.

To my knowledge, it is the first time families have been evacuated on such a voyage. We were treated so royally on the Marblehead that we wished we could continue on her the entire voyage. However, Trinitone was her destination, and she reached there about five that afternoon.

The bay was terribly rough so that the transfer from the Marblehead to the U. S. S. Canopus was very difficult, dangerous and thrilling.

Aboard the Canopus, a submarine tender of the U. S. Asiatic fleet, which was fitted on his sweeper all through his unparalleled college and professional football career, was the principal speaker at a Lions club guest and ladies night dinner Monday evening, Dec. 13, at St. Anne school auditorium.

An electric plate was provided near the gallery, where we women continued on page 5

## Kelsey Urges Per Capita Spread of State Relief Fund

### Heads Group at Meeting in Chicago Monday; Asks Larger Adjustment

H. D. Kelsey, supervisor of Cuba township, and chairman of the legislative committee of the state, urged a per capita spread of relief funds for counties and townships outside of Cook county.

Mr. Kelsey cited that approximately 51 per cent of all relief cases on the commission rolls at present are from Cook county with the remaining 49 per cent from the rest of the state. Using those percentages as a basis, he charged that Cook county is receiving a far greater percentage of state relief money than is equitable.

Of the approximately \$2,900,000 available this month from the state to bolster local relief budgets, 70 per cent will go to Cook county and the balance will be divided as follows: 30 per cent to the state through its relief commission, while the remaining 30 per cent will be spread over the state, Mr. Kelsey pointed out.

It is the variance in allocation of funds compared to the proportion of relief cases that the local supervisor charged is not equitable considering that the money is raised by the state.

The board will continue to accept complaints until December 15th, from Barrington.

## School Prowler Is Shot in Chicago; Had Visited Here

### Had Been Held on Disorderly Conduct After Incident in Local School

Eugene Ostheimer, 24 years old, 449 N. Troy street, Chicago, who was fined on his disorderly conduct charge in December of 1936 after he had been arrested for making entrance into a number of schools, including the Barrington public school, and frightening girls, was shot and critically wounded by a Chicago policeman last Wednesday.

He was trying to escape after being arrested at the Carl Schurz high school in Chicago. Ostheimer is at the Belmont hospital in Chicago where his condition is said to be critical.

He was apprehended in 1936 by the Park Ridge police after having visited schools at Libertyville, Arlington Heights, Lake Forest, Des Plaines and Barrington. When here, he frightened a girl on the second floor of the school building by his actions. In none of the instances did he touch or speak to children. He was traced by his alias license number.

He was fined \$150 and costs on a disorderly conduct charge. His father agreed to remove him from the community.

## Village Share of Crossing Expenses Estimated at \$3,448

The village's share of expense for the Main street crossing of the Chicago and North Western railroad is estimated at \$3,448.46, according to a report drafted by A. C. Barand, village clerk, for presentation to village trustees at the next board meeting. The railroad company contained a proportionate share of the cost by previous agreement.

This amount is slightly higher than estimated when work was started. Several changes in design of sidewalk and other improvements brought about the increase over the original \$3,200. The crossing was opened to traffic Monday evening.

The village's portion of the expense is to be taken from the state gas tax fund credited Barrington.

## Factions Seek to Arouse Voters for Election Tuesday

### Not Much Interest Shown For Unexpired Term of Circuit Judge

Both the republican and democratic organizations of Lake, McHenry, Boone and Winnebago counties this week are striving to arouse partisan interest in the eighteenth judicial district election to be held Tuesday, December 7, for the purpose of electing a judge to fill the vacancy resulting from the death of the late Judge Edward Th. Shurtliff of Chicago.

William L. Pierce, the republican banner carrier and George H. Lyon, Winnebago attorney, in the democratic candidate. Both men were selected as candidates for the unexpired term of office at conventions held at Woodstock in October.

Although both candidates have conducted fairly active campaigns, as yet little response has been shown by voters. Some political observers have forecast the total vote for the four counties will be far below primary registrations.

A meeting of the Cuba Township Republican club will be held in the Barrington village hall Friday evening for the purpose of making election plans for next Tuesday.

Voters of Cuba township will cast their ballots at the Standard Motor Garage, 202 Railroad street, Tuesday. Instead of the Schaubel Brothers and Collins garage as has been the practice for the last several years. The polls will open at 6 a. m. and close at 5 p. m. Residents of Lake township will go to Elm town hall to vote their preferences.

Judges and clerks of election to serve in the 74 Lake county precincts Tuesday received their final instructions on their duties from Judge Perry L. Parsons last Tuesday.

Assistant State's Attorney Olet S. Pocus, who interpreted the election laws, stated that only judges licensed to administer public ballots. The chief duties of clerks are to record the names of the voters and after polls are closed to tally votes as announced by the judges.

## Newspaper Life Is Week-End Feature at Catlow Feature

Pat O'Brien Paired with Joan Blondell in "Back in Circulation"

A powerful sea drama taken from real life brings Gary Cooper and George Raft to the screen as co-starring mates of a slave ship in "Boats at Sea," coming to the Catlow Friday and Saturday. With them are Frances Dee, Henry Wilcoxon, Olympia Branda and a score of other important players. The story is a dramatization of the tragedy of the famous packet "William Brown" and the trial of its captain for manslaughter on the high seas.

Nobody plays a fast-talking, wise-cracking newspaper man like Pat O'Brien. It has been conceded ever since he did "Hillbilly Johnson" in the classic "Front Page."

But he has a feminine rival for those honors in "Back in Circulation," the comedy-drama which plays at the Catlow Sunday and Monday. And the rival is none other than Joan Blondell, who is co-starred with him.

"Back in Circulation," sees Pat as managing editor of a sensational newspaper which will halt at nothing to increase its circulation, and Joan as his star reporter.

The story has to do with the mysterious death of a millionaire, which Pat and Joan solve—as well as rescue from death of life imprisonment the man's widow, who has refused to save herself from conviction of murder.

These days, if you want to see football stars on the screen, it seems that you've got to see a Paramount picture!

For Paramount has cornered not only the great majority of national, all-known ex-stars of the gridiron, but also the entire first team of the University of California.

The California team is working in football sequences of "Hold Em Navy," coming to the Catlow Tuesday, with Lew Ayres, Mary Carlisle, John Howard in the leading roles.

Playing the double feature bill Tuesday with "Hold Em Navy," is the new Zane Grey story, "Roll Along, Cowboy," featuring Smith Ballew, Cecilia Parker and Stanley Fields.

On Wednesday, for one day only, The Catlow is showing "The Hobo," with George Arliss in the featured role.

Covering a stage larger than found in a New York musical theatre, production was filmed on the "Your Broadway and My Broadway" number from "Broadway Melody of 1935," co-starring Robert Taylor and Eleanor Powell, and coming to the Catlow Thursday for a three day engagement.

Representing a futuristic New York scene, the set is said to surpass both the "Pretty Girl is Like a Melody," and the "Battleship" numbers in "The Great Ziegfeld," and "Bore to Dance," in size and brilliance.

## Announcing TWO NEW FORD V-8 CARS FOR 1938

**THE DE LUXE**  
85 HORSEPOWER

DE LUXE FORD V-8... 112" wheelbase; 85-horsepower engine; Improved Easy-Action Safety Brakes; Center-Pole Ride; All-steel body; Mohair or Broadcloth upholstery; Walnut-finished trim; Twin horns, tail lights, six vision; Clock; 600" black tires, white side-walls are extra; 8 body types; 6 colors.

60 OR 85 HORSEPOWER

STANDARD FORD V-8... 112" wheelbase; 60 or 85 horsepower engine; Improved Easy-Action Safety Brakes; Center-Pole Ride; All-steel body; Broadcloth or Mohair upholstery, Mohair extra in "60"; Mahogany-finished trim; One tail light, sun visor; Twin horns; 3 body types; 3 colors.

Ford offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more also and style, with the same Ford advantages. For them, we designed a new De Luxe line. The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy. The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.

We don't blame a housewife for boasting when she has a new Roper Dri-Gas range to boast about. They certainly are the last word in

fine, economical gas stoves.

A Barrington lady says her husband tells her all his business troubles every time she buys anything.

You'll find a saw for every purpose here at our store. Little or big—cross cut or rip—long or short. We believe we can save you money on saws, too.

Teacher—"Name three articles containing starch."

Johnny—"Two cuffs and a collar."

Now's the time to install that tank heater. We carry the "Cowboy" heater, which is in our opinion the best of them all.

A school teacher is a person who will get reported if he doesn't treat your kids better.

For the lunch box this winter, a thermos bottle always means something hot to drink. We have some fine new ones that are just the right size.

A Scotchman in Florida came off the golf course dragging a six foot alligator. He swallowed my golf ball, he exclaimed.

Maybe you've never seen these weather strips we have and don't know how they work. Come in some day and we'll show you. No obligation, of course.

## Barn on Lageschulte Farm Near Huntley Is Burned Friday

Fire of undetermined origin caused an estimated \$14,000 loss at the farm owned by Henry Lageschulte of Barrington, 1½ miles northeast of Huntley, at noon Friday. A barn, 120 feet by 40 feet, filled with hay and grain, was burned so quickly that only sufficient time was had to drive

the stock to safety.

Corn shredding was in progress at the farm and men engaged in the work first noticed smoke and flames shooting from the hay mow. The Huntley fire department was called but the fire had gained head-

way so quickly that efforts were confined to saving other farm buildings.

Gilbert Frost, tenant on the farm, set the loss at a high figure due to the large amount of stored hay and grain in the building.

Mr. Kelsey's committee and also the judicial committee of the state supervisors' group, headed by Superior Damisch of Kane county, will appear before a senate investigating committee at Rockford on Thursday to present this case.

"If those counties outside of Chicago were to receive their proportionate share of state relief funds, as based on the relative number of relief cases, a load could be removed from the local taxpayers," he said. "If Cook county wants to raise its substance level above that of the rest of the state, it should support its place with taxes raised in Cook county," Mr. Kelsey stated in an interview Tuesday.

## Girl Scout Notes

Miss Elizabeth White, who for the last six years has been leader of one of Chicago's outstanding girl scout troops, will attend the meeting of Troop No. 2 of the Barrington girl scouts Saturday, December 4, for the purpose of giving instructions in craft projects. This meeting is going to provide local members with their first opportunity to start such work. Miss Bonnie Jean Clark, troop captain, reported.

Miss White will instruct the scouts in the making of bracelets, lanyards and napkin rings which will be made from colored leather braid.

Part of the meeting will be devoted to the making of scrapbooks for sick and poor children who are cared for by the Visiting Nurse association of Chicago. Troop No. 2 is now enjoying its largest membership in three years, having four leaders and 27 registered girl scouts, Miss Clark stated.

## Recount Scenes in Trip From War Zone

Continued from page 1

with tables prepared formula and bottled bottles. The Filipino messengers must have first seen us crammed the box with our precious mementoes!

Our babies thrived, but we poor mothers soon became very weary—unfortunately we had all had amba to care for our small children, and I had never cared for my child for 24 consecutive hours before we started on this long journey.

We came on the last man-o-war allowed to enter Kobe's harbor. On the streets one saw women making shirts for the soldiers at the front. Each woman who passes must take a stitch for good luck. Everywhere one saw soldiers—many trainloads came to Kobe and were sent on to China.

This—a day's train trip across Japan to Yokohama. As the day was clear we had many gorgeous views of the beautiful sacred mountain Fujiyama.

Japan is a wonderfully pretty country with its green hillsides and well-kept gardens. The women dressed in gay kimono added color to the picture. We found the Japanese people with whom we came in contact most courteous.

When we stopped in Kyoto, a large military funeral was at the station and the remains of a great officer, who had been killed in China, were put on our train and taken to Tokyo. All the family members, high officers and many soldiers present made a never-to-be-forgotten sight.

The U. S. S. Stewart came from Shanghai to Yokohama to get mail and supplies for the ships at Shanghai and her husband, Dr. F. K. Smith, was aboard. The two American vice consuls at Yokohama and their wives entertained at dinner the officers of the Stewart and the two wives present. It was very lovely and we felt highly honored.

Then, all too soon, it was time for me to board the S. S. President Jefferson for Seattle, on Oct. 23, and for Dr. Smith to return to Shanghai.

Fortunately my small son behaved beautifully, ate everything in sight and never got seasick. Otherwise there were days I don't see how I could have managed. It was all I could do to mix his milk, give him his bottle and "top on my bunk."

We gained 42 minutes every day (that is, set our clocks ahead that much), and we had no extra day called "Meridian Day." The babies all became confused as to just when 6 a. m. feedings should be served and were all off schedule by the time we reached Seattle. The most welcome sight I've had in many months was when I saw, at last, my native land.

A few hours in Victoria, and then the trip on Puget Sound to Seattle where we docked about 4 p. m. Nov. 3. It took so long to unload the luggage it was four hours before I finally found my ten pieces.

**Mother of Arvid and Axel Anderson Dies**  
Mrs. Matilda Anderson, mother of Arvid and Axel Anderson of Barrington, will be buried following funeral services to be held at Kenosha, Wis., Saturday. Burial will be in Greenwood cemetery.

Mrs. Anderson, who was 71 years old, died early Wednesday morning at the late residence in Kenosha. She was a former resident of Barrington.

In addition to the two sons in Barrington, she is survived by three sons, Arthur, Harry and Manfred of Kenosha, seven grandchildren and one great-grandchild. Her husband, Peter A. Anderson, preceded her in death in January of 1928.

A committee was appointed to arrange a Christmas party for the school children. Mrs. Leo Turgur was made chairman.

Following the meeting, the school children gave their Book Week program. At its close, the seventh and eighth grade pupils presented Father Hayes with a book which they had made. It contained a story of the evolution of the book; the drawings were free hand taken from old records and manuscripts.

A delightful lunch was served by the second grade mothers, Mrs. Clyde Gebhardt, Mrs. Clarence Bockelman, Mrs. W. H. Korrigan, Mrs. Eugene Anderson and Mrs. Marie Orloski.

## Reports Sale of 12 Acres; Residence Is Under Construction

The sale of 12 acres of land to W. Laue Schulte was reported this week with the recording of deeds. The property, located on Old road just west of the Brimley road intersection, is part of the Kenneth Smith properties and is being improved with a nine-room, single-story residence of Colonial type. It is expected to be ready for occupancy in May. Roy Huszagh was

broker in the transaction, the price of which was undisclosed.

Mr. Schulte and his family are at present making their home at the Potter Smith place, near their new location. He is formerly of Evanston, and came here last summer.

With the erection of the Schulte home, a total of six houses have been constructed in that section in the past 18 months—namely, Lewis, Sewell, Huszagh, Luckman and A. Hixon.

## Anticipate Many Churches to Honor Moody Anniversary

Many north shore suburban protestant churches will be among the hundreds throughout the United States and foreign lands which will observe the third annual Moody Day Sunday, February 6, 1938. It was announced by A. F. Gaylord, director of the D. L. Moody Centenary celebration, with headquarters at the Moody Bible Institute, 153 Institute Place, Chicago.

Last February more than 2,200 churches in this country and 29 foreign countries honored the great evangelist on the occasion of his one hundredth birthday. Mr. Gaylord, who is in charge of the Moody Day committee, said "we are hopeful that as many, if not more, again will hold services next year, for many requests that Moody Day be made an annual event have been received."

## NEW CAPITALISM

The responsibility for leadership in the economic crisis that confronts America today rests upon those who have for four years or more insisted that the administration with its policy of deficit spending was embarked upon a course of emergency opportunism.

The change from deficit spending to private spending is here. What principles should guide us in the transition period?

First and foremost there must be general recognition of the fact that government intervention in the economic affairs of a country is not a question of mere intrusion but of the degree to which the citizenry will permit by common consent the extension of government aid.

No economic system in any country in the world today can function without some form of government intervention. Fifty years ago we introduced government intervention on a more intensified basis than America had known it before by passing a law establishing a federal commission to fix the price of transportation.

When you fix the price of shipping in internal commerce, you profoundly affect economic balance as between regions, as between producers and consumers, as between competitors in business.

When, moreover, you pass a tariff law, you permit government intervention to fix domestic prices almost up to the level of the tariff wall—a custom that goes back farther than just fifty years in our history.—The United States News.

The taxpayer, in the last analysis, pays the bill. Up to now, at least, it has not been clearly demonstrated that government monopoly removed from the free play of competitive opinion, judgment and pressure, can deliver a product, whether it be a proud naval vessel or a pair of shoes, more cheaply than can competitive industry.

## WHAT'S GOING ON

(Courtesy The United States News)

Lines of unemployed at the unemployment offices of American industrial concerns once more are growing longer.

In September, the first month of the present recession in industrial output, "layoffs" in some factories were offset by seasonal increases in agricultural employment and in other lines of activity.

In October the sharp drop in steel mill, textile factory, machine shop and other factory production, and in the construction industry, caused an increase of 100,000 in the number of unemployed.

Moreover, the sharp drop in steel mill, textile factory, machine shop and other factory production, and in the construction industry, caused an increase of 100,000 in the number of unemployed.

A TUG-OF-WAR over regulations on the between the securities and exchange commission and strong elements on the New York stock exchange.

After several years of nominal cooperation, in which the commission "suggested" rules for adoption by the exchange itself and succeeded, the results proved dissatisfactory.

Chairman William O. Douglas last week put the exchange on notice. "Reform from within—or else," he said, in effect.

Offhand, it seemed he had become truculent in a period when conciliation toward capital was the watchword in the Administration.

Closer examination would indicate however, in the view of responsible officials, that the SEC merely sought to clarify a situation which otherwise invited future uncertainties and dangers.

"Cards of the new deal, heretofore held close to the chest, were laid on the table," said one.

By way of explanation, they tell a story at the SEC of a New Yorker who could not get satisfaction from his broker about a disputed deal. He wrote to the exchange authorities; and was promised a hearing by the "responsible committee."

Appearing at the appointed place and time, he discovered the committee chairman to be the broker with whom he had quarreled. Out he walked.

"That of course, is an extreme example," it is said. "But it illustrates one reason why the commission has taken the present position."

The subject is among the foremost in Washington in view of possible relationship between the Douglas statement and the administration's new approachability on problems of capital.

Few of those acquainted with the chairman believe he would have made such important assertions on policy at just this time without the knowledge of President Roosevelt.

# Barrington Basketeers Lose to Crystal Lake in Season's Opener

## Drop Two Contests Saturday; Heights Here Friday Night

K. Clinge Paces Bronchos in 34-28 Defeat; Pony Score 33-14

The Barrington Bronchos and Ponies dropped two non-conference basketball contests to Crystal Lake in the B. H. S. gym last Saturday night. The Bronchos were defeated in a close game by a score of 34 to 28. The Crystal Lake lights swamped the Ponies, 33 to 14. The Bronchos, led by Capt. Ernie Rice and Kenny Clinge, held the visitors to a 28 to 28 tie until the last four minutes of play, when they failed to stop Crystal Lake from scoring the winning points.

Clinge Opens Scoring To open the game Clinge dropped a field goal through the hoop and Grabenkort, immediately duplicated it. Hart was fouled and sank a free throw to open Crystal Lake's scoring. Their only other score in the period was a field goal by McCausland. Rice and Grabenkort each dropped a two pointer to make the Bronchos score at the quarter 8 to the visitors' 2. Crystal Lake came back in the second quarter, holding the locals to two charity shots, while they scored five field goals and four free throws. Erling, Crystal Lake high point man, scored seven of his thirteen points in this period.

Bronk Defense Holds In the third quarter Barrington bottled up the Crystal Lake offense, holding them to only five points while they scored nine counters, four of them by Grabenkort. Clinge sank two charity shots while Rice put in a field goal and also made a free throw as the gun ended the third quarter. In the final period Clinge, with three field goals, put the Bronchos out in front until Erling sank two field goals which were followed up with contributions by Peters, Behn, Whitehead, Erling and McCausland. Those points were enough to beat the local five by a close score.

Clinge was high point man for the Bronchos with 11 points and Grabenkort was runner-up with eight points. Erling took the honors for Crystal Lake with 13 counters.

Ponies Also Lose The ponies dropped a one-sided battle to the Crystal Lake Lights, 33 to 14, in a preliminary game. Both teams played fairly evenly the first half but in the third period the visitors opened up and continued to do so until the final gun. Greuling was high scorer for the Ponies with 6 points while "Tex" Wilkins contributed four points.

The Bronchos are scheduled to meet the Arlington Cardinals in another step of the annual war be-

tween the two schools. It should be a fairly close game due to the fact that Crystal Lake also defeated Arlington. The game is set for 7:30 in the local gym Friday night.

## St. Paul and Salem Quintets in Church Opener December 6

The Barrington church basketball league will open its sixth season of play, Monday night, at the high school gym. The Methodist and Baptist teams will meet in the opening game at 7:45 p. m. followed by a feature tilt between St. Paul and Salem.

Again this year the defending champs, St. Paul, are favored to capture the title but will meet strong opposition from the Methodists and Salem both of whom have top-notch quintets. While St. Anne and the Baptists are not classed as title contenders, either team may click in one of its games and come through with an upset. Past championships of the league have been won as follows: 1932—St. Paul, Salem (tied) 1933—St. Paul 1934—St. Paul 1935—St. Paul 1936—Methodist 1937—St. Paul
